Independent Auditor's Report

To the Participants and Plan Administrator of the
Sun Behavioral Health, Inc. 401(k) Plan
Brick, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sun Behavioral Health, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance; therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and Plan Administrator of the
Sun Behavioral Health, Inc. 401(k) Plan

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sun Behavioral Health, Inc. 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 1 – Plan Description

The following description of the Sun Behavioral Health, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined 401(k) contribution plan covering all eligible employees of Sun Behavioral Health, Inc.; SUN Behavioral HoldCo, LLC; Sun Houston, LLC; Sun Behavioral Columbus, LLC; Sun Kentucky, LLC; Sun Behavioral Delaware, LLC; and Northern Kentucky Behavioral, LLC (collectively, the “Company” or “Employer”). The Plan commenced effective January 1, 2015, and was amended and restated effective September 1, 2023. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

Plan Custodians and Trustees

Prior to September 1, 2023, John Hancock Life Insurance Company (“John Hancock”) served as the Plan’s custodian and maintained the Plan’s participant account balances and provided recordkeeping services to the Plan. John Hancock Trust Company, LLC served as trustee of the Plan.

Effective September 1, 2023, the Plan was amended, and Voya Retirement Insurance and Annuity Company (“Voya,” or “VRIAC,”) was appointed as the new custodian, and recordkeeper of the Plan. Certain employees of the Company served as the Plan’s trustees. Collectively, John Hancock and Voya are referred to herein as the “Custodians.”

The Custodians maintain custody of all investments held by the Plan. Voya and John Hancock maintain the Plan’s participant account balances and provide recordkeeping services to the Plan. Among other duties, the Custodians receive contributions, hold and invest the fund assets in accordance with the directions of participants, and make distributions as directed by the Plan Administrator.

As a result of the change in Custodians noted above, the Plan’s assets were transferred from John Hancock to Voya, and the Plan experienced a blackout period from September 28, 2023 to October 27, 2023. During this blackout period, participants could not direct or diversify their investments, or obtain a distribution from the Plan.

Eligibility and Plan Entrance Date

Certain employees are not eligible to participate in the Plan, including those covered by a collective bargaining agreement, nonresident aliens, leased employees and employees who are residents of Puerto Rico. All other employees become eligible to participate in the Plan upon reaching the age of 21 and completing six consecutive months of service. Effective September 1, 2023, the service requirement changed to 90 days of service. An eligible employee is permitted to enter the Plan on the first day of each month, beginning with the first month coincident with or next following the satisfaction of the eligibility requirements.

Participant Contributions

Participants may elect to contribute, on a pre-tax or Roth basis, up to 100% of their eligible compensation through payroll deductions. Participant contributions are subject the annual deferral limit established by the IRC, which was \$22,500 for 2023. Participants who reach the age of 50 before the end of the Plan year are eligible to make catch-up contributions of up to the maximum amount permitted annually by the IRC, which was \$7,500 for 2023.

Sun Behavioral Health, Inc. 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 1 – Plan Description (continued)

Rollover Contributions

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”).

Employer Contributions

The Employer makes Safe Harbor Employer matching contributions on behalf of participants in an amount equal to 100% of the first 3% of the participant’s eligible compensation, and 50% of the next 2% of eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Employer’s contributions, and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately fully vested in their own contributions and any Safe Harbor Employer matching contributions, plus actual earnings thereon. Vesting in the Company’s discretionary profit-sharing and match contributions is based on years of continuous service with 1,000 hours being the basis for defining a year of service. Participants hired prior to October 19, 2019 and January 1, 2020, are vested in discretionary profit-sharing and Employer matching contributions, respectively, at a rate of 25% per year, with participants becoming 100% vested after four years of service.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. Participants may direct their account balances to one or more of these investment options, which vary in types of investments, rates of return, and investment risk.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are secured by the balance in the participant’s account and bear interest at rates that are commensurate with market rates for similar loans. Principal and interest are paid ratably through payroll deductions at least quarterly.

Payment of Benefits

Upon separation of service due to death, disability, or retirement, terminated participants with an account balance exceeding \$5,000 may either elect to receive a lump sum payment equal to the value of their vested balance or to maintain their balances within the Plan. Terminated participants with an account balance less than or equal to \$5,000 receive a lump sum distribution equal to the value of their vested account balance as soon as administratively possible following the termination of employment. Participants may elect whether to receive distributions directly or to rollover the distribution into another retirement plan. If a terminated participant’s vested account balance is less than or equal to \$5,000, the Plan permits involuntary lump sum cash distributions.

Notes to the Financial Statements December 31, 2023 and 2022

Note 1 – Plan Description (continued)

Payment of Benefits (continued)

A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, Custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits payments are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated all events and transactions that occurred through September 30, 2024, the date the financial statements presented herein were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable inputs for the assets or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

- **Pooled Separate Accounts** – Valued using the net asset value ("NAV") of units held by the Plan at year-end as provided by the Custodian. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee, and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the pooled separate account, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitments.

Sun Behavioral Health, Inc. 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 3 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)	-	-	-	10,674,970
Investments at fair value	\$ -	\$ -	\$ -	\$ 10,674,970

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)	-	-	-	7,473,208
Investments at fair value	\$ -	\$ -	\$ -	\$ 7,473,208

(a) In accordance with ASC 820, certain investments (pooled separate accounts) that were measured at NAV per share (or its equivalents) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 – Information Prepared and Certified by the Plan's Custodians

The Plan Sponsor has elected the method of annual reporting compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,	2023	2022
Investments at fair value	\$ 10,674,970	\$ 7,473,208
Investments at contract value	275,790	-
Non-interest-bearing cash	-	43,817
Notes receivable from participants	-	318,257

Year Ended December 31,	2023
Net appreciation in fair value of investments	\$ 1,430,782
Interest	907

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note 5 – Guaranteed Investment Contract with Insurance Company

The Plan maintains guaranteed investment contract related investment options, the Voya Fixed Account (the “Fixed Account”), issued by VRIAC. The contract underlying these investment options meets the fully benefit-responsive investment contract criteria, thus, these investment contracts are reported at contract value.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The Fixed Account minimum guaranteed interest rate, which is guaranteed for the lifetime of the contract, is 1.00%. The contract cannot be terminated before the scheduled maturity date. The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include, but are not limited to, the following: (i) the Company provides effective communication to the Custodian that the agreement will be fully or partially terminated as of a date selected by the Company, which will be no earlier than thirty days after the Company provides effective communication to the Custodian; (ii) the Internal Revenue Service (“IRS”) determines that the Plan no longer meets the requirements of Code section 401(a), 403(a), 414(d), 414(e), or any other applicable Code provision; (iii) there is a termination or partial termination of the Plan; (iv) the Company breaches a provision of the agreement; or (v) the Custodian provides effective communication to the Company that the agreement will be terminated as of a date at least ninety days after the Custodian provides effective communication to the Company.

Note 6 – Related Party and Party-in-Interest Transactions

The Plan holds units of pooled separate accounts managed by the Custodians. These transactions qualify as party-in-interest transactions as defined by ERISA, are permitted under the provisions of the Plan, and are exempt from the prohibition of party-in-interest transactions under ERISA. All investment fund earnings or losses posted to each Plan participant’s account are net of investment management fees charged by each investment fund under the Plan.

The Plan has notes receivable from participants at December 31, 2023 and 2022. These receivables and all related transactions qualify as party-in-interest transactions and are exempt from being prohibited by ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

Sun Behavioral Health, Inc. 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 8 – Tax Status

Effective September 1, 2023, the Plan adopted a non-standardized, defined contribution preapproved profit-sharing plan sponsored by Voya Retirement Insurance and Annuity Company which received a favorable opinion letter from the IRS dated June 30, 2020.

Prior to September 1, 2023, the Plan operated under an adoption agreement in connection with a prototype, non-standardized, pre-approved profit-sharing plan sponsored by Alliance Benefit Group of Houston, Inc. ("ABG"). This prototype plan document was filed with the appropriate agency, and the ABG obtained a determination letter from the IRS, dated June 30, 2020, stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC, and that the related trust was tax exempt as of the financial statement date.

Although the Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status, the Plan Administrator believes the Plan is designed and currently being operated in compliance with applicable requirements of the IRC. As such, there has been no provisions for income taxes made in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Independent Auditor's Report

To the Participants and Plan Administrator of the
Sun Behavioral Health, Inc. 401(k) Plan
Brick, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sun Behavioral Health, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance; therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and Plan Administrator of the
Sun Behavioral Health, Inc. 401(k) Plan

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sun Behavioral Health, Inc. 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 1 – Plan Description

The following description of the Sun Behavioral Health, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined 401(k) contribution plan covering all eligible employees of Sun Behavioral Health, Inc.; SUN Behavioral HoldCo, LLC; Sun Houston, LLC; Sun Behavioral Columbus, LLC; Sun Kentucky, LLC; Sun Behavioral Delaware, LLC; and Northern Kentucky Behavioral, LLC (collectively, the “Company” or “Employer”). The Plan commenced effective January 1, 2015, and was amended and restated effective September 1, 2023. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

Plan Custodians and Trustees

Prior to September 1, 2023, John Hancock Life Insurance Company (“John Hancock”) served as the Plan’s custodian and maintained the Plan’s participant account balances and provided recordkeeping services to the Plan. John Hancock Trust Company, LLC served as trustee of the Plan.

Effective September 1, 2023, the Plan was amended, and Voya Retirement Insurance and Annuity Company (“Voya,” or “VRIAC,”) was appointed as the new custodian, and recordkeeper of the Plan. Certain employees of the Company served as the Plan’s trustees. Collectively, John Hancock and Voya are referred to herein as the “Custodians.”

The Custodians maintain custody of all investments held by the Plan. Voya and John Hancock maintain the Plan’s participant account balances and provide recordkeeping services to the Plan. Among other duties, the Custodians receive contributions, hold and invest the fund assets in accordance with the directions of participants, and make distributions as directed by the Plan Administrator.

As a result of the change in Custodians noted above, the Plan’s assets were transferred from John Hancock to Voya, and the Plan experienced a blackout period from September 28, 2023 to October 27, 2023. During this blackout period, participants could not direct or diversify their investments, or obtain a distribution from the Plan.

Eligibility and Plan Entrance Date

Certain employees are not eligible to participate in the Plan, including those covered by a collective bargaining agreement, nonresident aliens, leased employees and employees who are residents of Puerto Rico. All other employees become eligible to participate in the Plan upon reaching the age of 21 and completing six consecutive months of service. Effective September 1, 2023, the service requirement changed to 90 days of service. An eligible employee is permitted to enter the Plan on the first day of each month, beginning with the first month coincident with or next following the satisfaction of the eligibility requirements.

Participant Contributions

Participants may elect to contribute, on a pre-tax or Roth basis, up to 100% of their eligible compensation through payroll deductions. Participant contributions are subject the annual deferral limit established by the IRC, which was \$22,500 for 2023. Participants who reach the age of 50 before the end of the Plan year are eligible to make catch-up contributions of up to the maximum amount permitted annually by the IRC, which was \$7,500 for 2023.

Notes to the Financial Statements December 31, 2023 and 2022

Note 1 – Plan Description (continued)

Rollover Contributions

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”).

Employer Contributions

The Employer makes Safe Harbor Employer matching contributions on behalf of participants in an amount equal to 100% of the first 3% of the participant’s eligible compensation, and 50% of the next 2% of eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Employer’s contributions, and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately fully vested in their own contributions and any Safe Harbor Employer matching contributions, plus actual earnings thereon. Vesting in the Company’s discretionary profit-sharing and match contributions is based on years of continuous service with 1,000 hours being the basis for defining a year of service. Participants hired prior to October 19, 2019 and January 1, 2020, are vested in discretionary profit-sharing and Employer matching contributions, respectively, at a rate of 25% per year, with participants becoming 100% vested after four years of service.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. Participants may direct their account balances to one or more of these investment options, which vary in types of investments, rates of return, and investment risk.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are secured by the balance in the participant’s account and bear interest at rates that are commensurate with market rates for similar loans. Principal and interest are paid ratably through payroll deductions at least quarterly.

Payment of Benefits

Upon separation of service due to death, disability, or retirement, terminated participants with an account balance exceeding \$5,000 may either elect to receive a lump sum payment equal to the value of their vested balance or to maintain their balances within the Plan. Terminated participants with an account balance less than or equal to \$5,000 receive a lump sum distribution equal to the value of their vested account balance as soon as administratively possible following the termination of employment. Participants may elect whether to receive distributions directly or to rollover the distribution into another retirement plan. If a terminated participant’s vested account balance is less than or equal to \$5,000, the Plan permits involuntary lump sum cash distributions.

Note 1 – Plan Description (continued)

Payment of Benefits (continued)

A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, Custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits payments are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated all events and transactions that occurred through September 30, 2024, the date the financial statements presented herein were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable inputs for the assets or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

- **Pooled Separate Accounts** – Valued using the net asset value ("NAV") of units held by the Plan at year-end as provided by the Custodian. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee, and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the pooled separate account, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitments.

Notes to the Financial Statements December 31, 2023 and 2022

Note 3 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)	-	-	-	10,674,970
Investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,674,970</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)	-	-	-	7,473,208
Investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,473,208</u>

(a) In accordance with ASC 820, certain investments (pooled separate accounts) that were measured at NAV per share (or its equivalents) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 – Information Prepared and Certified by the Plan's Custodians

The Plan Sponsor has elected the method of annual reporting compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,	2023	2022
Investments at fair value	\$ 10,674,970	\$ 7,473,208
Investments at contract value	275,790	-
Non-interest-bearing cash	-	43,817
Notes receivable from participants	-	318,257

Year Ended December 31,	2023
Net appreciation in fair value of investments	\$ 1,430,782
Interest	907

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note 5 – Guaranteed Investment Contract with Insurance Company

The Plan maintains guaranteed investment contract related investment options, the Voya Fixed Account (the “Fixed Account”), issued by VRIAC. The contract underlying these investment options meets the fully benefit-responsive investment contract criteria, thus, these investment contracts are reported at contract value.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The Fixed Account minimum guaranteed interest rate, which is guaranteed for the lifetime of the contract, is 1.00%. The contract cannot be terminated before the scheduled maturity date. The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include, but are not limited to, the following: (i) the Company provides effective communication to the Custodian that the agreement will be fully or partially terminated as of a date selected by the Company, which will be no earlier than thirty days after the Company provides effective communication to the Custodian; (ii) the Internal Revenue Service (“IRS”) determines that the Plan no longer meets the requirements of Code section 401(a), 403(a), 414(d), 414(e), or any other applicable Code provision; (iii) there is a termination or partial termination of the Plan; (iv) the Company breaches a provision of the agreement; or (v) the Custodian provides effective communication to the Company that the agreement will be terminated as of a date at least ninety days after the Custodian provides effective communication to the Company.

Note 6 – Related Party and Party-in-Interest Transactions

The Plan holds units of pooled separate accounts managed by the Custodians. These transactions qualify as party-in-interest transactions as defined by ERISA, are permitted under the provisions of the Plan, and are exempt from the prohibition of party-in-interest transactions under ERISA. All investment fund earnings or losses posted to each Plan participant’s account are net of investment management fees charged by each investment fund under the Plan.

The Plan has notes receivable from participants at December 31, 2023 and 2022. These receivables and all related transactions qualify as party-in-interest transactions and are exempt from being prohibited by ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

Sun Behavioral Health, Inc. 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 8 – Tax Status

Effective September 1, 2023, the Plan adopted a non-standardized, defined contribution preapproved profit-sharing plan sponsored by Voya Retirement Insurance and Annuity Company which received a favorable opinion letter from the IRS dated June 30, 2020.

Prior to September 1, 2023, the Plan operated under an adoption agreement in connection with a prototype, non-standardized, pre-approved profit-sharing plan sponsored by Alliance Benefit Group of Houston, Inc. ("ABG"). This prototype plan document was filed with the appropriate agency, and the ABG obtained a determination letter from the IRS, dated June 30, 2020, stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC, and that the related trust was tax exempt as of the financial statement date.

Although the Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status, the Plan Administrator believes the Plan is designed and currently being operated in compliance with applicable requirements of the IRC. As such, there has been no provisions for income taxes made in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
