Independent Auditor's Report

To the Trustees and Plan Administrator of The Fugro 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Fugro 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Fugro 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Fugro 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Fugro 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Fugro 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Fugro 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Fugro 401(k) Plan

December 31, 2023 and 2022

Note A – Description of the plan

The following brief description of The Fugro 401(k) Plan (“the Plan”) is provided for general information purposes only. The Plan is sponsored by Fugro (USA) Holdings Inc. (the “Plan Sponsor” or “Company”). Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that provides retirement savings benefits to eligible employees of the Company through tax deferred voluntary contributions by employees and safe harbor enhanced and nonelective contributions by the Company. The Plan, which commenced effective May 1, 1985 and was amended and restated effective January 1, 2022, covers substantially all employees of Fugro (USA) Holdings Inc., and its adopting affiliates (collectively, the “Company”). Excluded from the class of eligible employees are union employees, non-resident aliens who have no earned income from sources within the United States, residents of Puerto Rico, part-time/temporary/seasonal employees, leased employees, and reclassified employees. Employees are eligible to participate in the Plan on the first day of employment. There is no age or service requirement for full-time employees. Non full-time employees who complete 1,000 hours of service in a twelve (12) month period are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”). The Company is the designated administrator of the Plan and Prudential Bank & Trust, F.S.B., the trustee of the Plan, and Empower Annuity Insurance Company (collectively, the “Custodian”), are responsible for the management and control of the Plan’s assets which are held in individual participant investment accounts.

Plan amendments

The Plan was amended and restated effective January 1, 2022 to allow for additional after-tax contributions up to a maximum deferral percentage of 6%. The maximum total/combined percentage for pre-tax deferrals/Roth and after-tax contributions is 100%.

Participant accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) safe harbor and nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on the percentage which the participant’s contributions, account balance, and compensation, as defined, bear to the total of all participants’ contributions, account balances, and compensation, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Employee contributions

Participants may elect to defer a percentage of their eligible compensation at each pay period up to the maximum amount allowed for deferral under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Eligible participants are automatically enrolled in the Plan at 6% of their eligible compensation for each pay period unless a contrary election is made. The Plan will automatically increase elective contributions by 1% on a date determined by the Plan Administrator each plan year until the deferral rate reaches the plan-specified maximum of 12%. Participants automatically enrolled are allowed to withdraw their total deferrals in the Plan within 90 days of their first automatic deferral.

Notes to the Financial Statements
The Fugro 401(k) Plan
December 31, 2023 and 2022

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are permitted up to a maximum deferral percentage of 6%.

Employer contributions

The Plan is a safe harbor plan providing enhanced matching contributions under a basic matching contribution formula. During 2023 and 2022, the Company matched 100% of the participant's contributions up to the first 4% of each participant's eligible compensation, plus 50% of the participant's contributions up to the next 2% of eligible compensation. The Company matching contributions are 100% vested immediately and invested in the same manner as the participant has directed for their contributions.

Additionally, each Plan year the Company may make nonelective contributions in amounts determined by the Company. Nonelective contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. No nonelective contributions were made during the years ended December 31, 2023 and 2022.

Rollovers

Rollovers represent funds transferred to the Plan from other qualified plans. Participants may roll over certain qualifying funds into the Plan in accordance with the Plan document.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options primarily consist of shares in registered investment companies (mutual funds), pooled separate accounts, common collective trust funds and group annuity contracts. Participants may change their investment options during the year subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are fully vested in their voluntary contributions and safe harbor enhanced and nonelective contributions plus actual earnings (losses) thereon.

Forfeited accounts

Forfeitures from non-vested participant accounts are used to reduce future employer contributions for the Plan year or to pay administrative expenses of the Plan. During 2023 and 2022, the Company applied \$105,549 and \$0, respectively, from the forfeiture balance to reduce employer contributions and allocated \$48,745 to participants in 2023. As of December 31, 2023 and 2022, the unallocated forfeiture balance was \$2 and \$1,029, respectively.

Notes to the Financial Statements
The Fugro 401(k) Plan
December 31, 2023 and 2022

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their account balance, whichever is less. The maximum of \$50,000 is reduced by the highest outstanding loan balance the participant had under the Plan during the previous twelve-month period. No more than one (1) loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 3%, as determined at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested account balance or installments over a period of time not to exceed the employee's life expectancy. Participants may defer receipt of distribution until a later date unless their account balance is \$5,000 or less. If the vested account balance is \$5,000 or less, the Company will direct the Custodian that any amount exceeding \$1,000 be distributed to the participant, without consent, into an IRA for their benefit. If the vested account balance is \$1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need.

Reclassifications

Certain amounts in the prior period presented have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on previously reported net assets available for benefits.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Notes to the Financial Statements

The Fugro 401(k) Plan

December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document. At December 31, 2023 and 2022, no allowance was considered necessary by the Plan administrator.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, "*Fair Value Measurements and Disclosures*" except for fully-benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 962, *Plan Accounting – Defined Contribution Pension Plans* (ASC 962), ASU 2015-12, fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at contract value as contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As such, the Plan accounts for its fully-benefit responsive investment contracts through a group annuity contract, the Guaranteed Income Fund ("GIF") with Prudential Retirement Insurance and Annuity Company ("PRIAC") in accordance with FASB ASC Topic No. 962. See Note E for discussion of the group annuity contract with Prudential Retirement Insurance and Annuity Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2023, there were no amounts allocated to participants who elected to withdraw from the Plan but have not been paid.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of participants in the Plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled \$811,265 and \$893,582 for the years ended December 31, 2023 and 2022, respectively.

Notes to the Financial Statements
The Fugro 401(k) Plan
December 31, 2023 and 2022

The plan maintains a plan expense account (the “ERISA account”) which holds revenue sharing funds the Plan receives from the trustee pursuant to a revenue-sharing arrangement. On a quarterly basis, revenue sharing payments received from certain of the Plan’s investment options are deposited into the dedicated ERISA account. These payments are reported as Other income in the Statement of Changes in Net Assets Available for Benefits. Amounts deposited in this account are used to pay qualified plan administrative expenses. During 2023 and 2022, \$550,926 and \$595,800 was used to pay Plan expenses, respectively. Any amounts remaining in the ERISA account at the end of a Plan year are allocated to participants during the subsequent year. At December 31, 2023 and 2022, the ERISA account balance was \$38,243 and \$42,493, respectively.

Risks and uncertainties

The Plan provides for various investment options in shares in registered investment companies (mutual funds), pooled separate accounts, common collective trusts, and group annuity contracts. Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Note C - Information Certified by the Custodian (Unaudited) or Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Prudential Bank & Trust, F.S.B. (“the Trustee”) and Empower Annuity Insurance Company (collectively, the “Custodian”), except for comparing such information certified by the Custodian to information included in the Plan’s financial statements and supplemental schedule.

The following information was certified as complete and accurate by the Custodian:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation (depreciation) in fair value of investments, dividend income, interest income on group annuity accounts, other income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments reflected on Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts and common collective trust funds: Valued at net asset value ("NAV"), as a practical expedient to measure fair value, based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market. The underlying investments within the pooled separate accounts and common collective trust funds are mutual funds invested in domestic and international equities and domestic fixed-income securities. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. These accounts provide for immediate redemptions by the Plan with no advance notice requirement. The Plan has no unfunded commitments and not contractual obligations to further invest in the accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements
The Fugro 401(k) Plan
December 31, 2023 and 2022

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 95,594,848	\$ -	\$ -	\$ 95,594,848
	\$ 95,594,848	\$ -	\$ -	\$ 95,594,848
Investments measured at net asset value ^(a)				151,659,115
				\$ 247,253,963

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 91,831,627	\$ -	\$ -	\$ 91,831,627
	\$ 91,831,627	\$ -	\$ -	\$ 91,831,627
Investments measured at net asset value ^(a)				116,600,868
				\$ 208,432,495

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note E – Guaranteed Income Fund

The Plan entered into a fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"), an affiliate of the trustee. PRIAC maintains the contributions in a general account product, the Guaranteed Income Fund ("GIF"). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note B, investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract is included in the financial statements at contract value as reported by PRIAC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to the Financial Statements
The Fugro 401(k) Plan
December 31, 2023 and 2022

Interest is credited on the contract balances using a single portfolio rate. Under this methodology, a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. When establishing interest crediting rates for this product, PRIAC considers many factors, including current economic conditions, the general interest rate environment and both the expected and actual experience of reference portfolio within the issuer's general account. The minimum crediting rate under the contract is 1.50%.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are also no events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Note F – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds), pooled separate accounts, common collective trust funds and group annuity contracts issued and managed by Prudential Bank & Trust, F.S.B. ("the Trustee") and Empower Annuity Insurance Company (collectively, the "Custodian"). Prudential Bank & Trust, F.S.B. has been designated as the trustee as well as provides administration and recordkeeping services to the Plan. These specific investments issued or managed by the Custodian qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note G - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan.

Note H - Tax status

The Plan has adopted a non-standardized pre-approved profit sharing plan, which obtained its latest opinion letter dated September 16, 2022 in which the Internal Revenue Service ("IRS") stated that the non-standardized pre-approved profit sharing plan satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note J – Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through the date that the financial statements were available to be issued. As of October 8, 2024, there have been no subsequent events that occurred during such period that would require recognition in the financial statements or would require disclosure in the financial statements.
