Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of OSF International 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2023 and schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Securing a Strong Retirement Act (“SECURE 2.0 Act”) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later. Written amendments to the Plan related to the SECURE 2.0 Act, as applicable, will be drafted in accordance with applicable law and regulatory guidance.

Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan.

The Company may contribute discretionary matching or profit-sharing contributions. In 2023, the Participating Employers made a discretionary matching contribution of 50% of the participant's elective deferral contribution up to a maximum of 3% of a participant's eligible compensation. The Participating Employers did not make any discretionary profit-sharing contributions in 2023.

Participant accounts

Each participant's account is credited with the participant's contributions and the Participating Employers' contributions, as well as allocations of Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans and actual earnings thereon. The method for crediting vesting service for employer matching and profit-sharing contributions is based on years of continuous service. A participant is 100% vested after six years of credited service. Participants are always 100% vested in their company matching and profit-sharing contributions if they are employed on or after their Normal Retirement Age or if they terminate employment on account of their death or disability.

Forfeited accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Company contributions to be used in the following ways:

- Reduce Company contributions
- Reinstate previously forfeited accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$4,000 and \$13,000. During the year ended December 31, 2023, forfeited non-vested accounts of \$19,000 were used.

Notes receivable from participants

Participants who are active employees may borrow against their vested account balances a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000. The loans, in the form of promissory notes, are secured by the vested balances in the participant's account and bear interest at 4.25% through 9.50%, which is commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

1. Description of Plan (continued)

Benefits paid to participants

Upon termination of service, disability or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account as a lump sum or annual installments. Distribution of a deceased participant's account will be made to the designated beneficiary.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the year in which the participant reaches age 72 or 73 if the participant is not 72 prior to December 31, 2022, or (ii) the year in which the participant retires.

The following types of distributions are also allowed by the Plan:

- a. In-service
- b. Hardship
- c. Involuntary cash-outs

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value except for the fully benefit-responsive guaranteed investment contract, which is carried at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year and management and operating expenses associated with the Plan's investments in pooled separate accounts.

2. Summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make scheduled loan repayments and the Plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment is recorded.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as an other liability with a corresponding reduction to contributions. The Plan distributed excess contributions to the applicable participants prior to March 15th of the following year.

Payment of benefits

Benefits are recorded when paid.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 9, 2024, which is the date these financial statements were available to be issued. Events, if any, are disclosed within the notes to these financial statements.

3. Certified Plan assets

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company ("Voya").

	2023	2022
Certified investments, at fair value	\$ 19,541,974	\$ 16,154,153
Certified investments, at contract value	579,525	1,040,622
Certified notes receivable from participants	145,955	39,191
Total certified assets	\$ 20,267,454	\$ 17,233,966
		2023
Certified interest and dividends		\$ 409,798
Certified net appreciation (depreciation) in fair value of investments		2,657,167
Certified interest income on notes receivable from participants		2,156
Total certified investment income (loss)		\$ 3,069,121

4. Fair value measurements

Fair value measurement guidance establishes an authoritative definition of fair value, sets out a framework for measuring fair value in a hierarchy and requires certain disclosures about fair value measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2023 and 2022:

Pooled separate accounts: The Plan holds group annuity contracts issued by Voya. The contracts allow the plan to invest in pooled separate accounts, each containing several sub-accounts. Each sub-account is primarily invested in mutual funds, but may hold short-term money market instruments, cash or cash equivalents from time to time.

The net asset value ("NAV") of the sub-accounts is primarily based on the quoted market prices of the underlying mutual funds, less daily administration charges. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily and there are no required redemption notice periods. As of December 31, 2023 and 2022, there were no unfunded commitments nor were there any restrictions on payments of redemptions. Were the Plan to initiate a full redemption of the account, the investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner. The underlying securities of the pooled separate accounts are mutual funds with various investment strategies depending on the fund category that include capital preservation and long-term capital appreciation.

Under the terms of the contract with Voya, the administration charge varies up to a maximum of 2.0% per year depending on the investment option. Sub-accounts may also be charged with direct charges arising from the purchase, maintenance or sale of investments held by the sub-account, any taxes which may be payable by Voya which are attributable to the assets in the sub-account and any expenses which Voya determines are reasonably necessary or required to preserve or enhance the value of assets of the sub-account.

All investments held by the Plan and measured at fair value are measured at net asset value per share (or its equivalent) as a practical expedient and, therefore, have not been classified in a fair value hierarchy.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fully benefit-responsive investment contracts

The Plan invests in the Voya Fixed Account, which is a fully benefit-responsive guaranteed investment contract ("GIC"). This contract meets fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

5. Fully benefit-responsive investment contracts (continued)

With a traditional investment contract, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. Cash flow volatility (for example, timing of benefit payments), as well as asset underperformance, can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in the contract that adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed annually for resetting.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- a. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
- b. Premature termination of the contracts
- c. Plan termination or merger
- d. Changes to the Plan's prohibition on competing investment options
- e. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

The Plan Sponsor believe that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- a. An uncured violation of the Plan's investment guidelines
- b. A breach of material obligation under the contract
- c. A material misrepresentation
- d. A material amendment to the agreements without the consent of the issuer

The Plan administrator is not aware of any such events and, therefore, believes they are unlikely to occur.

6. Related party transactions and transactions with parties-in-interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator ("TPA"), investment managers, investment advisors, legal counsel and Plan auditor.

6. Related party transactions and transactions with parties-in-interest (continued)

During the year ended December 31, 2023, the Plan made direct payments of approximately \$106,000 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

7. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made to the Plan and the participants would become 100% vested in their employer contributions. The Company will direct the distribution of the participants' accounts in a manner permitted by the Plan as soon as practicable.

Upon termination, the Plan Sponsor may continue the Plan to pay benefits as they mature or liquidate and distribute the relevant portion of the Plan to a successor defined contribution plan or, in the absence of a successor plan, to the participants. Net assets transferred or distributed shall be allocated to participants in proportion to their interests.

8. Tax status

The Plan Sponsor adopted a plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the Plan, as then designed, was in accordance with the applicable sections of the IRC. The Plan has been amended and restated since receiving the opinion letter. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Change in adjustment from contract value to fair value for fully benefit-responsive contracts	73,862

11. Prohibited transactions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions and loan repayments to the Plan from its general assets as soon as practicable. The Plan has contributions totaling approximately \$100, all of which represented employee salary deferrals and loan repayments, that were not remitted timely. These contributions are considered prohibited transactions.

The Company will calculate lost investment earnings and file Form 5330, as applicable, and expects to compensate the Plan for the lost earnings in 2024. The Company expects corrective measures to be acceptable to the Department of Labor and does not believe the Plan is at risk for disqualification.

12. Subsequent event

Effective October 1, 2024, the Plan entered into trust and recordkeeping service agreements with Fidelity Management Trust Company and Fidelity Workplace Services, LLC. In connection with these agreements, the Plan's net assets were transferred to Fidelity Trust Company.
