(1) Name: **PRICEWATERHOUSECOOPERS LLP**

(2) EIN: **13-4008324**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		50000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Report of Independent Auditors

To the Administrator of TIAA Code Section 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of TIAA Code Section 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule of Assets (Held at End of Year) – Schedule H, Line 4i as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the TIAA Code Section 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

A. General Information

The Plan is a defined contribution plan established to provide all employees of Teachers Insurance and Annuity Association of America ("TIAA" or "Company") and other TIAA subsidiaries with retirement income through a program of voluntary contributions. The Plan became effective January 1, 1998, and has been amended from time to time. TIAA is the Employer, Plan Sponsor, Plan Administrator and Recordkeeper. TIAA, together with College Retirement Equities Fund ("CREF"), issues annuity contracts to the Plan.

On July 31, 2023, TIAA completed the sale of the majority of its common stock ownership of TIAA FSB Holdings, Inc. ("FSB"), which was the parent company of TIAA, FSB, to various third-party investors. As a result of the transaction, nearly all of FSB's business lines were acquired by the new ownership, with the exception of the Trust business, which previously resided within TIAA, FSB. On July 14, 2023, the trust business was transferred into TIAA Trust, N.A., and serves as custodian for the Plan's investments in mutual funds and Collective Investment Trusts ("CITs") thereafter. TIAA, FSB was the custodian for the Plan's investment in mutual funds and CITs through July 14, 2023. As of the closing date of the sale, TIAA, FSB employees ceased all active participation in the Plan and became fully vested.

Contributions under the Plan are applied in accordance with each participant's contribution allocation to (i) individual annuity contracts issued to each participant by TIAA ("TIAA Traditional Annuity Contracts" or "TIAA Traditional"), (ii) the CREF accounts through variable annuity contracts issued by CREF, (iii) the mutual funds, (iv) the CITs, (v) the TIAA Real Estate Account through unallocated variable annuity contracts issued by TIAA, or (vi) a self-directed brokerage account, which gives participants the ability to invest in over 7,000 mutual funds. CREF, a Registered Investment Company ("RIC") which issues variable annuity contracts, is a companion organization to TIAA. The Plan has a trust, the trustees of which are officers of TIAA and in which investments in the mutual funds and CITs are held. Investments in variable annuity contracts issued by CREF and the TIAA Real Estate Account are held by CREF or TIAA, as applicable.

The investments in the CREF variable annuity contracts and the mutual funds are reported as RICs, the TIAA Real Estate Account is a "Pooled Separate Account", and investments within self-directed brokerage accounts as "Self-Directed Brokerage Accounts". All investments are managed by TIAA or an affiliated entity, except the investments held within Self-Directed Brokerage Accounts, JP Morgan and Vanguard mutual funds and CITs. The Self-Directed Brokerage Accounts and CITs were held by TIAA, FSB, as direct trustee, through July 14, 2023 and thereafter TIAA Trust, N.A. became the directed trustee. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan offers participants TIAA Lifetime Income Plus model portfolios, which are created from the Plan's core investment offerings to give participants investment options that provide an age-appropriate asset allocation based upon their tailored risk tolerance and anticipated retirement date. Each portfolio has a conservative, moderate and aggressive option. The allocation of underlying investments in each portfolio is based upon the participant's anticipated retirement date and tailored risk tolerance and is updated as the participant's anticipated retirement date approaches or passes. The moderate TIAA Lifetime Income Plus model portfolio is the default investment for new participants.

New money contributions into TIAA Traditional are limited to the TIAA Traditional Retirement Choice Plus ("TIAA Traditional RCP") annuity contract. No new contributions can be made to the TIAA Traditional Group Supplemental Retirement Annuity ("TIAA Traditional GSRA") and transfers can only be made out of the TIAA Traditional GSRA, but it will remain in the accumulation phase and will continue to accumulate interest. Both the TIAA Traditional RCP and TIAA Traditional GSRA are unallocated fixed annuity contracts that are fully and unconditionally guaranteed by TIAA (See Note 2 - Significant Accounting Policies). During the accumulation phase, TIAA Traditional RCP and TIAA Traditional GSRA provide a guarantee of principal, a guaranteed minimum rate of interest and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year", which begins each March 1st. Additional interest is not guaranteed for future years. When the accumulation in TIAA Traditional RCP or TIAA Traditional GSRA is

**TIAA Code Section 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022**

converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation. Each participant dollar applied to the account purchases a guaranteed amount of lifetime annuity income, paid to participants when they annuitize. As in the accumulation phase, this guaranteed minimum rate may be supplemented by additional amounts declared by the TIAA Board of Trustees on a year-by-year basis.

New money contributions into CREF accounts are within the new share class R4. No new contributions can be made into share class R3 and transfers can only be made out of share class R3, but it will remain in the accumulation phase.

B. Contributions

Each calendar year, a participant may contribute the lesser of: a) 100% of their base salary or b) \$22,500, in accordance with the Internal Revenue Code Section 402(g) annual limit. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes an Employer matching contribution on 100% of the first 3% of base salary that an employee contributes into the Plan.

The annual contributions made by the employer on the participant's behalf to the TIAA Retirement Plan in combination with those made by the participant and the employer to the Plan are limited to \$66,000 in 2023. In the event that the combined contributions to these plans exceed this limit, contributions to either plan are reduced.

The Plan provides a Roth 401(k) option in addition to the traditional 401(k) for contributions. The Plan has an automatic enrollment of new employees into the traditional 401(k) with a contribution rate starting at 3% of base salary. Employees may opt out of automatic enrollment within the first 90 days of employment. Employees that do not opt out will have their contribution percentage increased by 1% annually over 7 years unless changed. Contributions from automatically enrolled participants will be invested in the moderate TIAA Lifetime Income Plus model portfolio designed for the year nearest in time when the participant will attain age 65.

C. Participants' Accounts

Each participant's account is credited with the participant's contributions and Employer matching contributions as well as Plan earnings. Participants designate the amount of the contributions made on his or her behalf and direct the investment of their contributions and the employer's matching contribution into the investment options offered by the Plan, and the return on those investments are credited to each participant's account. Such designation shall remain in effect until the Employer receives instructions changing such designation. If a participant does not designate how his or her contributions and Employer matching contributions will be allocated, then the contributions will be invested in the moderate TIAA Lifetime Income Plus model portfolio designed for the year nearest in time when the participant will attain the age 65. Allocations of the earnings (losses) are based on the participant's choices, account balance, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting and Eligibility

All active employees who are not categorized as an intern or an on-call or short-term associate of the Company are eligible to participate in the Plan immediately on their first day of employment. Those employees who are categorized as an intern or an on-call or short-term associate are eligible to participate in the Plan after 90 days of service during their first twelve months of employment, or after that, a Plan Year.

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are fully vested in the Employer matching contributions upon the earlier of (a) the time when the employee completes three years of service, (b) the date the employee attains age 65, or (c) the date of the employee's death. Additionally, participants are fully vested in the Employer matching contributions at the date of termination from employment if the participant receives benefits under the Employer's Severance Plan or Voluntary Separation Plan.

**TIAA Code Section 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022**

E. Payments of Benefits and Withdrawals

Following retirement or earlier termination of employment, a participant may elect to receive benefits under income options set forth in the contracts or certificates issued on his or her behalf under the terms of the Plan. Further information about the Plan provisions, including information relating to benefits, is contained in the Plan's summary plan description. Copies of this description are available from the Plan Administrator.

Benefits under the Plan are distributable to participants, their spouse and/or eligible dependent(s) no earlier than the earlier of: separation from service, death, disability, hardship withdrawal or attainment of age 59½. A distribution to a participant made prior to attaining age 59½ may be subject to a 10% early withdrawal penalty under the Internal Revenue Code. The Participant may choose from among several income options, including cash payments and an annuity settlement option. If married, the right to choose an income option will be subject to their spouse's right to survivor benefits.

F. Plan and Participant Loans

Effective January 6, 2020, the Plan discontinued offering Plan loans as separate contracts by TIAA and transitioned to participant loans funded by the participant's account. Plan loans outstanding at the time of the change will continue in runoff until all their loan terms are expired.

Plan loans:

Plan loans were previously issued as separate contracts by TIAA and thus are not part of the assets of the Plan. Plan loans are collateralized by the participant's TIAA Traditional account balances in an amount equal to 110% of the outstanding loan balances. Participants could borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 45% of their account balance subject to annuity contract and Plan provisions. Plan loan terms range from one to five years in one year increments (up to ten years for the purchase of the participant's primary residence). Principal and interest are to be paid ratably by the participant to TIAA and each payment will reduce amounts collateralized by the participants' TIAA Traditional accounts. Plan loan balances outstanding from participants to TIAA were \$9,034,600 and \$15,414,765 as of December 31, 2023 and 2022, respectively. As such, approximately \$9,938,060 and \$16,956,242 of Plan account balances as of December 31, 2023 and 2022, respectively, serve as collateral for the related Plan loans.

Participant loans:

Participant loans allow the participant to borrow directly from their own account and pay themselves back. Therefore no funds are required to be held as collateral as the loan comes directly from the participant's account. Participant loans are between the participant and the Plan and are assets of the Plan, which are classified as notes receivable from participants.

Participants can borrow a minimum of \$1,000 up to a maximum \$50,000 or 50% of the participant's accumulation account. The participant loans bear interest at rates that range from 3.25% to 10.50% during the period ended December 31, 2023, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Participant loan terms can not exceed five years, unless the loan is used for the purchase of a primary residence, in which case the loan may be repaid in 10 years. Principal and interest is paid ratably through monthly payroll deductions.

G. Forfeitures

When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account as defined by the Plan represents a forfeiture. Forfeited amounts reduce required future employer contributions to the Plan.

Balance at December 31, 2023	<u><u>\$ 31,113</u></u>

H. Administrative Expenses

TIAA funds a Revenue Credit Account in the Plan based upon revenues generated by the Plan where the Plan maintains a balance and makes active contributions to any of the investment vehicles kept on the TIAA platform. The amount that is determined to be in excess of TIAA's revenue requirements is deposited into the Revenue Credit Account of the Plan. The Revenue Credit Account may only be used to pay direct, reasonable and necessary expenses of the Plan with authorization or to provide benefits for Plan participants and beneficiaries in the form of Revenue Credits. All other administrative expenses are paid by the Plan Sponsor.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

Investments

This Plan invests in the TIAA Traditional GSRA and the TIAA Traditional RCP contracts. TIAA Traditional GSRA and TIAA Traditional RCP are reported at contract value. The holdings within the TIAA Traditional GSRA contain no liquidity restrictions and are fully benefit responsive. The TIAA Traditional RCP contract was previously only available within the Plan's Revenue Credit Account and is unallocated. Starting in November 2022, TIAA Traditional RCP contracts are available through TIAA Lifetime Income Plus model portfolios as an investment option for participants. The TIAA Traditional RCP allows full cash withdrawals without restrictions or surrender charges and is benefit responsive. The contract value of TIAA Traditional GSRA and TIAA Traditional RCP equals the accumulated

**TIAA Code Section 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022**

cash contributions and interest credited to the Plan's contracts, less any withdrawals. Crediting rates are a combination of a guaranteed rate and an annually-established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end or the prior reporting period. For new contributions in 2023, the crediting rates for the TIAA Traditional GSRA and RCP ranged from 5.25% to 6.00% and 5.50% to 6.25%, respectively, where the range of crediting rates were applied based upon the timing of funds applied.

The fair value of the investment in the RICs, the CITs and the Pooled Separate Account is equal to the net asset or accumulation value reported by the funds. Investments in Self-Directed Brokerage Accounts are reported at fair value as the Plan limits investments within these accounts solely to RICs. The Plan's Investment Committee determines the Plan's valuation policies by utilizing information provided by its advisors and custodian. See Note 6 - Fair Value Measurements for discussion of fair value measurements.

Net appreciation or depreciation in the fair value of investments consists of realized gains and losses and the unrealized appreciation and depreciation on the RICs, the CITs, the Pooled Separate Account and the Self-Directed Brokerage Accounts.

Purchases and sales of securities are recorded on a trade-date basis. Interest earned on investments is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

The Plan has no employees or business facilities of its own. The Employer provides the use of its employees and business facilities for Plan administration without charge. The investment earnings of the Plan are net of any investment expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and related disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INCOME TAX STATUS

The Plan is intended to be qualified under section 401(a) of the Internal Revenue Code of 1986 (the "Code") and is intended to be exempt from taxation in accordance with the applicable section of the Code. The Internal Revenue Service ("IRS") has determined and informed TIAA by letter dated October 14, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

**TIAA Code Section 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022**

No interest or penalties were recognized in the Statement of Changes in Net Assets Available for Benefits or accrued on the Statements of Net Assets Available for Benefits.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; in a letter dated April 5, 2024, the U.S. Department of Labor informed the Company that they would be conducting a review of the Plan for compliance with Title I of ERISA. This review is ongoing, however, no findings have been communicated. Plan year 2020 and subsequent are subject to examination.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer may amend, alter, or terminate the Plan at any time in accordance with the terms of the Plan document. In the event of a termination of the Plan, the Plan requires that the net assets of the Plan be distributed to the participants according to their individual account balances and participants would become 100 percent vested in their Employer matching contributions.

NOTE 5 - INVESTMENT INFORMATION

Contributions to the Plan are invested in TIAA Traditional, RICs, CITs, Pooled Separate Account, or Self-Directed Brokerage Accounts, according to a participant's allocation election. Individual retirement annuity contracts/certificates are issued on behalf of and in the name of the participant who invests in them.

Information regarding investments, notes receivable from participants, interest and dividend income and net appreciation/(depreciation) in the fair value of investments presented or summarized in the accompanying Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits, as well as in the supplemental Schedule of Assets (Held at End of Year) - Schedule H, Line 4i, were derived from the information certified as complete and accurate by the following entities:

NOTE 6 - FAIR VALUE MEASUREMENTS

ASC No. 820 establishes a framework for measuring fair value. The framework provides a hierarchy that prioritizes valuation inputs used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurement) and lowest priority to unobservable inputs (Level 3 measurements).

**TIAA Code Section 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022**

The three levels of the fair value hierarchy under ASC No. 820 are described as follows:

Level 1:

Inputs are unadjusted quoted prices in active markets for identical assets and liabilities.

Level 2:

Other than quoted prices within Level 1, inputs are observable for the asset or liability, either directly or indirectly.

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in markets that are not active,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3:

Inputs are unobservable inputs for the asset or liability supported by little or no market activity. Unobservable inputs reflect assumptions that market participants would be expected to use in pricing the asset or liability. Unobservable inputs are adjusted if information is reasonably available without undue cost and effort that indicates that market participants would use different assumptions.

The RICs are considered Level 1 because they are based on the net asset values ("NAV") or accumulation unit values ("AUV"), respectively, computed each day and available on the TIAA public website and other public sources. Units may be purchased or sold daily at the quoted NAV or AUV. AUV is based on the fair value of the underlying investments held by the fund less its liabilities. Participants' transactions may occur daily. Self-Directed Brokerage Accounts are reported as Level 1 as participant's investment options are limited solely to RICs.

CITs are tax exempt, pooled investment vehicles maintained by a bank or trust company. CITs are considered level 2 because they transact utilizing a share price AUV, which is not traded on an exchange. Participant transactions (purchases and sales) may occur daily with no notice period. Were the Plan Sponsor to initiate a full redemption of the CITs, the Investment adviser asks for 5 business days' notice for the Wellington and Schrodgers funds, and 30 days' notice for the Alliance Bernstein and BlackRock funds, in order to ensure that securities liquidations will be carried out in an orderly business manner. The CITs have no unfunded commitments.

The Plan holds investments in CITs as follows:

- BlackRock Strategic Completion Non-Lendable Fund - The objective of this fund is to provide long-term investors with an asset allocation strategy designed to provide a strategic portfolio of diversifying and real return type asset classes.
- BlackRock Equity Index Fund - This fund is an "index" fund whose objective is to seek investment results that correspond generally to the price and yield performance, before fees and expenses, of the S&P 500.
- BlackRock U.S. Debt Index Fund - This fund is an "index" fund whose objective is to seek investment results that correspond generally to the price and yield performance, before fees and expenses, of the Bloomberg Barclays U.S. Aggregate Bond Index.
- BlackRock Mid Cap Equity Index Fund - This fund is an "index" fund whose objective is to seek investment results that correspond generally to the price and yield performance, before fees and expenses, of the S&P Mid Cap 400 Index.
- BlackRock MSCI ACWI ex-U.S. Index Fund - This fund is an "index" fund whose objective is to seek investment results that correspond generally to the price and yield performance, before fees and expenses, of the MSCI ACWI ex-U.S. Net Dividend Return Index.
- BlackRock Russell 2000 Index Fund - This fund is an "index" fund whose objective is to seek investment results that correspond generally to the price and yield performance, before fees and expenses, of the Russell 2000 Index.
- Schrodgers International Multi-Cap Equity Trust - The objective of this fund is to seek long-term capital appreciation using a bottom-up, index-unconstrained approach to international stock investing providing diversification across countries, sectors and market capitalizations.

**TIAA Code Section 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022**

- Wellington International Opportunities Series 1 Portfolio - The objective of this fund is to provide long-term total return in excess of the MSCI All Country World ex US Index.
- Alliance Bernstein US Small and Mid Cap Value Fund - This fund seeks long-term capital growth by investing primarily in small and mid-cap US stocks that offer compelling long-term return potential at attractive valuations.

The Pooled Separate Account has a quoted AUV, and is considered Level 2 because it is not traded on an exchange and has restrictions on transfers and withdrawals.

The following table sets forth, by level within the hierarchy, the Plan's investments at fair value as of:

NOTE 7 - PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS

All Plan investments and securities are managed by TIAA, except for the JP Morgan and Vanguard mutual funds, and CITs. TIAA is a party-in-interest as the Plan Sponsor and provider of investment management and accounting services to the Plan and, therefore, these transactions, as well as notes receivable from participants, qualify as party-in-interest transactions that are allowable under ERISA. TIAA has a revenue credit agreement with the Plan Sponsor, to fund a revenue credit account within the Plan, based upon revenues generated by certain Plan investments that exceed certain thresholds. The Plan allocated \$2,982,917 to participant accounts in 2023. TIAA contributed \$2,979,594 to the revenue credit account during 2023. The account balance was \$74,514 and \$11,732 at December 31, 2023 and 2022, respectively.

NOTE 8 - SUBSEQUENT EVENTS

Subsequent events have been considered through October 8, 2024, the date the financial statements were available to be issued. Based on this evaluation, no adjustments were required to the financial statements as of December 31, 2023.
