TO THE PLAN TRUSTEES
McBride & Son 401(k) Savings Plan
Chesterfield, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **McBride & Son 401(k) Savings Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the McBride & Son 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to the periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Newport Trust Company (a qualified institution), custodian of the plan, as of and for the year ended December 31, 2023 and 2022, stating the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit* section of our report. We are required to be independent of McBride & Son 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McBride & Son 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McBride & Son 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McBride & Son 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate to those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MCBRIDE & SON 401(K) SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN

The following description of the McBride & Son 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan, which was adopted on December 1, 1994, by McBride & Son Management Co. (the "Company") and amended and restated effective January 1, 2013, is a defined contribution plan covering all full-time employees of the Company who are age 21 or older. An employee will become eligible and automatically enrolled for participation after meeting the Plan's eligibility requirements according to the Plan Agreement unless declined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute up to an annual maximum of \$22,500 and \$20,500 of pre-tax annual compensation as defined by the Plan for the years ended December 31, 2023 and 2022, respectively. If a participant does not decline enrollment, they will automatically be set up to defer 3% of eligible compensation, unless otherwise directed. The total of participant and employer contributions for a given year cannot exceed the lesser of \$66,000 and \$61,000 (or \$73,500 and \$67,500 including catch-up contributions) for the years ended December 31, 2023 and 2022, respectively, or 100% of the employee's annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants may also contribute post-tax monies up to an annual maximum of \$6,500 into a Roth IRA. Participants are permitted to contribute monies to a Roth IRA only if their income lies below certain thresholds. A participant's contributions into a Roth IRA have no bearing on the maximum amount of pre-tax contributions.

Each year the Company may make a matching contribution to be determined annually based on a percentage of each participant's eligible compensation for the year. To be eligible for a matching contribution, the participant must be employed by the Company on the last day of the year and have at least 1,000 hours of service during the Plan year. The Company's matching contribution to the Plan was \$388,334 for the year ended December 31, 2023 and was unpaid at year-end. The balance was remitted to the Plan on March 21, 2024.

In addition, the Company may make a discretionary profit-sharing contribution to all employees' accounts. To be eligible to share in the contribution for the Plan year, the participant must be employed by the Company on the last day of the year and have at least 1,000 hours of service during the Plan year. Participants who terminate employment during the Plan year due to death, disability or retirement are eligible to share in the contribution regardless of hours of service. If a discretionary profit-sharing contribution is made, the amount shall be based on a percentage of each eligible participant's eligible compensation as defined in the Plan document. The Company did not make a discretionary profit-sharing contribution to the Plan for the year ended December 31, 2023.

Participants' Accounts - Each participant's account is credited with the participant's contribution, the Company's matching and profit-sharing contributions, if any, and an allocation of the Plan's earnings net of any Plan expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (Continued)

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus earnings is based on years of continuous service. Company contributions and earnings are vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than two years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants - A participant may borrow from the Plan through a loan from their account. Loans will be made on a uniform and non-discriminatory basis. The minimum total loan amount is \$1,000 up to a maximum of 50% of the participant's vested account balance. In no event can the participant borrow more than \$50,000. Payment terms are for a period not exceeding five years unless the purpose of the loan is to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions. At December 31, 2023 and 2022, the Plan had outstanding participant loans of \$107,791 and \$141,326, respectively.

Distributions - The Plan provides for normal retirement to begin the later of the date on which a participant reaches the age of 65 or the fifth anniversary of participation. A participant will be fully vested and may retire prior to normal retirement. Upon death or disability of a participant while employed, the account balance becomes fully vested.

On termination of service, if the total vested account balance does not exceed \$5,000, the participant's vested account balance will be distributed automatically in a lump sum. If the total vested account balance equals or exceeds \$5,000, participants may elect to receive a lump sum equal to the value of their vested account balance, as described under the Plan document. As an alternative to a cash distribution, the participant may have the payment paid as a "direct rollover" to an IRA or another qualified plan.

Investment Options - Upon enrollment in the Plan, a participant may direct employer and employee contributions to any of the applicable investment options available to Plan participants.

Hardship Distributions - Participants may withdraw from the Plan that portion of their account resulting from salary deferrals in the event of undue financial hardship. The maximum hardship withdrawal is the total of a participant's 100% vested balance.

Forfeited Accounts - Participants who terminate their employment and are less than 100% vested in their employer account will forfeit the non-vested portion. Forfeitures are retained in the Plan and used to offset future expenses and employer contributions. No forfeitures were used during 2023. As of December 31, 2023 and 2022, the forfeiture account balance totaled \$83,728 and \$50,744, respectively.

SECURE 2.0 Act - On December 29, 2022, Congress passed the SECURE 2.0 Act of 2022 ("Act") to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan Amendments required by the Act generally need not be made until the end of the first plan year beginning on or after January 1, 2026 (by December 31, 2026). However, plans must be operated in accordance with the effective date of each new provision.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition - The Company's 401(k) Master Trust was established to hold the investment assets of plans sponsored by the Company. Investments and the income thereof are allocated to participating plans based on each plan's participation in investment options within the Master Trust. Accordingly, the Plan's investment gain/loss for the year ended December 31, 2023 includes its allocable share of the Master Trust's interest and dividends and net appreciation/depreciation in the fair value of mutual funds and common collective trusts since January 1, 2006.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the Plan year to the end of the Plan year is included with realized gains/losses as net appreciation/depreciation in master trust reported in the accompanying statements of changes in net assets available for benefits.

Investment in collective investment trust fund is valued based on calculated net asset value per share. In accordance with FASB ASU 2015-17, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan elected to measure the fair value using net asset value per share as a practical expedient. As a result, the investment in collective investment trust fund is not categorized in the fair value hierarchy (see Note D).

Current Expected Credit Losses - In June 2016, the Financial Accounting Standards Board ("FASB") issued ASU No. 2022-02, *Financial Instruments - Credit Losses (Topic 326)*, which became effective for the Plan on January 1, 2023. The guidance in this ASU significantly changed how entities will measure credit losses for most financial assets and certain other instruments that aren't measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to an expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. Financial assets held by the Plan that are subject to the guidance in FASB ASC 326 are employee and employer contribution receivables. Plan management has evaluated employee and employer contribution receivables as of December 31, 2023 and determined that no allowance for credit losses is necessary. Topic 326 had no impact on the Plan upon adoption on January 1, 2023.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Operating Expenses - Expenses of maintaining the Plan are paid by the Company and the participants.

Concentrations - As of December 31, 2023 and 2022, the Plan had more than 10% of its net assets available for benefits in a Master Trust.

Management's Review of Subsequent Events - The Plan evaluated subsequent events for potential recognition and disclosure through October 9, 2024, the date of financial statements were available to be issued.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Newport Trust Company, the custodian, as complete and accurate in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The information and investment income at December 31, 2023 and 2022, as reported by the trustee, is summarized as follows:

	<u>2023</u>	<u>2022</u>
Investments, at fair value:		
Value of interest in Master Trust	\$ 31,934,179	\$ 28,140,659
Notes receivable from participants	107,791	141,326
	<u>\$ 32,041,970</u>	<u>\$ 28,281,985</u>
 Net appreciation in Master Trust	 \$ 4,871,583	
Interest from notes receivable from participants	\$ 6,532	

NOTE D - INTEREST IN MASTER TRUST

At December 31, 2023 and 2022, the Plan's investment assets were held in a trust account at The Newport Trust Company and consisted of an interest in a Master Trust.

The Master Trust was composed of the following investments at December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Investments, at fair value		
Mutual Funds	\$ 29,387,585	\$ 26,994,943
Collective Investment Trusts	2,546,594	1,145,716
	<u>\$ 31,934,179</u>	<u>\$ 28,140,659</u>

The Plan's interest in the Master Trust as a percentage of net assets of the Master Trust was 100% at December 31, 2023 and 2022.

The net appreciation of the Master Trust in total for the year ended December 31, 2023 is summarized as follows:

Net appreciation in fair value	\$ 4,138,993
Dividend income	732,590
	<u>\$ 4,871,583</u>

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement and accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs consist of quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, or inputs other than quoted prices that are observable. Level 3 inputs are unobservable and are only used when Level 1 or Level 2 inputs are not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Collective trust: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

MCBRIDE & SON 401(K) SAVINGS PLAN**Notes to Financial Statements****December 31, 2023 and 2022****NOTE E - FAIR VALUE MEASUREMENTS (Continued)**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2023</u>			
Master Trust			
Mutual funds	\$ 29,387,585	\$ 29,387,585	\$ -
Collective trusts	2,546,594	-	2,546,594
	<u>\$ 31,934,179</u>	<u>\$ 29,387,585</u>	<u>\$ 2,546,594</u>

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2022</u>			
Master Trust			
Mutual funds	\$ 26,994,943	\$ 26,994,943	\$ -
Collective trusts	1,145,716	-	1,145,716
	<u>\$ 28,140,659</u>	<u>\$ 26,994,943</u>	<u>\$ 1,145,716</u>

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common collective trusts managed by The Newport Group who is related to The Newport Trust Company. The Newport Trust Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. During 2023, The Newport Group was paid \$24,029 for administrator and recordkeeping services, the Newport Trust Co. was paid \$14,967 for trustee services, and Fiduciary Advisors was paid \$25,000 for investment advisory services.

NOTE G - PLAN TERMINATION

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H - TAX STATUS

The Plan is designed to be a qualified trust under Section 401(a) of the Internal Revenue Code, which provides that a qualified trust is exempt from federal income taxes. The Plan is required to operate in accordance with the Plan document and the applicable federal laws in order to maintain its qualification. The IRS has determined and informed the Plan Sponsor by a letter dated March 12, 2014, that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related Trust is tax-exempt. The Company is not aware of any action or event that has occurred that might affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor and Internal Revenue Service. The Plan Administrator analyzes tax positions taken by the Plan, as applicable, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
