Independent Auditor's Report

To the Plan Administrator
Crystal Valley 401(k) Plan
Mankato, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Crystal Valley 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Crystal Valley 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Crystal Valley 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Crystal Valley 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Crystal Valley 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Crystal Valley 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Crystal Valley 401(k) Plan (The Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a voluntary, defined contribution plan sponsored by Crystal Valley Cooperative (the Company) and adopted on April 1, 1987. The Plan covers all employees, excluding leased employees, of the Company who are age 21 or older and have completed one year of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The most recent amendment to the Plan became effective on October 13, 2020.

TRUST

The trustee and recordkeeper for the plan is John Hancock Trust Company. John Hancock Trust Company administers the Trust subject to direction from the Plan sponsor.

ELIGIBILITY

Generally, an employee of the Company is eligible to enter the Plan for purposes of making elective deferrals and receiving employer matching contributions after they have completed 90 consecutive days of service.

Employees that meet the eligibility requirements under the Plan are automatically enrolled in the Plan with a pre-tax contribution rate equal to 3% of their compensation with automatic escalation of 1% each year up to a max of 5%.

CONTRIBUTIONS

Participants may make pre-tax or Roth contributions up to 50% of their earnings each pay period, as defined in the Plan. The Company matches 100% up to the first 5% of the participant's compensation. At the discretion of the Company, a profit sharing contribution may be made to the Plan and allocated to participants based on the eligible compensation.

At the discretion of the Company, a profit sharing contribution may be made to the Plan and allocated to participants based on the eligible compensation. To be considered eligible for the profit-sharing contribution, a participant must have completed at least 1,000 hours of service for the employer during the Plan year, and be an employee of the employer as of the last day of the Plan year.

Notes to Financial Statements (Continued)

Note 1: Description of Plan (Continued)

CONTRIBUTIONS (CONTINUED)

The total annual addition to the participant's account in any calendar year may not exceed the lesser of \$66,000 and \$61,000 or 100% of participant's compensation for the years ended December 31, 2023 and 2022, respectively. The annual employee contribution is \$22,500 and \$20,500 for the years ended December 31, 2023 and 2022, respectively. Employees age 50 or older may elect to make pretax "Catch-up Contributions" to the plan, maximum of \$7,500 and \$6,500, after their initial contributions exceed a Plan or legal limit for the years ended December 31, 2023 and 2022, respectively.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit which a participant is entitled to is the benefit that can be provided from the participant's vested account.

VESTING

A participant is 100% vested in the employee contributions, employer matching and profit sharing contributions.

NOTES RECEIVABLES FROM PARTICIPANTS

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime interest rate quoted in the Wall Street Journal, plus 1% on the date the loan is applied for.

All loans are repaid by payroll deduction in equal amounts over the repayment term, which is generally less than 5 years for a general purpose loan or 15 years for a loan to purchase your primary residence. Participants may not have more than one outstanding loan at any time.

PAYMENT OF BENEFITS

A participant is entitled to benefits based on the occurrence of the following events:

- a. The participant retires, becomes disabled, dies, or otherwise leaves the employment of the employer.
- b. In-service withdrawals at age 59 ½.
- c. Financial hardship as defined in the Plan document and amendments.
- d. Other limited conditions are more fully explained in the Plan document.

Notes to Financial Statements (Continued)

Note 1: Description of Plan (Continued)

PAYMENT OF BENEFITS (CONTINUED)

The payment shall be in the form of the following methods as provided by the Plan:

- a. A single, lump-sum payment
- b. Direct Rollover
- c. Recurring Payments
- d. Deferred Payment

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

ADMINISTRATIVE EXPENSES

Plan administrative fees are absorbed by the Plan. Legal and accounting fees are absorbed by the Plan sponsor. For the year ended December 31, 2023, administrative fees amounting to \$55,146 were absorbed by the Plan for the services of John Hancock Trust Company.

Note 2: Summary of Significant Accounting Policies

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes both realized and unrealized investment gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements (Continued)

Note 2: Summary of Significant Accounting Policies (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

PAYMENT OF BENEFITS

Benefit payments to participants are recorded upon distribution. As of December 31, 2023 and 2022, net assets available for benefits included no benefits due to participants who had withdrawn from participation in the Plan but have not yet been paid.

Note 3: Related Party and Party-in-Interest Transactions

As described in Note 1, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 4: Information Certified by the Plan Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Trust Company LLC, the trustee of the plan, has certified to the completeness and accuracy of:

- Investment and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation/depreciation in fair value of investments, dividends and interest income from notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments reflected on the schedule of assets (held at end of year).

Note 5: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Notes to Financial Statements (Continued)

Note 5: Fair Value Measurements (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements (Continued)

Note 5: Fair Value Measurements (Continued)

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		Assets at Fair Value as of December 31, 2023			
		Level 1	Level 2	Level 3	Total
Mutual Funds		\$22,107,533	\$0	\$0	\$22,107,533

		Assets at Fair Value as of December 31, 2022			
		Level 1	Level 2	Level 3	Total
Mutual Funds		\$18,816,899	\$0	\$0	\$18,816,899

Note 6: Fully Benefit-Responsive Investment Contracts

The Plan's Trust holds a portfolio of investment contracts that comprises synthetic investment contracts and a guaranteed investment contract – separate account. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	2023	2022
Synthetic Guaranteed Investment Contracts	\$536,437	\$979,888

Synthetic GICs include wrapper contracts that provide a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset performance can be passed through to the Plan through adjustment to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting. Traditional GICs are backed by the general account of the contract issuer. The Fund deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified period.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Notes to Financial Statements (Continued)

Note 6: Fully Benefit-Responsive Investment Contracts (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 7: Tax Status

The Plan has adopted a prototype non-standardized profit sharing plan sponsored by John Hancock Retirement Plan Services, LLC. The Internal Revenue Service has issued an opinion by letter dated on June 30, 2020 that the form of the plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). The Company believes that the plan currently is designed and is being operated in compliance with the applicable requirements of the IRC and that, therefore, the plan continues to qualify under IRC section 401(a), and the related trust continues to be tax exempt as of December 31, 2023. Therefore, no provision for income taxes is included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions', however there are currently no audits for any tax periods in progress.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: Subsequent Events

The Plan has evaluated subsequent events through October 1, 2024, the date the financial statements were available to be issued. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
