Independent Auditor's Report

To the Plan Administrator
Holland & Hart Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Holland & Hart Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Holland & Hart Retirement Savings Plan

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of Holland & Hart Retirement Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on July 1, 1985 and most recently amended as of July 29, 2022. The Plan is available to employees and partners of Holland & Hart LLP (the "Firm") and participating employers (as defined in the plan document) as of the date of employment or upon admittance to the partnership. Partners and regular employees (as defined in the plan document) are eligible to make elective deferral contributions and receive matching contributions immediately; discretionary profit-sharing contributions and quarterly profit-sharing contributions are also available immediately to partners and regular employees, with the exception of certain nonpartner attorneys. All seasonal or temporary employees (as defined in the plan document) must complete one year of service to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Holland & Hart retirement plan committee, which is appointed by the management committee of the Firm, administers the Plan. Fidelity Management Trust Company (Fidelity) functions as trustee, manages plan assets, and maintains the Plan's records. Fidelity offers plan participants a variety of investment options, or individuals may invest in the various investment options through self-directed brokerage accounts. Individual accounts are invested in the various investment options at the direction of the participants. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

The Firm provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Contributions

Eligible employees are automatically enrolled upon employment at a 6 percent deferral percentage unless another deferral percentage is elected. All employees enrolled in the Plan who do not make an affirmative election change as of December 1 of a given year to their deferral percentage will have their deferral percentage increased 1 percent effective the following January 1 up to a maximum of 8 percent. Participants may make before-tax and Roth contributions between 2 percent and 75 percent of their annual eligible compensation, not to exceed \$22,500, as limited by the IRS for 2023. Catch-up contributions for participants aged 50 or older are permitted. This maximum percentage may be reduced by the plan administrator in certain circumstances. The plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Firm makes a discretionary matching contribution, as approved by the Firm's management committee. In 2023, the Firm's match was 60 percent of the first 7 percent of elected deferred compensation, not to exceed \$13,000 per participant. The Firm has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are nonforfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Firm's match is funded on a payroll basis with a discretionary year-end true-up. The Firm made \$5,344,114 in matching contributions for the year ended December 31, 2023.

December 31, 2023 and 2022**Note 1 - Plan Description (Continued)**

The Firm may make, at its sole discretion, contributions to the Plan on a quarterly basis based on year-to-date compensation, reduced by any previous quarterly profit-sharing contributions for the year. This applies to all eligible nonpartners. It also applies to eligible partners only if such partner is actively working with the Firm on the last day of each quarter end. The Firm made quarterly profit-sharing contributions based on 9.2 percent of compensation for partners and 5 percent of compensation for other personnel, up to the annual compensation limit established by the IRS, as defined in the plan document. The Firm made total profit-sharing contributions of \$8,717,247 for the year ended December 31, 2023. Additional discretionary profit-sharing contributions may be made on an annual basis to eligible participants who are employed on the last day of the plan year. These contributions, if any, are allocated to participants based on eligible compensation as a ratio of total eligible compensation for the year. For the 2023 plan year, an additional discretionary profit-sharing contribution of \$844,199 was paid after December 31, 2023 and is included within employer contributions receivable on the accompanying financial statements.

Participant Accounts

Each participant's account is credited or charged with the participant's contributions and withdrawals, as applicable, and an allocation of the Firm's contributions, plan earnings or losses, forfeitures, and plan expenses. Allocations are based upon plan earnings or losses and account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are immediately 100 percent vested in their voluntary contributions and rollover contributions and any income or loss thereon. Vesting in the Firm's contribution portion of their accounts, plus actual earnings thereon, is based on years of service.

Any employer matching contributions, annual profit-sharing contributions, and quarterly profit-sharing contributions will vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	- %
1	20
2	40
3	60
4	80
5	100

A participant's account becomes 100 percent vested upon death, attaining normal retirement age while an employee, retirement due to disability, or termination of the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. The notes receivable are secured by the balance in the participant's account; bear interest at rates that range from 3.25 percent to 9.5 percent, which are commensurate with local prevailing rates determined periodically by the plan administrator; and mature at various dates through December 2028. Loans have a maximum term of five years. Principal and interest are paid ratably through monthly payroll deductions. Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full. Participants may have only one loan outstanding at any given time.

December 31, 2023 and 2022

Note 1 - Plan Description (Continued)

Benefit Payments

On termination of service due to death, disability, leaving the Firm, or retirement, a participant may elect to receive either a lump-sum amount equal to all or a portion of the value of the participant's vested interest in his or her account; partial payments; installment payments; or, with respect to certain funds, annuities.

The Plan allows in-service distributions and partial distributions to participants aged 59½ or older who have not terminated employment with the plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Furthermore, the Plan allows for terminated participant vested account balances of \$1,000 or less to be automatically distributed and balances of \$1,000 to \$5,000 to be automatically rolled out of the Plan. If an employee's vested account balance is greater than \$5,000, the employee may delay the lump-sum distribution or the installment distribution equal to the value of his or her vested account balance until the required minimum distribution date. The IRS has required minimum distributions once a participant reaches age 73 during the previous plan year and is no longer employed by the Firm.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions or to pay administrative expenses of the Plan. At December 31, 2023 and 2022, forfeited account balances totaled \$4,006 and \$58,640, respectively.

The Plan used \$812,803 for the year ended December 31, 2023 to reduce employer contributions.

Party-in-interest Transactions

The Plan receives investment advisory services from Mercer Investment Consulting Inc. Certain plan assets are in investment funds managed by Mercer Funds; therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

Termination

While it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. If the Plan is terminated for any reason, all participants become 100 percent vested, and the plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The common/collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets. There are no redemption restrictions or unfunded commitments on these investments. The U.S. government securities and corporate debt securities included in the self-directed brokerage account are valued using other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve, as well as other relevant economic measures. All other investments, including other investments in the self-directed brokerage accounts, are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

December 31, 2023 and 2022**Note 2 - Summary of Significant Accounting Policies (Continued)*****Benefit Payments***

Benefits are recorded when paid.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest.

Administrative Expenses

Various administrative costs are paid by the Firm.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Plan participants may elect to invest in various investment options through self-directed brokerage accounts. This offering carries risks, including the potential for significant concentrations in individual securities and lack of diversification for the participant's portfolio.

Concentration of Investments

As of December 31, 2023 and 2022, the fair values of investments greater than 10 percent of net assets available for benefits were the following:

	2023		2022
State Street S&P Index Fund	\$ 128,696,958	\$	90,737,997
State Street Global Equity ex-U.S. Index Fund	48,253,162		43,682,575
State Street U.S. Bond Index Fund*	44,706,803		42,099,161

*This investment is not greater than 10 percent of net assets available for benefits in the fiscal year presented.

During the year ended December 31, 2023, one investment accounted for 37 percent of investment gain.

A significant change in the market value of these investments would significantly affect the net assets available for benefits and related investment income of the Plan.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 10, 2024, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Fidelity holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Fidelity.

December 31, 2023 and 2022

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2023 and 2022:

Permissive Disaggregation (Statutory): Permissive disaggregation was determined solely according to provided dates of hire, birth and termination based on the allowable age 21, 1 year of service, and semi-annual requirements. For employees who do not work at least 1,000 hours in a year, hours worked should also be considered. If you employ employees who work less than 1,000 hours per year, contact Testing & Reporting Services to further discuss what impact, if any, this may have on your test results.

414(s) Compensation Test	Not Performed		

Compensation Test (Not Performed): Compensation testing is required when there are non-standard exclusions to the Compensation used to calculate a Safe Harbor Contribution or a Nonelective Contribution. Compensation Testing was not performed at this time because:

- (i.) there were no contributions included in testing that were subject to the compensation test,
- (ii.) the Employer indicated there were no non-standard exclusions to compensation in the current year,
- (iii.) additional data may be needed for this test which may be prepared at a later date, or
- (iv.) the test was completed in one of the prior 2 plan years (if there have been significant changes to your plan, it may require that testing be completed before the end of the 3-year testing period. To discuss whether or not a Compensation Ratio Test is required due to significant changes, please contact Testing & Reporting Services. If you would like Fidelity to prepare this additional testing required for your plan, please notify Fidelity via PSW® service request and enter "Perform Compensation Ratio Test due to significant changes" under your inquiry box).

Verification Item(s)

Future Employer Contribution: To ensure the accuracy of all tests, please notify Fidelity via PSW Service Request if any additional contributions are made for this Plan Year End.

Verification Guide: It is suggested that you verify the provided test results for accuracy. To assist you in this process view the Verification Guide [link](#).

Additional Testing Service(s)

General Test Service: Our records indicate that you have elected the General Testing service and that the last test was performed for the Plan in one of the two plan years immediately preceding the tested plan year. Because testing has been performed in one of the two prior plan years, Fidelity will not be completing this testing on the employer profit sharing for the tested plan year. If there have been significant changes to your plan, it may require that testing be completed before the end of the 3-year testing period. To discuss whether or not a General Test is required due to significant changes, please contact Testing & Reporting Services. If you would like Fidelity to prepare this additional testing required for your plan, please notify Fidelity via PSW® service request and enter "Perform General Test due to significant changes" under your inquiry box.
