INDEPENDENT AUDITORS' REPORT

Trustees
Heller 401(k) Plan
El Paso, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Heller 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Heller 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Heller 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Heller 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Heller 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Heller 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i – schedule of assets held (as of December 31, 2023) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HELLER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Heller 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan was restated effective January 1, 2015. The Plan’s original effective date was January 1, 2007.

General

The Plan qualifies under Internal Revenue Code Section 401(k) as a defined contribution plan covering all employees of Heller Ford Sales, Inc., the Plan Sponsor, and also employees of certain related businesses. The Plan was established January 1, 2007, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Income Tax Status

An opinion letter dated March 31, 2014 was received from the Internal Revenue Service stating that the prototype the Plan has adopted is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. There have been amendments to the plan after the original opinion letter, and management believes the plan is still in compliance.

Participation in the Plan

Employees are eligible to make salary deferral contributions to the Plan after attaining the age of 21, and completing three months of service. Employees are eligible for employer matching contributions after attaining the age of 21 and completing three months of service. Employees covered under collective bargaining agreements, non-resident aliens and drivers (porters) are ineligible to participate in the Plan. Once eligible, an employee is enrolled in an automatic salary deferral of 5%. An employee has 90 days to opt out of the automatic deferral. Plan entry dates occur the first day of each Plan quarter.

Contributions

Participants may contribute up to \$22,500 of their pre-tax compensation for the calendar years 2023 or up to \$30,000 for the calendar year 2023, for those participants age 50 and older, as provided by Internal Revenue Service Regulations (“catch-up deferrals”). Participants may also contribute amounts representing distributions (“rollovers”) from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS

The Employer's matching contribution was equal to 100% of the participant elective deferrals of up to 2% of the employee's annual compensation for the years ended December 31, 2023 and 2022. The Employer can make discretionary matching contributions and non-elective contributions. Compensation is defined as W-2 wages (plus elective deferrals).

Participant Accounts

Each participant's individual account is credited with the participant's contribution, the employer's matching contribution, and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances.

Vesting

Participants are 100% vested at all times in their elective deferrals, employee contributions, safe harbor contributions and rollover contributions. Vesting in employer matching contributions, and nonelective contributions is gradual based on years of service. A participant is 100% vested in these amounts after six years of credited service. A participant becomes 100% vested in all amounts upon death or disability.

Plan Administration

Future Plan by Ascensus is the third party administrator of the Plan.

Participant Distributions and Payments of Benefits

On account of death, disability, or attainment of early (age 55) or normal (age 65) retirement age, participants may elect to begin distribution of distributable benefits within a reasonable period after the distribution determination date.

Participants may request a distribution, of all or any portion of the participant's account balance attributable to elective deferrals, matching contributions and non-elective contributions, including the earnings thereon, for reasons of hardship. In-service distributions are permitted from all contributions that are 100% vested upon the attainment of age 59 ½ with the exception of money purchase contributions for which the minimum age for distribution is 62.

Plan Termination

The Employer may terminate the Plan at any time by delivering to the Trustee an instrument in writing that designates such termination. Following termination of the Plan, the Trust will continue until the entire distributable benefit of each participant has been distributed.

Plan Loans to Participants

Participants may borrow from all their accounts up to 50% of their account balance up to \$50,000. The loans are secured by the vested balance in the participant's account and bear a reasonable interest rate, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. In the event of default, foreclosure on the note and attachment of security will not occur until a distributable event occurs for the participant.

NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$9,624 and \$30,632, respectively. These accounts will be used to pay Plan expenses and then reduce future employer contributions.

Note 2. Use of Estimates and Summary of Significant Accounting Policies

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Significant accounting policies:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Participant Elective Deferrals (participants' deferred compensation) are recognized by the Plan when deducted from the participants' salary. Employer Matching 401(k) contributions are recognized as elective deferrals are made and are based on amounts calculated in accordance with Plan provisions by the Plan's administrator.

Subsequent Event Recognition

Management has evaluated the need for subsequent event recognition or disclosure through October 8, 2023, the date the financial statements were available to be issued.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Administrative Expenses

Certain administrative functions applicable to the Plan are performed by employees of the Company. No such employees receive compensation from the Plan. Certain other administrative expenses are paid directly by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3. Unaudited Information Certified by the Custodian

As permitted by ERISA Section 103(a)(3)(C), the December 31, 2023 and 2022, statements of net assets available for benefits, the investment activities included on the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes all assets listed on the statements of net assets available for benefits for 2023 and 2022 and additions and deductions to net assets available for benefits as reported on the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.

Note 4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 input because they generally provide the most reliable evidence of fair value. No level 2 or level 3 inputs were utilized by the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

HELLER 401(k) PLAN

Note 6. Other Information

A separate schedule of assets (held at end of year) at December 31, 2023 which is required by ERISA, is presented as supplemental information to this financial report. The following schedules, which are also required by ERISA, have not been included herein, since the Plan has no information which is required to be reported:

- . Assets acquired and disposed of within the plan year
- . Leases in default or classified as uncollectible

In addition, there is no information relative to the following matters which is required to be reported:

- . Material lease commitments or other commitments and contingent liabilities

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.
