Mullen & Filippi 401(k) Profit Sharing Plan Sacramento, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Mullen & Filippi 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Mullen & Filippi 401(k) Profit Sharing Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Mullen & Filippi 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter -- Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and the Schedule of Reportable Transactions as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MULLEN & FILIPPI 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Mullen & Filippi 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established by Mullen & Filippi, LLP (the “Employer”) on January 1, 1989, and is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility – Eligible employees of the Employer became eligible to make salary deferrals in the Plan on the first day of the month coincident with or next following the completion of two months of service. Eligible employees become eligible to receive employer match contributions and employer profit-sharing in the Plan on the first payroll coincident or next following the completion of one year of service.

Contributions – The Plan provides salary deferrals for eligible employees for amounts not to exceed the limit set by law. The Employer provides a 100% matching contribution for each eligible participant's salary deferrals, limited to 3% of the participant's eligible compensation, if they are employed on the last day of the year. In addition, the Employer may provide a discretionary profit sharing contribution to the Plan. No profit sharing contribution was provided during the year ended December 31, 2023.

Vesting – Participants are immediately vested in their voluntary contributions plus earnings thereon. Participants hired before January 1, 2023 are immediately vested in their employer matching contributions plus earnings thereon. Vesting in the discretionary profit sharing contributions, and employer matching contributions for employees hired on or after January 1, 2023, is progressive, based upon length of service. A participant is 100% vested after six years of credited service or upon reaching normal retirement age. Forfeitures of contributions by participants may be used to reduce subsequent employer contributions or pay Plan administrative expenses. There were no forfeitures as of December 31, 2023 and 2022.

Payment of benefits – Distributions from the Plan are available to participants or their beneficiaries at retirement, upon termination of employment, or as a result of total and permanent disability, or death.

Participant accounts – Each participant's account is credited with the participant's contributions and an allocation of the Plan earnings. Allocations are based on participant's account balances. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Notes receivable from participants – The Plan provides a provision that allows participants to borrow 50% of their vested account balance, up to a maximum of \$50,000. The loans are secured by the participants' vested account balances and bear interest at the prevailing interest rates. The principal balance plus interest is repaid through employee payroll deductions or deducted from partners' draws within 20 years for loans used for the purchase of primary residence and five years for other loans.

Administrative expenses – Under terms of the Plan agreement, administrative expenses are paid by the Plan unless paid by the Employer.

MULLEN & FILIPPI 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

Party-in-Interest Transactions – Certain Plan investments are managed by John Hancock Trust Company LLC, the Trustee, and therefore, transactions with such investments qualify as parties-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of parties-in-interest transactions under ERISA.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition – Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains (losses) are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions – Employee contributions are recorded in the period payroll deductions are made. The related employer match recorded in the period payroll deductions were made during the year ended December 31, 2022. For the year ended December 31, 2023, employer matching contributions are calculated and recorded as of December 31.

Payment of benefits – Benefits are recorded when paid.

Notes receivable from participants – Notes receivable from participants are valued at the outstanding loan balance, plus accrued unpaid interest, which approximates fair market value. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Interest on notes receivable from participants – Interest on participant loans is recognized in the period it is assessed.

Income taxes – The Plan obtained its latest determination letter on September 8, 2015, in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently begin operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

MULLEN & FILIPPI 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

Use of estimates – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent events have been evaluated for recognition and disclosure through September 17, 2024, the date the financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2023, that require recognition or disclosure in the financial statements.

3. BENEFIT RESPONSIVE INVESTMENT CONTRACT

The New York Life Anchor Account III and the New York Life Anchor Account IV are pooled separate group annuity products issued by the Trustee that guarantees principal and accumulated interest. The minimum crediting rate is zero. Each participant's account accrues interest daily, based on the investment experience of the underlying separate account minus prorated fees. Each participant's accrued interest is determined by the participant's account balance throughout the month, and is credited to participant accounts at the end of each month.

Participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is effected directly between the plan sponsor and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Given these provisions, this contract is considered benefit responsive.

The New York Life Anchor Account III and the New York Life Anchor Account IV contract value reported in the statements of net assets available for benefits was \$1,166,286 and \$941,206 at December 31, 2023 and 2022, respectively.

MULLEN & FILIPPI 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

4. INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the closing price reported on the active market on which the individual funds are traded.

Collective Trust funds: Valued based on the plan's interest in the trust's underlying investments. The trustee trades these investments in active markets, and they are valued daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	<u>Assets at Fair Value as of December 31, 2023</u>		
<u>Investment type</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Trust Company LLC (the trustee of the Plan).

6. PLAN TERMINATION

Although it has not expressed the intent to do so, the Employer has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and benefit obligations.

8. RECONCILIATION TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2023:
