Independent Auditor's Report

Plan Administrator and Participants
SAIA Motor Freight Line, LLC 401(k) Plan
Johns Creek, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SAIA Motor Freight Line, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following brief description of the SAIA Motor Freight Line, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was adopted by SAIA Motor Freight Line, LLC (the Company) effective December 31, 1970. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective May 20, 2022, the Plan was amended and restated. As a result, no significant changes were made to the provisions or operations of the Plan.

Eligibility

All active employees of the Company are eligible to participate upon attainment of age 21 and 3 months of service; however, employees covered by a collective bargaining agreement, contract employees and leased employees are excluded from participating. The entry date is as soon as administratively feasible following satisfaction of the eligibility requirements.

Contributions

Eligible employees may elect to contribute, on a pretax basis (or Roth, effective December 11, 2023), up to 50% of their eligible compensation to the Plan, not to exceed the limit under the IRC. In addition, eligible participants are permitted to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a basic matching contribution (Company basic matching contribution) determined and calculated each payroll period. During the period ended December 31, 2023, the Company's basic matching contribution was 50% up to 6% of the participant's deferrals. A percentage is determined each Plan year by the Company. In addition, the Company may make additional discretionary contributions. Any additional discretionary contribution is allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. There were no additional discretionary contributions made in 2023. Company contributions are subject to certain limitations as defined by the IRC and the Plan document.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, allocations of the Company's additional discretionary contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions, as well as, all Company contributions, plus actual earnings (losses) thereon.

Notes to Financial Statements

1. Description of the Plan (cont.)

Forfeitures

At December 31, 2023 and 2022, forfeited balances totaled \$4,625 and \$181, respectively. Forfeited balances are used to reduce future Company contributions and to offset Plan expenses. During the year ended December 31, 2023, no forfeited funds were used.

Payment of Benefits

Participant accounts may be withdrawn upon retirement, death, disability, attainment of age 59½, or termination of employment as a lump-sum. Account balances less than \$5,000 are distributed as a lump-sum payment or rolled over to an individual retirement plan designated by the Plan administrator. Hardship distributions are available from all accounts and rollover contributions may be distributed any time.

Notes Receivable from Participants

The Plan provides that loans are available to all Plan participants on a nondiscriminatory basis. A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance. Loans are repayable through payroll deductions and are secured by the participant's account balance. The interest rate is the prime rate plus 1% and is fixed over the life of the note. Loans are repaid over a period not to exceed five years.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Accounting Estimates

The preparation of financial statements in conformity with GAAP require the Plan's management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The investments of the Plan are reported at fair value, including the stable value fund held in the common collective trust, which holds indirect investments in fully benefit-responsive investment contracts. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of the fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest is recorded when earned and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

2. Summary of Significant Accounting Policies (cont.)

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan agreement. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income (loss) earned by Plan participants. The Plan participates in an agreement with Fidelity Management Trust Company (Fidelity), where excess revenue may be returned and deposited into an unallocated revenue credit account. The amounts in the unallocated revenue credit account may be used to pay reasonable and necessary Plan expenses or may be allocated to participants. There were \$219,584 and \$151,085 of unallocated funds in the revenue credit account as of December 31, 2023 and 2022, respectively. The Plan received \$573,234 of revenue credits during 2023. For the year ended December 31, 2023, \$514,401 of unallocated funds from the revenue credit account were allocated to eligible Plan participants.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, is covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements).

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

SAIA Motor Freight Line, LLC 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurement (cont.)

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust fund was based on information reported using the audited financial statements of the collective trust fund at year-end. The investment income (loss) was allocated to participants based on their proportionate share of the net assets of the funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

<i>December 31, 2023</i>	Level 1		Level 2		Level 3	Total
Mutual funds	\$	520,807,582	\$	-	\$ -	\$ 520,807,582

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 410,679,160	\$ -	\$ -	\$ 410,679,160
	<u>\$ 410,679,160</u>	<u>\$ -</u>	<u>\$ -</u>	<u>410,679,160</u>
Common collective trust measured at NAV*				<u>13,089,761</u>
Total investments at fair value				<u>\$ 423,768,921</u>

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair value at December 31, 2023	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust	\$ 11,355,453	None	Daily	N/A

Investment	Fair value at December 31, 2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust	\$ 13,089,761	None	Daily	N/A

5. Tax Status

In May 2022, the Plan that was based on the Bryan Cave LLP Volume Submitter Defined Contribution Plan Profit Sharing Plan with CODA (Volume Submitter Plan) was moved to the Non-Standardized Pre-Approved Profit Sharing Plan with CODA (Pre-Approved Plan) sponsored by FMR LLC (doing business as Fidelity Institutional Asset Management). The Internal Revenue Service (IRS) has opined and informed FMR LLC by letter dated June 30, 2020, that the Pre-Approved Plan is designed in accordance with the applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Fidelity performs services, sells products and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions.

SAIA Motor Freight Line, LLC 401(k) Plan

Notes to Financial Statements

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through the date of issuance, September 17, 2024, and has determined that no significant events occurred after December 31, 2023, but prior to the issuance of these financial statements, that would have a material impact on these financial statements.
