The Trustees
Bronco Wine Company 401(k) Profit Sharing Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bronco Wine Company 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bronco Wine Company 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bronco Wine Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bronco Wine Company 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bronco Wine Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bronco Wine Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions, as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. Bronco Wine Company 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1 – Plan Description

The following description of Bronco Wine Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a defined contribution plan and was established on October 1, 1975. The Plan covers all employees of Bronco Wine Company and related entities, Barrel Ten Quarter Circle, Inc., WG AG Services, Inc., and Bivio Transport and Logistics, LLC (together, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees of the Company are eligible to participate in the Plan on the first day of the first quarter following one year and 1,000 hours of service. Employees may roll over a tax deferred amount from another qualified plan prior to meeting the eligibility requirements for deferrals under the Plan. Eligibility for employer matching contributions will occur on the first day of the Plan year preceding the satisfaction of one year and 1,000 hours of service. Eligibility for employer profit sharing contributions will occur on the earlier of the first day of the seventh month or the first day of the Plan year coinciding with or next following one year and 1,000 hours of service. Employees must be employed as of the last day of the Plan year to be eligible to receive any employer matching or employer profit sharing contributions.

Contributions

Participant contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan contains an automatic enrollment feature whereby all eligible employees who have not completed a salary deferral agreement, or opted out, will be automatically enrolled in the Plan with a 3% salary deferral. The automatic enrollment feature also includes an automatic increase each Plan year of 1% not to exceed an 8% salary deferral. Participants may make changes to the deferral percentage or cancel their deferral by completing a salary deferral agreement at any time.

Employer match and profit sharing contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. The Company may make matching contributions and has elected to match 50% of the first 6% of employee contributions, up to 3% of total compensation deferred to the Plan. The Company contributed \$931,616 for the match portion during the year ended December 31, 2023. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all eligible participants' compensation. The Company contributed \$921,800 for the profit sharing portion of the Plan for the year ended December 31, 2023.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and the employer matching contributions, as well as allocations of the employer profit sharing contributions and Plan earnings. Participant's accounts are charged with an allocation of administrative expenses that are paid by the Plan. Profit sharing accounts are maintained separately for each participant. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Bronco Wine Company 401(k) Profit Sharing Plan

Notes to Financial Statements

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their participant and employer matching contributions into various investment options offered by the Plan. Profit sharing contributions, detailed at Note 3, are nonparticipant-directed.

Vesting for existing participants – Employee deferrals and employer matching contributions are 100% vested at all times. Participant's profit sharing accounts vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 – 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

In the event of termination due to death, disability, or retirement, all balances, including profit sharing accounts, are 100% vested and the participant or beneficiary will receive full payment as soon as administratively possible.

Notes receivable from participants – Participants may borrow money from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only one loan may be outstanding at any one time. The loans are issued by the Plan and secured by the vested balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 10 years. Under the terms of the Plan agreement, plan loans will bear interest at bank prime rate plus 2%. Principal and interest is paid ratably through payroll deductions. As of December 31, 2023, the rates of interest on outstanding loans ranged from 5.25% to 10.50% with various maturities throughout June 2033.

Payment of benefits – On termination of service due to death, disability, retirement, or other reasons, a participant is immediately 100% vested in all contributions and may elect to receive a lump-sum amount equal to the value of the participant's account.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be reallocated as additional employer contributions, used to reduce future employer contributions, or to apply to plan expenses.

Note 2 – Summary of Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Bronco Wine Company 401(k) Profit Sharing Plan

Notes to Financial Statements

Investment valuation – The investments are reported at fair value and contract value. The Plan's custodian, Empower Trust Company, LLC (Empower Trust), certifies the fair market value of the mutual funds. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Plan's custodian, Empower Annuity Insurance Company of America (Empower), certifies the contract value of the guaranteed investment contract. Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits – Benefits are recorded when paid.

Plan administrative expenses – Investment fees pertaining to the custody of the Plan assets and execution of investment transactions are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative fees pertaining to the third-party administrator and independent auditor are paid by the Company and are not included in these financial statements.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits, but arose after the statements of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through October 10, 2024, which is the date the financial statements were available to be issued.

Bronco Wine Company 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 3 – Investments

Nonparticipant-directed investments – Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	2023	2022
Net assets available for benefits		
Cash	\$ 2,262,315	\$ 1,842,035
Common stocks	58,740,410	55,718,718

Plan administrative expenses	(7,878)	
Benefits paid to participants	<u>(11,374,802)</u>	
	<u>\$ 3,143,222</u>	

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Bronco Wine Company 401(k) Profit Sharing Plan

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2023 and 2022:

Fair Value Measurement as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Common stocks	\$ 58,740,410	\$ -	\$ -	\$ 58,740,410
Mutual funds	44,565,090	-	-	44,565,090
Investments, at fair value	<u>\$ 103,305,500</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 103,305,500</u>
Fair Value Measurement as of December 31, 2022

Investments, at fair value	<u>\$ 94,255,203</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 94,255,203</u>

Note 5 – Guaranteed Investment Contract with Empower

The Plan has a fully benefit-responsive investment contract (FBRIC) with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Bronco Wine Company 401(k) Profit Sharing Plan

Notes to Financial Statements

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 – Tax Status

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated November 14, 2022, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Trustees have evaluated the Plan's tax positions and do not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with the investment securities, that changes in the values of investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

Bronco Wine Company 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 8 – Information Certified by the Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, Empower and Empower Trust, the custodians of the Plan, have certified the completeness and accuracy of:

- Investments in mutual funds, guaranteed investment contracts, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, respectively.
- Net appreciation in fair value of participant-directed investments totaling \$5,943,588 and dividends and interest of \$805,694, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Mutual funds, guaranteed investment contracts, and notes receivable from participants reflected on the schedule of assets (held at the end of year).

Note 9 – Party-in-Interest Transactions

The Plan paid expenses related to Plan operations and investment management to various service providers. Certain Plan investments are managed by Empower and Empower Trust, the custodians of the Plan. Therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 10 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 11 – Reconciliation to 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
