NTESS Savings and Income Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of the NTESS Savings and Income Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NTESS SAVINGS AND INCOME PLAN

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

NOTE 1 DESCRIPTION OF PLAN

The following description of the NTESS Savings and Income Plan (formerly the Sandia Corporation Savings and Income Plan) (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the majority of employees of National Technology and Engineering Solutions of Sandia (NTESS), LLC (the Company) who have attained age 21. The Company is a wholly owned subsidiary of Honeywell International, Inc. (Honeywell). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Fidelity Management Trust Company (FMTC) serves as the trustee of the Plan, and Fidelity Investments Institutional Operations Company, Inc. (FIIOC) serves as the record-keeper of the Plan. The Company is the Plan Sponsor (the Plan Sponsor). The Employee Benefits Committee of NTESS is the plan administrator (the Plan Administrator).

Contributions

Annually, participants may contribute from 2% to 75% of their eligible earnings, as defined in the Plan document, in 1% increments, on a pre-tax, Roth and after-tax basis. The total allotment of pre-tax, Roth and after-tax contributions cannot exceed the maximum amount permitted under the Internal Revenue Code.

In addition, each payroll period the Company contributes 66 $\frac{2}{3}$ % of the sum of each participant's pretax, Roth and after-tax contribution, up to 6% of eligible earnings. The Plan allows participants aged 50 or older to make catch-up contributions.

Nonunion employees hired on or after January 1, 2009 are eligible for enhanced (non-elective) contributions, which are contributions made by the Company in the amount of 6% of eligible earnings per pay period, up to the completion of 15 years of service and then 7% is contributed thereafter. Office and Professional Employees International Union members hired on or after July 1, 2009, and Metal Trades Council members and Security Police Association members hired on or after July 1, 2010 are also eligible for enhanced contributions.

Participant Accounts

Each participant's account is credited with the participant's and the employer's contributions and the respective investment earnings or losses of the individual funds in which the account is invested, less expenses.

NTESS SAVINGS AND INCOME PLAN

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

NOTE 1 DESCRIPTION OF PLAN *(continued)*

Benefit Payments

The Plan provides for the payment of benefits upon termination, death, or retirement based on the balance in the participant's vested account. Lump-sum or periodic payment elections may be made. Hardship and in-service withdrawals are also permitted, if certain conditions are met.

Vesting

All participants are immediately vested in their contributions and actual earnings thereon. Company match and enhanced contributions are 100% vested after the completion of three years of vesting service.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$361,391 and \$110,980, respectively. These accounts will be used to reduce future employer matching contributions, enhanced contributions, and/or pay administrative expenses of the Plan. In 2023, employer contributions were reduced by \$1,741,880 and fees were reduced by \$187,048 from forfeited nonvested accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000, less the highest loan balance in the past 12 months, or 50% of their vested account balance. Loan terms range from 12 months to 56 months. The loans are secured by the balance in the participant's account and bear interest at the prime rate at the date of the loan. Principal and interest are paid ratably through payroll deductions. A maximum of two loans are permitted at one time. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Plan Termination

While it has not expressed any such intent, the Company may terminate the Plan at any time upon submission of written notice to the investment custodian, subject to the provisions of ERISA and any applicable collective bargaining agreements. In the event of the Plan's termination, participants will receive a payment equal to the total vested and unvested value of their accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NTESS SAVINGS AND INCOME PLAN

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to several risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. The changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would have been received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attributable to fully benefit-responsive contracts because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions, plus earnings, less participant withdrawals and administrative expenses. See Note 3 for a discussion of fair value measurements and fully benefit-responsive contracts.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year. Interest income on notes receivable from participants is recorded on the accrual basis.

Administrative Expenses

The Company and participants pay the administrative expenses of the Plan, except for investment-related expenses, which are paid by the Plan. Expenses paid by the Plan are shown on the statement of changes in net assets available for benefits, and expenses paid by the Company are excluded from these financial statements.

NTESS SAVINGS AND INCOME PLAN

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Administrative Expenses *(continued)*

Participants may be charged for expenses associated with the administration of the Plan. These expenses generally fall into a transactional expense or general administration expense category. Transactional expenses are charged when a transaction is specifically requested or utilized and will be disclosed to the participant when beginning such a transaction (e.g., loan set-up and maintenance fees). General administrative expenses, which include recordkeeping fees, are charged to participant accounts, when not fully paid by the Company.

Subsequent Events

The Company evaluated subsequent events and transactions through June 27, 2024, the date these financial statements were available to be issued.

NOTE 3 INVESTMENTS

Investment information disclosed in the accompanying financial statements and supplemental schedule, for investments held at December 31, 2023 and 2022 and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2023, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

General

The Plan invests in an interest income fund that holds synthetic guaranteed investment contracts (GICs) that are fully benefit-responsive with insurance companies and other financial institutions. Since the synthetic GICs are fully benefit responsive, contract value is the most relevant measurement attribute for that portion of net assets available for benefits attributable to synthetic GICs. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

NTSS SAVINGS AND INCOME PLAN

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

NOTE 3 INVESTMENTS *(continued)*

General *(continued)*

A synthetic GIC is a wrap contract paired with an underlying investment or investments, usually a portfolio of high-quality, intermediate-term fixed-income securities. A synthetic GIC credits a stated interest rate for a specified period of time. Investment gains and losses are amortized over the expected duration of the underlying investments through the calculation of the interest rate applicable to the Plan on a prospective basis. Synthetic GICs provide for a variable crediting rate and the issuer of the wrap contract provides assurance that future adjustments to the crediting rate cannot result in a crediting rate less than zero. The crediting rate is primarily based on the current yield-to-maturity of the covered investments, plus or minus amortization of the difference between the fair value and contract value of the covered investments over the duration of the covered investments at the time of computation. The crediting rate is most impacted by the change in the annual effective yield-to-maturity of the underlying securities but is also affected by the differential between the contract value and the fair value of the covered investments. This difference is amortized over the duration of the covered investments. Depending on the change in duration from reset period to reset period, the magnitude of the impact to the crediting rate of the contract to market difference is heightened or lessened. The crediting rate is adjusted monthly.

Certain events limit the ability of the Plan to transact at contract value. Upon the occurrence of certain events, such as the Plan's failure to maintain its tax qualified status, the fair value of the investment in the synthetic GICs (if lower than its book value) may be repaid. No such events are currently known to have occurred, nor are any such events contemplated as probable by management of the Plan.

Under certain circumstances, investment contracts may be terminated. Settlement upon termination will be at contract value unless the terms of the contract were not met or other events as described above trigger payment at fair value.

The Plan owns the investments underlying the synthetic GICs, which consist primarily of U.S. Government securities, corporate debt obligations, and mortgage and other asset-backed securities. As of December 31, 2023 and 2022, the contract values of the wrap contracts were not material.

Primarily, as a result of the Plan's investment in certain common/collective trusts, the Plan's assets may be invested from time to time in derivative financial instruments. These financial instruments are generally used for liquidity purposes. The Plan's exposure to derivatives is limited to its investment in these common/collective trusts.

Fair Value of Assets

The accounting standard for fair value measurements defines fair value, establishes a market-based framework or hierarchy for measuring fair value, and expands disclosures about fair value measurements. The standard is applicable whenever assets and liabilities are measured and included in the financial statements at fair value.

The fair value hierarchy established in the standard prioritizes the inputs used in the valuation techniques into three levels as follows:

Level 1: Quoted prices in active markets for identical assets and liabilities;

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar instruments, quoted prices for identical or similar instruments in inactive markets, and amounts derived from valuation models where all significant inputs are observable in active markets; and

Level 3: Unobservable inputs where valuation models are supported by little or no market activity that one or more significant inputs are unobservable and require us to develop relevant assumptions.

The following table presents the fair value of the assets in the Plan by asset category and their level within the fair value hierarchy as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>

Valuation Techniques

There are no financial assets or liabilities categorized as Level 3 in the Plan as of December 31, 2023 or 2022.

Cash equivalents are comprised of money market funds managed to provide a stable share price of \$1.00.

Level 1 equities are comprised of common stocks valued at quoted market prices. Level 2 equities are comprised of convertible preferred stocks valued using observable market inputs other than quoted market prices.

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end reported on the active market on which the individual securities are traded.

Common/collective trusts are valued at the NAV of units held by the Plan at year end; the NAV for these investments is corroborated by observable market data (e.g., purchases or sales activity). Units in common/collective trusts may be redeemed on a daily basis.

NTESS SAVINGS AND INCOME PLAN

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

NOTE 4 PARTIES-IN-INTEREST TRANSACTIONS

The following transactions are considered to be party-in-interest transactions for which a statutory exemption from the prohibited transaction regulations exist:

The Plan paid \$1,772,170 in expenses to FMTC, the trustee, and FIIOC, the record-keeper, for the year ended December 31, 2023. Certain Plan investments are managed by affiliates of the Plan's trustee.

In addition, notes receivable from participants are considered to be party-in-interest transactions for which a statutory exemption from the prohibited transaction regulation exists.

NOTE 5 INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 13, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, is exempt from taxation.

The Plan has been amended since the issuance of the determination letter. However, the Plan Administrator and the Company's counsel believe that the current design and operations of the Plan are in compliance with applicable provisions of the Code.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to federal tax examinations for years prior to 2020.

NOTE 6 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The accompanying financial statements present fully benefit-responsive investment contracts at contract value. The Form 5500 requires fully benefit-responsive investment contracts to be reported at fair value. Therefore, there is a variance between the reported total net assets available for plan benefits on the financial statements to the reported total net assets available for plan benefits on the Form 5500's Schedule H of (\$24,313,931) and \$37,216,073 as of December 31, 2023 and 2022, respectively. The reported total additions to net assets available for plan benefits on the financial statements is \$12,902,142 more than on the Form 5500s Schedule H for the year ended December 31, 2023. The variance is due to the differences between fair value and contract value of the fully benefit-responsive investment contracts.
