INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Remitly, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Remitly, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Remitly, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Remitly, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Remitly, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Remitly, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Remitly, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

REMITLY, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN

The provisions of the Remitly, Inc. 401(k) Plan (the Plan) were effective January 1, 2014. The Plan has been amended and restated to comply with current legislation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Remitly, Inc. (the Company), excluding all union, non-resident alien, and independent contractors. Employees become eligible for participation after one month of service and attainment of age 21. Employees are eligible to receive matching contributions at the time they begin deferring compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may elect to contribute up to 100% of their pre-tax or after-tax eligible compensation, as defined in the Plan document and within statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participant contributions are paid to the Plan after each pay period.

The Company makes discretionary matching contributions, which are funded in the following year. During 2023, the Company matched 50% of the first 3% of compensation that a participant contributed to the Plan, up to a maximum of \$1,000 per Plan year.

The Company may also make discretionary profit-sharing contributions. No profit-sharing contribution was made in 2023.

Participant Accounts

Individual participant accounts are maintained by the Plan's third-party administrator. Each participant's account is credited or charged with the participant's contribution, the Company's contributions, if any, allocations of investment income and losses on the individual account balances, and administrative expenses, if any. Participant loan and distribution transaction fees are deducted from the respective participant's account. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants direct employee and employer contributions among various mutual funds, pooled separate accounts, and a guaranteed investment contract.

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in employer contributions is based on years of credited service, as defined in the Plan document, at a rate of 25% per year of service, with full vesting after four years. Upon normal retirement (65), death, or disability, participants become fully vested in all benefits.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their account balance. Terms of the notes receivable may not exceed five years, except for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at 2% over the prime rate at the time of issuance. Interest rates range from 5.25% to 10.25% on notes receivable from participants outstanding as of December 31, 2023. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits may be distributed upon retirement, death, disability, or other termination of employment. Benefits equal to the participant's vested account balance are paid in a lump sum. After attainment of age 59 ½, participants may request a lump-sum distribution of their account balance prior to retirement.

Forfeited Accounts

Upon termination, participants' non-vested account balances are forfeited. Forfeited non-vested accounts totaled \$18,860 and \$948 at December 31, 2023 and 2022, respectively. Forfeitures of \$43,262 were used to pay Plan expenses in 2023.

Subsequent Events

Effective January 1, 2024, the Plan was amended to remove the one-month service requirement and provide for automatic enrollment of newly eligible employees at a deferral rate of 4% of eligible compensation, as defined in the Plan document. In addition, participants are now 100% vested in employer contributions.

Effective July 1, 2024, the Plan Administrator elected to change the Plan's recordkeeper from Principal Life Insurance Company (Principal Life) to Charles Schwab Retirement Plan Services and change the Plan's custodian from Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust) to Charles Schwab Trust Bank (Charles Schwab). As a result of these changes, Plan assets of approximately \$41.1 million were transferred from Principal Trust to Charles Schwab. The Plan's investment in a traditional fully benefit-responsive investment contract (guaranteed investment contract) with Principal Life of approximately \$4.1mm on the date of transfer requires twelve months' notice to terminate; and therefore, the investment in the guaranteed investment contract is retained by Principal Trust until the notice period is satisfied on March 19, 2025 (Note 4).

The date to which events occurring after December 31, 2023, have been evaluated for possible adjustment to the financial statements or disclosure therein is October 9, 2024, which is the date on which the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies used by the Plan:

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest, if any. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees for individual transactions such as distributions and loans are deducted from the respective participant's account. Investment related expenses, and revenue sharing fees or credits, are included in net appreciation or depreciation in fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts – Valued at the net asset value (NAV) of units of an insurance company pooled separate account. The NAV, as provided by the investment custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the insurance company reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There may be a market rate adjustment upon full redemption of the pooled separate accounts if the market value is less than contract value upon liquidation.

The following table sets forth, by level and within the hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023:			
	Level 1	Level 2	Level 3	Total

NOTE 4 - FULLY BENEFIT-RESPONSIVE GUARANTEED INVESTMENT CONTRACT

The Plan holds a traditional fully benefit-responsive investment contract (guaranteed investment contract) with Principal Life. The investment contract is reported at contract value. Contract value is the relevant measure for the insurance contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the insurance company traditional general account investment contract is \$3,972,661 and \$2,904,736 at December 31, 2023 and 2022, respectively.

NOTE 4 - FULLY BENEFIT-RESPONSIVE GUARANTEED INVESTMENT CONTRACT (continued)

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is established by the contract issuer and may not be less than 1% or greater than 3%.

The Plan's ability to receive amounts due in accordance with fully-benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

The guaranteed investment contract may be terminated by Plan management at any time with a written, twelve months' notice. Principal may terminate the contract when the contract is no longer accepting deposits and there are no balances remaining under the contract.

NOTE 5 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants that is disclosed in the accompanying financial statements, including investments held and notes receivable from participants at December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends, interest on the guaranteed investment contract, and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of participation in pooled separate accounts and a guaranteed interest account that are managed by Principal Life, an affiliate of Principal Trust, the trustee of the Plan. Therefore, transactions with Principal Trust and its affiliates qualify as party-in-interest transactions. Fees are paid by the Plan to these parties for administrative services. Additionally, these affiliates collect revenue sharing from the Plan's investments to pay for administrative services.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8 – TAX STATUS

The Plan operates under provisions of a Pre-Approved Plan, which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the Pre-Approved Plan, as then designed, was acceptable under the applicable sections of the Internal Revenue Code (IRC) for use by the employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan allows participants to invest in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the financial statements.
