INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Griffis Residential 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Griffis Residential 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GRIFFIS RESIDENTIAL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of Griffis Residential 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General — The Plan is a defined contribution plan covering eligible employees of Griffis Group of Companies, LLC, Griffis Group Residential, LLC, Griffis Investment Company, Inc., New Century Investment Company, Inc., TGT, Inc. and Palmer Divide Ranch, Inc. (collectively, the Company).

Employees who have attained the age of 18 and have completed six months of service, are not collective bargaining employees, non-resident aliens, or part time employees working less than 1,000 hours per year are eligible to participate in the Plan and receive employer matching contributions. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions — A participant may elect to have up to 75% of their compensation withheld by the Company and contributed to the Plan on their behalf as an elective contribution in lieu of receiving such amount as compensation. The amounts contributed may not exceed the limits established in Section 402(g) of the Internal Revenue Code of 1986, as amended. Participants must invest their contributions and their allocable share of the Company's contributions among investment options as provided for by the Plan. The Company makes matching contributions of 100% of the first 3% and 50% of the next 2% of employees' contributions (for a maximum match of 4%). The Company may also make discretionary contributions to the Plan.

Automatic Enrollment — The Plan provides for eligible employees with no deferral election to be automatically enrolled in the Plan at a contribution rate of 4% of compensation. The elective deferral contribution automatically increases every year by 2%, up to a maximum elective deferral contribution of 10%. Participants may affirmatively elect a different percentage or elect to not make deferral contributions.

Participants' Accounts — Each participant shall have one account and such account will be credited with an allocation of the Company's contributions, the participant's contributions, and an allocation of the Plan's earnings and losses. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan's earnings or losses other than those on loans to participants are allocated among those participating in each fund based upon the proportion that each participant's account bears to the total participants' account balances related to that fund. Earnings resulting from loans to participants are credited to the respective participants' accounts.

Notes Receivable from Participants — Participants may borrow from their accounts up to a maximum equal to the lesser of (a) \$50,000 or (b) 50% of their vested account balance. Loan terms range up to five years (or more if for the purchase of a principal residence).

The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest are paid through regular payroll deductions.

Vesting — Participants are 100% vested in their contributions and the related allocation of the Plan's earnings or losses thereon. Participants hired prior to January 1, 2017 are 100% vested in the Company's discretionary contributions and earnings thereon. Participants hired beginning January 1, 2017 vest in the Company's discretionary contributions and earnings thereon after two years of service.

Payment of Benefits — Upon separation of service, the Plan will distribute vested account balances not exceeding \$5,000 in a lump-sum as soon as administratively practicable. A participant with a vested account balance greater than \$5,000 may elect to receive a lump-sum payment or maintain the vested balance in the Plan. Upon retirement or attainment of age 59½ the participant's account is distributed to the participant or, in the event of death, to the participant's beneficiary, either in a lump-sum or on an installment basis over a period not to exceed the life expectancy of the participant. A participant may also elect to receive an account distribution if the participant has incurred a hardship in accordance with Plan provisions.

Forfeitures — Forfeitures are used to reduce contributions by the Company and pay Plan expenses. Forfeitures used to reduce Company contributions were \$601 and \$32,776 during the years ended December 31, 2023 and 2022. Forfeitures used to pay plan expenses were \$18,600 and \$13,800 during the years ended December 31, 2023 and 2022, respectively. Forfeited, non-vested accounts totaled \$38,853 and \$26,199 as of December 31, 2023 and 2022, respectively.

Plan Termination — Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination participants would become 100% vested in their employer contributions.

Administrative Expenses — Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The financial statements of the Plan have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition — Investments are reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by investment advisors and the asset custodian. See Note 4 for information on fair value measurements.

Generally accepted accounting principles require that fully benefit-responsive investment contracts held by a defined-contribution plan be reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the Key Guaranteed Portfolio Fund is considered a fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment income from collective trusts is included within net appreciation nor depreciation in fair value of investments consistent with the presentation provided by the custodian.

Use of Estimates — Preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions which affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits — Benefits are recorded when paid.

Subsequent Events — The Plan has evaluated subsequent events for recognition or disclosure through the date of the Independent Auditors' Report, which is the date the financial statements were available for issuance.

3. TAX STATUS

The Plan is a non-standardized plan of Empower Trust Company, LLC (formerly Great-West Trust Company, LLC). Empower Trust Company obtained its last non-standardized plan determination letter dated June 30, 2020, stating that the non-standardized plan is qualified under Section 401 of the Internal Revenue Code (IRC). The Internal Revenue Service (IRS) stated that the non-standardized plan as then designed was in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has concluded that as of December 31, 2023, the Plan has no material uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles require the Plan to use a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Prices determined using significant other observable inputs. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds — Valued at the quoted prices of shares held by the Plan at year end. The shares are actively traded.

Collective Investment Trusts – Valued at the net asset value of shares held by the Plan at year-end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the reported net asset value. These investments have no significant redemption restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments for which fair value is measured using the net asset value per share practical expedients are not categorized within the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
2023:				
Investments in the fair value hierarchy				
Mutual funds	\$ 11,324,032	\$ —	\$ —	\$ 11,324,032
Collective investment trusts measured at net asset value				612,316
Total investments at fair value				\$ 11,936,348
2022:				
Investments in the fair value hierarchy				
Mutual funds	\$ 7,970,434	\$ —	\$ —	\$ 7,970,434
Collective investment trusts measured at net asset value				481,490
Total investments at fair value				\$ 8,451,924

The collective investment trusts are comprised of a Large Cap Growth Fund, a Large Cap Value Fund and a MidCap Growth Fund. The Large Cap Growth Fund seeks long-term capital growth by investing in the ClearBridge Large Cap Growth Collective Investment Trust (Underlying Fund 1), for which Wilmington Trust, N.A is trustee and ClearBridge Investments, LLC is sub-adviser. The strategy seeks to build a portfolio with a diverse collection of growth stocks that is resilient through an entire investment cycle with a bottom-up fundamental investment process that identifies high-quality, under-appreciated, growth companies. The Large Cap Value Fund seeks to outperform the market over time by employing a value-oriented approach to identify potential opportunities for revaluation or fundamental improvement. flexPATH Strategies, LLC has recommended, and the Trustee has approved, the Putnam Large Cap Value Trust as the underlying fund. The MidCap Growth Fund seeks to outperform the Russell MidCap Growth Index over the full market cycles by investing in the MidCap Growth Equity Fund (Underlying Fund 2), a collective investment fund managed by Black Rock Institutional Trust Company, N.A. The Underlying Fund 2 seeks long-term capital appreciation by investing primarily in equity securities issued by U.S. mid-capitalization companies that its manager believes have above-average earnings growth potential.

5. KEY GUARANTEED PORTFOLIO FUND

As described in Note 2, since the Key Guaranteed Portfolio Fund is fully benefit-responsive, contract value is the relevant measurement attribute for this investment contract. Contract value, as reported to the Plan by the asset custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest earned on the Key Guaranteed Portfolio Fund is compounded daily to the effective annual interest rate. The interest rate to be credited is determined quarterly. Amounts may be transferred from the participant's account balance in the Key Guaranteed Portfolio Fund at any time. Significant withdrawals or full plan termination could cause the Key Guaranteed Portfolio Fund withdrawals to be limited and time restricted. Management believes this is unlikely to occur.

6. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following is a summary of the information obtained by management and agreed to or derived from the information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the trustee of the plan.

- Investments
- Notes receivable from participants
- Investment income (loss)
 - Interest and dividend income
 - Net appreciation (depreciation) in fair value of investments
- Interest income on notes receivable from participants
- Supplemental schedule of assets held at end of year

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include the Key Guaranteed Portfolio Fund of Empower Annuity Insurance Company, who is the trustee of the investments, and therefore these transactions qualify as party-in-interest transactions. Notes receivable from participants represent party-in-interest transactions.
