INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Teche Action Board, Inc.
401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Teche Action Board, Inc. 401(k) Plan (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Teche Action Board, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Teche Action Board, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Teche Action Board, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Teche Action Board, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Teche Action Board, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Teche Action Board, Inc. 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of the Company who have one year of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

The plan allows participants to defer up to 100% of eligible compensation as defined in the Plan on a pre-tax basis. The Internal Revenue Code limits the amount a participant is permitted to contribute to the plan to the lesser of 100% of eligible compensation or \$22,500 for 2023. Total contributions may not exceed the limits of the plan.

Participants who will be at least age 50 by the end of the Plan year may elect to make “catch-up” contributions, not to exceed an additional deferral of \$7,500 in 2023 (subject to adjustment in future years).

This Plan is referred to as a “safe harbor 401(k) plan”. In order to maintain safe harbor status, the employer will make a safe harbor matching contribution to the participating employee’s account equal to 100% of the participating employee’s salary deferrals up to 3% plus 50% of additional salary deferrals between 3% and 5% of the participating employee’s compensation. The Company may also make a discretionary matching contribution to the participating employee’s account equal to a discretionary percentage, to be determined by the Employer, of the participating employee’s salary deferrals up to 4% of the employee’s compensation. At this time, there are no plans for the Company to make a discretionary contribution to the Plan. Finally, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Vesting

The balance in each participant's account that is attributable to his or her own contributions, rollover contributions and safe harbor employer matching contributions shall be fully vested at all times.

Notes to Financial Statements (Continued)
December 31, 2023

Note 1 - Description of the Plan (Continued)

The vested portion of the participant's account attributable to a discretionary employer matching contribution shall be based on the number of years of service as of the date of termination of employment as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Benefit Payments

If a participant's vested account balance exceeds \$5,000, on termination of service, disability or after reaching normal retirement age, a participant must consent to their benefit distribution and will receive an amount equal to the value of the participant's vested interest in his or her account in a single lump-sum payment form, installments (if normal retirement age) or roll over to another qualified plan. If a participant's vested balance does not exceed \$5,000, no benefit distribution consent is required upon termination and any vested account balance may be distributed in a single lump-sum payment or rolled over into a qualified plan. As of December 31, 2023, there were no amounts allocated to participants for unpaid benefit payments.

Forfeitures

Forfeited non-vested amounts that occur during the normal operation of the Plan reduce employer obligations for future or current contributions. The Plan had \$18 in forfeitures during the year and earnings from forfeitures totaled \$4. No forfeitures were used to reduce the employer's obligation during the year. The Plan had \$345 and \$323 in unallocated forfeitures as of December 31, 2023 and 2022, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and the participant's earnings on their investments. Each participant's account is charged with a direct administrative expense or allocation (based on nature of expense) of administrative expenses. Participant accounts are also reduced by forfeitures of non-vested discretionary matching contributions and benefit payments.

Investment Options

Participants of the Plan self-direct the investments in their participant accounts. The Plan offers different investment options with varying levels of risk for the participant to choose from.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 7 for discussion of fair value measurements. The Plan's stable value fund investment is stated at contract value. The Empower Annuity Insurance Company of America and Empower Trust Company, LLC have provided fair values and contract values as of December 31, 2023.

Investment contracts held by the Plan must be reported at contract value. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of the Plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initial permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive stable value/insurance company general account offered through a group annuity contract (stable value fund). The statements of net assets available for benefits present the contract value of the stable value fund.

Net appreciation/depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Limited Scope - Certified Information

The Empower Annuity Insurance Company of America and Empower Trust Company, LLC hold all of the Plan's investment assets and executes investment transactions therein. Financial information relating to the assets is included in the accompanying financial statements and schedule and is based on information provided by Empower Annuity Insurance Company of America and Empower Trust Company, LLC. The Plan administrator has instructed the independent public accountants not to examine the information certified as complete and accurate by the custodian. The custodian's certifications apply to substantially all Plan assets and transactions for the dates presented.

The Empower Annuity Insurance Company of America and Empower Trust Company, LLC certification applies to all investments and the Statement of Assets Held for Investment Purposes.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Concentrations of Credit Risk

Financial instruments, which potentially subject the Plan to concentration of credit risk, consisted principally of mutual funds and a stable value fund.

Expenses Paid by Employer Sponsor

The employer sponsor paid various administrative fees on behalf of the Plan during the year.

Note 3 - Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, employees become 100% vested in their accounts.

Note 4 - Tax Status

The IRS has determined and informed the plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan's Forms 5500, *Annual Return/Report of Employee Benefit Plan*, are subject to examination by the IRS, generally for three years after they are filed.

Note 5 - Related Party Transactions

Certain Plan investments as of December 31, 2023 were investments managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC. Empower Annuity Insurance Company of America and Empower Trust Company, LLC were also the investment custodians as defined in the Plan. Therefore, these transactions qualified as party-in-interest transactions.

Note 6 - Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee. The Empower Annuity Insurance Company of America and Empower Trust Company, LLC have provided fair values as of December 31, 2023 and 2022.

	December 31,	
	2023	2022
Mutual funds	\$ 6,162,198	\$ 6,327,818
Investments, at contract value – Stable Value Fund	421,694	432,896
	<u>\$ 6,583,892</u>	<u>\$ 6,760,714</u>

During the year ending December 31, 2023, the net appreciation (including gains and losses on investments bought and sold, as well as held during the year) in fair value of investments was \$873,055. During the year ending December 31, 2023, investment income totaled \$223,410.

Note 7 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Codification No. 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 Measurements) and the lowest priority to unobservable inputs (level 3 Measurements). The three levels of the fair value hierarchy under FASB Codification No. 820-10 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements (Continued)
December 31, 2023

Note 7 - Fair Value Measurements (Continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual Funds: Mutual funds are valued on a daily basis at the net asset value ("NAV") generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation. The mutual funds are classified within Level 1 of the fair value hierarchy.

Stable value fund: The stable value fund is stated at contract value and is considered a fixed annuity or guaranteed investment contract. The reported values for this fixed annuity/guaranteed investment contract are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. The stable value fund is classified within Level 2 of the fair value hierarchy (see note 8).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,162,198	\$ -	\$ -	\$ 6,162,198

Note 8 - Investment Contracts with Insurance Companies

Stable Value Fund (Fixed Annuity)

The Plan allows participants to investment in a group annuity contract called the Fixed Annuities Account through Empower Annuity Insurance Company of America. The Fixed Annuities Account is part of Empower Annuity Insurance Company of America's general account and is subject to the claims of Empower Annuity Insurance Company of America general creditors. Under the terms of the Group Annuity Contract, the crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average yield for 2023 and 2022 is 1.23% and 0.93%, respectively. Guarantees are subject to Empower Annuity Insurance Company of America's paying ability.

The Empower Annuity Insurance Company of America and Empower Trust Company, LLC generally process distributions and transfers from the stable value fund within a reasonable after a participant request is received in good order. However, under certain conditions as described in the Group Annuity Contract, transfers from the stable value fund (fixed annuity) may be limited or deferred, and distributions may be subject to a market value adjustment.

This investment is considered to be fully benefit responsive notwithstanding liquidation value events under the Group Annuity Contract. Liquidation value is based on an actuarial formula as defined under the terms of the Group Annuity Contract. The Plan's administration does not expect liquidation to be a probable event.

Upon Plan discontinuance of the Group Annuity Contract it may be possible to receive the market value of assets held in the Fixed Annuities Account. Participants should refer to the terms of the Group Annuity Contract for a more complete description of market value availability.

Note 9 - Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Subsequent Events

The Plan evaluated its December 31, 2023 financial statements for subsequent events through the date of the audit report, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
