Independent Auditor's Report

Board President, Members of the Board of Directors,
Plan Management, and Plan Participants
Yavapai-Prescott Indian Tribe Employee Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Yavapai-Prescott Indian Tribe Employee Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Yavapai-Prescott Indian Tribe Employee Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Yavapai-Prescott Indian Tribe Employee Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Yavapai-Prescott Indian Tribe Employee Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of Yavapai-Prescott Indian Tribe Employee Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Yavapai-Prescott Indian Tribe Employee Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at End of Year are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1- Description of the Plan

The following description of the Yavapai-Prescott Indian Tribe Employee Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan has been established by the Yavapai-Prescott Indian Tribe (the "Tribe") and operates under the authority of Tribal Council. The Plan commenced on May 1, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Through December 31, 2008, this Plan was documented and operated as a governmental plan in accordance with Section 414(d) of the Internal Revenue Code (IRC) and Section 3(32) of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2007, the Plan became subject to the provisions of Section 906 of the Pension Protection Act of 2006 (PPA). Although the Tribe maintains that the Plan continues to be entitled to governmental status following the passage of the PPA, the Tribe is operating this as a nongovernmental plan effective January 1, 2007, pending further guidance from the U.S. Departments of Treasury and Labor. The Tribe is operating the Plan in accordance with its reasonable and good faith interpretation of the PPA, as required by IRS Notice 2006-89 and IRS Notice 2007-67 (ERISA).

The Plan is a defined contribution plan covering substantially all employees of Yavapai- Prescott Indian Tribe and its enterprises (collectively, the "Employer") who have completed one year of service are at least 18 years of age. As of December 31, 2023 and 2022, there were 356 and 363 participants, respectively. Of these active participants 278 and 262 had account balances at December 31, 2023 and 2022, respectively. The Employer is the Plan administrator.

Administration

The plan administrator is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Employer's Board of Directors. The Plan's third-party administrator is Standard Insurance Company who processes and maintains the records of participant data. The trustee, as of December 31, 2023 and 2022, is Charles Schwab who is responsible for the custody and management of the Plan's assets.

Eligibility

Employees become eligible to participate in the plan after completion of one year of service, 1000 hours, and provided they are at least 18 years old.

Contributions

Each year participants may contribute up to the maximum amount allowed by law of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified Plans (rollover).

**Yavapai-Prescott Indian Tribe
Employee Savings and Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

The Employer may contribute a discretionary matching contribution to each eligible participant's account. For the years ended December 31, 2023 and 2022, the Employer match contribution was 50% of the first 6% of eligible compensation that a participant contributed to the Plan.

The Employer may also make non-elective contributions to the Plan. Such contributions are made at the discretion of the Employer and are allocated as a ratio of participant compensation for the Plan year to the compensation of all eligible participants for the Plan year. Additionally, the Employer may make qualified matching contributions, which are 100% vested. The Employer did not make non-elective or qualified matching contributions to the Plan for the years ended December 31, 2023 and 2022.

Participants direct all contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer contributions, and allocations of Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may enter a loan agreement and use their vested balance in the Plan as collateral. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest is repaid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. At December 31, 2023, interest rates on the loans ranged between 3.25% and 8.5%. Delinquent notes receivable, which there were none at year end, are reclassified as distributions based upon the terms of the plan document. The loan balances collateralized by the Plan's assets as of December 31, 2023 and 2022, were \$442,809 and \$263,356, respectively.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and the Employer qualified matching contributions plus actual earnings thereon. Vesting in the Employer's discretionary non-elective and match contribution portion of their accounts plus actual earnings thereon is based on years of continuous service.

Vesting of Match Contribution:		Vesting of Non-elective	
Years of Service	Vested Interest	Years of Service	Vested Interest
1	20%	1	20%
2	40%	2	40%
3	60%	3	60%
4	80%	4	80%
5	100%	5	100%

Forfeitures

Forfeitures of terminated participants' nonvested account balances may be used to reduce future Employer contributions. The unallocated and nonvested forfeited balance at December 31, 2023 and 2022, totaled \$3,237 and \$1,544, respectively. During 2023 and 2022, \$8,512 and \$4,070, respectively, in forfeitures were used to pay plan fees.

Payment of Benefits

Benefits are payable in the event a participant retires, dies, becomes disabled or otherwise ceases to be an employee of the Employer. A participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant may withdraw all or a portion of his or her vested account in the event of financial hardship, as defined in the Plan.

Mandatory Cash-Out Provision

If the amount of the participant's vested account balance to be distributed does not exceed \$5,000 and the participant fails to elect a lump sum payment or direct rollover to a participant designated Individual Retirement Account (IRA), then the Plan administrator will roll the entire vested balance to an IRA established by the Plan administrator at a qualified institution.

Note 2- Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits, but does not require, the Employer to pay significant costs of Plan administration. At any time, the Employer may elect for the Plan to pay administration costs. The Employer paid a portion of the Plan's expenses for the years ended December 31, 2023 and 2022. Such expenses are not reflected in these financial statements. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated for recognition or disclosure in these financial statements through October 8, 2024, the date which the financial statements were available to be issued.

Note 3- Investments and Fair Value Measurements

Fair value is measured using a framework that provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds—Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investments at fair value	<u>\$ 7,426,067</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,426,067</u>

Note 4- Investment Contract with Insurance Company

The Plan entered into a benefit-responsive investment contract with The Standard Insurance Company ("Standard") reported in the financial statements at contract value of \$2,448,470 and \$2,346,915 at December 31, 2023 and 2022, respectively. The assets in this account are maintained as general assets with Standard and are considered as invested in an insurance contract. The fund is available through a rider to Standard's group annuity contract. The contract earns interest at a floating rate subject to quarterly adjustments (minimum rate is 1%). The interest rate credited during 2023 was 2.78% and 2021 was 2.23%. There are no particular segregated or identifiable assets of Standard Insurance Company ascribed to The Standard Stable Asset Fund. The fund assets are also not available in an exchange or an active market.

Certain events may limit the ability of the plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, the liberalization of plan withdrawal or transfer rules or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that the participants' contract values are not affected. Plan management does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5- Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

For the year ending December 31, 2023, Charles Schwab Bank and Trust certified to \$11,802,878 of cash and investments, \$442,809 of notes receivable, \$1,389,319 of net investment income and Investments reflected on the supplemental schedule of assets held at end of year.

For the year ending December 31, 2022, Charles Schwab Bank and Trust certified to \$9,772,980 of cash and investments, \$263,356 of notes receivable, \$1,380,418 of net investment loss and Investments reflected on the supplemental schedule of assets held at end of year.

Note 6- Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to ERISA provisions. In the event of Plan termination, participants would become 100% vested in all their Employer contributions.

Note 7- Tax Status

The Plan is operating under a volume submitter profit sharing plan document. The Internal Revenue Service has determined and informed the volume submitter plan sponsor by letter dated March 31, 2014, that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8- Related Party and Party-In-Interest Transactions

During the years ending December 31, 2023 and 2022, plan investments were held by Charles Schwab Bank, the Plan's trustee. The investment contract discussed in Note 4 was through Standard Insurance Company, who provided recordkeeping services during this period. All investment transactions and balances are considered to be exempt Party-in-interest transactions. Investment management fees are absorbed in investment income and are not readily determinable. Notes receivable from participants represent exempt party-in-interest transactions.
