REPORT OF INDEPENDENT AUDITORS

The Administrative Committee
LBC Holdings, Inc. 401(k) Profit Sharing Plan
Hayward, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of LBC Holdings, Inc. 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of LBC Holdings, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by Principal Trust Company and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of LBC Holdings, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the LBC Holdings, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LBC Holdings, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LBC Holdings, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i -Schedule of Assets (Held at End of Year), as of and for the plan year ended December 31, 2023 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LBC HOLDINGS, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note 1. Description of Plan

The following descriptions of the LBC Holdings, Inc. (the “Company”) 401(K) Profit Sharing Plan (the “Plan”) provides general information only. Participants should refer to the Plan instrument for a more complete description of the Plan’s provisions.

1. *General.* The Plan was established on January 1, 1998, (amended May 1, 2017) and is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted under the provisions of Internal Revenue Code (IRC) Section 401(a), with a deferred arrangement qualified under IRC Section 401(k). Pursuant to the requirements of IRC Section 401(a)(27), the Plan is also a profit-sharing plan.

The Plan is a defined contribution plan that covers all active employees of LBC Mundial Corporation, LBC Mabuhay Hawaii Corporation and LBC Mabuhay North America Corporation. These Companies were previously owned by LBC Holdings USA Corporation. These subsidiaries were acquired by LBC Express Holdings, in a stock purchase, effective January 1, 2019 after approval of the change in ownership was obtained from the money transmitter regulators and other regulators in the states where these companies operate. As such, the Plan as adopted continues the administration of the Plan transferred to LBC Express Holdings, advised by a committee whose members are appointed by its board of directors (administrative committee), effective January 1, 2019.

The Plan engaged the services of Hicks Pension Services, its third-party administrator, and Principal Life Insurance Company, a member of the Principal Financial Group, its recordkeeper.

Eligibility. The Plan was established for the exclusive benefit of all eligible employees and their beneficiaries with the intention to provide a measure of retirement security for the future. Participation in the Plan is entirely voluntary. An eligible employee is any person employed by the Company who has had a one year of service and have worked at least 1,000 hours during the 12-month period and are twenty-one (21) years of age or older, except union employees and non-resident aliens with no U.S. source income.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan payment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes were adopted in accordance with the applicable laws and IRS guidance.

2. *Amendment and Termination of the Plan Agreement.* The Plan agreement may be amended or terminated by the Company at any time. No such termination is contemplated, but if it should occur, the assets of the plan should be used to pay or provide for the payment of any and all obligations hereunder, in accordance with the provisions of the plan and the directions of the administrative committee. No portion of assets of the plan, directly or indirectly, should revert to or accrue to the benefit of the Company.
3. *Contributions.* Eligible employees may contribute 0% to 100% pre-tax salary deferral, as defined in the Plan as defined in the Plan instrument, subject to the maximum amount permitted by law. All employees who are eligible to make pre-tax salary deferrals can also make after-tax salary deferrals, also known as Roth deferral contributions. At the discretion of the Plan Administrator, participants may also be permitted to deposit into the Plan, distributions that they have received from other retirement plans and certain IRA’s. Such a deposit is called “rollover” contributions. All employees who are eligible to make salary deferrals under the Plan and who are age 50 or older before the close of the plan year, are eligible to make catch-up contributions. Catch-up

contributions are in addition to the regular salary deferrals. The IRS limits the amount that can be contributed as a catch-up contribution. Each year, the Company may make a discretionary matching contribution equal to a uniform percentage of participant's salary deferrals or a flat dollar amount allocated on a uniform basis to all participants, which is determined each year. Matching Company contribution is invested directly into the Plan. Additional amounts may be contributed at the option of the Company's board of directors and invested in portfolio investments as directed by the participants.

The Company elected to make \$100,206 and \$102,474 matching contribution for the years ended December 31, 2023 and 2022, respectively. The Plan also allows for a discretionary profit sharing contribution. In 2023 and 2022, the Company has not made a discretionary profit sharing contribution. A participant must be employed on the last day of the Plan year to be eligible for the discretionary profit sharing contribution.

4. *Investment Elections.* The participants and the company's matching contributions are held in trust and are allocated to the various investment options offered by the plan as directed by participants, which are adjusted with gains and losses at each valuation date.
5. *Participant Accounts.* Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution and (b) plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan instrument. Allocation of the Company's discretionary profit sharing contribution is determined each year as a percentage of compensation or a dollar amount per participant. The Plan creates a separate employee classification group for each eligible employee. The participant's vested account provides the amount of benefits currently available for distribution.
6. *Vesting.* Participants are always 100% vested in their contributions (salary deferrals, catch-up and Roth contributions and rollovers), plus actual earnings thereon. Vesting in the Company's discretionary contribution portion to their accounts plus actual earnings thereon is based on years of continuous service. A participant is vested with respect to the Company's matching contribution as follows:

Vesting Schedule for Employer Profit Sharing and Employer Matching

Years of Vesting Service	Percent Vested
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

7. *Notes Receivable from Participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. The maximum loan amount of any loan is the lesser of 50% of the participant's vested interest minus any existing loan balance, or \$50,000 reduced by the participant's highest outstanding loan balance in the previous 12 months even if all or a portion of this amount has been repaid. Notwithstanding, the Plan limits the minimum amount of any loan to \$1,000, the maximum amount of any loan to \$50,000 and the balance of all outstanding loans to a single participant to \$50,000. The loan are

secured by the balance in the participant's account and bear a reasonable rate of interest (prime rate as used by Bank of America plus 1 percentage point). To cover administrative costs associated with processing and maintaining a loan under the Plan, the participant is charged a \$75 fee deducted from the account from which the loan is taken.

A loan will carry the same rate of interest throughout its term except as permitted under applicable law, and interest paid on the loan is credited to the borrower's account. Participant loan interest is not included or applied to the outstanding principal loan balance. Principal and interest are paid ratably through bi-weekly payroll deductions. Interest income on note receivable from participants is recorded on accrual basis.

8. *Payment of Benefits.* On termination of service due to death, disability, retirement, or a participant beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or any of the payment options as defined in the Plan. The distribution will be made, at the option of the participant, as soon as administratively feasible. Participants may also be entitled to receive an in-service distribution. However, this distribution is made at the participant's election and will be made in accordance with the forms of distributions available under the Plan.
9. *Forfeited Accounts.* Forfeitures of non-vested account are first used to pay administrative expenses of the Plan or may be used to reduce future employer contributions. During the years 2023 and 2022, forfeitures amounted to \$654 and \$172, and were used to pay plan expenses.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP")

The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the contract value of the fully benefit-responsive investment. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

In preparing of financial statements in accordance with U.S. GAAP, management is required to make estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates under different assumptions and conditions.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contract, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, Participant-Directed Investments, at Fair Value for a further discussion of fair value measurements. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net

appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the plan year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investments-related expenses are included in net appreciation/depreciation of fair value of investments.

All other administrative expenses or fees that are not paid by the Company are allocated among the Plan's terminated and active participants. Participants with an account in the Plan are charged a proportionate amount of administrative expenses based on their account balance. Individual expenses are reasonable expenses for processing transactions that only affect the account of an individual participant (or beneficiary). Individual fees and expenses attributable to an individual transaction are charged against the account balance of each participant responsible for the expense.

Subsequent Events

For the year ended December 31, 2023, the Plan has evaluated subsequent events for potential recognition and disclosure through October 8, 2024, the date the financial statements were available to be issued – see Note 13.

Note 3. Participant-Directed Investments, At Fair Value

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note 3. Participant-Directed Investments, At Fair Value - Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. For Level 3 inputs, there is no market data or correlations with the market assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds. Valued at quoted prices in an active market in which the individual securities are traded and represent net asset value of shares held by the Plan.

Common Collective Trusts. Valued at net asset value, which is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. There are no unfunded commitments related to this trust. Redemptions are permitted daily with no advance notice requirement.

Pooled separate accounts. Valued based on the latest quoted market price of the investments (principally common stock of FBL) held within the fund.

The preceding methods described may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2023 and 2022, the Plan's investment assets were held in a trust company at Principal Trust Company.

The following sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2023 and December 31, 2022. Investments where net asset value is used to measure fair value are not presented by level within the fair value hierarchy.

Note 4. Participant-Directed Investments, at Contract Value

In 2023 and 2022, the Plan has been under a guaranteed investment contract ("GIC") that is a group annuity contract, backed by the assets of the general account of Principal Life Insurance Company. This GIC, the Principal Fixed Income Guarantee Option fund, is considered a fully benefit responsive investment contract and is measured, presented and disclosed at contract value within the Statement of Net Assets Available for Benefits. Participant transactions are executed using contract value without adjustment. The contract value as of December 31, 2023 and 2022 amounted to \$802,371 and \$784,107, respectively. The Guaranteed Minimum Interest Rate (GMIR) is determined by taking the average of 5-year Constant Maturity Treasury Rates 12 months prior to Announcing the Composite Crediting Rate(s), reducing this average by 1.25%, and rounding this amount to the nearest 0.05%. Constant Maturity Treasury Rates means those rates posted by the Board of Governors of the Federal Reserve System or by an agency that provides similar information.

Effective December 30, 2022, this Group Contract issued by Principal Trust Company, as Custodian for various Plans of clients of Principal Life Insurance Company was amended by striking the definition of GMIR and substituting the following:

Guaranteed Minimum Interest Rate means, for any Composite Crediting Rate Period, the minimum Composite Crediting Rate for each Vintage established under this contract. The Guaranteed Minimum Interest Rates for all Vintages is determined each time Composite Crediting Rates are announced.

Effective December 30, 2022, GMIR with respect to Guaranteed Interest Balances established by a Rate Schedule effective prior to December 30, 2022 will not be less than 1% or greater than 3%. The GMIR for such Guaranteed Interest Balances will remain as set until the end of those Guaranteed Periods. This is the initial GMIR

The GMIR with respect to Guaranteed Interest Balances established by a Rate Schedule effective on or after December 30, 2022 will not be less than 0.15% or greater than 3%. The GMIR for such Guaranteed Interest Rate Balances will remain as set until the end of those Guaranteed Periods. This is the Subsequent GMIR.

The GMIR using the subsequent GMIR limits outlined above will first be applied with regard to the Composite Crediting Rate established and declared in the Vintage Schedule issued for the first Composite Crediting Rate Period established on or after December 30, 2022.

For the year ended December 31, 2023 and 2022, earnings from fixed income guaranteed option fund amounted to \$13,789 and \$11,553, respectively. This contract does have surrender charges if it is terminated by the contract holder or a plan terminates its interest in such contract within certain time periods. If the contract holder is considering terminating the contract or a plan is considering terminating its interest in such contract in the near future, contract value less surrender charges is used to determine the fair value.

During the time period in which a Rate Schedule that was issued for a Guaranteed Interest Balance effective prior to December 30, 2022 is in effect, the Composite Crediting Rate associated with such Guaranteed Interest Balances will be subject to the Initial GMIR. During the time period in which a Rate Schedule that was issued for a Guaranteed Interest Balance effective on or after December 30, 2022 is in effect, the Composite Crediting Rate associated with such Guaranteed Interest Balances will be subject to the Subsequent GMIR. The GMIR for all amounts will be a weighted blend of the Initial GMIR and the Subsequent GMIR based on outstanding Guaranteed Interest Balance values associated with each guarantee.

The GMIR established in each Vintage Schedule is applicable only for the Composite Crediting Rate Period established by such Vintage Schedule.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note 4. Participant-Directed Investments, at Contract Value - Continued

This GIC is reported at contract value as it meets the fully benefit-responsive investment contract criteria. Contract value is calculated as contributions, plus earnings, less withdrawals and administrative expenses. Participant transactions are executed at contract value less surrender charges, if applicable, which is the relevant measure for fully benefit-responsive investment contracts. The Plan's ability to meet its contractual obligations to settle amounts due is dependent on the issuer, which could be impacted by economic and regulatory changes. Currently, there is no probability of the issuer not being able to fulfill its contractual obligations at contract value.

Note 5. Contribution Receivables

Participant Contributions

As of December 31, 2023 and 2022, participant deferral contributions amounted to \$15,731 and \$16,831, respectively. These participant contribution receivables were remitted to the Plan in the following month – see Note 12.a.

Employer Contribution

For the years ended December 31, 2023 and 2022, the Company elected to contribute \$100,206 and \$102,474, respectively to the Plan. These matching contributions were remitted to the Plan on March 6, 2024 and March 3, 2023, respectively – see Note 12.b.

Note 6. Notes Receivable from Participants

For the years ended December 31, 2023 and 2022, interests on notes receivable from participants earned by the Plan amounted to \$25,909 and \$23,288, respectively.

Note 7. Tax Status

On March 31, 2014, the Internal Revenue Services, (IRS) has ruled that the prototype plan that the Company adopted, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is not subject to tax under present income tax laws. Employee contributions qualify as "cash or deferred" contributions under Section 401(k) of the IRC. Once qualified, the Company who adopted the prototype plan is required to operate in conformity with the IRC to maintain its qualification.

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in accordance with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). Plan management believes the Plan is currently designed and operating in accordance with the applicable requirements of the I RC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or California Franchise Tax Board. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statement and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interests and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company custodian of the Plan.

Note 10. Related-Party and Party-In-Interest Transactions

The Plan Sponsor provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. These transactions are exempt party in interest transactions.

At December 31, 2023, Plan investments are held and managed by Principal Trust Company. Principal Trust Company is the custodian, as defined by the plan, and qualifies as a party-in-interest. Notes receivable from participants and the related interest income are also considered party-in-interest transactions. The records of the Plan indicate no party-in-interest transactions, that are prohibited by ERISA and for which no statutory or administrative exemption exists.
