INDEPENDENT AUDITOR'S REPORT

To the Plan Investment Committee of the QAD Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of QAD Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, John Hancock Trust Company, LLC, as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by John Hancock Trust Company, LLC, a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The Form 5500 – schedule H, line 4i – schedule of assets (held at end of year) and Form 5000, schedule H, line 4a - schedule of delinquent participant contributions as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution, John Hancock Trust Company, LLC, agrees to, or is derived from, in all material respects, the information prepared and certified by John Hancock Trust Company, LLC that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QAD INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The following description of the QAD Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The QAD Inc. 401(k) Retirement Plan is a defined contribution plan that was established January 1, 1988 to provide benefits to employees of QAD Inc. (the “Company”). On November 5, 2021, QAD Inc. was acquired by Thoma Bravo. The ownership changed and QAD was reincorporated as a result of the acquisition, but QAD Inc. remains the reporting entity before and after.

The Plan was restated effective January 1, 2021 and adopted a non-standardized pre-approved profit sharing plan sponsored by John Hancock Trust Company, LLC. The plan was amended to allow participants to take loans and withdrawals on rolled over amounts prior to eligibility and removed the last day requirement for look back employer matching. All previous amendments were incorporated with the restated Plan. The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for distributions, waive required minimum distributions for 2020 that were made after April 1, 2020, and increase the age requirement for required minimum distributions.

Effective January 1, 2023 the Plan document was amended to reflect various changes determined by the Plan sponsor. The amended plan allows for participants to become fully vested in employer contributions upon entering the Plan, a one time auto enrollment sweep of participants deferring less than 6%, an increase in the auto enrollment default rate to 6%, an increase in the auto enrollment escalation cap to 12%, and an increase in the employer matching formula to 6%.

All employees other than non-resident aliens, residents of Puerto Rico, leased employees, and individuals classified as independent contractors, are eligible to participate in the Plan. Eligible employees may begin participating in the Plan following the completion of one month of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The QAD Retirement Plan Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Retirement Plan Committee.

Contributions

Each year, participants may contribute up to 60% of annual compensation, as defined by the Plan. At the participant’s election, these contributions may be on a before or after tax basis and are limited to a maximum, subject to Internal Revenue Code (“IRC”) regulations.

QAD INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan (Continued)

Contributions (Continued)

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of their pre-tax eligible compensation, as defined by the Plan, and their contributions invested in a designated balanced fund until changed by the participant. Annually, on the anniversary of the auto-enrollment of participants hired after April 30, 2016, a 1% increase will take place for all participants making pre-tax contributions until the contribution rate reaches 12%. If requested, a participant can elect an automatic increase of 2% or 3% as opposed to 1% annually. Participants with post-tax contributions may affirmatively elect to participate in the auto-increase feature by contacting the third party administrator as this feature does not apply by default. For auto-enrolled participants enrolled prior to April 30, 2016, subsequent increases are scheduled annually thereafter. Participants may direct the investment of their contributions into various investment options offered by the Plan.

The Company may elect to make discretionary contributions to eligible participants in accordance with the guidelines outlined in the Plan document. During 2023, the Company elected to match contributions up to 50% of employee contributions, up to the first 6% or 3% of eligible wages, whichever is less. During 2022, the Company elected to match contributions up to 75% of the first 4% of employee contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Effective January 1, 2023, participants are fully vested in employer matching and nonelective contributions upon entering the plan. Participants who terminated employment prior to 2023, are subject to the vesting schedule in effect at the time of termination. Participants who terminated employment prior to February 1, 2020 are subject to a five year vesting schedule. Participants who terminated employment prior to January 1, 2022 but after January 31, 2020 are subject to a 4 year vesting schedule.

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the maximum equal to the lesser of (a) 50% of their vested account balance in the Plan, or (b) \$50,000, reduced by the highest loan balance during the prior twelve month period. Loan terms shall not exceed 5 years, except in the case of a loan for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the Prime rate, as defined. Interest rates ranged from 4.25% to 9.5%. There may be no more than one loan outstanding per participant at any time.

Withdrawals and Payment of Benefits

The Plan includes several sets of provisions for withdrawal or payment of benefits relative to a participant's age and circumstances, in compliance with provisions of the IRC. There are provisions for disability, death, hardship withdrawals, in-service distributions at age 59 ½, direct rollovers, delay of payments to normal-retirement date at age 65, and lump sum benefit payments. Terminated participants with vested account balances of \$5,000 or less who do not make a distribution election will be rolled over to an individual retirement plan account designated by the Plan Administrator.

Forfeitures

Forfeited non-vested accounts are used to pay administrative expenses or used to offset employer contributions. At December 31, 2023 and 2022 forfeited non-vested accounts totaled \$18,260 and \$166,840, respectively. During the years ended December 31, 2023 and 2022, respectively, \$164,242 and \$58,972 was used to offset employer contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

QAD INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, with the exception of contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2023 and 2022, there were no benefit claims that had not been processed and approved for payment but not yet paid.

Administrative Fees

Certain administrative fees of maintaining the Plan may be paid directly by the Company and, if so, are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

In 2018, the Plan implemented fee levelization and investment-related fees are presented within administrative fees.

Note 3 – Assets Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee

NOTES TO FINANCIAL STATEMENTS

Note 3 – Assets Certified by the Trustee (Continued)

Retirement Income Security Act (ERISA). Accordingly, John Hancock Trust Company, LLC, as trustee of the Plan, has certified the below investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate. At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2023 and 2022, included throughout the Plan's financial statements and supplemental schedules, that was certified by the trustee and custodian and furnished to the Plan Administrator:

	<u>2023</u>	<u>2022</u>
Investments:		
Mutual funds	\$ 147,926,244	\$ 144,427,456
Investment contract	13,048,871	16,867,893
Total investments	<u>160,975,115</u>	<u>161,295,349</u>
Notes receivable from participants	560,239	763,630
Total certified assets	<u>\$ 161,535,354</u>	<u>\$ 162,058,979</u>

John Hancock Trust Company, LLC certified to the completeness and accuracy of \$27,273,627 of net appreciation in fair value of investments, \$2,443,085 of interest and dividends related to the aforementioned investments, and \$39,097 of interest income on notes receivable from participants for the year ended December 31, 2023.

Note 4 – Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 5 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

QAD INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 5 – Fair Value Measurements (Continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

QAD INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 5 – Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2023				
	Total Fair Value	Level 1	Level 2	Level 3
Mutual Funds	\$ 147,926,244	\$ 147,926,244	\$ -	\$ -
Total investments at fair value	<u>\$ 147,926,244</u>	<u>\$ 147,926,244</u>	<u>\$ -</u>	<u>\$ -</u>

December 31, 2022				
	Total Fair Value	Level 1	Level 2	Level 3
Mutual Funds	\$ 144,427,456	\$ 144,427,456	\$ -	\$ -
Total investments at fair value	<u>\$ 144,427,456</u>	<u>\$ 144,427,456</u>	<u>\$ -</u>	<u>\$ -</u>

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the years ended December 31, 2023 and 2022, there were no significant transfers in or out of Level 3.

Note 6 – Investment Contract with Insurance Company

Beginning in August 2014, the Plan entered into a fully benefit-responsive traditional investment contract with John Hancock Trust Company, LLC, which maintains contributions in a general account. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value.

At December 31, 2023 and 2022, the Plan held \$13,048,871 and \$16,867,893, respectively, in this traditional investment contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The traditional investment contract held by the Plan is a guaranteed investment contract. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed

QAD INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 6 – Investment Contract with Insurance Company (Continued)

to the Plan. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The investment contract may be terminated by the contract holder at any time, by providing thirty days written notice to John Hancock. In the event of termination, the contract holder would receive the discontinuance value as of the termination date. The discontinuance value is calculated by subtracting the contributions received 180 days prior to termination date out of the contract value as of the termination date. The remaining value is multiplied by the market value adjustment factor and then the contributions received 180 days prior to termination are added back to equal the discontinuance value as of the termination date.

Note 7 – Tax Status

Effective January 1, 2021, the Plan adopted a non-standardized pre-approved plan. The pre-approved plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service as to the Plan's qualified status. The pre-approved plan's opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and therefore, believes that the Plan is qualified and the related trust is tax- exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

QAD INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100 percent vested in their accounts.

Note 9 – Related Party and Party-in-Interest Transactions

At December 31, 2023 and 2022, the Plan held an investment contract discussed further in Note 6 that is managed by John Hancock Trust Company, LLC. John Hancock Trust Company, LLC is the trustee of the Plan assets, therefore, these transactions qualified as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 10 – Operational Defects

Various operational defects occurred in regards to the calculation of employee deferrals and employer matching contributions during the 2023 and 2022 Plan years.

The cumulative total dollar amount related to the operational defects is not estimated to be significant to the financial statements based on management's analysis, and no accrual has been made. The Plan Sponsor will take corrective action in accordance with IRS and DOL guidelines as soon as administratively possible.

Note 11 – Prohibited Transactions

During 2023 and 2022, the Company inadvertently failed to remit to the Plan's trustee certain employee contributions totaling \$1,802,932 and \$3,735,712, respectively, within the prescribed time frame established by the Department of Labor regulations. Delays in remitting contributions to the custodian were due to administrative oversights. Corrections related to the 2022 Plan year were deposited in June 2024 and corrections related to the 2023 Plan year were deposited in September 2024.

Note 12 – Reconciliation of Form 5500 to the Financial Statements

The Plan files a Form 5500 annually with the IRS. Differences can exist between financial statements prepared in accordance with accounting principles generally accepted in the United States and IRS regulations governing the preparation of Form 5500.

The following are reconciliations of individual line items of the statement of changes in net assets available for benefits to the Form 5500 as of December 31, 2023.

Note 13 – Subsequent Events

The Plan Administrator has evaluated subsequent events through October 2, 2024, the date that the financial statements were available to be issued.

On February 1, 2023, QAD Inc. acquired Verifract, LLC (dba Redzone). Effective January 2, 2024, the Verifract LLC 401(k) plan was merged into the QAD Inc. 401(k) Retirement Plan and Verifract, LLC 401(k) plan participants became eligible under the Plan.
