Independent Auditor's Report

Board of Directors
Mittera Group, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Mittera Group, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Mittera Group, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the Mittera Group, Inc. 401(k) Retirement Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Mittera Group, Inc. and certain wholly owned subsidiaries (Plan Sponsor or Company). Nonunion employees are eligible for elective deferrals the first of the month following 60 days of service and attaining age 18, are eligible for employer matching contributions after working six months and are eligible for discretionary profit sharing contributions upon completing 1,000 hours of service. Nonunion employees must also be employed on December 31 in order to receive employer matching and discretionary contributions. Union employees are eligible for deferral, employer matching and employer nonelective contributions the first of the month following 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute a portion of their pretax or after-tax annual compensation up to the maximum allowable by law. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Under the terms of the Plan, the Company may elect to make discretionary matching and profit sharing contributions for all nonunion employees. For nonunion employees, the Company elected to make matching contributions of \$250 for all participants with a deferral percentage greater than 0%, plus matching contributions equal to 100% of the first 1% of participant eligible compensation for the years ended December 31, 2023 and 2022. The Company is required to make employer contributions for union employees in accordance with union labor contracts. For union employees, the Company was required to contribute 2% of straight-time employee wages as a nonelective contribution, as well as provide employer matching contributions equal to 50% of the first 1% of participant eligible compensation for the years ended December 31, 2023 and 2022. The Company may also elect to make additional discretionary profit sharing contributions. The Company made no additional discretionary contributions to the Plan for the years ended December 31, 2023 and 2022.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of: (a) the Company's matching and additional qualified nonelective contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct employee and employer contributions into any of the investment options offered by the Plan.

Vesting: Participants are immediately vested in their contributions and the Company's employer contributions, plus actual earnings thereon.

Notes receivable from participants: Participants may borrow from their account balance up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance as of the last valuation date. Note terms should not exceed five years. Principal and interest is paid ratably through biweekly payroll deductions. Participants are limited to one outstanding note at any time. The notes are secured by the balances in the participants' accounts and bear interest at rates commensurate with local prevailing rates. Interest rates ranged from 3.25% to 9.50% as of December 31, 2023 and 2022.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination, retirement, disability, death or attainment of age 59½, the participant or beneficiary may elect to receive a lump-sum equal to the value of the vested funds allocated to the participant's account. The Plan requires that distribution payments between \$1,000 and \$5,000 be directly rolled over to an individual retirement account designated by the Plan Administrator in the event that the participant does not elect a payout option. Distributions under \$1,000 will be paid out directly to the participant in the event the participant does not elect a payout option.

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled \$6 and \$2,497 as of December 31, 2023 and 2022, respectively. Forfeited used totaled \$2,506 and \$0 during the years ended December 31, 2023 and 2022, respectively.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and investment income: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced, and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Mittera Group, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Administrative expenses: Certain expenses to maintain the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 9, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified by Plan Trustees

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Mutual funds are valued based on the quoted prices in the active markets on which they are traded.

Money market fund: The money market fund is valued based on the quoted prices in the active markets on which it is traded.

Common/collective trust fund: Common/collective trust fund is composed primarily of benefit-responsive investment contracts valued at the net asset value (NAV) of shares held by the Plan in the common/collective trust account at year-end as determined by the third-party administrator based on the market value of its underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Self-directed accounts: Self-directed accounts are composed of investments in money market funds, mutual funds, exchange traded funds and common stocks, which are valued based on the quoted prices in the active markets on which they are traded.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Description	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 66,936,363	\$ -	\$ -	\$ 66,936,363
Money market fund	3,449,528	-	-	3,449,528
Self-directed accounts	1,380,158	-	-	1,380,158
Total investments at fair value	<u>\$ 71,766,049</u>	<u>\$ -</u>	<u>\$ -</u>	<u>71,766,049</u>
Investments measured at NAV (a)				4,086,574
Total investments at fair value				<u>\$ 75,852,623</u>

Description	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 56,593,875	\$ -	\$ -	\$ 56,593,875
Money market fund	3,237,263	-	-	3,237,263

Total investments at fair value	<u>\$ 61,601,448</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 61,601,448</u>

(a) In accordance with ASC Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair values are estimated using NAV per share (or its equivalent) as of December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Common/collective trust funds	<u>\$ 4,086,574</u>	<u>\$ -</u>	\$ -	Daily	None

Note 5. Related-Party and Party-in-Interest Transactions

Empower Trust Company, LLC is the current Plan trustee and Fidelity Management Trust Company was the former Plan trustee and, therefore, transactions with the trustees qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the trustees totaled \$185,056 and \$177,548 for the years ended December 31, 2023 and 2022, respectively. The Plan Sponsor also paid certain administrative expenses of the Plan.

Mittera Group, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA and the union agreement.

Note 7. Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by Empower Retirement LLC. The pre-approved plan has received an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The opinion letter has been relied upon by the Plan. The Plan has been amended since adopting the preapproved plan document, however, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
