REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Sponsor
Marist College Defined Contribution Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of Marist College Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

As discussed in Note 10 to the financial statements, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter – supplemental schedules required by ERISA

The supplemental schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Marist College Defined Contribution Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Marist College (the "Sponsor") Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a Teachers Insurance and Annuity Association of America ("TIAA") Prototype 403(b) plan covering all eligible employees of the Sponsor. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined by the Plan, subject to annual limitations established by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Also, participants with 15 years of service are eligible for Special Code 403(b) catch up contributions. Participants direct the investment of all contributions into the various options offered by the Plan. Effective April 1, 2018, the Plan was amended to allow for employee post tax contributions (Roth).

Mandatory employee contributions are required after completing one year of service. This service requirement will be waived if the participant has one year of full time service at an eligible employer, which includes any accredited institution of higher education providing at least a two-year course of study, or if the participant has one year of prior participation in a TIAA and College Retirement Equities Fund ("CREF") Plan. Contributions are calculated as a percentage of eligible compensation (as defined by the Plan) based on a participant's years of service as follows:

<u>Years of Service</u>	<u>Contribution Percentage</u>
Less than 7 years	4.00%
7 years or more	1.00%

The Sponsor will make matching employer contributions on behalf of each participant once the Participant has met the service requirement.

Employer contributions are calculated as a percentage of eligible compensation based on a participant's years of service as follows:

<u>Years of Service</u>	<u>Contribution Percentage</u>
Less than 7 years	7.50%
7 - 15 years	10.50%
16 years or more	12.00%

Plan Administration

The Plan Sponsor's Vice President for Human Resources is the administrator of the Plan and is responsible for enrolling participants, sending Plan contributions for each participant to the fund sponsor and for performing other duties required for the operation of the Plan. The Plan utilizes TIAA and CREF as its custodians. TIAA is the recordkeeper of the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Sponsor's contributions and Plan earnings. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in participant's and sponsor's contributions plus actual earnings thereon.

Plan Loans

Participants may borrow directly from TIAA and CREF using a portion of their Plan account as security for the loan. Such loans are subject to certain limitations. Applicants receiving such loans are required to pledge as collateral TIAA Traditional Annuity account value of 110% of the loan amount for the period of time the loan is outstanding. Loan balances outstanding from TIAA and CREF to the Plan's participants were \$255,597 and \$400,660, as of December 31, 2023 and 2022, respectively. As such, \$281,157 and \$440,727 of annuity account values (110% of outstanding loans from TIAA and CREF) as of December 31, 2023 and 2022, respectively, serves as collateral for the related loans, which are included in investments in the accompanying statements of net assets available for benefits. Plan loans bear a rate of interest which is the higher of: (a) the Moody's Corporate Bond Yield Average for the calendar month ending two months before the loan is issued or (b) the interest rate credited before the annuity start date, as stated in the applicable rate schedule, plus 1%.

Participant Notes Receivable

Participants may borrow from their plan account an aggregate amount equal to the lesser of: (1) \$50,000 reduced by the excess (if any) of the highest outstanding balance of all other loans during the one-year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made; or (2) one-half of the participant's total vested account balance. The minimum loan amount is \$1,000. Loans to participants are secured by the participant's vested account balance. Interest will be charged at Wall Street Journal Prime Rate +1, in general, repayment must be made over a period of time not to exceed five years, except in the case in which the loan is used to purchase a residence, in which case the loan period would not exceed 10 years. Interest rate on the outstanding loans ranged from 4.25% to 9.50% and 4.25% to 8% at December 31, 2023 and 2022, respectively. These loans mature through 2024 and 2032 at December 31, 2023 and 2022. No more than three loans may be outstanding at any given time. Participant notes receivable as presented in the statements of net assets available for benefits was \$336,632 and \$159,116, as of December 31, 2023 and 2022, respectively.

Payment of Benefits

Lump sum, partial payment, installment payments distributions and annuity settlement options are permitted by the Plan. Amounts reported as annuity settlement options are a form of distribution used to purchase an individual annuity contract. Rollover distributions and hardship withdrawals are also permitted.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan and are included in administrative expenses.

Investment Management Fees

Investment management fees and expenses charged on TIAA and CREF investments are indirect operating expenses and are netted within net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The fully benefit-responsive portion of the Plan's fixed rate annuity contract with TIAA, a fully benefit-responsive investment contract, is reported at contract value. This includes the Supplemental Retirement Annuity ("SRA") and Group Supplemental Retirement Annuities ("GSRA"), which are TIAA Traditional Annuity ("Traditional Annuity") contract types. Contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals (see Note 4).

All other Plan investments, including the Plan's interest in non-fully benefit-responsive contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies utilize information provided by its trustees and custodian. See Note 5 for additional fair value disclosures.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF have certified the following data included in the financial statements and supplemental schedule is complete and accurate. This certification also extends to those investments, if any, which TIAA Trust, N.A., a national trust bank, for the year ended December 31, 2023 and TIAA, FSB,

a federal savings association, for year ended December 31, 2022, held as a directed trustee or custodian that were record kept by TIAA:

- Investments at fair value and fully benefit-responsive investments, at contract value, and participant notes receivable as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENTS, AT CONTRACT VALUE

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract ("Traditional Annuity") is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Supplemental Retirement Annuities ("SRA"), and Group Supplemental Retirement Annuities ("GSRA"), which are fully benefit responsive. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating SRA and GSRA contracts, the crediting interest rates were 6.00% and 5.50% at December 31, 2023 and 2022.

All SRA and GSRA contracts provide for full participant directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, nor limit the ability of the Plan to transact at contract value with its participants.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual fund investments: are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

TIAA Traditional Annuity non-benefit responsive: The TIAA Traditional Annuity is a fixed-rate contract-based investment for which observable prices for identical or similar investments do not exist, and is classified as Level 3. The Plan's TIAA Traditional Annuity investment is through the Retirement Annuity ("RA"), a non-fully benefit-responsive contract. Investments in the TIAA Traditional Annuity earns a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The accumulated crediting interest rate was approximately 6.75% and 6.25%, net of annual fees for the years ended December 31, 2023 and 2022, respectively. The crediting interest rate is calculated on a daily basis. The RA does not allow lump-sum cash withdrawals and transfers must be distributed over 10 annual installments. Plan loan default fund balances are invested in these contracts.

CREF Registered investment companies: The fair values of accumulation units held by the Plan in CREF accounts are valued at quoted market prices, representing the net asset value ("NAV") of the units, and classified as Level 1. Data for NAVs are available daily to plan administrators and client investors on NASDAQ's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent sources.

Marist College Defined Contribution Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

TIAA real estate account (a pooled separate account): The fair value of the Plan's interest in the TIAA real estate account (a pooled separate account) is based on the fund's daily NAV. The unit value of the fund is calculated daily and is available to plan administrators and client investors on NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participants' redemption, transfer or cash withdrawal requests. Although this interest has a readily determinable fair value, management has classified this within Level 2 as a result of the associated redemption provisions. There are no unfunded commitments from participants in the Plan who invest in this account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022, respectively:

2023

December 31, 2023 and 2022

The following table presents the Plan's Level 3 investments, the valuation technique used to measure the fair value as of December 31, 2023 and 2022 and the unobservable inputs and range of value for those unobservable inputs:

Instrument	Fair Value 2023	Fair Value 2022	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values

* Unobservable inputs include discount rate applied.

Purchases of Level 3 investments were \$4,500,294 and \$6,658,193 for the Plan years ended December 31, 2023 and 2022, respectively.

NOTE 6 - RISK AND UNCERTAINTIES

The Plan provides for investments in various securities that, in general, are exposed to various risks, such as interest rates, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, all participants' accounts will become fully vested and will be distributed in accordance with the provisions of the Plan.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include investment contracts, registered investment companies, pooled separate accounts and shares of mutual funds managed by TIAA and CREF. Therefore, transactions pertaining to these investments qualify as party-in-interest transactions. Additionally, the Plan pays certain investment and recordkeeping fees and expenses to TIAA and CREF. These transactions qualify as party-in-interest transactions.

NOTE 9 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan was restated effective April 1, 2018 using a volume submitter plan document for which TIAA received an advisory letter dated August 7, 2017 from the

Marist College Defined Contribution Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

IRS stating the form of the plan was acceptable under Section 403(b) of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan administrator believes that the Plan is currently designed and operating, in compliance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified, and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability, if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - ACCOUNTING AND PAYROLL RECORDS

In November 2007, the DOL issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. Prior to the amended regulations, the Plan (established in 1958) was not viewed as a separate reporting entity.

Consistent with higher education industry sector practices, recordkeeping of the Plan has been maintained by TIAA and CREF for all years since the Plan's inception. While TIAA and CREF provided details of participants' accounts to the individual Plan participants, TIAA and CREF did not provide sufficient records at a Plan level and as a result, Plan management did not have such records when preparing the financial statements (the effect, if any, on the Plan's financial statements cannot be determined).

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 10, 2024, which is the date the financial statements were available to be issued. There were no other subsequent events that would require recognition or additional disclosure in the Plan's financial statements.
