INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Amalgamated Transit Union Pension Plan
for International Officers and Employees

Opinion

We have audited the accompanying financial statements of the Amalgamated Transit Union Pension Plan for International Officers and Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plan's net assets available for benefits as of December 31, 2023 and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AMALGAMATED TRANSIT UNION PENSION PLAN FOR INTERNATIONAL OFFICERS AND EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE PLAN

The Amalgamated Transit Union Pension Plan for International Officers and Employees (the Plan) was established September 1, 1953 to provide retirement, disability, and death benefits for eligible participants. The Plan is a noncontributory defined benefit pension plan covering officers and employees of the Amalgamated Transit Union (the Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Under current plan provisions, a regular pension is payable at the later of age 60, or the age of the employee on the 5th anniversary of the date the participant commences participation in the Plan. Benefits are equal to 3% of participants' "Average Annual Earnings," multiplied by their years of credited service up to a maximum of 75%.

An early retirement pension is available at age 55 to eligible employees with at least 5 years of credited service. Benefits are equal to the regular pension amount to which the employee would be entitled if he or she had attained age 60, reduced by 5% for each year by which the employee is younger than 60 on the effective date of retirement. However, if the employee has had at least 10 years vesting service, there will be no reduction for the fact that the employee has started to receive the pension prior to age 60.

A late retirement pension is available if a participant is employed past normal retirement age. The pension benefit is the greater of the normal retirement pension calculation and the actuarial equivalent of the benefit calculated at age 60. If a participant reaches age 70 ½ and has not retired, they will begin receiving pension payments or have the payments deferred. If the pension payments are deferred, the pension benefits are actuarially adjusted to take into account the period after age 70 ½.

The occupational disability pension uses the same benefit formula as the normal retirement pension; however, it is always equal to at least 50% of the average annual earnings at the date of disability. A non-occupational disability pension is calculated using the normal retirement pension formula, however, no reduction is made for the benefit commencing prior to the normal retirement date.

A pre-retirement spouse benefit for active employees is available to eligible employees with 5 years of vesting service. The benefit is equal to 100% of the benefit the participant would have received had the participant terminated employment on the date of death, except there is no reduction because of its commencement prior to the normal retirement date.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

A pre-retirement spouse benefit for terminated employees is available to eligible employees with 5 years of service. The benefit will equal the vested deferred pension the former deceased employee would have been entitled to.

The Plan document should be referred to for specific information regarding benefits and other matters.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements are prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investment Valuation and Income Recognition - Investments are carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in publicly traded mutual funds are measured at the daily closing price as reported by the fund. Short-term investments are carried at cost, which approximates fair value. Common collective funds commingled real estate funds, non-publicly traded mutual funds, limited partnerships, and insurance company pooled separate accounts are measured at the net asset value per share of the investment. Privately held corporate stock is measured based upon an annual valuation. Purchases and sales of securities are recognized on a settlement date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during year. The fair value of securities purchased and sold just before the financial statement date did not change significantly from the trade date to the financial statement date and the purchases and sales did not significantly affect the composition of the Plan's net assets available for benefits.

Contributions Receivable - Contributions receivable represent amounts due from the Union at year-end. All amounts are deemed collectible.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Benefits - Benefits are recorded when paid.

New Accounting Pronouncement Adopted - During the year ended December 31, 2023, the Plan adopted the provisions of Accounting Standards Update (ASU) 2016-13, *Financial Instruments – Credit Losses* (Topic 326). This ASU replaced the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(CECL) methodology. The ASU requires nonprofit entities to immediately recognize the estimated expected credit losses over the life of a financial instrument, including contributions receivables. The estimate of expected credit losses considers not only historical information, but also current and future economic conditions and events.

The Plan adopted the ASU effective January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in additional disclosures.

NOTE 3. TAX STATUS

The Plan obtained its latest determination letter dated October 31, 2016 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 501 (a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501 (a).

The Plan accounts for income taxes in accordance with the Accounting Standards Codification (ASC) Topic *Income Taxes*. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. The Plan performed an evaluation of uncertain tax positions for the years ended December 31, 2023 and 2022, and determined that there were no matters that would require recognition in the financial statements or that may have an effect on its tax-exempt status. As of December 31, 2023, the statute of limitations for tax years 2020 through 2022 remains open with the U.S. federal jurisdiction and the various states and local jurisdictions in which the Plan files returns.

NOTE 4. FUNDING POLICY

In accordance with the Union's constitution and general laws, \$0.10 per member, per month in membership dues shall be allocated to the Plan. Participants are neither required nor permitted to make contributions. Once each year, an independent actuary determines the amount the Union is required to contribute in order to keep the Plan in a sound condition. The actuary uses the unit credit cost method to determine the amounts required to be funded under applicable laws. The Union contributed \$3,786,922 and \$3,584,376 to the Plan during the years ended December 31, 2023 and 2022, respectively, of which \$1,018,562 was due at December 31, 2023. Contributions made to the Plan by the Union for 2023 and 2022 met the minimum funding requirements of ERISA.

NOTE 5. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations.

Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of plan amendments in effect for less than five years. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

NOTE 6. ACTUARIAL INFORMATION

An actuarial valuation of the Plan was made by Cheiron as of January 1, 2023. Information in the report included the following:

Actuarial present value of accumulated plan benefits	
Retirees and beneficiaries currently receiving benefits	\$ 61,059,913
Inactive participants entitled to deferred benefits	3,446,181
Active participants	<u>16,599,454</u>
Total vested benefits	81,105,548
Nonvested benefits	<u>644,306</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 81,749,854</u></u>

NOTE 6. ACTUARIAL INFORMATION (CONTINUED)

As reported by the actuary, the changes in the present value of accumulated plan benefits for the year ended January 1, 2023 were as follows:

Actuarial present value of accumulated plan benefits at beginning of year		\$ 84,192,486
Change during the year attributable to		
Additional benefits earned	\$ 1,800,176	
Actuarial losses	(3,728,662)	
Change in discount period	6,202,142	
Benefits paid	<u>(6,716,288)</u>	
Net change		<u>(2,442,632)</u>
Actuarial present value of accumulated plan benefits at end of year		<u>\$ 81,749,854</u>

The actuarial calculations were made using unit credit cost method. Some of the more significant actuarial assumptions used in the January 1, 2023 valuations were:

- Mortality - IRS 2023 Optional Combined Small Plan Standard Mortality Table.
- Retirement age assumption - staff employees are assumed to begin to retire at age 60 with all staff having retired by age 65. Officers are assumed to retire at age 65.
- Investment rate of return - 7.5%.
- Salary scale - 3.5% increase per year.
- Administrative expenses - \$250,000.

Change in Actuarial Assumptions - The mortality assumption was updated from the 2022 Internal Revenue Service small plan mortality table to the 2023 table to comply with regulatory guidance. Additionally, the interest rates used to calculate the present value of benefits were updated to comply with regulatory guidance.

The above actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon contributions received from the Union and income from investments.

The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2023. Had the valuation been performed as of December 31, 2022, there would be no material differences.

NOTE 6. ACTUARIAL INFORMATION (CONTINUED)

Since information on the accumulated plan benefits at December 31, 2023 and the changes therein for the year then ended are not included above, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of December 31, 2023 and the changes in its financial status for the year then ended. The complete financial status is presented as of December 31, 2022.

NOTE 7. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Short-term investments are estimated based on amortized cost which approximates fair value.

Publicly traded mutual funds are valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investment in privately held stock is comprised of an investment in a single company for the years ended December 31, 2023 and 2022. This entity estimates per share value based upon an annual valuation prepared by a valuation specialist. The specialist evaluates the entity's business segments and discounts the estimated value for a lack of marketability. Management estimates the fair value of this investment based upon the reported share value of the entity. Redemption of this stock is restricted to offering periods set by the company.

Net asset value is the fair market value of the underlying investments, less any liabilities, divided by the total units or shares outstanding.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	2023			
	Total Fair Value	Quoted Market Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Short-term investments	\$ 2,533,453	\$ -	\$ 2,533,453	\$ -
Publicly traded mutual funds	17,177,019	17,177,019	-	-
Corporate stock	1,649,114	-	-	1,649,114
	<u>21,359,586</u>	<u>\$ 17,177,019</u>	<u>\$ 2,533,453</u>	<u>\$ 1,649,114</u>
Investments measured at net asset value*				
Insurance company accounts	7,155,492			
Common collective fund	29,903,653			
Mutual funds	4,139,899			
Limited partnership	22,298,765			
Commingled real estate funds	2,208,911			
	<u>\$ 87,066,306</u>			

*In accordance with ASC, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	2022			
	Total Fair Value	Quoted Market Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Short-term investments	\$ 2,316,102	\$ -	\$ 2,316,102	\$ -
Publicly traded mutual funds	18,584,823	18,584,823	-	-
Corporate stock	1,328,017	-	-	1,328,017
	<u>22,228,942</u>	<u>\$ 18,584,823</u>	<u>\$ 2,316,102</u>	<u>\$ 1,328,017</u>
Investments measured at net asset value*				
Insurance company accounts	1,976,650			
Common collective fund	35,324,229			
Mutual funds	7,186,774			
Limited partnership	16,347,975			
Commingled real estate funds	3,347,238			
	<u>\$ 86,411,808</u>			

*In accordance with ASC, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Gains and losses (realized and unrealized) included in the changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the net asset value (NAV) per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in investment entities is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily or quarterly basis but longer lock-up periods can apply to certain investments.

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes the Plan's investments in certain entities that calculate NAV per share as practical expedient to estimate fair value measurement as of December 31, 2023 and 2022 by investment strategy:

	Fair Value		Unfunded Commitments		Redemption Frequency	Redemption Notice Period
	2023	2022	2023	2022		
a. Insurance company accounts	\$ 7,155,492	\$ 1,976,650	\$ -	\$ -	Monthly	None
b. Common collective funds	29,903,653	35,324,229	541,000	541,000	Varies	Varies
c. Mutual funds	4,139,899	7,186,774	-	-	Monthly	15 day notice
d. Limited partnership	22,298,765	16,347,975	7,889,000	14,739,000	N/A	NA
e. Commingled real estate funds	2,208,911	3,347,238	-	-	Quarterly	30 day notice

The following summarizes the investment strategy for each of the Plan's investments in the table presented above:

- The Plan's investment in insurance company accounts consists of an investment in a group of annuity contracts and a separate investment in the insurance company's general account for the years ended December 31, 2023 and 2022. These investments are comprised primarily of fixed income securities. The Plan owns units within the account which are valued based on the underlying value of the investments of the account. The Separate Account R files as a direct filing entity (DFE) with the Department of Labor.
- The Plan's investments in common collective funds report as DFEs with the Department of Labor. The funds have various redemption restrictions ranging from daily to no redemptions permitted.
- The Plan's investment in mutual funds measured at net asset value at December 31, 2023 and 2022 consists of the AFL-CIO Housing Investment Trust (the HIT). The HIT primarily invests in high yield, high credit quality fixed-income securities with interest rates similar to the Barclays Capital Aggregate Bond Index. The fair value of the HIT is calculated based on the fair value of the underlying investments. The methodologies for the valuations of the underlying securities vary but largely are based on independent pricing services, dealer quotes and cash flow models.
- The Plan's investment in limited partnerships consists of seven investments. Four of the investments are in closed end real estate debt funds. Two of the investments are feeder funds in a master-feeder structure. The main partner invests substantially all of its assets in private market assets, including debt and opportunistic equity. The final investment is a real estate equity commingled investment funds that invest primarily in core stable institutional quality office, retail, industrial, and multi-family properties. The fair value of these investments is calculated based on the fair value of the underlying investments within the fund. Due to the nature of the funds, there is no regular liquidity. The funds do issue periodic income distributions which primarily represent interest or other fees from the underlying real estate investments.
- The Plan's investment in commingled real estate funds consists of an ERISA qualified group trust commingled fund which invests in private real estate. This investment offers quarterly liquidity with a 30-day written notice. Redemption is subject to queues which may arise from time to time.

NOTE 8. RISKS AND UNCERTAINTIES

Investment Risk - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Significant Uncertainties: Plan Benefits - Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

NOTE 9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Union, as Plan sponsor, made contributions of \$3,786,922 and \$3,584,376 to the Plan for the years ended December 31, 2023 and 2022, respectively. At December 31, 2023 and 2022, \$1,018,562 and \$-0- was due from the Union to the Plan. The Union also provides administrative support and other administrative services to the Plan at no cost. The Plan also pays certain investment and administrative fees directly to service providers. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the Plan's financial statements to the Form 5500 as of December 31, 2023:

	2023	2022
Pooled separate accounts per financial statements	\$ -	\$ -
Add: Plan's investment in pooled separate accounts	5,918,103	1,613,987
Pooled separate accounts per Form 5500	<u>\$ 5,918,103</u>	<u>\$ 1,613,987</u>
Insurance company accounts per financial statements	\$ 7,155,492	\$ 1,976,650
Less: Plan's investment in pooled separate accounts	(5,918,103)	(1,613,987)
Insurance company accounts per Form 5500	<u>\$ 1,237,389</u>	<u>\$ 362,663</u>
Income per financial statements	\$ 9,088,623	\$ (5,347,792)
Less: Investment expenses netted with income	114,665	187,299
Income per Form 5500	<u>\$ 9,203,288</u>	<u>\$ (5,160,493)</u>
Expenses per financial statements	\$ 7,286,626	\$ 6,936,649
Add: Investment expenses netted with income	114,665	187,299
Expenses per Form 5500	<u>\$ 7,401,291</u>	<u>\$ 7,123,948</u>

NOTE 11. SUBSEQUENT EVENTS REVIEW

Subsequent events have been evaluated through September 19, 2024, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
