INDEPENDENT AUDITOR'S REPORT

To the Committee and Plan Sponsor of
Rex Lumber 401(K) and P/S Plan
Graceville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rex Lumber 401(K) and P/S Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rex Lumber 401(K) and P/S Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section;

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rex Lumber 401(K) and P/S Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rex Lumber 401(K) and P/S Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Rex Lumber 401(K) and P/S Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rex Lumber 401(K) and P/S Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), as of and for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

REX LUMBER 401(K) AND P/S PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1: <i>Plan Description</i>
--

The following description of the Rex Lumber 401(k) and P/S Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Rex Lumber, LLC., and related parties including North Florida Woodlands, Inc.; Apalachee Pole Company, Inc.; Rex Lumber, Brookhaven, LLC; Rex Lumber, Graceville, LLC; Rex Lumber, Bristol, LLC; Rex Lumber, Troy, LLC; Rex Transportation, LLC; RLA1, LLC; and Brookhaven Pellets, LLC, who have six months of service and are age twenty-one or older except for employees who may be covered by the employer's collective bargaining agreement, a nonresident alien, or the year a person becomes an employee as a result of a merger or acquisition. The Plan was adopted by the Company as of January 1, 1993. As of January 1, 2021, the Plan was amended to reduce the time-of-service requirement from one year to six months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute a percentage of pre-tax annual compensation, as defined by the Plan, limited to the provisions of the IRC. Participants may also contribute on an after-tax basis, Roth elective deferrals, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. For 2023, the Company's matching contributions equal 50% of the first 8% of the participant's compensation which is defined as an elective deferral. For 2022, the Company's matching contributions equal 50% on the first 6% of the participant's compensation which is defined as an elective deferral. Matching contributions are determined each pay period. Beginning in 2015, eligible participants are automatically enrolled in the Plan at a 3% contribution rate unless they opt-out. Additionally, participants subject to the automatic deferral amount will have their deferral percentage automatically increased by 1% of compensation each year up to a maximum of 6%. As of January 1, 2023, eligible participants are automatically enrolled at 8% and their deferral percentage is automatically increased by 1% of compensation each year up to a maximum of 15%. The Plan allows for employer profit sharing contributions that are determined on an annual basis. No discretionary employer profit sharing contributions were made in 2023 or 2022.

NOTE 1: <i>Plan Description (Continued)</i>
--

Participant Accounts

Each participant's account is credited with a participant's contribution and an allocation of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

Participants may borrow, from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 9.50%, which commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Forfeitures

Amounts that are forfeited due to a participant's termination of employment prior to vesting in company contributions made on the participant's behalf are used to reduce the required company contribution and/or reduce plan administrative expenses in subsequent periods. No forfeited nonvested amounts were used to reduce company contributions in 2023 or 2022. Upon termination of the plan, all remaining forfeitures are to be allocated to the participant accounts.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. The standard vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than one year	0%
One year	20%
Two years	40%
Three years	60%
Four years	80%
Greater than five years	100%

NOTE 2: <i>Summary of Significant Accounting Policies</i>
--

Payment of Benefits

Upon termination of service due to death, total or permanent disability, severance from employment, or financial hardship, a participant may elect to receive an amount equal to the vested interest in his or her account either in a lump sum, a direct rollover to an "eligible retirement plan" as defined by the Internal Revenue Code of 1986 (IRC), as amended, or a combination thereof. The Plan also allows employees to withdraw vested balances starting at age 59 ½. Voluntary distributions may be in the form of a lump sum, partial payment, installment payment or annuity contract. Distributions are subject to the applicable provisions of the Plan.

Basis of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues are recognized in the period in which they are earned. Expenses are recognized in the period in which they are incurred.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Terminated Participants

Account balances of terminated employees who have not elected to withdraw from the Plan as of December 31, 2023 and 2022 amounted to \$1,930,581 and \$1,168,224 respectively.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2: <i>Summary of Significant Accounting Policies (Continued)</i>
--

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events were evaluated through September 11, 2024 which is the date the financial statements were available to be issued. As of this date, no subsequent events were noted.

NOTE 3: <i>Income Tax Status</i>

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from tax pursuant to Section 501(a) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods.

NOTE 4: <i>Fair Value Measurements</i>

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The Plan has Level 1 and Level 2 assets only. The levels of the fair value hierarchy under FASB ASC 820 are described below and on the following page.

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4: <i>Fair Value Measurements (Continued)</i>

- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2023, and 2022.

- *Mutual funds*: The fair value of mutual fund investments are determined by obtaining quoted prices on nationally recognized exchanges (level 1 inputs).
- *Common/Collective Trusts*: Valued by computing unit prices based on the market values of the underlying fund assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

[INTENTIONALLY LEFT BLANK]

NOTE 4: Fair Value Measurements (Continued)

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2023, and 2022:

Fair Value Measurements at December 31, 2023			
	Level 1	Level 2	Level 3
Mutual Funds	\$ 11,965,412	\$ -	\$ -
Investment, at NAV:			
Common/Collective Trust ^(a)			1,646,145
Total			\$ 13,611,557

Fair Value Measurements at December 31, 2022			
	Level 1	Level 2	Level 3
Mutual Funds	\$ 9,598,828	\$ -	\$ -
Investment, at NAV:			
Common/Collective Trust ^(a)			941,888
Total			\$ 10,540,716

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statements of net assets available for benefits.

NOTE 5: Investments – Participant Directed

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified as complete and accurate by Empower Trust Company and Reliance Trust Company for the years ending December 31, 2023 and 2022, respectively, and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Total investments, as shown in the accompanying statements of net assets available for benefits, are \$13,611,557 and \$10,540,716 as of December 31, 2023 and 2022, respectively.
- b. Net investment income, as shown in the accompanying statement of changes in net assets available for benefits, is \$1,926,634 for the year ended December 31, 2023.
- c. All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023.

NOTE 6: *Plan Termination*

Although it has not expressed any interest in doing so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 7: *Transactions with Party-in-Interest Transactions*

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain professional fees for the administration of the Plan were paid by the Company.

NOTE 8: *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: *Reconciliation of Financial Statements to Schedule H Form 5500*

Upon an event of default in a participant loan, to the extent a distribution to the participant is not permissible under the Plan, the amount due to the Plan on account of the loan will be treated as a deemed distribution. A loan that is a deemed distribution is treated as a distribution on Form 5500 and removed from Plan assets on Form 5500. However, in the Plan financial statements, and in accordance with the Plan, such deemed distributions remain part of the participant's account balance until a distributable event occurs for the participant.

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 to Schedule H of Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	\$ 14,150,972	\$ 10,969,589
Subtract: Deemed distributed loans	(23,229)	(47,265)
Net assets available for benefits per Schedule H - Form 5500	<u>\$ 14,127,743</u>	<u>\$ 10,922,324</u>

The following is a reconciliation of net increase in net assets per the financial statements for the year ended December 31, 2023 to Schedule H of Form 5500:

	2023
Net increase in net assets per the financial statements	\$ 3,181,383
Add: Prior year deemed distributions of participants terminated in 2023	<u>24,036</u>
Net income per Schedule H of Form 5500	<u>\$ 3,205,419</u>
