Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Thermal Industries, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THERMAL INDUSTRIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Thermal Industries, Inc. 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Thermal Industries, Inc. (“the Company”) for the benefit of its employees who have one year of service equal to a minimum of 500 hours and are age 21 or older. To qualify for Company discretionary matches, an employee must meet the eligibility requirements and be employed as of the last day of the Plan year. An employee may enter the Plan as an active participant on the first day of January, April, July, or October coinciding with or following the date they satisfy the Plan’s eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The assets of the Plan are held for the exclusive benefit of the Plan’s participants and their beneficiaries.

Effective July 31, 2022, the adoption agreement was amended to permit after-tax Roth contributions to the Plan, as well as to permit qualified birth or adoption distributions as a separate distribution event.

SECURE 2.0 Act

The Securing a Strong Retirement Act (“SECURE 2.0 Act”) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later. The Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly.

Contributions

Participants may contribute up to 100% of their eligible compensation, as defined by the Plan, not to exceed the maximum allowable under the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company offers a discretionary matching contribution to the Plan, matching 100% of the first 3% of each participant's base compensation that they contribute. The decision on whether to provide these matching contributions, as well as the timing of when they are made, is determined by the Company’s Board of Directors. Additional amounts may be contributed at the option of the Company. No such additional discretionary contributions were made for the years ended December 31, 2023 and 2022.

The combined total of pre-tax and after-tax Roth deferrals and Company matching contributions cannot exceed the lesser of \$66,000 during 2023 and \$61,000 during 2022, or 100% of the participant’s annual compensation. Participants ages 50 and over as of year-end are eligible to make catch-up contributions to the extent permissible under law and regulations.

THERMAL INDUSTRIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (continued)
DECEMBER 31, 2023 AND 2022

Participant Investment Account Options

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers twenty mutual funds and two money markets as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances or specific participant transactions, as defined by the Plan document.

Vesting

Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan interest rate is set at 1% above the prime rate at the time funds are borrowed. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's primary residence, in which case the loan terms can range up to 15 years. A participant may have no more than one outstanding loan at a time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account.

THERMAL INDUSTRIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (continued)
DECEMBER 31, 2023 AND 2022

Hardship Withdrawals

The Plan provides for participant withdrawals in the event of financial hardship. Defined financial hardships included the participant's purchase, construction, or repair of a primary residence, including damages that qualify for a casualty loss deduction, certain educational or medical expenses, payments for funeral or burial expenses for specified deceased members of the participant's family, to prevent eviction or mortgage foreclosure related to the participant's primary residence, and to pay for expenses incurred on account of a federally declared disaster. The amount of a hardship withdrawal can be taken from the elective deferral account balances and the earnings thereof.

Forfeited Accounts

At December 31, 2023 and 2022, the balance of forfeited non-vested accounts was \$6,882 and \$6,863, respectively. These accounts will be used to reduce future employer contributions or administrative expenses of the Plan. No forfeited non-vested accounts were used to reduce employer contributions during the year ended December 31, 2023.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES AND USE OF ESTIMATES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the years.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2023 or 2022. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE C - TRUSTEE CERTIFICATION

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by BOKF, NA as of December 31, 2023 and 2022, and for the year ended December 31, 2023.

NOTES TO FINANCIAL STATEMENTS (continued)
DECEMBER 31, 2023 AND 2022

The information certified by the trustee was the annual report and accounting as of December 31, 2023 and 2022, and for the year ended December 31, 2023, which includes beginning and ending balances of investments, notes receivable from participants, and all related investment activity during the period, including investment earnings and interest income on notes receivable from participants.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Update 820, *Fair Value Measurements*, are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and money market mutual funds managed by an affiliate of BOKF, NA, the trustee as defined by the Plan. As described in Note B, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate participation in the Plan at any time subject to the provisions of ERISA. In the event of full or partial termination of the Plan, the participants will become fully vested in the Company's contributions to their account.

NOTE G – TAX STATUS

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the custodians of such in a letter dated June 30, 2021. Although the Plan has been amended since receiving this letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of pooled separate accounts. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

The Company has evaluated subsequent events and their related disclosures through October 10, 2024, which coincides with the financial statement issuance date and identified none.
