Independent Auditor's Report

Board of Trustees and Participants
Ansira Partners, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ansira Partners, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ansira Partners, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Ansira Partners, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the employees of Ansira Partners, Inc. (the Company or the Plan Sponsor) who meet certain eligibility requirements. The Plan covers substantially all employees of the Company. The Board of Trustees is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees of the Company who have completed 90 days of service are eligible to participate in the Plan.

Entry date: Employees may enter the Plan on the first day of the month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions: Participants are automatically enrolled in the Plan upon meeting eligibility requirements at 3% of eligible compensation unless they opt out or change the elective deferral. The elective deferred amount may not be more than the lesser of: (a) 100% of their compensation, (b) the maximum dollar limit allowed under requirements of the Internal Revenue Code (IRC), or (c) such lesser amount as determined by discrimination tests for the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may choose to elect deferral contributions at the beginning of each month of the plan year. Rollover contributions to participants from another qualified plan are permitted as defined in the Plan. The Company may make discretionary matching contributions of employees' salary reduction amounts at a percentage to be determined by the Company. The Company made a discretionary matching contribution in an amount equal to 50% of the first 6% of each participant's salary deferral during the year ended December 31, 2023. The Company may also make discretionary nonelective contributions to the Plan, which are generally allocated among the participants' accounts in the Plan in proportion to their compensation. There were no discretionary nonelective contributions made to the Plan during 2023.

Investment options: Participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time pursuant to procedures established in the Plan document.

Participant accounts: Each participant's account is credited with the participant's elective and, if applicable, rollover contributions and allocations of: (a) the Company's matching contribution, (b) administrative expenses, and (c) Plan earnings. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective and, if applicable, rollover contributions plus actual earnings thereon. Participants are vested in employer contributions using a five-year graded scale that increases 20% each year until reaching the maximum of 100% after five years.

Forfeitures: Forfeitures of nonvested participant balances may be used to pay administrative expenses or reduce future employer contributions. At December 31, 2023 and 2022, the balance of forfeited nonvested accounts was approximately \$65,000 and \$44,000, respectively. During 2023, forfeitures in the amount of \$170,466 were used to reduce employer contributions.

Ansira Partners, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of the total value of their vested account balance. Loan terms are up to five years or longer if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Plan Administrator, which had a range of 5.25% to 10.50% at December 31, 2023. Interest rates at December 31, 2022, ranged from 5.25% to 9.0%. Principal and interest are paid ratably through payroll deductions and mature through May 2032.

Payment of benefits: Distributions may be made after a participant's retirement, termination of employment, death or disability. Distributions are made in the form of lump-sum payments. Distributions under the Plan are payable in the event of qualified retirement, death, total and permanent disability, termination of employment, and pursuant to qualified domestic relations orders. A participant with a vested balance in his or her account of less than \$5,000, will be automatically distributed to the individual.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates in the preparation of financial statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for a discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the Plan document. No allowance for credit losses have been recorded as of December 31, 2023 or 2022.

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Administrative expenses: Certain administrative expenses of the Plan are paid by the Company and are excluded from these financial statements. Other administrative expenses are included in the accompanying statement of changes in net assets available for benefits.

Note 3. Information Certified or Provided by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (Collectively, Empower), the Custodian

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Empower (formerly Great-West Trust Company, LLC), the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	December 31	
	2023	2022
Investments at fair value:		
Common collective trust	\$ 2,353,759	\$ -
Mutual funds	77,930,872	64,052,615
Participant-directed brokerage accounts	-	654,403
Fully benefit-responsive investment contracts at contract value	32	1,503,200
	<u>\$ 80,284,663</u>	<u>\$ 66,210,218</u>
Notes receivable from participants	<u>\$ 625,528</u>	<u>\$ 625,705</u>

The custodian also certified to the completeness and accuracy of \$10,924,360 of net appreciation in fair value of investments, \$2,034,571 of interest and dividends related to the aforementioned investments, and \$43,043 of interest income on notes receivable from participants for the year ended December 31, 2023.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Mutual funds are valued at the closing price reported on the active market on which the individual securities are traded.

Participant-directed brokerage accounts: The participant-directed brokerage accounts are composed of common stocks, mutual funds, money market funds and cash. Common stocks and mutual funds are valued at the closing price reported on the active market on which the individual securities are traded. Money market funds and cash are valued at the amount of interest-bearing cash held by the Plan at year-end.

Common collective trust: Common collective trust is composed of investment contracts that are valued at the net asset value (NAV) based on the practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur immediately. If the Plan initiates a full redemption of the common collective trust, no notice to the issuer is required.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Ansira Partners, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 77,930,872	\$ -	\$ -	\$ 77,930,872
Investment measured at NAV*				2,353,759
Investments at fair value				<u>\$ 80,284,631</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 64,052,615	\$ -	\$ -	\$ 64,052,615
Participant-directed brokerage accounts	654,403	-	-	654,403
Investments at fair value	<u>\$ 64,707,018</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 64,707,018</u>

* In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan. These common collective trusts file Form 5500 with the DOL as a direct filing entity, and accordingly, the investment strategy of the common collective trust is not included herein:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Common collective trust	<u>\$ 2,353,759</u>	<u>\$ -</u>	\$ -	Immediate	None

Note 5. Fully Benefit-Responsive Investment Contracts

The Plan holds investment contracts that meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan has traditional investment contracts at December 31, 2023 and 2022, in the amount of \$32 and \$1,503,200, respectively.

Ansira Partners, Inc. 401(k) Plan

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contracts (Continued)

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to plan participants. The crediting rate is based on a formula established by the contract issuer, but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contracts cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) the Plan's failure to qualify under section 401(a) of the IRC or the failure of the trust to be tax-exempt under section 501(a) of the IRC, (2) premature termination of the contract, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options, or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Tax Status

The Company has adopted Empower Trust Company, LLC's non-standardized pre-approved plan, for which a favorable opinion letter was issued to Empower Trust Company, LLC by the Internal Revenue Service on November 14, 2022. Empower Trust Company, LLC is a member of the Empower family of companies. The Plan has been amended since receiving this determination. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their account balances.

Note 8. Party-in-Interest Transactions

Fees paid by the Plan for investment management and administrative services amounted to \$257,457 for the year ended December 31, 2023. The Company paid for other Plan expenses, which amounted to \$23,526, for the year ended December 31, 2023.

Ansira Partners, Inc. 401(k) Plan

Notes to Financial Statements

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Prohibited Transactions

During 2023 and 2022, the Plan Sponsor inadvertently failed to deposit \$1,408 and \$576, respectively, of employee deferrals within the required time frame as stated by the DOL. The DOL considers late deposits to be prohibited transactions. The lost earnings payments were paid from the Plan Sponsor's assets and not from assets of the Plan. The Plan Sponsor filed Form 5330 and paid the applicable excise tax in 2023 and 2022. The excise tax payments were made from the Plan Sponsor's assets and not from assets of the Plan.

Note 11. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 8, 2024, the date the financial statements were available to be issued.
