Independent Auditors' Report

To the Plan Administrator
Shady Hill School DC and TDA Retirement Plan
Cambridge, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Shady Hill School DC and TDA Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SHADY HILL SCHOOL DC AND TDA RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Shady Hill School DC and TDA Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) retirement plan that is intended to comply with the requirements of treasury regulations under the Code Section 403(b) effective January 1, 2009. The Plan was established on January 1, 1963 and is a 403(b) plan covering all employees of Shady Hill School (the "Employer") except students ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all investments are participant-directed.

Mandatory Contributions

As a condition of employment, Participants that attain the age of 18 are required to contribute 5% of their eligible compensation to the Plan. Those Participants not required to contribute are students, less than 50% full time employees, seasonal employees, and substitute teachers.

Participant Contributions

Participants may defer a percentage of their eligible pre-tax annual compensation, as defined by the Plan, subject to dollar limits set by Federal law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Participant Rollovers").

Employer Contributions

The Employer makes Employer contributions as follows:

<i>Years of Participation</i>	<i>Employer Contribution as a Percent of Compensation</i>
Less than 3	5%
3-5	7%
6-8	8%
9 or more	9%

Certain classes of employees are excluded from receiving Employer contributions. Additionally, service that is completed when an employee is in an excluded class of employee, as defined by the Plan, is not recognized for the purposes of determining years of participation for purposes of calculating the Employer contribution percentage in the table above.

SHADY HILL SCHOOL DC AND TDA RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the Participant's contributions, allocations of the Employer's contributions and Plan investment earnings, and reduced by administrative expenses and one time direct loan fees, when applicable. Allocations are based on Participant earnings, specific participant transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are immediately vested in all mandatory contributions, Participant contributions and rollovers plus actual earnings thereon. Participants hired prior to May 13, 2011 became immediately vested in Employer contributions and actual earnings thereon on that date. Participants hired on or after May 13, 2011 shall become vested in Employer contributions after completing one year of vesting service, as defined by the Plan agreement.

Forfeitures

The Plan allows for forfeited non-vested accounts to pay for the Plan's administrative expenses or reduce Employer contributions to the Plan. At December 31, 2023 and 2022, there were forfeited non-vested account balances of \$0 and \$1,928, respectively. For the year ended December 31, 2023, \$1,937 of forfeitures were used to reduce Employer contributions.

Payment of Benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive the vested balance of his or her contribution accounts. In-service withdrawals from a participant's account are available upon reaching age 59½ and on account of hardship, as defined. Participants may withdraw from their rollover accounts at any time. Participants may also be eligible for a qualified reservist distribution. Participants may elect to receive their benefit payments in a lump sum, installment payments, partial payments or annuity contracts. Hardship withdrawals are available from a participant's elective deferral and Employer contribution accounts and allowed to meet a participant's immediate and heavy financial need. If a participant's vested interest in their account is \$1,000 or less, it shall be distributed in a lump sum as soon as practical as determined by the Plan administrator. If a participant's vested interest in their account is more than \$1,000 and less than \$5,000, the Plan administrator may distribute the account in the form of a direct rollover to an individual retirement account on behalf of the participant.

SHADY HILL SCHOOL DC AND TDA RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of the balance in their elective contribution accounts. If the participant loan is withdrawn from the TIAA Traditional Fund, then the maximum available loan may be further limited as stated in the Plan document. Participants are limited to three loans per year. Loans range from one to five years (or longer for the purchase of a primary residence). The loans are secured by the vested balance in the participant's account and bear interest based on either the Federal Reserve Board Bank prime rate plus one percent or the Moody's Corporate Bond Yield Average depending on the investment type of participant account balance.

Plan Loans

Loans to participants are promissory note agreements executed by the participant and TIAA and CREF. Participants are required to transfer an amount from their account balance equal to 110% of their outstanding loan balances from their fund accounts to the TIAA Traditional Fund to be held as collateral of the loans. These loans bear interest based on the terms determined by TIAA and CREF. These loans are not Plan assets and totaled \$27,804 and \$41,788 at December 31, 2023 and 2022, respectively, with interest rates ranging from 4.00% to 5.28% at December 31, 2023 and 2022. Principal and interest are repaid directly to TIAA and CREF.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could vary from those estimates.

Investments, Investment Valuation and Income Recognition

Investments other than fully benefit-responsive investment contracts (valued at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

SHADY HILL SCHOOL DC AND TDA RETIREMENT PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Investments, Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has a benefit-responsive investment contract with TIAA and CREF. TIAA and CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Unit Values

Individual participant accounts for the pooled separate investment and variable rate annuity accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the funds are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Employer and are not included in the Statement of Changes in Net Assets Available for Benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Employer and Plan management have evaluated subsequent events through October 7, 2024, the date that the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

SHADY HILL SCHOOL DC AND TDA RETIREMENT PLAN

Notes to Financial Statements

Note 3 - Information Certified by the Custodians

Plan investments are held in a pooled separate account and fixed and variable rate annuities by the Plan's custodians, TIAA and CREF, and TIAA as agent for TIAA Trust, N.A. The fair and contract values of investments as of December 31, 2023 and 2022 and all investment transactions for the year ended December 31, 2023, including interest and dividends and net appreciation in fair values are reported to the Plan and certified as complete and accurate by the custodians. Information included in the supplemental schedule of assets (held at end of year) and notes receivable has also been derived from information certified by the custodians. Participants in the Plan may direct contributions to a variety of investment options.

Note 4 - Fair Value Measurements

Financial accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

TIAA Traditional Annuity

The TIAA Traditional Annuity is a fixed rate annuity contract fully and unconditionally guaranteed by TIAA available as an investment option to Plan participants. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

SHADY HILL SCHOOL DC AND TDA RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

TIAA Traditional Annuity (Continued)

The RA contract is non benefit-responsive, and accordingly, is reported at fair value. The value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claim-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating RA contracts, the crediting interest rate was 6.00% and 6.25% for the years ended December 31, 2023 and 2022, respectively.

Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. The redemption provisions of the fixed rate annuities vary depending on the nature of the contract option chosen by the participant.

The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over 10 annual installments. All other withdrawals and transfers from RA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits.

TIAA Real Estate Account

The account generally invests in real estate properties and real estate-related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well, and these securities are generally priced using values obtained from independent pricing sources.

The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily Net Asset Value ("NAV"), which is considered by Plan management to be the best approximation of fair value. This investment is valued at NAV. The unit value of the fund is calculated daily and available to Plan administrators and client investors on TIAA and CREF's website. There are no unfunded commitments from participants in the Plan who invest in this account. These investments may be redeemed quarterly with one day's notice.

Note 4 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

Description	Assets at Fair Value as of December 31, 2023			
	Level I	Level II	Level III	Total
Fixed rate annuity	\$ -	\$ -	\$ 8,494,996	\$ 8,494,996
Total assets in the fair value hierarchy	\$ -	\$ -	\$ 8,494,996	\$ 8,494,996
Investments measured at NAV practical expedient (a)				50,185,916
Total				\$ 58,680,912

Description	Assets at Fair Value as of December 31, 2022			
	Level I	Level II	Level III	Total
Fixed rate annuity	\$ -	\$ -	\$ 8,141,074	\$ 8,141,074
Total assets in the fair value hierarchy	\$ -	\$ -	\$ 8,141,074	\$ 8,141,074
Investments measured at NAV practical expedient (a)				40,986,803
Total				\$ 49,127,877

(a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

The following represents the changes in assets classified in Level III of the fair value hierarchy:

During 2023 and 2022, purchases totaled \$440,977 and \$862,553, respectively. There were no transfers into or out of Level III during 2023 or 2022.

Quantitative Information about Significant Unobservable Inputs Used in Level III Fair Value Measurements

The following table as of December 31, 2023 and 2022 represents the Plan's Level III financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the range of values for those inputs.

<i>Instrument</i>	<i>12/31/2023 Fair Value</i>	<i>12/31/2022 Fair Value</i>	<i>Principal Valuation Technique</i>	<i>Unobservable Inputs</i>	<i>Range of Significant Input Values</i>
TIAA Traditional Annuity	\$ 8,494,996	\$ 8,141,074	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 6.00% to 6.25%

Note 5 - Fully Benefit-Responsive Investment Contracts

Following is a description of the investments and valuation methodologies for fully benefit-responsive investment contracts:

TIAA Traditional Annuity

The Plan has TIAA Traditional SRA and GSRA contracts that provide for full participant-directed liquidity. SRA and GSRA contracts have no liquidity restrictions and are therefore fully benefit-responsive contracts reported at contract value. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits.

The following are the contract values of the Plan's fully benefit-responsive investment contract at December 31:

	2023	2022
Fully Benefit-Responsive Investment Contract at contract value:		
TIAA Traditional (SRA and GSRA fixed rate annuities)	\$ 1,780,657	\$ 1,687,155

For SRA and GSRA contracts, the crediting interest rate was 5.25% and 5.50% for the years ended December 31, 2023 and 2022, respectively.

SHADY HILL SCHOOL DC AND TDA RETIREMENT PLAN

Notes to Financial Statements

Note 5 - Fully Benefit-Responsive Investment Contracts (Continued)

TIAA Traditional Annuity (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are periodically reviewed for resetting.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with Participants, are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6 - Fair Value of Investments that Calculate Net Asset Value

The following table for December 31, 2023 and 2022 sets forth a summary of the Plan's investments measured at fair value based on NAV per share.

<i>Investments</i>	<i>Fair Value 12/31/2023</i>	<i>Fair Value 12/31/2022</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>

Total	<u>\$ 50,185,916</u>	<u>\$ 40,986,803</u>	<u>\$ -</u>		

(a) See Note 4 for the description of the pooled separate investment account and variable annuities.

SHADY HILL SCHOOL DC AND TDA RETIREMENT PLAN

Notes to Financial Statements

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

Note 9 - Tax Status

The Plan has adopted the TIAA Volume Submitter 403(b) Plan Document that received an IRS opinion letter dated August 7, 2017, which stated that the Plan is acceptable under Section 403(b) of the Internal Revenue Code for use by eligible Employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Related Party and Party-In-Interest Transactions

Plan investments are managed by TIAA and CREF, the custodians of the Plan. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Employer pays directly any other fees related to the Plan's operations.
