INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
the Equipment Depot Defined Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Equipment Depot Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (collectively the financial statements).

Plan management (Management), having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

McConnell Jones

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EQUIPMENT DEPOT DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

Note 1: Description of the Equipment Depot Defined Contribution Plan

The following description of the Equipment Depot Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions, which is available from Plan management.

In April 2019, Pon North America, Inc. ("Pon"), the parent company of Pon Material Handling NA, Inc. (PMH), a U.S. material handling equipment dealer operating as Equipment Depot, entered into an agreement with Mitsubishi Logisnext Americas, Inc. (MLA), to sell PMH to MLA. On July 1, 2019, PMH was sold to MLA and PMH was renamed Equipment Depot, Inc.

Effective on July 1, 2019, Pon transferred in-kind the accounts (including any outstanding loan balances) in the Pon North America, Inc. Defined Contribution Plan (the Prior Plan) attributable to employees who became participants in the Plan. The transfer also included all of the assets and liabilities in the Prior Plan related thereto. The Plan was restated and accepted such transfer of accounts and underlying assets and liabilities and, effective as of the date of such transfer, assumed and agreed fully to perform, pay, and discharge, all obligations of the Prior Plan relating to the transferred accounts of the Plan beneficiaries as of the establishment date. The transfer of assets and liabilities was designed to be conducted in accordance with applicable regulatory requirements, including those under the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution plan covering all full time employees of Equipment Depot, Inc., and adopting controlled group members, as defined in the Plan Document (collectively, the Company), who have at least three months of service. The adopting controlled group members include Equipment Depot Kentucky, Inc.; Pon Material Handling NA, Inc.; Equipment Depot Pennsylvania, Inc.; Equipment Depot Ohio, Inc.; Equipment Depot, Ltd.; Equipment Depot of Illinois, Inc.; Equipment Depot of Mississippi, Inc. and Equipment Depot of California, Inc. The Plan is subject to the provisions of ERISA.

Effective June 1, 2020, Bonasa LLC Employee Benefit Plan merged into the Plan. Effective August 1, 2020, MFCA 401(k) Savings Plan attributed to Southern California Holding, Inc. and Daily Equipment Company, Inc. merged into the Plan. Effective October 5, 2020, Pon and the Company finalized the plan transfer started in July 2019 when all terminated participants from Equipment Depot were transferred from the Prior Plan to the Company Plan.

In February 2021, UniCarrier Americas Corporation 401(k) Plan attributed to Equipment Depot Wisconsin (formerly Capital Equipment and Handling Inc) and Equipment Depot Northeast, Inc (formerly NEIT Inc) merged into the Plan.

On June 1, 2022, Equipment Depot finalized the stock purchase of Norlift of Oregon, Inc. Effective January 1, 2023, Norlift of Oregon, Inc. 401k Profit sharing Plan merged into the Plan. As a result, related plan assets of Norlift of Oregon, Inc. 401k, amounting to \$11,050,528, were transferred to the plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. The Plan also allows Roth elective deferrals, wherein participants can designate a portion of

EQUIPMENT DEPOT DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

their elective deferral contributions as after-tax Roth elective deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Additionally, automatic escalation of 1% up to a maximum of 10% is an available option for participants to elect into.

The Company matches 50% of the first 6% of base compensation that a participant contributes to the Plan. The Company does match employee catch-up contributions when applicable. Additional discretionary contributions may be allocated to participants active on the last day of the plan year and with at least 3 months of service. Contributions are subject to certain limitations.

Participant Accounts

Each participant account is credited with the participant's contributions and the Company's contributions, if any, and allocations of plan earnings. Allocations are based on net earnings or losses of each participant's respective share of elected investment options or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service and the participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by Plan management. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

The non-vested balance in a participant's account is forfeited upon termination of service. Forfeitures may be used to pay Plan expenses and/or to reduce future Company contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$55,400 and \$23,439, respectively. During 2023, Plan expenses and company contributions were reduced by \$54,629 and \$331,056 from forfeited non-vested accounts, respectively.

Notes to Financial Statements

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains/losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related Fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits paid directly to participants are recorded when paid.

Expenses

All participants pay the same annual fee of \$80 for administrative plan expenses, regardless of individual investment elections or account balances. This fee is deducted from participants' accounts each month at a pro-rata rate, which is shown clearly on each quarterly statement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Notes to Financial Statements

Subsequent Events

Management evaluated subsequent events for the Plan through October 8, 2024, the date the financial statements were available to be issued.

Note 3: Investments and Investment Income

Information in the accompanying financial statements related to investments and notes receivable from participants as of December 31, 2023 and 2022, and the related net appreciation, dividends, interest, and interest income from notes receivable from participants for the year ended December 31, 2023, and investments and participant loans reflected on the schedule of assets (held at end of year) was certified by two different qualified institutions. The qualified institution covering all assets besides the guaranteed interest contract was Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Trustee) and Empower Annuity Insurance Company of America d/b/a Empower, as permitted by Regulation 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements* are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Notes to Financial Statements

Registered Investment Company or Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective Trust Fund: The Principal Stable Value Z Fund (SVF), held in a collective trust fund, invests in conventional and synthetic guaranteed investment contracts issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. The objective of the SVF is to provide preservation of capital and relatively stable returns regardless of the volatility of the financial markets. Investments in the SVF are reported at fair value, as determined by the issuer or the manager of the fund, based on the fair value of the underlying investments, using NAV as a practical expedient. NAV is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts: Pooled separate accounts (PSAs) are privately managed through investment companies and are not publicly quoted. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. Investments in PSAs are reported at fair value, as determined by the issuer or the manager of the fund, based on the fair value of the underlying investments, using NAV as a practical expedient. NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. There are currently no unfunded commitments or redemption restrictions on these investments other than the 30-day restriction on completing fund transfers.

The following tables discloses the fair value hierarchy of the Plan's assets by level:

During 2023, Plan management re-evaluated the classification of the T. Rowe Price Retirement Target Funds. Plan management determined that the T. Rowe Price Retirement Target Funds are a collective trust fund. Therefore, the T. Rowe Price Retirement Target Funds have been reclassified from mutual funds to common investment trusts. Plan management has reclassified these investments within the fair value hierarchy. The reclassification of the investments had no effect on the Plan's net assets available for benefit or changes therein.

Notes to Financial Statements

Note 6: Related-Party Transactions and Party-In-Interest Transactions

The Plan paid expenses related to the Plan's operations and investment management to various service providers. Certain plan investments are managed by Principal Trust Company. Principal Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the Statement of Net Assets Available for Benefits.

Note 8: Plan Tax Status

Effective October 16, 2023, the Plan Sponsor amended and restated the Plan by adopting a volume submitter plan maintained by the Trustee. The volume submitter plan received a favorable opinion letter from the IRS dated June 30, 2020. Plan management believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Plan management believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
