INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Leonard's Express, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Leonard's Express, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Leonard's Express, Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Leonard's Express, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Leonard's Express, Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements and are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Leonard's Express, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Leonard's Express, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes and the schedule of nonexempt transactions are presented for the purpose of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan

The following brief description of the Leonard's Express, Inc. 401(k) Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code, established on July 1, 2002 as a Safe Harbor plan. It covers substantially all employees of Johnson Equipment Sales and Service, Inc., Freedom Express West, Inc., Finger Lakes Logistics, Inc., KAJE Transport Corporation and Leonard's Express, Inc. ("the Sponsor") who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established using the fixed Safe Harbor nonelective contribution method and was amended on January 1, 2011 to adopt the Safe Harbor basic matching contribution formula. On January 1, 2015 the Plan was amended, restated, and began to permit after-tax Roth deferrals as a part of employee contributions.

Participation

Each employee shall be entitled to make his or her own contributions (elective deferrals) to the Plan upon completion of one year of continuous service and attainment of age 21. In addition, each employee shall be entitled to receive employer match "safe harbor" contributions and employer discretionary contributions. Discretionary contributions shall be credited to participants that earn one thousand hours of service and are employed on the last day of the plan year.

Contributions

Eligible participants may also elect to defer a portion of their total annual compensation into the plan as qualified pre-tax or elective after-tax Roth contributions. The Plan also has an automatic enrollment policy. Under this policy, employees who meet eligibility requirements are automatically enrolled to defer 3% into the Plan. On the first day of each Plan year, those auto-enrolled will experience a 1% increase in deferral percentage up to a maximum of 10% unless they have an executed opt-out agreement or elect a different deferral percentage. During 2023 and 2022 qualified pre-tax contributions totaled \$2,617,386 and \$2,489,301, respectively. During 2023 and 2022 elective after-tax Roth contributions totaled \$111,737 and \$104,397, respectively.

In order to maintain "safe harbor" status, the Sponsor shall make matching contributions on behalf of each participant on 100% of the first 3% of participant contributions plus 50% of the next 2% of participant contributions. The maximum contribution each participant may make each year is subject to federal limits. During 2023 and 2022, employer safe harbor matching contributions totaled \$1,492,660 and \$1,481,143, respectively.

1. Description of Plan (Continued)

Contributions (Continued)

The Sponsor may also contribute an amount which it designates as a qualified contribution (qualified non-elective contribution). This contribution may be related to the actual deferral percentage test or the actual contribution percentage test. Qualified discretionary contributions shall be allocated only to non-highly compensated employees in proportion to his or her compensation as a percentage of compensation of all eligible for the plan year. Qualified non-elective contributions may also be made by the Sponsor to participant accounts to correct any missed contributions. During 2023 and 2022, the Sponsor made no qualified non-elective contributions.

The Sponsor may also decide each plan year to make a discretionary profit-sharing contribution on behalf of the eligible participants. Such contributions shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. In order for a participant to qualify to receive a discretionary profit sharing contribution the participant must be credited with more than one thousand hours of service during the plan year and be employed on the last day of the plan year. During 2023 and 2022, the Sponsor made no discretionary profit sharing contributions.

In addition, participants may transfer funds from other qualified plans, with the consent of the plan administrators.

Participant accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Sponsor's matching contribution and discretionary annual profit sharing and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant loans

Participants may borrow a minimum of \$1,000 and a maximum of the lesser of 50% of their vested balance, or \$50,000. Participants may have only one loan outstanding at any given time. Participants' loans are secured by their account balances. Loans must be repaid through payroll withholdings. Each loan shall bear interest at a commercially reasonable rate of interest established by the Plan administrator.

Vesting

Participants are immediately 100% vested in their elective deferrals and rollover contributions plus actual earnings thereon. Participants are also 100% vested in employer "safe harbor" matching contributions. Vesting in employer discretionary contributions is based on years of continuous service.

1. Description of Plan (Continued)

Vesting (Continued)

A vested percentage is determined in accordance with the following vesting schedule:

<u>Years of Service For Vesting</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of benefits

Upon death or disability, the entire account balance may be distributed in the form partial withdrawals or a lump sum. In addition, lump-sum distributions may be made, with participant consent, under the following conditions: separation from service; upon participant's attainment of age 59½; and upon the hardship of a participant as provided for in the Plan and in government regulations. Hardship distributions can be distributed only from elective deferrals and rollover accounts.

Upon retirement, death or disability the entire vested account balance, if less than \$1,000, will be distributed as soon as possible following the date of termination in the form of a lump-sum payment. If the terminated participant has a vested balance that exceeds \$1,000 but does not exceed \$5,000, the vested portion shall be a direct rollover to an individual retirement account if the participant does not initiate the distribution. If the account balance is greater than \$5,000, the participant may choose partial withdrawals, a lump-sum distribution, or direct rollover. Annuity distributions are not allowed under the Plan.

Withdrawals are permitted in case of financial hardship of a participant as provided for in the Plan and in government regulations.

Forfeitures

Forfeitures arising under the Plan are used to reduce administrative fees incurred by the Plan or may be used to reduce any employer contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and present the net assets available for plan benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Cash equivalents: Includes money market accounts, certificates of deposit and all highly-liquid instruments purchased with an original maturity of three months or less.

Mutual funds: Values are determined based on quoted market prices in active markets.

Investment contracts: Valued at contract value, which approximates fair value, as reported to the Plan by Transamerica. Contract value represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value of these investments is subject to market volatility and may be susceptible to fluctuations.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2020.

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent Plan year and October 9, 2024, the date the financial statements were available to be issued.

Notes to Financial Statements
December 31, 2023 and 2022

3. Information Certified by the Trustees

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 and 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under "ERISA." Accordingly, Transamerica Financial Life Insurance Company Inc. and Reliance Trust Company, the trustees of the Plan, have certified to the completeness and accuracy of the investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. Investments

The value of investments determined to be level 1 assets as of December 31, 2023 and 2022 consisted of:

	<u>2023</u>	<u>2022</u>
Cash equivalents	\$ 20,683	\$ 19,219
Mutual funds	<u>24,211,330</u>	<u>18,895,263</u>
	<u>\$ 24,232,013</u>	<u>\$ 18,914,482</u>

The value of other investments not included in the fair value hierarchy as of December 31, 2023 and 2022 consisted of:

	<u>2023</u>	<u>2022</u>
Investment contracts	<u>\$ 980,295</u>	<u>\$ 852,890</u>

5. Related Party Transactions

The Plan invests in mutual funds and investment contracts managed by affiliates of Transamerica Financial Life Insurance Company, Inc. and Transamerica Retirement Solutions, LLC. Transamerica Financial Life Insurance Company, Inc. and Transamerica Retirement Solutions, LLC (Transamerica) act as trustees for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Administrative fees paid to Transamerica amounted to \$85,341 and \$63,859 for the years ended December 31, 2023 and 2022, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the plan provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

LEONARD'S EXPRESS, INC. 401(K) SAVINGS PLAN

Notes to Financial Statements
December 31, 2023 and 2022

7. Tax Status

The Plan obtained its latest determination letter in June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.

8. Nonexempt Transactions

Deemed loans were made to the Company in 2023 when employee contributions and loan repayments were not remitted to the Plan in a timely manner. In one instance, employee contributions, employer match, and loan payments for certain employees transferred from Johnson Equipment Sales & Service, Inc. to Leonard's Express, Inc. were not remitted timely. In another instance, employee contributions, employer match, and loan payments for certain employees transferred from Finger Lakes Logistics, Inc. to Canandaigua Driving School, LLC were not remitted timely. The Company will remit the contributions and will subsequently reimburse the Plan for the lost earnings on the deemed loans. These transactions are included on the schedule of nonexempt transactions in the accompanying supplemental schedules.
