Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **HAM, LANGSTON& BREZINA, LLP**

(2) EIN: **76-0448495**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of the
Trimac Transportation, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trimac Transportation, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Trimac Transportation, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 18, 2000, to cover and automatically enroll all eligible employees of the Company who are at least eighteen years of age and who have completed 90 days of service. The Plan, as amended, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is amended periodically to comply with the most recent statutory and regulatory changes applicable to plans maintained under Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC")

Administration

The Plan is administered by the Company. Prudential Bank & Trust (the "Trustee") served as the trustee and recordkeeper of the Plan in 2023. On April 1, 2022, Empower Annuity Insurance Company of America (EAICA) acquired Prudential Financial, Inc.'s full-service retirement business, including Prudential Bank & Trust, FSB. Empower now serves as the trustee and recordkeeper of the Plan. The plans records were migrated from the Prudential Bank & Trust record keeping platform to the Empower Annuity Insurance Company of America record keeping platform during 2024.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan document, not to exceed the limitation set forth in Section 402(g) (\$22,500 in 2023 and \$20,500 in 2022) of the Internal Revenue Code ("IRC"). Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants who attain the age 50 by the end of the plan year may make a "catch-up" contribution up to \$7,500 and \$6,500 for the years ended December 31, 2023 and 2022, respectively. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic deferral provision under which the Company is authorized initially to withhold 3% of an eligible participant's compensation upon the participant's entry date into the Plan and then increase the contribution deferral percentage by 1% per year, up to a maximum total deferral percentage of 8%. The participant may select an alternative deferral percentage or elect not to make deferral contributions to the Plan at any time.

Under the terms of the Plan, the Company makes a matching contribution. The amount of the matching contribution, if any, will be 50% of the participant's salary deferral contributions up to 8% of the participant's compensation earned during the applicable month, but not to exceed \$2,200 per year. For the years ended December 31, 2023 and 2022, the Company made matching contributions of \$1,063,360 and \$1,081,413, respectively. The Company may also make additional discretionary contributions. For the years ended December 31, 2023 and 2022, the company did not make any additional discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's related contributions and Plan earnings. Income and loss is allocated to the participant's accounts based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund with the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Upon the occurrence of a distribution event, the benefit to which the participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Vesting

Individual participants are one hundred percent vested in the portion of their accounts resulting from their elective contributions. For participants, except those covered under the DSI Transport, Inc. Savings Plan described below, the vesting provision for employer matching and discretionary contributions will vest for all participants within the Plan, on a three-year schedule as presented below:

<u>Years of Service</u>	<u>Percentage Vested</u>
1 or less	0%
2	50%
3 or more	100%

For participants employed by the Company and covered under DSI Transport, Inc. Savings Plan prior to January 1, 2014 and who had at least three years of service as of December 31, 2003, the Company's matching and discretionary contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	33%
3	66%
4 or more	100%

Individual participants will become fully (100%) vested upon attainment of normal retirement age, death or disability.

Participant Notes Receivable

Active participants may borrow from their fund accounts any amount greater than \$1,000 up to a maximum amount equal to the lesser of (i) \$50,000 minus the participant's highest outstanding loan amount during the prior 12 months, or (ii) 50% of the participant's vested account balance. Loan terms are not to exceed five years, except for the purchase of a principal residence, which cannot exceed ten years. Loans are collateralized by the vested balance in the participants' accounts and bear interest at a reasonable rate determined by the Plan administrator. The interest rate on outstanding loans ranged from 4.25% to 9.50% at December 31, 2023 and 4.25% to 7.25% at December 31, 2022. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Upon termination of employment due to death, disability, attainment of age 59½, or retirement, a participant (or his/her designated beneficiary in the event of death) may elect to receive a lump-sum amount, or to have the account balance distributed in installments equal to the value of the participant's vested interest in his or her account. For termination of employment due to other reasons, the vested interest in his or her account may be distributed as a rollover to another plan, a lump-sum distribution, or it may be left in the Plan if the account balance is greater than \$5,000.

Forfeiture Accounts

On termination of service, all non-vested Company matching contributions will be returned to the Plan and used to reduce employer matching contributions and/or pay expenses related to the administration of the Plan and Trust. During the years ended December 31, 2023 and 2022, the Plan used \$65,013 and \$72,670, respectively, to reduce employer matching contributions. As of December 31, 2023, and 2022, forfeited non-vested accounts totaled \$221 and \$146, respectively.

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation

Investments in mutual funds and pooled separate account are valued by the Trustee at their fair values determined using quoted market prices or rates. The Plan's interest in a group annuity contract, is valued based on information reported by the issuer and is carried at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value and Note 4 for group annuity contract.

In the statements of changes in net assets available for plan benefits, the net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses from investments. Purchases and sales of securities are recorded on a trade date basis, interest is recorded as earned, and dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recognized on the accrual basis. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are the responsibility of the Plan. The Company may elect to pay such expense on behalf of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration for participant notes receivable, investments, and distribution are charged directly to the participant's account and are included in administrative expenses. Fees related to the administration for participant distributions are included in benefits paid to participants. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value of the assets and liabilities, the Plan generally uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Valued at the net asset value ("NAV") of units based on the quoted market price of the underlying securities and the number of units owned by the Plan at year end. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. Pooled separate account invest primarily in domestic and international stocks. The allocation percentage to each asset type may be fixed, bounded by a range, or determined at the discretion of the manager. Manager of the fund review market conditions regularly and refine the asset allocation mixture they believe will achieve the best risk adjusted performance based on the stated objectives and target allocations of the particular fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

3. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022:

	<u>Fair Value Measurement at December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(a) In accordance with Accounting Standards Codification "ASC" 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

4. Investment in Group Annuity Contract

The Plan invests in a benefit responsive group annuity contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"). The fund invests in a group annuity insurance contract with PRIAC with the purpose to fund the guaranteed benefits for the Plan. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate (2.00% for the first half of 2023, 2.05% for the second half of 2023 and 1.65% for the first half of 2022, 1.75% for the second half of 2022) is reviewed on an annual basis for resetting. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they are to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

4. Investment in Group Annuity Contract, continued

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could be affected by future economic and regulatory developments. Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that caused a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events were probable of occurring that could limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events included (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

5. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income from notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank & Trust, the Trustee of the Plan for activity through March 31, 2023, and by Empower Trust Company, LLC thereafter, following Empower Annuity Insurance Company of America's acquisition of Prudential Financial, Inc.'s retirement business.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 38,503,216	\$ 34,149,445
Contributions receivable	(90,600)	(40,389)
Net assets available for benefits per Form 5500	<u>\$ 38,412,616</u>	<u>\$ 34,109,056</u>

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net increase (decrease) in net assets available for benefits per the financial statements	\$ 4,353,771	\$ (6,158,086)
Change in contributions receivable	(50,211)	3,687
Net increase (decrease) in net assets available for benefits per Form 5500	<u>\$ 4,303,560</u>	<u>\$ (6,154,399)</u>

NOTES TO FINANCIAL STATEMENTS

7. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are in accounts managed by the Trustee and the Plan issues notes receivable from participants. As described in Note 2, the Plan paid expenses related to the plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Tax Status

The Plan is based on a non-standardized prototype plan. The IRS has determined and informed the Company by a letter dated April 29, 2014 that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since the receipt of the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, that the trust maintained in connection with the Plan is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or assets) if it has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent vested in their accounts including unvested employer contributions.

10. Subsequent Events

On September 20, 2024 the Plan received the residual assets of \$1,284,582 from the Liquid Transporters, Inc. Drivers and Shop Personnel Retirement Plan, a defined benefit plan sponsored by the Company, which was terminated effective December 31, 2023. The plan intends to disburse the funds as a one-time contribution in 2025 allocated to all eligible participants.

Plan management has evaluated all subsequent events through October 9, 2024, which is the date the financial statements were available to be issued and has determined that there are no significant subsequent events to be reported.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of the
Trimac Transportation, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trimac Transportation, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Trimac Transportation, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 18, 2000, to cover and automatically enroll all eligible employees of the Company who are at least eighteen years of age and who have completed 90 days of service. The Plan, as amended, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is amended periodically to comply with the most recent statutory and regulatory changes applicable to plans maintained under Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC")

Administration

The Plan is administered by the Company. Prudential Bank & Trust (the "Trustee") served as the trustee and recordkeeper of the Plan in 2023. On April 1, 2022, Empower Annuity Insurance Company of America (EAICA) acquired Prudential Financial, Inc.'s full-service retirement business, including Prudential Bank & Trust, FSB. Empower now serves as the trustee and recordkeeper of the Plan. The plans records were migrated from the Prudential Bank & Trust record keeping platform to the Empower Annuity Insurance Company of America record keeping platform during 2024.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan document, not to exceed the limitation set forth in Section 402(g) (\$22,500 in 2023 and \$20,500 in 2022) of the Internal Revenue Code ("IRC"). Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants who attain the age 50 by the end of the plan year may make a "catch-up" contribution up to \$7,500 and \$6,500 for the years ended December 31, 2023 and 2022, respectively. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic deferral provision under which the Company is authorized initially to withhold 3% of an eligible participant's compensation upon the participant's entry date into the Plan and then increase the contribution deferral percentage by 1% per year, up to a maximum total deferral percentage of 8%. The participant may select an alternative deferral percentage or elect not to make deferral contributions to the Plan at any time.

Under the terms of the Plan, the Company makes a matching contribution. The amount of the matching contribution, if any, will be 50% of the participant's salary deferral contributions up to 8% of the participant's compensation earned during the applicable month, but not to exceed \$2,200 per year. For the years ended December 31, 2023 and 2022, the Company made matching contributions of \$1,063,360 and \$1,081,413, respectively. The Company may also make additional discretionary contributions. For the years ended December 31, 2023 and 2022, the company did not make any additional discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's related contributions and Plan earnings. Income and loss is allocated to the participant's accounts based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund with the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Upon the occurrence of a distribution event, the benefit to which the participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Vesting

Individual participants are one hundred percent vested in the portion of their accounts resulting from their elective contributions. For participants, except those covered under the DSI Transport, Inc. Savings Plan described below, the vesting provision for employer matching and discretionary contributions will vest for all participants within the Plan, on a three-year schedule as presented below:

<u>Years of Service</u>	<u>Percentage Vested</u>
1 or less	0%
2	50%
3 or more	100%

For participants employed by the Company and covered under DSI Transport, Inc. Savings Plan prior to January 1, 2014 and who had at least three years of service as of December 31, 2003, the Company's matching and discretionary contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	33%
3	66%
4 or more	100%

Individual participants will become fully (100%) vested upon attainment of normal retirement age, death or disability.

Participant Notes Receivable

Active participants may borrow from their fund accounts any amount greater than \$1,000 up to a maximum amount equal to the lesser of (i) \$50,000 minus the participant's highest outstanding loan amount during the prior 12 months, or (ii) 50% of the participant's vested account balance. Loan terms are not to exceed five years, except for the purchase of a principal residence, which cannot exceed ten years. Loans are collateralized by the vested balance in the participants' accounts and bear interest at a reasonable rate determined by the Plan administrator. The interest rate on outstanding loans ranged from 4.25% to 9.50% at December 31, 2023 and 4.25% to 7.25% at December 31, 2022. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Upon termination of employment due to death, disability, attainment of age 59½, or retirement, a participant (or his/her designated beneficiary in the event of death) may elect to receive a lump-sum amount, or to have the account balance distributed in installments equal to the value of the participant's vested interest in his or her account. For termination of employment due to other reasons, the vested interest in his or her account may be distributed as a rollover to another plan, a lump-sum distribution, or it may be left in the Plan if the account balance is greater than \$5,000.

Forfeiture Accounts

On termination of service, all non-vested Company matching contributions will be returned to the Plan and used to reduce employer matching contributions and/or pay expenses related to the administration of the Plan and Trust. During the years ended December 31, 2023 and 2022, the Plan used \$65,013 and \$72,670, respectively, to reduce employer matching contributions. As of December 31, 2023, and 2022, forfeited non-vested accounts totaled \$221 and \$146, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation

Investments in mutual funds and pooled separate account are valued by the Trustee at their fair values determined using quoted market prices or rates. The Plan's interest in a group annuity contract, is valued based on information reported by the issuer and is carried at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value and Note 4 for group annuity contract.

In the statements of changes in net assets available for plan benefits, the net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses from investments. Purchases and sales of securities are recorded on a trade date basis, interest is recorded as earned, and dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recognized on the accrual basis. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are the responsibility of the Plan. The Company may elect to pay such expense on behalf of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration for participant notes receivable, investments, and distribution are charged directly to the participant's account and are included in administrative expenses. Fees related to the administration for participant distributions are included in benefits paid to participants. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value of the assets and liabilities, the Plan generally uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Valued at the net asset value ("NAV") of units based on the quoted market price of the underlying securities and the number of units owned by the Plan at year end. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. Pooled separate account invest primarily in domestic and international stocks. The allocation percentage to each asset type may be fixed, bounded by a range, or determined at the discretion of the manager. Manager of the fund review market conditions regularly and refine the asset allocation mixture they believe will achieve the best risk adjusted performance based on the stated objectives and target allocations of the particular fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

3. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022:

	<u>Fair Value Measurement at December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 27,740,614</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 27,740,614

Total investments, at fair value				<u>\$ 30,633,047</u>

	<u>Fair Value Measurement at December 31, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 23,398,009</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 23,398,009
Investments measured at NAV ^(a)				<u>2,443,570</u>
Total investments, at fair value				<u>\$ 25,841,579</u>

(a) In accordance with Accounting Standards Codification "ASC" 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022, respectively.

	<u>Fair Value</u>		<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>

4. Investment in Group Annuity Contract

The Plan invests in a benefit responsive group annuity contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"). The fund invests in a group annuity insurance contract with PRIAC with the purpose to fund the guaranteed benefits for the Plan. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate (2.00% for the first half of 2023, 2.05% for the second half of 2023 and 1.65% for the first half of 2022, 1.75% for the second half of 2022) is reviewed on an annual basis for resetting. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they are to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

4. Investment in Group Annuity Contract, continued

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could be affected by future economic and regulatory developments. Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that caused a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events were probable of occurring that could limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events included (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

5. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income from notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank & Trust, the Trustee of the Plan for activity through March 31, 2023, and by Empower Trust Company, LLC thereafter, following Empower Annuity Insurance Company of America's acquisition of Prudential Financial, Inc.'s retirement business.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 38,503,216	\$ 34,149,445
Contributions receivable	<u>(90,600)</u>	<u>(40,389)</u>
Net assets available for benefits per Form 5500	<u>\$ 38,412,616</u>	<u>\$ 34,109,056</u>

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net increase (decrease) in net assets available for benefits per the financial statements	\$ 4,353,771	\$ (6,158,086)
Change in contributions receivable	<u>(50,211)</u>	<u>3,687</u>
Net increase (decrease) in net assets available for benefits per Form 5500	<u>\$ 4,303,560</u>	<u>\$ (6,154,399)</u>

NOTES TO FINANCIAL STATEMENTS

7. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are in accounts managed by the Trustee and the Plan issues notes receivable from participants. As described in Note 2, the Plan paid expenses related to the plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Tax Status

The Plan is based on a non-standardized prototype plan. The IRS has determined and informed the Company by a letter dated April 29, 2014 that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since the receipt of the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, that the trust maintained in connection with the Plan is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or assets) if it has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent vested in their accounts including unvested employer contributions.

10. Subsequent Events

On September 20, 2024 the Plan received the residual assets of \$1,284,582 from the Liquid Transporters, Inc. Drivers and Shop Personnel Retirement Plan, a defined benefit plan sponsored by the Company, which was terminated effective December 31, 2023. The plan intends to disburse the funds as a one-time contribution in 2025 allocated to all eligible participants.

Plan management has evaluated all subsequent events through October 9, 2024, which is the date the financial statements were available to be issued and has determined that there are no significant subsequent events to be reported.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of the
Trimac Transportation, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trimac Transportation, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Trimac Transportation, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 18, 2000, to cover and automatically enroll all eligible employees of the Company who are at least eighteen years of age and who have completed 90 days of service. The Plan, as amended, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is amended periodically to comply with the most recent statutory and regulatory changes applicable to plans maintained under Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC")

Administration

The Plan is administered by the Company. Prudential Bank & Trust (the "Trustee") served as the trustee and recordkeeper of the Plan in 2023. On April 1, 2022, Empower Annuity Insurance Company of America (EAICA) acquired Prudential Financial, Inc.'s full-service retirement business, including Prudential Bank & Trust, FSB. Empower now serves as the trustee and recordkeeper of the Plan. The plans records were migrated from the Prudential Bank & Trust record keeping platform to the Empower Annuity Insurance Company of America record keeping platform during 2024.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan document, not to exceed the limitation set forth in Section 402(g) (\$22,500 in 2023 and \$20,500 in 2022) of the Internal Revenue Code ("IRC"). Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants who attain the age 50 by the end of the plan year may make a "catch-up" contribution up to \$7,500 and \$6,500 for the years ended December 31, 2023 and 2022, respectively. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic deferral provision under which the Company is authorized initially to withhold 3% of an eligible participant's compensation upon the participant's entry date into the Plan and then increase the contribution deferral percentage by 1% per year, up to a maximum total deferral percentage of 8%. The participant may select an alternative deferral percentage or elect not to make deferral contributions to the Plan at any time.

Under the terms of the Plan, the Company makes a matching contribution. The amount of the matching contribution, if any, will be 50% of the participant's salary deferral contributions up to 8% of the participant's compensation earned during the applicable month, but not to exceed \$2,200 per year. For the years ended December 31, 2023 and 2022, the Company made matching contributions of \$1,063,360 and \$1,081,413, respectively. The Company may also make additional discretionary contributions. For the years ended December 31, 2023 and 2022, the company did not make any additional discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's related contributions and Plan earnings. Income and loss is allocated to the participant's accounts based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund with the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Upon the occurrence of a distribution event, the benefit to which the participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Vesting

Individual participants are one hundred percent vested in the portion of their accounts resulting from their elective contributions. For participants, except those covered under the DSI Transport, Inc. Savings Plan described below, the vesting provision for employer matching and discretionary contributions will vest for all participants within the Plan, on a three-year schedule as presented below:

<u>Years of Service</u>	<u>Percentage Vested</u>
1 or less	0%
2	50%
3 or more	100%

For participants employed by the Company and covered under DSI Transport, Inc. Savings Plan prior to January 1, 2014 and who had at least three years of service as of December 31, 2003, the Company's matching and discretionary contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	33%
3	66%
4 or more	100%

Individual participants will become fully (100%) vested upon attainment of normal retirement age, death or disability.

Participant Notes Receivable

Active participants may borrow from their fund accounts any amount greater than \$1,000 up to a maximum amount equal to the lesser of (i) \$50,000 minus the participant's highest outstanding loan amount during the prior 12 months, or (ii) 50% of the participant's vested account balance. Loan terms are not to exceed five years, except for the purchase of a principal residence, which cannot exceed ten years. Loans are collateralized by the vested balance in the participants' accounts and bear interest at a reasonable rate determined by the Plan administrator. The interest rate on outstanding loans ranged from 4.25% to 9.50% at December 31, 2023 and 4.25% to 7.25% at December 31, 2022. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Upon termination of employment due to death, disability, attainment of age 59½, or retirement, a participant (or his/her designated beneficiary in the event of death) may elect to receive a lump-sum amount, or to have the account balance distributed in installments equal to the value of the participant's vested interest in his or her account. For termination of employment due to other reasons, the vested interest in his or her account may be distributed as a rollover to another plan, a lump-sum distribution, or it may be left in the Plan if the account balance is greater than \$5,000.

Forfeiture Accounts

On termination of service, all non-vested Company matching contributions will be returned to the Plan and used to reduce employer matching contributions and/or pay expenses related to the administration of the Plan and Trust. During the years ended December 31, 2023 and 2022, the Plan used \$65,013 and \$72,670, respectively, to reduce employer matching contributions. As of December 31, 2023, and 2022, forfeited non-vested accounts totaled \$221 and \$146, respectively.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation

Investments in mutual funds and pooled separate account are valued by the Trustee at their fair values determined using quoted market prices or rates. The Plan's interest in a group annuity contract, is valued based on information reported by the issuer and is carried at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value and Note 4 for group annuity contract.

In the statements of changes in net assets available for plan benefits, the net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses from investments. Purchases and sales of securities are recorded on a trade date basis, interest is recorded as earned, and dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recognized on the accrual basis. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are the responsibility of the Plan. The Company may elect to pay such expense on behalf of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration for participant notes receivable, investments, and distribution are charged directly to the participant's account and are included in administrative expenses. Fees related to the administration for participant distributions are included in benefits paid to participants. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value of the assets and liabilities, the Plan generally uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Valued at the net asset value ("NAV") of units based on the quoted market price of the underlying securities and the number of units owned by the Plan at year end. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. Pooled separate account invest primarily in domestic and international stocks. The allocation percentage to each asset type may be fixed, bounded by a range, or determined at the discretion of the manager. Manager of the fund review market conditions regularly and refine the asset allocation mixture they believe will achieve the best risk adjusted performance based on the stated objectives and target allocations of the particular fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

3. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022:

	<u>Fair Value Measurement at December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 27,740,614</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 27,740,614
Investments measured at NAV ^(a)				<u>2,892,433</u>
Total investments, at fair value				<u>\$ 30,633,047</u>

	<u>Fair Value Measurement at December 31, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 23,398,009</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 23,398,009
Investments measured at NAV ^(a)				<u>2,443,570</u>
Total investments, at fair value				<u>\$ 25,841,579</u>

(a) In accordance with Accounting Standards Codification "ASC" 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022, respectively.

	<u>Fair Value</u>		<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>December 31,</u>	<u>December 31,</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Notice</u>

4. Investment in Group Annuity Contract

The Plan invests in a benefit responsive group annuity contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"). The fund invests in a group annuity insurance contract with PRIAC with the purpose to fund the guaranteed benefits for the Plan. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate (2.00% for the first half of 2023, 2.05% for the second half of 2023 and 1.65% for the first half of 2022, 1.75% for the second half of 2022) is reviewed on an annual basis for resetting. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they are to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

4. Investment in Group Annuity Contract, continued

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could be affected by future economic and regulatory developments. Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that caused a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events were probable of occurring that could limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events included (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

5. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income from notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank & Trust, the Trustee of the Plan for activity through March 31, 2023, and by Empower Trust Company, LLC thereafter, following Empower Annuity Insurance Company of America's acquisition of Prudential Financial, Inc.'s retirement business.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 38,503,216	\$ 34,149,445
Contributions receivable	<u>(90,600)</u>	<u>(40,389)</u>
Net assets available for benefits per Form 5500	<u>\$ 38,412,616</u>	<u>\$ 34,109,056</u>

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net increase (decrease) in net assets available for benefits per the financial statements	\$ 4,353,771	\$ (6,158,086)
Change in contributions receivable	<u>(50,211)</u>	<u>3,687</u>
Net increase (decrease) in net assets available for benefits per Form 5500	<u>\$ 4,303,560</u>	<u>\$ (6,154,399)</u>

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

7. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are in accounts managed by the Trustee and the Plan issues notes receivable from participants. As described in Note 2, the Plan paid expenses related to the plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Tax Status

The Plan is based on a non-standardized prototype plan. The IRS has determined and informed the Company by a letter dated April 29, 2014 that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since the receipt of the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, that the trust maintained in connection with the Plan is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or assets) if it has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent vested in their accounts including unvested employer contributions.

10. Subsequent Events

On September 20, 2024 the Plan received the residual assets of \$1,284,582 from the Liquid Transporters, Inc. Drivers and Shop Personnel Retirement Plan, a defined benefit plan sponsored by the Company, which was terminated effective December 31, 2023. The plan intends to disburse the funds as a one-time contribution in 2025 allocated to all eligible participants.

Plan management has evaluated all subsequent events through October 9, 2024, which is the date the financial statements were available to be issued and has determined that there are no significant subsequent events to be reported.
