Independent Auditor's Report

To the Board of Trustees
Coesia North America 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Coesia North America 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Coesia North America 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Coesia North America 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Coesia North America 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Coesia North America 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Coesia North America 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Coesia North America 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan

The following description of the Coesia North America 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as amended, is a defined contribution plan with a cash or deferred arrangement covering substantially all non-union employees who have completed three (3) months of service. The Plan allows for an Affiliated Employer to participate in the Plan as a "Participating Employer" with approval of the signatory Employer. The original effective date of the Plan is July 1, 1987, and the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2022, the Plan was amended and restated in its entirety for statutory updates.

Contributions

The Plan provides for contributions by participating employees of an amount not to exceed the maximum amount allowable under the applicable provisions of the Internal Revenue Code of 1986, as amended.

During 2023 and 2022, the Employers contributed a safe harbor matching contribution equal to one hundred percent (100%) of the first six percent (6%) of a participant's Plan Compensation deferred into the Plan.

Rollovers

The Plan permits participants to transfer distributions from other qualified plans into the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employers' contributions and Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined, and the participant's selection of investments. The participants direct the investment of their account balances among certain investment options offered by the Plan. The Employers' contributions are invested in accordance with the participant's investment selection.

Investment Options

Participants may direct their contributions into various investment options offered by the Plan. Except for the Reliance Trust Stable Value Fund, there is no guarantee of principal or earnings when participating in these investments.

Vesting

All participants are immediately vested in their salary reduction, safe harbor matching and rollover accounts at the time such contributions are made. Participants are not vested at all in certain nonelective accounts until the completion of three years of vesting service at which time they become fully vested.

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in certain nonelective Employers' contributions. Forfeited amounts may be used to reduce Employers' contributions or pay Plan expenses. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$0, respectively. During 2023 and 2022, forfeitures were not used to reduce Employer contributions or pay Plan expense.

1. Description of the Plan (Continued)

Payment of Benefits

The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions made and income earned on investments, net of expenses. Upon service or disability retirement, death, or termination, a participant or beneficiary will receive an amount equal to the value of his account, including earnings. The benefit will be paid as a lump-sum, substantially equal payments, or partial withdrawals.

Loans and Hardship Withdrawals

Under the Plan, participants with account balances may borrow a minimum of \$1,000 or the lesser of \$50,000 or fifty percent (50%) of the amount in the participant's vested account balance. Loans are to be repaid through payroll deductions on the basis of substantially level amortization, within five (5) years from the date the loan is made, or longer if for the purchase of a principal residence. The Plan also provides for withdrawals from the participant's salary reduction account balance in the event of immediate and heavy financial need.

Payment of Expenses

All expenses of administration may be paid out of the Plan unless paid by the Employers. Such expenses shall include any expenses incident to the functioning of the administrator, including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the Plan. However, the Employers may reimburse the Plan for any administration expenses incurred. Any administration expenses paid to the Plan as a reimbursement shall not be considered Employers' contributions. The Employers elected to pay some administration expenses incurred in 2023 and 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan reports on a modified cash basis of accounting in which contributions and investment income are recorded when received rather than when earned and distributions and expenses are recorded when paid rather than when incurred.

Use of Estimates

The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

The Plan presents in the statements of changes in net assets available for benefits (modified cash basis), the net investment gain from common/collective trust, which consists of interest, dividends, realized gains or losses and unrealized appreciation on that investment. The Plan also presents in the statements of changes in net assets available for benefits (modified cash basis), the net investment gain (loss) from registered investment companies, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income is recorded when received. Capital gain distributions are included in dividend income.

3. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits (modified cash basis). The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan utilizes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Notes to Financial Statements

December 31, 2023 and 2022

4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value.

Common/collective trust: Valued at the net asset value of units of the common/collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the reported net asset value. Transactions (purchases and sales) may occur daily. There are no unfunded commitments or significant redemption restrictions at December 31, 2023 and 2022.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 178,131,004	\$ 0	\$ 0

^(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits (modified cash basis).

4. Fair Value Measurements (Continued)

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

Investment	2023	2022	Unfunded Commitment		Redemption Frequency	Redemption Notice Period
			2023	2022		
Common/ collective trust	\$ 11,434,181	\$ 11,537,843	\$ 0	\$ 0	Daily	None

5. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including all investments in registered investment companies and the common/collective trust at December 31, 2023 and 2022, and the related dividends from registered investment companies, net investment gain from common/collective trust, and net investment gain (loss) from registered investment companies for the years then ended, was obtained or derived from unaudited information supplied to the Plan administrator and certified as complete and accurate by Fidelity Personal Trust Company, FSB, the Trustee of the Plan.

6. Tax Status

The Employers adopted the CCH Incorporated, DBA ftwilliams.com Basic Plan Document #01, a pre-approved defined contribution plan, and need not apply for a separate determination letter, but instead may rely on the opinion letter issued by the Internal Revenue Service (dated June 30, 2020) stating that employers who adopt the Plan will be considered to have a plan qualified under Code section 401. Accordingly, the Plan's net investment income is exempt from tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

While the Employers have not expressed any intent to terminate the Plan, they are free to do so at any time. Upon termination of the Plan by the Employers, the accounts of the affected participants shall become fully vested, and assets remaining in the fund after payment of appropriate expenses shall be distributed to participants in proportion to their respective account balances.

8. Party-In-Interest

The Plan has investments managed by an affiliate of Fidelity Personal Trust Company, FSB. Fidelity Personal Trust Company, FSB acts as Trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rule.

During 2023 and 2022, fees paid by the Plan to parties-in-interest for investment advisory, recordkeeping, administrative and auditing services totaled \$196,228 and \$219,677, respectively.

9. Subsequent Events

The Plan's management evaluated the activity of the Plan through October 3, 2024 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
