Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We were engaged to perform an audit of the financial statements of OCLC Supplemental Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Disclaimer of Opinion of the 2023 Financial Statements

We do not express an opinion on the accompanying financial statements of the Plan referred to in the first paragraph. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion of the 2023 Financial Statements* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion of the 2023 Financial Statements

The Plan does not have sufficient accounting records and supporting documents prior to January 1, 2009, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of December 31, 2023, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the year then ended. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion of the 2023 Financial Statements* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter — 2023 Supplemental Schedule Required by ERISA

As described in the notes to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, pursuant to the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompany statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions. Accounting principles generally accepted in the United States of America required that these accounts and the related income and distributions be included in the accompanying financial statements.

Other Matter — Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of OCLC Supplemental Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 6, 2023 disclaimed an opinion on those statements because of the departure from generally accepted accounting principles described in the *Basis for Disclaimer of Opinion of the 2023 Financial Statements* section of our report.

Plan Description

The following brief description of the OCLC Supplemental Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information. Copies of this document are available from the plan administrator.

General

OCLC, Inc. (the Company) established the Plan, which is an Internal Revenue Code (IRC) Section 403 (b) defined contribution plan, effective July 1, 1976. The Plan was last restated as of January 1, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Employees of the Company and its controlled group of corporations are eligible to participate, provided they have met certain eligibility requirements as defined in the Plan agreement. Participants may contribute a portion of their annual compensation, provided that such contribution does not exceed the Internal Revenue Service (IRS) prescribed limitations. Participants who attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollforwards). The Company does not contribute to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

The Plan maintains separate accounts for each participant. Each participant's account is credited with his or her contributions and an allocation of Plan earnings. Participants may elect to allocate these contributions to a series of mutual funds, money market, and a stable value asset fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser 50% of the participant's vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or directly by participants. Loan repayment terms are not to exceed five years, unless the loan will be used by the participant to acquire the participant's principal residence.

Plan Description (continued)

Payment of Benefits

A participant may receive the value of his or her vested account upon retirement, disability or termination. Upon death of a participant, the beneficiary shall be entitled to the full value of the account. Distributions are made in either a lump-sum or equal installments not to exceed the life expectancy of the participant. Hardship withdrawals, as defined in the Plan, are also available to participants.

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 or 2022 financial statements.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, excluding the stable value asset fund, are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The most relevant measurement attribute for a fully benefit-responsive investment contract is contract value, which is the amount participants would receive should they initiate a transaction; therefore, the Plan's investment contract is reported at contract value in the statements of net assets available for benefits.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits to participants are recorded when paid.

Administrative Expenses

All administrative costs and expenses of the Plan are paid by the Company, with the exception of loan and investment fees, which are paid by the participant or netted against investment earnings, respectively.

Fair Value Measurements

US GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets or liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds – Valued at the net asset value (NAV) or shares held by the Plan at year-end.

Money Market – Cost approximates fair value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of

certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Guaranteed Investment Contract

The Lincoln Stable Value Asset Fund is a fully benefit-responsive guaranteed fixed annuity contract available as an investment option to Plan participants. The fixed annuity contract is issued by Lincoln National Life Insurance Company (Lincoln), which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. Lincoln is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings less participant withdrawals. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with Lincoln, including (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No known events are probable of occurring that might limit the ability of the Plan to transact at contract value with Lincoln and that also would limit the ability of the Plan to transact at contract value with the participants.

Guaranteed Investment Contract (continued)

In addition, certain events allow Lincoln to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of Lincoln.

Tax Status

The Plan is an individually designed plan that has, since its original adoption, been designed to be a tax-qualified IRC Section 403(b) plan. Since its adoption, the Plan has been amended as necessary so the Plan can maintain its tax-qualified status under IRC Section 403(b). The Company believes that terms of the Plan meet the tax-qualification requirements under IRC Section 403(b).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be substantiated by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions, however there are currently no audits for any tax periods in progress.

Contracts and Accounts Excluded from Plan Assets

The Plan administrator has determined that certain annuity contracts and/or custodial accounts satisfy the terms and conditions of the DOL's Field Assistance Bulletin No. 2009-02 (listed below). As a result, these contracts and/or accounts have been excluded from the Plan's financial statements and the scope of audit as of December 31, 2023 and 2022. These annuity contracts are individually titled to the owner of the annuity and not held in trust by the Plan.

- a. The contracts and/or accounts were issued to a current or former employee before January 1, 2009.
- b. The Company ceased to have any obligation to make contributions (including employee salary reduction contributions) and, in fact, ceased making contributions on the contracts and/or accounts before January 1, 2009.
- c. All of the rights and benefits under the contracts and/or accounts are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the Company.
- d. The individual owners of the contracts are fully vested in the contracts and/or accounts.

Party in Interest Transactions

Parties-in-interest are defined under Department of Labor (DOL) Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan paid administrative fees to Lincoln Financial Group Trust Company, Inc. for services rendered which amounted to \$14,679 during 2023.

Plan Termination

The Company has the right to discontinue its contributions at any time. Although it has not expressed any intent to do so, the Company also has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants' accounts will become fully vested.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2023 statement of net assets available for benefits.

Subsequent Events

The Plan evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the consolidated financial statements were available to be issued, and determined that there have been no events that have occurred that would require adjustments to the financial statements or disclosures.
