INDEPENDENT AUDITOR'S REPORT

The Management and the Administrative Committee of
Custard Insurance Adjusters Savings Plan
Peachtree Corners, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Custard Insurance Adjusters Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Custard Insurance Adjusters Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Custard Insurance Adjusters Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Custard Insurance Adjusters Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Custard Insurance Adjusters Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Custard Insurance Adjusters Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of

Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CUSTARD INSURANCE ADJUSTERS SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN

The following description of the Custard Insurance Adjusters (the "Company") Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed three months of service and are age 18 or older. The Plan includes an automatic elective deferral provision of 4% of participant pay. The participant may affirmatively elect a different percentage or elect to not make elective deferral contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan, not to exceed the maximum annual dollar limit set by law. Generally, the law imposes a maximum limit on the amount of contributions received under the Plan. This limit applies to all employer and participant contributions and any other amounts allocated to participant accounts during the Plan year, excluding earnings. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distribution from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their deferral rate set at a pre-determined percentage of eligible compensation and their contributions invested in designated funds until changed by the participant. The Company currently contributes "discretionary contributions" to the Plan. The Company is not required to make discretionary contributions and may stop without notice at any time. All contributions are invested in a variety of investment choices as more fully described in the Plan's literature.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of a) Company's contributions and b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

CUSTARD INSURANCE ADJUSTERS SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years, unless loan is for the purchase of a primary residence. The loans are secured by a pledge and by assignment of the participant's vested account balance and bear interest at rates that range from 4.25% to 9.5%, which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

6. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annuity payments as provided in the Plan. Upon termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

A participant, who has attained normal retirement age under the Plan, the later of age 65 or the fifth anniversary of participation in the Plan, may receive a distribution of his or her vested account balance without separation from service. A participant who has attained age 59.5 may withdraw elective deferrals without separation from service.

Hardship withdrawals are permitted as defined in the Plan.

7. Forfeitures

Forfeitures, as described in the Plan documents, can be used to cover costs of administration of the Plan and to reduce employer discretionary contributions. The total amount of forfeitures for 2023 used to cover costs of administration of the Plan was \$6,790. At December 31, 2023 and 2022 forfeited nonvested accounts totaled \$81,830 and \$47,113, respectively.

8. Expenses of the Plan

Plan fees and expenses, including fees and expenses connected with the providing of administrative services by external service providers, are paid from the forfeitures account. Any remaining amount is paid by Plan sponsor.

9. SECURE 2.0 Act

On December 29, 2022 the SECURE 2.0 Act was signed into law as part of the Consolidated Appropriations Act, 2023. The act contained required and optional provisions aimed at improving coverage and savings with effective dates ranging from immediate to 2024 and beyond. Principle areas of the act addressed participating savings assistance, required minimum distributions (RMD), catch-up contributions and lost participants.

All provisions of SECURE 2.0 will be evaluated and implemented in accordance with future regulations and guidance and the Plan will be amended as needed.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note J for discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value which is the relevant measurement attribute because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of Benefits

Benefit payments to participants are recorded upon distribution. Corrective distributions (excess contributions) payable generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules.

5. Notes Receivable Valuation

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed as incurred.

CUSTARD INSURANCE ADJUSTERS SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

6. Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Because they were paid through direct payment, fees related to distributions and to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

7. Accounting Policy Recently Adopted

Effective January 1, 2023, the Plan adopted ASU 2016-13, *Financial Instruments - Credit Losses (Topic 326) Measurement of Credit Losses on Financial Instruments (ASC 326)*. This standard replaced the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss ("CECL") methodology. CECL requires an estimate of credit losses for the remaining estimated life of the financial asset using historical experience, current conditions, and reasonable and supportable forecasts and generally applies to financial assets measured at amortized cost. Financial assets measured at amortized cost will be presented at the net amount expected to be collected by using an allowance for credit losses. The Plan adopted ASC 326 and all related subsequent amendments using the modified retrospective approach.

The standard had no material impact on the Plan's statement of net assets available for benefits and related disclosures.

8. Subsequent Events

In accordance with GAAP, the Plan has evaluated subsequent events through October 1, 2024, the date the financial statements were available to be issued, for accounting and disclosure purposes.

NOTE C - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of various mutual funds managed by Voya Institutional Trust Company ("Voya"). Voya is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund because they were paid through revenue sharing rather than a direct payment. Expenses incurred by the Plan for the administrative services amounted to \$21,919 for the period ending December 31, 2023.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged and pays directly other fees related to the Plan's operations.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

NOTE D - MARKET CONDITIONS

Changes in investment returns and fair values can have a significant effect on the Plan. Management is monitoring investment market conditions and the impact such changes are having on the Plan's investment portfolio. Due to the volatility of the financial markets, there is uncertainty regarding the impact which continued volatility may have on the Plan's investment portfolio.

NOTE E - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following investment information regarding the plan, included in the accompanying financial statements and supplemental schedule, was prepared by, or derived from, information prepared by Voya and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information is complete and accurate as of December 31, 2023 and 2022.

CUSTARD INSURANCE ADJUSTERS SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE H - TAX STATUS

The Plan adopted a non-standard form of a prototype plan sponsored by Voya. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that "more than likely than not" would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

CUSTARD INSURANCE ADJUSTERS SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

NOTE I - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The plan entered into a benefit-responsive investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.00%.

The determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Total contract value of each type of fully benefit-responsive contracts at December 31:

	<u>2023</u>	<u>2022</u>
Traditional investment contract	<u>\$ 2,734,817</u>	<u>\$ 2,832,503</u>

NOTE J - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

CUSTARD INSURANCE ADJUSTERS SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

Mutual funds: Valued at their net asset value (NAV) which is based on values provided by the Fund custodian. These values are published and transacted daily.

Money market fund (holding account): Various underlying variables. Fair market value can not be determined until asset is traded or sold.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023
