Independent Auditor's Report

To the Sage Automotive Interiors, Inc. 401(k) Plan and Participants
Greenville, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sage Automotive Interiors, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sage Automotive Interiors, Inc. 401(k) Plan
Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Sage Automotive Interiors, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan established on October 15, 2014 and is offered to employees of Sage Automotive Interiors, Inc. (the “Company”). The Plan is considered to be a “safe harbor 401(k) plan,” and as a result, a nonelective contribution is made by the Company and vests immediately. The Plan is funded by participant and Company contributions and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All employees who are at least 18 years of age and have completed 90 days of service are eligible to participate in the Plan.

Contributions – A participant may contribute a portion of his or her pretax annual compensation up to a maximum of \$22,500 for the year ended December 31, 2023. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company’s matching contribution is a discretionary percentage that is declared in the Plan documents. For the year ended December 31, 2023 the Company contributed 100 percent of up to 5 percent of base compensation that a participant contributed to the Plan.

Participant Accounts – Each participant’s account is credited with the participant’s contributions, rollover contributions, and allocations of (a) the Company’s contributions and (b) Plan earnings. Allocations are based on participant earnings and account balances, as defined in the Plan document.

Vesting – Participant and Company contributions are fully vested and nonforfeitable at all times.

Forfeited Accounts – At December 31, 2023 and 2022, forfeited non-vested accounts were \$0. While both participant and matching Company contributions are fully vested at the time of contribution, any excess elective deferral contributions repaid to the participant will result in the forfeiture of any matching contributions made because of those elective deferral contributions. During the years ended December 31, 2023 and 2022, there were no such forfeitures.

Notes Receivable from Participants – A participant may borrow from the Plan, subject to the approval of the Plan administrator. A participant may have up to two outstanding loans at a time. The minimum borrowing is \$1,000. The Internal Revenue Service (“IRS”) limits the maximum amount a participant can borrow at the lesser of \$50,000 or 50% of the amount the participant has vested in the Plan.

The loans are secured by the balance in the participant’s account and bear interest at a rate comparable to similar loans from commercial lending institutions. Current interest rates on outstanding loans are between 4.25% and 9.50%.

Payment of Benefits – Subject to certain conditions, a participant may make withdrawals from his or her vested account balance in the Plan while employed. Upon termination of employment for any reason other than retirement (including disability or death), the total vested value of the account is distributed to the participant or the participant’s beneficiary. In the case of retirement, the participant may choose from one of the Plan’s several distribution alternatives. The Company did not pay any corrective distributions during the years ended December 31, 2023.

Funding – The Company’s policy is to fund the Company match of participant deferrals within the Department of Labor’s required timeframes.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of the Plan’s financial statements in conformity with accounting principles generally accepted in the United States of America requires that management make estimates and use assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates. The most significant estimate affecting the Plan is the fair value of the investments.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The guaranteed investment contract is reported at contract value which approximates fair value. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains/losses on investments bought and sold as well as held. Capital gain distributions are included in dividend income.

Administrative Expenses – Certain expenses incurred in connection with the administration of the Plan, including accounting fees, are paid by the Company and, as such, are not an expense of the Plan.

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable from Participants – The notes receivable are measured at carrying value, which is the remaining unpaid balance, and are considered delinquent and written off as a deemed distribution when 90 days past due. During the year ended December 31, 2023, the Plan had written off \$32,604 of delinquent participant loans as deemed distributions. No allowance for loss on receivables from participants is provided based on loans being secured by the participants’ account balance.

Note 3. Information Certified by the Trustee (unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022;
- interest and dividend income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023; and
- investment information included in the schedule H, line 4i-schedule of assets (held at end of year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

During the years ended December 31, 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by \$6,989,374.

FASB ASC subtopic 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC subtopic 820-10 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by the observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Guaranteed Investment Contract

The guaranteed investment contract is a benefit-responsive group annuity contract issued by Transamerica Retirement Solutions Company. The methodology for calculating the interest crediting rate is defined in the contract under the term “Declared Rate”. Under the terms of the existing contract, the Composite Crediting Rate is currently reset on an annual basis and will never be less than the Minimum Guaranteed Interest Rate.

The methodology for calculating the Minimum Guaranteed Interest Rate is defined in the contract under the term “Minimum Guaranteed Interest Rate.” Changes in future interest crediting rates will not affect the amount reported as an adjustment from fair value to contract value on the statement of net assets available for benefits for the portion of net assets attributable to fully benefit-responsive investment contracts. Contract value is considered deposits made, plus interest credited under the terms of the contract, less any withdrawals.

The guaranteed investment contract is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a Stable Value fund. As a result, the average yield earned by the plan is the yield earned (i.e. interest credited) on the group annuity contract.

The Composite Crediting Rate history for the contract is as follows:

<u>Time Period</u>	<u>Rate</u>
January 1, 2023 - December 31, 2023	2.35%
January 1, 2022 - December 31, 2022	1.95%

By definition, the guaranteed investment contract is an insurance contract. As a result, the plan may transact according to the terms defined in the contract at any time.

Sage Automotive Interiors, Inc. 401(k) Plan
Notes to Financial Statements

Note 4. Fair Value Measurements (continued)

The contract defines the circumstances and amounts for which the Plan may terminate its interest in the contract. The issuer, Transamerica Retirement Solutions Company, has the right to no longer receive deposits under the contract. However, the circumstances for termination of the contract are still subject to provisions of the contract.

The balance of the guaranteed investment contract was \$2,810,502 and \$2,957,134 at December 31, 2023 and 2022, respectively.

Note 5. Related-Party Transactions

Certain Plan investments (the guaranteed investment contract) are managed by the Trustee and therefore, qualify related transactions as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$134,473 for the year ended December 31, 2023.

Note 6. Concentrations of Credit Risk

All Plan assets are invested with the Trustee. Such investments are subject to credit and market risk associated with (1) the credit worthiness of the Trustee, (2) the credit worthiness of underlying issuers, and (3) fluctuations in market value inherent with changes in economic conditions.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination, participants remain 100% vested in their accounts.

Note 9. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Sage Automotive Interiors, Inc. 401(k) Plan
Notes to Financial Statements

Note 9. Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax periods open for examination by taxing authorities include the years ended December 31, 2023, 2022 and 2021.

Note 10. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date of December 31, 2023, for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through October 4, 2024, the date these financial statements were available to be issued, and there were no events that required disclosure in these financial statements.
