Independent Auditor's Report

The Plan Administrator and participants
BHJ USA, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of BHJ USA, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BHJ USA, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BHJ USA, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures

include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BHJ USA, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BHJ USA, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H-Part IV, Line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BHJ USA, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

The following description of the BHJ USA, LLC 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of BHJ USA, LLC (the Employer). Participants age 18 years or older are eligible on the first of the following month after the participating employee has two months of service with the Employer as defined by the Plan agreement. The Plan Administrator is responsible for the oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may contribute 90% of their pretax annual compensation, as defined by the Plan agreement, up to the Internal Revenue Service limit. Participants who have attained age 50 before the end of the Plan year, are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer may provide discretionary contribution amounts at the option of the Employer's board of directors.

During 2023 and 2022 the Employer provided a Company matching contribution of 100% of the first 3% of an eligible employee's deferral of eligible wages and an additional Safe Harbor match of 50% on the next 2% of an eligible employee's deferral of eligible wages. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contributions and (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vesting in their own contributions plus any earnings (losses) thereon. Employees are immediately 100% vested in Company matching and Safe Harbor contributions, plus any earnings (losses) thereon, made after January 1, 2019.

BHJ USA, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Vesting in the Employer's contributions, plus any earnings (losses) thereon, made prior to January 1, 2019 is based on continuous years of service. A participant is 20% vested after two years of service, as defined, and continues to vest 20% each consecutive year until 100% vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account, mature through January of 2029, and bear interest at rates ranging from 5.25% to 10.50% which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably monthly through payroll deductions.

Payment of Benefits

Participants or their beneficiaries are eligible for benefits upon retirement (age 65) or early retirement (age 55), termination of employment, death or disability. Participant account balances totaling \$5,000 or less are distributed in a lump-sum payment amount equal to the vested balance in the participant's account.

Participants with vested account balances greater than \$5,000 will be paid under one or more of the optional forms available under the Plan, which include a lump sum payment or the purchase of an annuity contract. The amount of payment from an annuity contract will depend on the participant's vested account balance, the participant's age, the age of the participant's survivor, and the payment option selected.

Forfeited Accounts

Forfeited non-vested accounts totaled approximately \$5,200 as of December 31, 2023 and \$3,200 as of December 31, 2022. The Employer may elect to use forfeited non-vested accounts to reduce Employer contributions, pay Plan administrative expenses, or reallocate the forfeited non-vested accounts to eligible participants. During the year ended December 31, 2023, \$283 of forfeited non-vested accounts were used to reduce Employer contributions.

(2) Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported

BHJ USA, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and the Trustee. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan management has evaluated subsequent events through October 2, 2024, the date the financial statements were available to be issued.

(3) Information Certified by Reliance Trust Company

The following is a summary of the investment information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule that was prepared or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Trustee that information provided to the Plan Administrator by the Trustee relating to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and

BHJ USA, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule relating to the following investments:

	December 31, 2023	December 31, 2022
Investments at fair value :		
Mutual funds	\$ 5,249,601	3,923,710
Common / collective trust funds	283,286	178,199
	<u>5,532,887</u>	<u>4,101,909</u>
Investments at contract value -		
Invesco Stable Asset	162,008	144,453
	<u>\$ 5,694,895</u>	<u>4,246,362</u>

	December 31, 2023
Investment income:	
Net appreciation in fair value of investments	\$ 534,016
Dividends	246,364
	<u>\$ 780,380</u>

(4) Invesco Stable Value Contract

The Plan has entered into a fully benefit-responsive guaranteed investment contract with Invesco. Invesco maintains the contributions in a general account. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract value of the Invesco Stable Asset fully benefit-responsive investment contract at December 31, 2023 and 2022 was \$162,008 and \$144,453, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events, such as the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, premature termination of the guaranteed investment contract by the Plan or termination of the Plan, would limit the

BHJ USA, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Plan's ability to transact at contract value with Invesco. The Plan Administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with participants is unlikely.

(5) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Employer contributions portion of their account.

(6) Tax Status

The Plan is based on a prototype plan which has received a letter from the Internal Revenue Service stating that the prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue (IRC). Although the Plan has been amended since receiving the letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of these investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

BHJ USA, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are shown as Level 1.

Common/Collective Trust Funds: Common/collective trust funds are composed of investment contracts that are valued at the net asset value of the units of the common/collective trusts. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur immediately. If the Plan initiates a full redemption of the collective trust, no notice to the issuer is required. Investments in common/collective trust funds are not classified according to fair value hierarchy, in accordance with ASU 820, as the net asset value is used as a practical expedient to value the investment.
