INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Lyon Gear & Machine, Inc.
Profit-Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Lyon Gear & Machine, Inc. Profit-Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lyon Gear & Machine, Inc. Profit-Sharing Plan & Trust financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lyon Gear & Machine, Inc. Profit-Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lyon Gear & Machine, Inc. Profit-Sharing Plan & Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lyon Gear & Machine, Inc. Profit-Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lyon Gear & Machine, Inc. Profit-Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2023, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Lyon Gear & Machine, Inc. Profit-Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing and 401(k) plan covering substantially all employees of Lyon Gear & Machine, Inc. ("Sponsor") who have attained one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, subject to certain limits imposed by law, participants may elect to contribute a portion of annual pretax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified benefit plans. The Sponsor may make discretionary matching and profit-sharing contributions to the plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution, (b) sponsor contributions, (c) plan earnings allocable to the participant's account and (d) forfeitures of any nonvested portion of terminated participant accounts. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting

Participants are immediately 100 percent vested in participant contributions plus actual earnings thereon. Vesting of sponsor contributions and actual earnings thereon is based on years of continuous service. A participant is 100 percent vested in sponsor contributions after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000. Loan transactions are treated as transfers to (from) the investment funds from (to) the participant loans fund. Loan terms range up to five years or longer if the funds are used to acquire a primary residence. The loans are collateralized by the balance in the participant's vested account or primary residence, if applicable, and bear interest at a rate commensurate with local prevailing rates. Payments of principal and interest are made through regular payroll deductions.

NOTE 1 – DESCRIPTION OF THE PLAN-CONTINUED

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account, or take partial withdrawals (only to the extent required by law). Withdrawals from a participant's salary deferral account balance may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Withdrawals from a participant's rollover account may be made at any time. Additionally, in-service withdrawals are allowed in accordance with the provisions specified in the Plan for participants who have attained age 59 ½.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sale of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of each type of investment, which includes gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.50%. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES-CONTINUED

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Plan management has evaluated events and transactions for potential recognition or disclosure through October 11, 2024, which is the date the financial statements were available to be issued.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE 4 – CONTRACT WITH INSURANCE COMPANY

The Sponsor entered into an unallocated non-participating group annuity contract (pooled separate accounts and general account) with John Hancock (custodian), under which the Sponsor deposits annual contributions. John Hancock maintains the contributions to the pooled separate accounts in a pooled account and contributions to the general account in its general account. These accounts are credited with earnings from the underlying investments (principally mutual funds) and charged for administrative expenses and, at the discretion of the Plan's administrator, withdrawals to pay benefits to named participants or their beneficiaries. The payment options available are specified in the contract.

NOTE 5 – FAIR VALUE MEASUREMENTS

The fair value framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

LYON GEAR & MACHINE, INC.
PROFIT-SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

(SEE ACCOMPANYING INDEPENDENT AUDITORS' REPORT)

NOTE 5 – FAIR VALUE MEASUREMENTS-CONTINUED

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Pooled separate accounts invested in various mutual funds:

The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation: dividing the net assets by the number of units outstanding.

General accounts invested in John Hancock guaranteed accounts: The plan sponsor evaluates the general financial condition of the issuer of the annuity contract that is owned by the plan as a component of validating whether the calculated contract value of the guaranteed contract is an accurate value; contract value is determined to not be materially different than fair value.

The methods prescribed above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investments at fair value	<u>\$ -</u>	<u>\$ 5,122,258</u>	<u>\$ -</u>	<u>\$ 5,122,258</u>

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds purchased by John Hancock at the direction of the Plan's participants. John Hancock is a fiduciary as defined by ERISA and, therefore, these transactions qualify as party-in-interest transactions

NOTE 7 – PLAN ADMINISTRATIVE EXPENSES

Certain administrative expenses of the Plan have been paid by the Plan sponsor during the year ended December 31, 2023. Fees paid by the Plan to related parties consisted of \$22,854 to John Hancock for recordkeeping, \$5,562 to Capital Advisory Group for investment advisory services, and \$2,750 to Great Lakes Pension for third-party administrative fees.

NOTE 8 – CERTIFICATION BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividend income and participant loan interest for the year ended December 31, 2023, was obtained or derived from information supplied by the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (custodian of the Plan.)

NOTE 9 – TAX STATUS

Effective January 1, 2016, the Plan was amended to conform to applicable federal tax laws under a Volume Submitter Plan which received a favorable IRS advisory in March 2014. Although the Plan has not requested determination from the Internal Revenue Service (IRS) as to the Plan's tax- exempt status, Plan management believes that the Plan has been operating and is designed to operate in accordance with all applicable provisions of the Internal Revenue Code.

Therefore, management believes that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

The Plan is open to examination for all years beginning with and subsequent to the year ended December 31, 2020.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
