INDEPENDENT AUDITORS' REPORT

To the Officers and Directors of Gold Bond 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Gold Bond 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gold Bond 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gold Bond 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gold Bond 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gold Bond 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GOLD BOND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

(1) DESCRIPTION OF PLAN

The following description of the Gold Bond 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Gold Bond, Inc. (the Company) who have completed two months of service and have reached age twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The employer contributes a safe harbor matching contribution of 100 percent up to the first four percent of compensation that a participant contributes to the Plan. Participants may contribute a percentage of compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code. Participants may also contribute amounts from other qualified plans, i.e. rollovers, without benefit of Company matching contributions.

The Plan Sponsor may contribute a discretionary amount authorized by the Plan Sponsor's Board of Directors; however, such discretionary contributions by the Plan Sponsor are not required. No discretionary employer contributions were made by the Plan Sponsor during the years ended December 31, 2023 and 2022.

Participant accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the discretionary employer contribution account is based on years of service. A participant is 100 percent vested after six years of credited service.

Investment options

Participant contributions as of December 31, 2023 and 2022, have been invested in mutual funds and fixed annuities of Empower Retirement. Upon enrollment in the Plan, a participant may direct employee and employer contributions as desired into any of the available investment options. Participants may change their investment options at any time.

Payment of benefits

Upon termination, retirement, disability, or death, a participant may elect to receive a lump sum amount equal to the value of the participant's account if consented to by the plan administrator.

Forfeitures

If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$40,997 and \$22,116, respectively. For the years ending December 31, 2023 and 2022, forfeitures of \$1,545 and \$0 were used to reduce employer matching contributions, respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

(1) DESCRIPTION OF PLAN (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Notes can be made only for financial necessity or hardship. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rates on the outstanding principal notes range from 4.25 percent to 9.50 percent.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are maintained by Empower Retirement and are stated at the fair value of the underlying assets for mutual funds and contract value of the underlying assets for fixed annuities. The change in the difference between current value and the cost of prior year market value of the investments is reported as appreciation or depreciation of the investments. Purchases and sales are recorded on a trade date basis. Shares in mutual funds are valued at the net asset value of shares held by the Plan at year end. Shares in the guaranteed portfolio are valued based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

Expenses

The Plan's expenses are paid either by the Plan or the plan sponsor, as provided by the plan document. Expenses that are paid directly by the plan sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

(3) INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Retirement has certified that the following information, as well as the investment information in the notes to the financial statements and information included in the Schedule of Assets (Held at End of Year) as of and for the years ended December 31, 2023 and 2022 are complete and accurate.

	<u>2023</u>	<u>2022</u>
Investments at fair value	\$ 4,940,907	\$ 4,508,594
Investments at contract value	\$ 1,063,510	\$ 774,414
Net appreciation (depreciation) of investments	\$ 783,760	\$ (701,768)
Notes receivable from participants	\$ 69,834	\$ 41,446
Interest on notes receivable from participants	\$ 2,377	\$ 1,777

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) FAIR VALUE

FASB ASC 820-10 defines fair value as the price the Plan would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment. FASB ASC 820-10 established a three tier hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1

Inputs are unadjusted and represent quoted prices in active markets for identical assets or liabilities at the measurement date.

Level 2

Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3

Inputs are unobservable and supported by little or no market activity.

Mutual funds – Fair values equal the net asset values (NAV) of shares held by the Plan at year end. The NAV is based on the value of the underlying assets owned by the fund minus its liabilities, divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified at Level 1.

Key guaranteed portfolio fund – Contract value equals the reported daily value based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

(4) FAIR VALUE (continued)

Recurring measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

	<u>Fair Value Measurements Using</u>			
	<u>Quoted Prices</u>			
	<u>In Active</u>	<u>Significant</u>	<u>Significant</u>	
	<u>Markets for</u>	<u>Other</u>	<u>Unobservable</u>	
	<u>Identical</u>	<u>Observable</u>	<u>Inputs</u>	
	<u>Assets</u>	<u>Inputs</u>	<u>Inputs</u>	
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
<u>December 31, 2023</u>				
Mutual funds	\$ 4,940,907	\$ -	\$ -	\$ 4,940,907
Investments at contract value				1,063,510
				<u>\$ 6,004,417</u>
<u>December 31, 2022</u>				
Mutual funds	\$ 4,508,594	\$ -	\$ -	\$ 4,508,594
Investments at contract value				774,414
				<u>\$ 5,283,008</u>

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2023 and 2022, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

(5) INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a fully benefit-responsive investment contract with Empower Retirement. Empower Retirement maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the basis of accounting disclosure, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower Retirement, represents contributions made under the contract, plus earnings, less participant withdrawal or transfer of all or a portion of their investment at contract value.

GOLD BOND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

(5) INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022, was \$1,063,510 and \$774,414, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, which will not be less than one percent or greater than three percent. Such interest rates are reviewed on a semiannual basis for resetting.

(6) RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower Retirement. Empower Retirement is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$48,710 for the year ended December 31, 2023 and \$34,635 for the year ended December 31, 2022.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

(8) INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

(9) RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

(10) SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 3, 2024, the date which these financial statements were available for issue.
