INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Participants of the
Heritage School of Newnan Retirement Plan
Newnan, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Heritage School of Newnan Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit2]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Heritage School of Newnan Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023, and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Heritage School of Newnan Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Heritage School of Newnan Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted

in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Heritage School of Newnan Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Heritage School of Newnan Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following is a brief description of the Heritage School of Newnan Retirement Plan (the "Plan"). Participants or other interested parties should refer to the plan agreement for a more complete description of the Plan's provisions.

A. General

Prior to January 1, 2015, The Heritage School, Inc. (the "School") had two plans, "Heritage School of Newnan Defined Contribution Retirement Plan ("Plan 001") and the "Heritage School of Newnan 403(b) TDA Plan ("Plan 002)". Plan 001 and Plan 002 were defined contribution plans with an effective date of September 1, 1984. These plans were merged into Plan 001 on January 1, 2015. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the requirements of Section 403(b) of the Internal Revenue Code.

The School is the sponsor, trustee and administrator of the Plan and the custodians are TIAA-CREF and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") (collectively the "Custodians"). The Custodians manage the investments as directed by participants and provide recordkeeping services for the Plan. Effective April 15, 2021, the School moved the Plan from TIAA-CREF to Principal. Initially, plan account balances, not held in the TIAA Traditional Fund, were automatically transferred to target date investment funds maintained by Principal. The TIAA Traditional Fund contract with the School contains restrictions that will not allow these funds to transfer. Therefore, TIAA will liquidate and transfer funds in this account to Principal as Participants become eligible to move the money and a proper request is made. During this transition period, permissible withdrawals and distributions will continue to be available from these assets at TIAA, subject to the Plan's established eligibility guidelines.

The Plan was amended in July 2020 to suspend fixed employer matching contributions and allow for discretionary matching contributions effective July 1, 2020. From this date through October 2022 the School did not make any discretionary matching contributions. In November 2022, the School reinstated the matching contribution at 100 percent of participant's deferred contributions up to a maximum of 3 percent.

Effective July 1, 2022, the Plan no longer allows participants to receive loans from the Plan.

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

B. Eligibility

Employees contracted to work at least 1,000 hours per year/50% FTE are eligible on the date of hire to make elective deferrals to the Plan. All employees who have reached the age of 21 and have completed one full year of employment with 1,000 hours of service annually are eligible for a discretionary match. The Employer may make a discretionary matching contribution equal to a uniform percentage or dollar amount of your elective deferrals. Each year, the employer will determine the formula for the discretionary matching contribution.

C. Contributions

Participants may contribute up to the applicable limit pursuant to Internal Revenue Code Section 403(b) of their pre-tax annual compensation, as defined by the Plan, subject to certain limitations for highly compensated individuals. Participants who attained age 50 before the end of the Plan year may make additional catch-up contributions. Effective November 1, 2022, the School provides a matching contribution of 100 percent of the employee's deferral up to a maximum of 3 percent.

D. Participant Accounts

Each participant's account is credited with the participant's contribution, the School's contributions, and an allocation of the investment income (loss). Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are immediately vested in their voluntary contributions and the School's contributions plus actual earnings thereon.

F. Loans to Participants Secured by Participant Accounts

Previously, participants could borrow directly from TIAA-CREF using a portion of their Plan account as security for the loan. Such loans are subject to certain limitations. Applicants receiving such loans are required to pledge as collateral an account value equal to 110% of the outstanding loan amount for the period the loan is outstanding. Loan balances outstanding from TIAA-CREF to the Plan's participants were \$1,055 and \$5,695 as of December 31, 2023 and 2022, respectively. As such, approximately \$1,160 and \$6,265 of account values as of December 31, 2023 and 2022, respectively, serves as collateral for the related loans, which are included in investments in the accompanying Statements of Net Assets Available for Benefits.

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
STATEMENTS OF NET ASSETS AVAILABLE FOR BENEFITS
DECEMBER 31, 2023 AND 2022

During the years ended December 31, 2023, and 2022, notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. The minimum loan amount is \$1,000 and cannot exceed the lesser of 50% of a participant's vested account balance or \$50,000. Repayment of loans must be made at least quarterly and must be repaid within five years unless the loan is related to the purchase of a primary residence. The notes receivable, which are collateralized by the balance in the participant's account, bear interest ranging from 4.25% to 5.29%. Loan balances outstanding to the Plan's participants were \$6,081 and \$ 17,224 as of December 31, 2023 and 2022, respectively. Principal and interest are paid ratably through payroll deductions for notes held by Principal.

G. Payments of Benefits

Upon termination of service due to retirement, attainment of age 59½, attainment of normal retirement age before severance from employment, termination, death or disability, a participant or representative may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, upon written request and approval, participants may withdraw some or all of the elective contributions in their employee contribution account if the withdrawal is necessary due to hardship.

2. SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

B. Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

C. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment contracts which are fully benefit-responsive ("FBRIC") held by a defined-contribution plan are required to be reported at contract value. Investment contracts which are not fully benefit-responsive ("NFRIC") are required to be reported at fair value. Contract value is the amount participants with rights to a fully benefit-responsive investment contract would receive if they were to initiate a permitted transaction under the terms of the Plan. TIAA Traditional Annuity consists of fully benefit-responsive and non-benefit-responsive components. The fully benefit-responsive component is reported at contract value and the non-benefit-responsive component is reported at fair value. The Principal Guaranteed Option ("PGO") is a fully benefit-responsive contract reported at contract value. Contract value and fair value for either component approximate each other as of December 31, 2023, and 2022.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Payment of Benefits

Benefits are recorded when paid.

E. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the School and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

F. Subsequent events

Subsequent events have been evaluated by management through October 10, 2024, the date these financial statements were issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or the liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2023 and 2022, investments are the only assets that are measured at fair value on a recurring basis in periods subsequent to initial recognition. The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- The fair values of TIAA-CREF and Principal shares in registered investment companies and other mutual funds are determined by obtaining quoted prices on nationally recognized active markets (Level 1 inputs).

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
STATEMENTS OF NET ASSETS AVAILABLE FOR BENEFITS
DECEMBER 31, 2023 AND 2022

- The Plan invests in eight different accounts provided by College Retirement Equities Fund ("CREF"): Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation-Linked Bond, Social Choice, and Money Market. These accounts invest principally in equity securities, fixed-income instruments, and short-term investments in accordance with each portfolio's investment objectives. Accumulation units in CREF accounts are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. The School considers this to be a readily determinable fair value.
- The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to Plan administrators and client investors on TIAA-CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Determination of this fair value involves significant judgment. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.
- TIAA Traditional Annuity Accounts are reported at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. See Note 4 for discussion of the TIAA Traditional Annuity Account.

The Plan Administrator determines the Heritage School of Newnan Retirement Plan's valuation policies utilizing information provided by the investment advisors, custodians, and other third parties. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Traditional Annuity Contract (NFBRIC)	\$ 1,179,443	Discounted cash flow/theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA: 3.70% - 6.25% GSRA: 3% - 5.50%

4. GUARANTEED INVESTMENT CONTRACTS

The TIAA Traditional Annuity Benefit Responsive Contract is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity Benefit Responsive Contract is offered through a variety of contract types, including the Retirement Annuities ("RA") and Group Supplemental Retirement Annuities ("GSRA"). The type of contract through which a participant invests in the TIAA Traditional Annuity Benefit Responsive Contract determines the applicability of certain account features, such as guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
STATEMENTS OF NET ASSETS AVAILABLE FOR BENEFITS
DECEMBER 31, 2023 AND 2022

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity Benefit Responsive Contract during the accumulation phase of the contract, their contributions purchased a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims paying ability. The TIAA Traditional Annuity Benefit Responsive Contract also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over 10 annual installments. All other withdrawals and transfers from RA and GSRA contracts must be spread over 10 annual installments (five annual withdrawals after termination of employment). The GSRA contract provides for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity Benefit Responsive Contract is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

The Principal Guaranteed Option ("PGO") is a guaranteed general account backed group annuity contract issued by Principal Life Insurance Company to Principal Trust Company as custodian. The composite crediting rate credited to participant account balance equaled 1.90% at December 31, 2023 and 2.05% at December 31, 2022. There are no restrictions on participant transfers from the PGO to other non-competing Plan options.

5. POOLED SEPARATE ACCOUNTS

Units held in the TIAA-CREF pooled separate account ("PSA") are valued at the NAV based on the fair market value of the underlying investments of the account less its liabilities. The NAV, as provided by TIAA-CREF, is used as a practical expedient to estimate fair value. The PSA holds between 15% and 25% of its net assets in investments other than real estate and real estate related investments, comprised of publicly traded, liquid investments. Determination of fair value of the real estate assets involves significant judgement. Valuation of the PSA's real estate properties are based on real estate appraisals, which are estimates of property values based on a professional's opinion and may not be an accurate predictor of the amount the PSA would receive if it sold a property. Appraisals can be subjective in certain respects and rely on a variety of assumptions (including comparable property sales and historic pricing) and conditions at that property or in the market in which the property is located, which may change materially after the appraisal is conducted. Among other things, market prices for comparable real estate may be volatile, if there has been a lack of recent transaction activity in such market.

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
STATEMENTS OF NET ASSETS AVAILABLE FOR BENEFITS
DECEMBER 31, 2023 AND 2022

As the PSA generally obtains appraisals on a quarterly basis, there may be circumstances in the period between appraisals or interim valuation adjustments in which the true realizable value of a property is not reflected in the PSA's daily NAV calculation or in the PSA's periodic financial statements. This disparity may be more apparent which the commercial and/or residential real estate markets experience an overall and possibly dramatic decline (or increase) in property values in a relatively short period of time between appraisals.

6. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF and Principal have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, investments at contract value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023, and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent accountants did not perform auditing procedures with respect to this information other than comparing such information to the related information included in the financial statements and supplemental schedule.

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by TIAA-CREF and Principal, who are the custodians as defined by the Plan and, therefore, these investments and investment transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

9. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator has identified areas of noncompliance and has made a good faith effort to bring the Plan into compliance. The Plan administrator believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.
