Independent Auditor's Report

To the Plan Administrator and Participants
Listrak, Inc. Flexible Benefits Plan
Lititz, Pennsylvania

Opinion

We have audited the financial statements of Listrak, Inc. Flexible Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits and changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Listrak, Inc. Flexible Benefits Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the Listrak, Inc. Flexible Benefits Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan is a health and welfare benefit plan that provides benefits to all eligible employees of Listrak, Inc. (the Company), as well as former employees electing coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) provisions. In order to be eligible for health, dental, vision, short-term disability, long-term disability, life insurance, accidental death and dismemberment, and supplemental insurance, the employee must be a full-time or part-time employee who works at least 30 hours per week. Benefits are also provided to dependents of these individuals who elect coverage on their behalf. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a member of Veris Benefits Consortium, LLC, which operates as a health insurance consortium under which the members negotiate and establish employee welfare benefit plans for their employees. The employees are required to pay for a portion of the cost of the benefit.

Contributions

The Company shall contribute such amounts to the Plan as necessary for timely payment of all claims and administrative expenses of the Plan. The Company provides for stop loss insurance over a specified amount as per agreement with the reinsurance carrier, with the premiums being paid by funds deposited in the Plan. Employee contributions are determined on a fixed fee basis. The amount varies depending on the selection of individual or eligible dependent coverage.

Benefits

The Plan provides health (medical, hospital, surgical, major medical, and prescription drug benefits), dental, vision, short-term disability, long-term disability, life insurance, accidental death and dismemberment, and supplemental insurance to substantially all employees of the Company who meet the service requirements of the Plan and to their covered dependents. The Plan also provides continuation of certain benefits upon termination of employment through COBRA as defined in the plan document.

The Company provides most health insurance benefits and pays the administrative fees incurred. The employees pay a portion of their health coverage based upon the coverage chosen and also may elect dental, vision, short-term disability, long-term disability, life insurance, accidental death and dismemberment, and supplemental insurance through payroll deferrals.

All medical and prescription drug benefits are self-insured. These claims are currently processed through Capital Blue Cross. All other plan benefits are fully insured.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Note 2 - Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, claims incurred but not reported, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Payment of Benefits

Premiums paid by the Company or the trust are recorded as insurance premiums in the accompanying statement of changes in net assets available for benefits when paid.

Claim payments are recorded when paid by the third-party claims processor.

Stop Loss Insurance

The Plan has a stop loss insurance arrangement whereby the stop loss insurance will cover the Plan's obligations for any plan participant's claims in excess of a fixed dollar amount (self-insured retention). The self-insured retention for the Company was \$90,000 and \$85,000 per covered person for the years ended December 31, 2023 and 2022, respectively. Stop loss refunds of \$179,233 and \$147,546 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, respectively.

In addition, the Plan has an aggregate stop loss insurance arrangement whereby the aggregate stop loss insurance will cover the Plan's obligations if all claims exceed a fixed dollar amount. Premiums for stop loss insurance are included in insurance premiums in the accompanying statement of changes in net assets available for benefits.

Plan Benefit Obligations

Plan benefit obligations at December 31, 2023 and 2022 for health claims incurred by active participants, but not reported at that date are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment. Such estimated amounts are reported in the accompanying statement of benefit obligations. Due to the short-term nature of the reserve liability, time value of money was not used to discount future payments.

Note 2 - Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators and brokers. These expenses are reported in the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Note 3 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Interest-bearing cash account is valued at carrying value, which approximates fair value.

Listrak, Inc. Flexible Benefits Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 3 - Fair Value Measurements (continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Fair Value Measurements at December 31, 2023				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Interest-bearing cash account	\$ -	\$ 3,340	\$ -	\$ 3,340
Fair Value Measurements at December 31, 2022				
Interest-bearing cash account	\$ -	\$ 98,255	\$ -	\$ 98,255

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no transfers in or out of Level 3.

Note 4 - Tax Status

The Plan is funded through the Veris Benefits Consortium, LLC. The Veris Benefits Consortium, LLC is included on the U.S. Income Tax Return for a limited liability company Form 1065 of the third-party claims administrator for the Plan. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2020.

Listrak, Inc. Flexible Benefits Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to active employees, discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 6 - Risks and Uncertainties

The Plan invests in an interest-bearing cash account. Interest-bearing cash accounts are exposed to various risks such as interest rate, market, and credit risks. Due to the minimal level of risk associated with interest-bearing cash accounts, it is unlikely, but remotely possible, that changes in the value of the investment will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions, including level of past claims, interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 7 - Related Party Transactions

Certain plan investments are managed by UMB Bank, the custodian of the Plan from July 5, 2023 through December 31, 2023, and Univest Bank, the custodian of the Plan from January 1, 2022 through July 5, 2023 and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and custody services are immaterial.

Note 8 - Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

Note 8 - Reconciliation of the Financial Statements to the Form 5500 (continued)

The following is a reconciliation of claims paid per the financial statements to the Form 5500 for the year ended December 31, 2023:

Claims Paid, Net per the Financial Statements	\$ 2,246,201
Benefit Obligations Payable	
Beginning of year	(267,497)
End of year	<u>255,412</u>
Claims Paid per the Form 5500	<u>\$ 2,234,116</u>

Claims that have been processed and approved for payment at year end, but not paid, and claims incurred, but not reported, are not considered liabilities under accounting principles generally accepted in the United States of America and, therefore, are not presented as liabilities or claims paid in the accompanying financial statements, but are recorded on the Form 5500 as a liability.

Note 9 - Reclassification

Certain amounts in the 2022 financial statements were reclassified to conform to the 2023 presentation.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events through October 9, 2024. This date is the date the financial statements were available to be issued. No material events subsequent to December 31, 2023 were noted.
