Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance of
Gregory Pharmaceutical Holdings 401(k) Plan
Bristol, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Gregory Pharmaceutical Holdings 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed

to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Gregory Pharmaceutical Holdings 401(k) Plan

Notes to Financial Statements

December 31, 2023

Note 1 – Description of Plan

The following description of the Gregory Pharmaceutical Holdings 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Gregory Pharmaceutical Holdings, Inc. (the “Company”) who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan allows eligible participants to enter on the first day of the month.

Contributions

Each year, participants may contribute from 1% up to 80% of pretax annual compensation as defined in the Plan, up to the maximum allowed by the *Internal Revenue Code (IRC)*. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective December 6, 2023, the Plan was amended to establish auto enrollment for new hires and rehires with a 1% deferral and auto escalation of 1% at each anniversary of enrollment up to a maximum deferral rate of 4%. The amendment also permits roth elective deferrals effective December 5, 2023. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches 100% of the first 4% of eligible compensation that a participant contributes to the Plan. Contributions are subject to certain limitations. Additional profit-sharing amounts may be contributed at the option of the Company’s Board of Directors.

Matching contributions were made by the Company in 2023 totaling \$258,239.

Discretionary profit-sharing contributions were made by the Company in 2023 totaling \$-0-.

Participant Accounts

Each participant's account is credited with the participant’s contributions, the Company’s discretionary matching contribution (if any), the Company’s discretionary profit-sharing contribution (if any), and an allocation of Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s matching and discretionary profit-sharing contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service. Effective December 6, 2023, the Plan was amended with a participant becoming 100% vested after three years of credit service.

Gregory Pharmaceutical Holdings 401(k) Plan

Notes to Financial Statements

December 31, 2023

Hardship Withdrawals

Hardship withdrawals are not permitted. Effective December 6, 2023, the Plan was amended to permit Hardship withdrawals.

Notes from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Loan terms range from one to five years, unless the loan is used to purchase a primary residence. Notes are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 10.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or a participant's beneficiary in the case of a participant's death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or a non-recurring partial payment from the vested portion of the participant's account. For termination of service due to other reasons, a participant with a vested balance in excess of \$5,000 may elect to receive the value of the vested interest in his or her account as a lump-sum distribution or as a non-recurring partial payment. For terminated participants, vested benefits less than \$5,000 will be paid in a lump-sum amount. In-service distributions of pre-tax elective deferrals are permitted for participants who have attained the age of 59½ and in-service distributions of matching and profit-sharing contributions are permitted for participants who have attained the age of 65. Effective December 6, 2023, the Plan was amended to reduce the age restriction to 59½ for in-service withdrawals on all contribution sources.

Administrative Costs

Although not required to do so, the Company may pay certain administrative expenses of the Plan. During 2023, contract administrator fees, investment advisory fees, and auditing fees totaling \$104,435 were paid by the Plan.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$29,358 and \$200,914, respectively. These accounts will be used to reduce future employer contributions or Plan expenses. Forfeitures of \$42,929 and \$159,750 were used in 2023 to reduce administrative expenses and employer matching contributions of the Plan, respectively.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefit payments are recorded when paid.

Notes from Participants

Notes from participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

Note 3 – Certified Information

Certain information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's Trustees (Ascensus, LLC as agent for Ascensus Trust Company as of December 31, 2023 and 2022, and for the period January 1, 2023 to December 31, 2023, and John Hancock Trust Company, LLC as of December 31, 2023 and for the period December 5, 2023 to December 31, 2023). This information is as follows:

- Investment assets
- Investment transactions
- Investment income
- Notes from participants
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

Note 4 – Fair Value Measurements

The Plan's investments in mutual funds are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

		Fair Value Measurements at Reporting Date Using:	
		Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2023</u>			
Mutual funds		\$ 11,233,920	\$ 11,233,920
Total		\$ 11,233,920	\$ 11,233,920
<u>December 31, 2022</u>			
Mutual funds		\$ 10,278,330	\$ 10,278,330
Total		\$ 10,278,330	\$ 10,278,330

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year-end.

Note 5 – Related Party Transactions

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Ascensus Trust Company (“Ascensus”) and John Hancock Trust Company, LLC (“John Hancock”) provide custodian and certain administrative services to the Plan pursuant to Services Agreements with Ascensus and John Hancock, respectively. Ascensus receives revenue from mutual fund service providers for services Ascensus provides to the funds. This revenue is used to offset certain amounts owed to Ascensus for its administrative services to the Plan.

If the revenue received by Ascensus from such mutual fund service providers exceeds the amount owed under the Services Agreement, Ascensus remits the excess to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses with any remaining amounts allocated to the accounts of the participants. For 2023, revenue sharing fees were netted against Plan expenses. During 2023, there were no excess amounts. The Plan may make a payment to Ascensus for administrative expenses not covered by revenue sharing.

Note 6 – Tax Status

The non-standardized, pre-approved profit sharing plan document obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the pre-approved plan, as then designed, was in compliance with the applicable sections of the *IRC*. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC* and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Transfer Out

On December 27, 2022, Gregory Pharmaceutical Holdings, Inc. closed on a transaction to sell a portion of business assets to NFI, LLC. As a result of the transaction, on February 7, 2023, the accounts of all NFI, LLC employees totaling \$953,212 were transferred out of the Plan.

Note 10 – Subsequent Events

Management evaluated all activity of the Plan through October 10, 2024 (the issue date of the Financial Statements) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
