Independent Auditors' Report

The Participants and Administrative Committee Synchrony Financial My Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Synchrony Financial My Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

The Participants and Administrative Committee
Synchrony Financial My Savings Plan
Page 3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Synchrony Financial My Savings Plan

Notes To The Financial Statements
December 31, 2023

1. Description of the Plan

The following description of the Synchrony Financial My Savings Plan (the Plan) provides only general information. Employees covered by the Plan (Participants or Participant) should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers certain salaried and hourly employees of Synchrony Financial and the following participating employers: Synchrony Bank, Synchrony International Resource Manager LLC, Loop Commerce, Inc., and Pets Best Insurance Services, LLC. (collectively the Company or the Plan Sponsor) meeting minimum eligibility requirements (Eligible Employees). The investments of the Plan are held in a trust account by Fidelity Management Trust Company (Fidelity or Trustee), the trustee and custodian of the Plan. Fidelity is also the record keeper (Record Keeper) for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's Investment Committee (the Investment Committee) consists of at least four members appointed, or delegated to, by the Company's Board of Directors and administers the benefit structure of the Plan. The Investment Committee is considered to be the Plan administrator (Plan Administrator) for purposes of ERISA.

The Plan was created as part of the Company's separation from General Electric Capital Corporation. The Plan became effective November 18, 2015 (the Effective Date).

Participant Eligibility

Eligible Employees who were employed by the Company on the Effective Date were eligible to begin participation on the Effective Date. Employees hired after the Effective Date are eligible to participate upon their hiring date, except for employees of Synchrony International Resource Management LLC or other participating employers who are eligible to participate in a retirement plan maintained or contributed to by the Company or an affiliate in a jurisdiction outside the United States.

Contributions

Participants may contribute a maximum of 50% of their eligible compensation to the Plan in any combination of pre-tax, or Roth basis. New hires are automatically enrolled in the 401(k) plan at 1% pre-tax, if they do not make elections or opt-out within 35 days of hire. The maximum combined pre-tax and Roth contributions permitted under Internal Revenue Service (IRS) regulations in 2023 was \$22,500. Participants age 50 and older can elect to make additional pre-tax and Roth catch-up contributions to the limits prescribed by IRS regulations. The maximum catch-up contributions permitted by IRS regulations in 2023 was \$7,500.

Company Match: The Company provides safe harbor matching contributions of 100% (Company Match) of participant contributions to the Plan up to a maximum of 4% of their eligible compensation.

1. Description of the Plan (*continued*)

Core Contribution: For all Eligible Employees, the Company makes a contribution of 3% (Core Contribution) of the employee's eligible compensation regardless of whether the employee makes an elective deferral.

Plus Contribution: The Company makes an additional contribution (Plus Contribution) in accordance with the following table as defined by the Plan:

Type of Employee	Percentage of Eligible Compensation				
	Year				
	2015	2016	2017	2018	2019 or later
Group 1 employee	4 %	10 %	8 %	6 %	4 %
Group 2 employee	4	7	5	4	4

Group 1 employee – an employee who was hired before January 1, 2005 and earned an accrued benefit under the General Electric (GE) Pension Plan, and was not a “New Plan Participant” for purposes of and as defined by the GE Pension Plan immediately prior to November 18, 2015 (the Split-Off Date).

Group 2 employee – an employee who was hired on or after January 1, 2005 but before January 1, 2011 and earned an accrued benefit under the GE Pension Plan as a “New Plan Participant” for purposes of and as defined by the GE Pension Plan immediately prior to the Split-Off Date.

Participants may also roll over certain amounts representing distributions from other qualified retirement plans.

All assets of the Plan are participant-directed investments. Participants have the option of directing their account balance to one or more different investment options. The investment options include various mutual funds and common collective trusts. If a participant does not elect an investment option in which to invest their contributions, the Plan will invest their contributions in a Qualified Default Investment Alternative (QDIA). Currently the Plan's QDIAs are the Blackrock target funds. The participant's projected retirement date, based on their date of birth, will determine which Blackrock target funds their contributions will be invested in. The value of the portion of participants' accounts that is invested in each investment fund shall be determined based upon the number of units allocated to each such account in such fund and the net asset value of each such fund, as determined by the Trustee. Dividends, interest, gains, losses, expenses and other distributions received by the Trustee with respect to an investment fund shall be allocated to that investment fund.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions and allocations of the Company's contributions and (b) Plan net earnings, and reduced by (c) Plan net losses (including maintenance fees paid by the participant) and (d) loan initiation fees, when applicable. Allocations are based on the participant's salary and deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. Description of the Plan (*continued*)

Vesting

Participants are fully vested immediately in their contributions and Company Match contributions and any earnings thereon. Company Core Contributions and Plus Contributions generally become 100% vested after three years of service.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to \$50,000 minus any highest outstanding loan balance during the previous 12 months or 50% of their total vested account balance minus any current outstanding loan balance, subject to the discretion of the Plan Administrator and certain other restrictions. Loan terms range from 1 year to 5 years, or up to 15 years for the purchase of a primary residence. No more than three loans may be outstanding at any time except in cases where there was an administrative error to an existing loan and the additional loan(s) are approved by the Plan Administrator. The loans generally bear an interest rate equal to the prime rate as published by Reuters 15 days before the loan is initiated.

Participant notes receivable of \$35,244,149 and \$31,629,807 were outstanding at December 31, 2023 and 2022, respectively, bearing interest rates ranging from 4.25% to 9.5% at December 31, 2023 and 4.25% to 8.0% at December 31, 2022.

Benefit Payments

Participants are eligible for a distribution upon termination of service, death, disability, or retirement. A participant may elect to receive the value of their vested account balance as a lump-sum, installments, or direct rollover. If the balance of the participant's account does not exceed \$1,000, distribution of the participant's vested balance is automatically made as a lump-sum or direct rollover. During employment, a participant may make withdrawals of all or certain portions of their vested account balance subject to certain restrictions as set forth in the Plan document. Participants are eligible for a distribution due to financial hardship under certain conditions in accordance with the Plan document. The amount of a hardship withdrawal may not exceed the cost associated with the financial hardship in addition to any mandatory federal income tax withholding, state and local income taxes, or penalties incurred.

There are IRS rules that require certain minimum distributions be made from a participant's Plan account. Under the Setting Every Community Up for Retirement Act ("SECURE Act") effective 2020 these minimum distributions begin on April 1st following the end of the year in which a participant reaches age 72, or if later, the year in which the participant retires. The Participant's vested balance is paid to the participant over a period not longer than the life of the participant and, with certain exceptions, no longer than 10 years to his or her beneficiaries.

1. Description of the Plan (*continued*)

Forfeitures

If a participant's employment terminates when the balance of their vested balance is less than the value of their total account balance, then the difference shall be forfeited as of the earlier of the distribution of the participant's vested balance or the fifth anniversary of the participant's termination of employment. At December 31, 2023 and 2022 forfeited account balances held in non-participant directed accounts were \$3,697,294 and \$1,626,841. Amounts forfeited were \$1,909,449 for the year ended December 31, 2023. All forfeited accounts are used to reduce Company contributions and or administrative expenses. During the year ended December 31, 2023, \$0 of forfeitures were used to reduce Company contributions and \$0 of forfeitures were used to reduce administrative expenses.

Administrative Expenses

Included in administrative expenses are amounts paid for services to the Plan such as trustee, legal, accounting, recordkeeping, and participant services. Expenses incurred by the Plan may be paid directly by the Company and are therefore not included in the accompanying financial statements. Administrative expenses not paid by the Company are paid by the Plan. The Company paid administrative expenses of \$881,785 and \$842,845 on behalf of the Plan for each of the years ended December 31, 2023 and 2022. Investment management fees and loan administration fees are paid by participants. Investment related expenses are included in the NAV of the respective investment vehicles and, consequently, those expenses are not separately reflected but are a component of net appreciation in fair value of investments.

Revenue Credit Account

The trust agreement between the Plan and Trustee includes a Revenue Credit Program. Under this program, in situations where the Trustee earns record keeping fees in excess of the agreed-upon compensation, the Trustee is required to remit those excess fees (Revenue Credits) to the Plan to be used to pay ERISA qualified expenses. The Trustee funds the Revenue Credits monthly in arrears. At December 31, 2023 and 2022 the Revenue Credit Account Balance was \$172,865 and \$36,732 respectively. During 2023 \$0 were used to reduce Plan expenses.

Retirement Plan Provisions under the Secure 2.0 Act of 2022

On December 29, 2022 President Biden signed into law the Setting Every Community Up for Retirement Enhancement Act ("SECURE 2.0 Act"). The SECURE 2.0 Act includes provisions related to eligibility and enrollment, required minimum distributions, catch-up contributions and emergency withdrawals. Effective January 1, 2023, the required minimum distribution age was increased from 72 to 73. The Plan Administrator will incorporate the SECURE 2.0 Act changes in the Plan document by the deadlines prescribed in the legislation, which allow for an extended period before formal plan amendments need to be adopted to reflect the SECURE 2.0 changes.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Synchrony Financial My Savings Plan

Notes To The Financial Statements
December 31, 2023

2. Summary of Significant Accounting Policies (*continued*)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. These mutual funds are deemed to be actively traded. The common collective trusts are valued at Net Asset Value (NAV) of units held by the Plan. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on fair value of the underlying investments held by the fund less liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different from the NAV. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Participant notes receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on an accrual basis.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends on investments, and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, qualified institution.

Synchrony Financial My Savings Plan

Notes To The Financial Statements
December 31, 2023

4. Fair Value Measurement

The Plan categorizes its financial assets into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument. Fair value is the price the Plan would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets or liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect market assumptions. The Plan's financial assets recorded at fair value are categorized as follows:

Level 1 – Quoted prices for identical instruments in active markets.

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs or significant value drivers are observable.

Level 3 – Significant inputs to the valuation are unobservable.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in methodologies used at December 31, 2023 and 2022. At December 31, 2023 and 2022 mutual funds held by the Plan are valued at level 1 within the fair value hierarchy. At December 31, 2023 and 2022 the common collective trust funds use NAV as a practical expedient and are not classified within the fair value hierarchy.

The Blackrock Lifepath Index funds (the “Index Funds”) invests in one or more other collective investment funds to seek to meet their investment objective. The value of units upon contribution to or redemption from each Index Fund is based on the Index Fund's unit value determined on that day. The ability to redeem from each Index Fund occurs daily. The Plan does not have any unfunded commitment related to the Index Fund.

The T. Rowe Price Blue Chip Growth Trust Fund (the “Fund”) objective is to provide long-term capital appreciation. The fund invests primarily in big United States companies that are projected to grow faster than other large-cap stocks.

The net asset value of the Fund is determined daily. Units are issued and redeemed at the latest net asset value. Net investment income and realized and unrealized gains on investments are not distributed. Unit holders may be required to provide 30-days advance written notice prior to redemption of trust units; the notice period may be shortened or waived by T. Rowe Price Trust Company. The Plan does not have any unfunded commitment related to the Fund.

Synchrony Financial My Savings Plan

Notes To The Financial Statements
December 31, 2023

5. Risks and Uncertainties

The Plan provides for various investment options, including mutual funds and common collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2023 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee. The Trustee also serves as custodian and, therefore, these transactions qualify as party-in-interest transactions. In addition, transactions and notes receivable from Participants qualify as party-in-interest transactions.

7. Income Tax Status

The Plan received a determination letter, dated February 7, 2017, in which the IRS stated that the Plan met the qualification requirements of Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and that the Plan is exempt from Federal income taxation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and identify any tax return filing positions that constitute uncertain tax positions and assess each uncertain tax position for recognition, measurement and effective settlement. If the Plan has determined that an uncertain tax position does not satisfy the more likely than not recognition threshold of U.S. GAAP, it will record no tax benefit. If the Plan has determined that an uncertain tax position is more likely than not to be sustained, the Plan would measure and record the largest amount of tax benefit greater than 50% likely to be recognized. The Investment Committee has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

8. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company Core and Plus contributions.

9. Subsequent Events

In March 2024 Synchrony Financial sold its wholly-owned subsidiary Pets Best Insurance Services, LLC. to Poodle Holdings Inc. and as a result effective March 3, 2024 Pets Best Insurance Services LLC ceased to be a participating employer of the Plan. Subsequent events were evaluated by the Plan Sponsor in the preparation of its financial statements through October 9, 2024, the date the financial statements were available to be issued. There were no events that occurred subsequent to December 31, 2023 that would require recognition in the Plan's financial statements.

The Participants and Administrative Committee Synchrony Financial My Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Synchrony Financial My Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

The Participants and Administrative Committee
Synchrony Financial My Savings Plan
Page 3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Participants and Administrative Committee

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Synchrony Financial My Savings Plan

Notes To The Financial Statements
December 31, 2023

1. Description of the Plan

The following description of the Synchrony Financial My Savings Plan (the Plan) provides only general information. Employees covered by the Plan (Participants or Participant) should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers certain salaried and hourly employees of Synchrony Financial and the following participating employers: Synchrony Bank, Synchrony International Resource Manager LLC, Loop Commerce, Inc., and Pets Best Insurance Services, LLC. (collectively the Company or the Plan Sponsor) meeting minimum eligibility requirements (Eligible Employees). The investments of the Plan are held in a trust account by Fidelity Management Trust Company (Fidelity or Trustee), the trustee and custodian of the Plan. Fidelity is also the record keeper (Record Keeper) for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's Investment Committee (the Investment Committee) consists of at least four members appointed, or delegated to, by the Company's Board of Directors and administers the benefit structure of the Plan. The Investment Committee is considered to be the Plan administrator (Plan Administrator) for purposes of ERISA.

The Plan was created as part of the Company's separation from General Electric Capital Corporation. The Plan became effective November 18, 2015 (the Effective Date).

Participant Eligibility

Eligible Employees who were employed by the Company on the Effective Date were eligible to begin participation on the Effective Date. Employees hired after the Effective Date are eligible to participate upon their hiring date, except for employees of Synchrony International Resource Management LLC or other participating employers who are eligible to participate in a retirement plan maintained or contributed to by the Company or an affiliate in a jurisdiction outside the United States.

Contributions

Participants may contribute a maximum of 50% of their eligible compensation to the Plan in any combination of pre-tax, or Roth basis. New hires are automatically enrolled in the 401(k) plan at 1% pre-tax, if they do not make elections or opt-out within 35 days of hire. The maximum combined pre-tax and Roth contributions permitted under Internal Revenue Service (IRS) regulations in 2023 was \$22,500. Participants age 50 and older can elect to make additional pre-tax and Roth catch-up contributions to the limits prescribed by IRS regulations. The maximum catch-up contributions permitted by IRS regulations in 2023 was \$7,500.

Company Match: The Company provides safe harbor matching contributions of 100% (Company Match) of participant contributions to the Plan up to a maximum of 4% of their eligible compensation.

1. Description of the Plan (*continued*)

Core Contribution: For all Eligible Employees, the Company makes a contribution of 3% (Core Contribution) of the employee's eligible compensation regardless of whether the employee makes an elective deferral.

Plus Contribution: The Company makes an additional contribution (Plus Contribution) in accordance with the following table as defined by the Plan:

Type of Employee	Percentage of Eligible Compensation				
	Year				
	2015	2016	2017	2018	2019 or later
Group 1 employee	4 %	10 %	8 %	6 %	4 %
Group 2 employee	4	7	5	4	4

Group 1 employee – an employee who was hired before January 1, 2005 and earned an accrued benefit under the General Electric (GE) Pension Plan, and was not a “New Plan Participant” for purposes of and as defined by the GE Pension Plan immediately prior to November 18, 2015 (the Split-Off Date).

Group 2 employee – an employee who was hired on or after January 1, 2005 but before January 1, 2011 and earned an accrued benefit under the GE Pension Plan as a “New Plan Participant” for purposes of and as defined by the GE Pension Plan immediately prior to the Split-Off Date.

Participants may also roll over certain amounts representing distributions from other qualified retirement plans.

All assets of the Plan are participant-directed investments. Participants have the option of directing their account balance to one or more different investment options. The investment options include various mutual funds and common collective trusts. If a participant does not elect an investment option in which to invest their contributions, the Plan will invest their contributions in a Qualified Default Investment Alternative (QDIA). Currently the Plan's QDIAs are the Blackrock target funds. The participant's projected retirement date, based on their date of birth, will determine which Blackrock target funds their contributions will be invested in. The value of the portion of participants' accounts that is invested in each investment fund shall be determined based upon the number of units allocated to each such account in such fund and the net asset value of each such fund, as determined by the Trustee. Dividends, interest, gains, losses, expenses and other distributions received by the Trustee with respect to an investment fund shall be allocated to that investment fund.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions and allocations of the Company's contributions and (b) Plan net earnings, and reduced by (c) Plan net losses (including maintenance fees paid by the participant) and (d) loan initiation fees, when applicable. Allocations are based on the participant's salary and deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. Description of the Plan (*continued*)

Vesting

Participants are fully vested immediately in their contributions and Company Match contributions and any earnings thereon. Company Core Contributions and Plus Contributions generally become 100% vested after three years of service.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to \$50,000 minus any highest outstanding loan balance during the previous 12 months or 50% of their total vested account balance minus any current outstanding loan balance, subject to the discretion of the Plan Administrator and certain other restrictions. Loan terms range from 1 year to 5 years, or up to 15 years for the purchase of a primary residence. No more than three loans may be outstanding at any time except in cases where there was an administrative error to an existing loan and the additional loan(s) are approved by the Plan Administrator. The loans generally bear an interest rate equal to the prime rate as published by Reuters 15 days before the loan is initiated.

Participant notes receivable of \$35,244,149 and \$31,629,807 were outstanding at December 31, 2023 and 2022, respectively, bearing interest rates ranging from 4.25% to 9.5% at December 31, 2023 and 4.25% to 8.0% at December 31, 2022.

Benefit Payments

Participants are eligible for a distribution upon termination of service, death, disability, or retirement. A participant may elect to receive the value of their vested account balance as a lump-sum, installments, or direct rollover. If the balance of the participant's account does not exceed \$1,000, distribution of the participant's vested balance is automatically made as a lump-sum or direct rollover. During employment, a participant may make withdrawals of all or certain portions of their vested account balance subject to certain restrictions as set forth in the Plan document. Participants are eligible for a distribution due to financial hardship under certain conditions in accordance with the Plan document. The amount of a hardship withdrawal may not exceed the cost associated with the financial hardship in addition to any mandatory federal income tax withholding, state and local income taxes, or penalties incurred.

There are IRS rules that require certain minimum distributions be made from a participant's Plan account. Under the Setting Every Community Up for Retirement Act ("SECURE Act") effective 2020 these minimum distributions begin on April 1st following the end of the year in which a participant reaches age 72, or if later, the year in which the participant retires. The Participant's vested balance is paid to the participant over a period not longer than the life of the participant and, with certain exceptions, no longer than 10 years to his or her beneficiaries.

1. Description of the Plan (*continued*)

Forfeitures

If a participant's employment terminates when the balance of their vested balance is less than the value of their total account balance, then the difference shall be forfeited as of the earlier of the distribution of the participant's vested balance or the fifth anniversary of the participant's termination of employment. At December 31, 2023 and 2022 forfeited account balances held in non-participant directed accounts were \$3,697,294 and \$1,626,841. Amounts forfeited were \$1,909,449 for the year ended December 31, 2023. All forfeited accounts are used to reduce Company contributions and or administrative expenses. During the year ended December 31, 2023, \$0 of forfeitures were used to reduce Company contributions and \$0 of forfeitures were used to reduce administrative expenses.

Administrative Expenses

Included in administrative expenses are amounts paid for services to the Plan such as trustee, legal, accounting, recordkeeping, and participant services. Expenses incurred by the Plan may be paid directly by the Company and are therefore not included in the accompanying financial statements. Administrative expenses not paid by the Company are paid by the Plan. The Company paid administrative expenses of \$881,785 and \$842,845 on behalf of the Plan for each of the years ended December 31, 2023 and 2022. Investment management fees and loan administration fees are paid by participants. Investment related expenses are included in the NAV of the respective investment vehicles and, consequently, those expenses are not separately reflected but are a component of net appreciation in fair value of investments.

Revenue Credit Account

The trust agreement between the Plan and Trustee includes a Revenue Credit Program. Under this program, in situations where the Trustee earns record keeping fees in excess of the agreed-upon compensation, the Trustee is required to remit those excess fees (Revenue Credits) to the Plan to be used to pay ERISA qualified expenses. The Trustee funds the Revenue Credits monthly in arrears. At December 31, 2023 and 2022 the Revenue Credit Account Balance was \$172,865 and \$36,732 respectively. During 2023 \$0 were used to reduce Plan expenses.

Retirement Plan Provisions under the Secure 2.0 Act of 2022

On December 29, 2022 President Biden signed into law the Setting Every Community Up for Retirement Enhancement Act ("SECURE 2.0 Act"). The SECURE 2.0 Act includes provisions related to eligibility and enrollment, required minimum distributions, catch-up contributions and emergency withdrawals. Effective January 1, 2023, the required minimum distribution age was increased from 72 to 73. The Plan Administrator will incorporate the SECURE 2.0 Act changes in the Plan document by the deadlines prescribed in the legislation, which allow for an extended period before formal plan amendments need to be adopted to reflect the SECURE 2.0 changes.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Synchrony Financial My Savings Plan

Notes To The Financial Statements
December 31, 2023

2. Summary of Significant Accounting Policies (*continued*)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. These mutual funds are deemed to be actively traded. The common collective trusts are valued at Net Asset Value (NAV) of units held by the Plan. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on fair value of the underlying investments held by the fund less liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different from the NAV. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Participant notes receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on an accrual basis.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends on investments, and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, qualified institution.

Synchrony Financial My Savings Plan

Notes To The Financial Statements
December 31, 2023

4. Fair Value Measurement

The Plan categorizes its financial assets into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument. Fair value is the price the Plan would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets or liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect market assumptions. The Plan's financial assets recorded at fair value are categorized as follows:

Level 1 – Quoted prices for identical instruments in active markets.

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs or significant value drivers are observable.

Level 3 – Significant inputs to the valuation are unobservable.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in methodologies used at December 31, 2023 and 2022. At December 31, 2023 and 2022 mutual funds held by the Plan are valued at level 1 within the fair value hierarchy. At December 31, 2023 and 2022 the common collective trust funds use NAV as a practical expedient and are not classified within the fair value hierarchy.

The Blackrock Lifepath Index funds (the “Index Funds”) invests in one or more other collective investment funds to seek to meet their investment objective. The value of units upon contribution to or redemption from each Index Fund is based on the Index Fund's unit value determined on that day. The ability to redeem from each Index Fund occurs daily. The Plan does not have any unfunded commitment related to the Index Fund.

The T. Rowe Price Blue Chip Growth Trust Fund (the “Fund”) objective is to provide long-term capital appreciation. The fund invests primarily in big United States companies that are projected to grow faster than other large-cap stocks.

The net asset value of the Fund is determined daily. Units are issued and redeemed at the latest net asset value. Net investment income and realized and unrealized gains on investments are not distributed. Unit holders may be required to provide 30-days advance written notice prior to redemption of trust units; the notice period may be shortened or waived by T. Rowe Price Trust Company. The Plan does not have any unfunded commitment related to the Fund.

Synchrony Financial My Savings Plan

Notes To The Financial Statements
December 31, 2023

5. Risks and Uncertainties

The Plan provides for various investment options, including mutual funds and common collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2023 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee. The Trustee also serves as custodian and, therefore, these transactions qualify as party-in-interest transactions. In addition, transactions and notes receivable from Participants qualify as party-in-interest transactions.

7. Income Tax Status

The Plan received a determination letter, dated February 7, 2017, in which the IRS stated that the Plan met the qualification requirements of Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and that the Plan is exempt from Federal income taxation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and identify any tax return filing positions that constitute uncertain tax positions and assess each uncertain tax position for recognition, measurement and effective settlement. If the Plan has determined that an uncertain tax position does not satisfy the more likely than not recognition threshold of U.S. GAAP, it will record no tax benefit. If the Plan has determined that an uncertain tax position is more likely than not to be sustained, the Plan would measure and record the largest amount of tax benefit greater than 50% likely to be recognized. The Investment Committee has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

8. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company Core and Plus contributions.

9. Subsequent Events

In March 2024 Synchrony Financial sold its wholly-owned subsidiary Pets Best Insurance Services, LLC. to Poodle Holdings Inc. and as a result effective March 3, 2024 Pets Best Insurance Services LLC ceased to be a participating employer of the Plan. Subsequent events were evaluated by the Plan Sponsor in the preparation of its financial statements through October 9, 2024, the date the financial statements were available to be issued. There were no events that occurred subsequent to December 31, 2023 that would require recognition in the Plan's financial statements.
