REPORT OF INDEPENDENT AUDITORS

To the Participants and Management of
Center for Research Libraries Defined
Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Center for Research Libraries Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of an ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements;
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

DEFINED CONTRIBUTION RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements of Center for Research Libraries Defined Contribution Retirement Plan (the Plan) have been prepared using the accrual basis of accounting.

New Accounting Pronouncement - In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments - Credit Losses* (Topic 326), which is effective for the year ended December 31, 2023. This new standard provides financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The standard replaced the incurred loss impairment model with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The standard had no material impact on the Plan's financial statements.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of either December 31, 2023 or 2022. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits - Benefits paid to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either December 31, 2023 or 2022.

Plan Administration - The Plan is maintained under an agreement with Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (collectively, TIAA) to provide custodian and administrative services.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Sharing - The Plan has entered into a revenue sharing arrangement that provides for a portion of investment servicing fees to be returned to the Plan. Such amounts may be used to pay Plan administrative expenses or allocated to the accounts of the participants. During the years ended December 31, 2023 and 2022, the Plan received \$3,928 and \$7,132 respectively, of such revenue. Net assets available for benefits include unallocated amounts totaling \$28,762 and \$23,526 at December 31, 2023 and 2022, respectively.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through October 4, 2024, which is the date the financial statements were available to be issued.

NOTE 2. DESCRIPTION OF THE PLAN

On January 1, 1951, Center for Research Libraries (the Center) established the Plan under Section 403(b) of the Internal Revenue Code to provide savings and retirement benefits for eligible employees of the Center. The Plan is primarily funded by employer contributions and by the net earnings of Plan investments. The Plan is a defined contribution retirement plan covering all eligible employees of the Center. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

The Plan requires that an employee complete one year of service to participate in the Plan.

For each of the years ended December 31, 2023 and 2022, the employer nonelective contribution was equal to 10% of the compensation of all participants eligible to share in allocations.

Participants may direct contributions into various investment options offered by the Plan. In the absence of participant direction, contributions are invested in a designated investment fund until changed by the participant. Participants must evaluate their own investment goals and objectives and choose investments best suited to achieve those goals and objectives. Poor investment performance by the investment options selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Each participant's account is credited or charged with an allocation of the employer's contribution based on a ratio of the participant's compensation to the total compensation of all participants eligible to share in allocations, as well as investment earnings or losses and administrative expenses. Participants are immediately vested in all contributions made on their behalf plus actual earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Upon reaching normal retirement or other separation of employment, a participant may elect to receive a distribution as a lump-sum or installment payment. Account balances of \$5,000 or less may be distributed automatically without consent of the participant, except for balances held at TIAA. Withdrawals are also allowed under the hardship provisions of the Plan.

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rate. Loans are repaid through either payroll deductions, automatic checking account deductions or other repayment methods agreed to. Loans must be paid back within five years; however, this period may be extended if the loan is used for the acquisition of a primary residence. The interest rate was 4.25% as of December 31, 2022 and ranged from 4.25% to 9.50% as of December 31, 2023.

Participants should refer to the summary plan description for more complete information.

NOTE 3. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service in *Revenue Procedure 2007-71*. The Plan is required to operate in conformity with the Code to maintain tax-exempt status under Section 403(b). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4. PRIORITIES UPON TERMINATION

Although it has not expressed an intention to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would remain fully vested in their account.

NOTE 5. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Guaranteed investment contracts	3,933,933			
Pooled separate account	522,893

Level 1 Measurements

The fair values of the Level 1 registered investment companies are determined by reference to the underlying assets, which are principally marketable equity and fixed income securities. Shares held are traded on national securities exchanges and are valued at the net asset value as of the last business day of each period presented.

Measurements Using Net Asset Value as a Practical Expedient

Certain investments are valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the fair values of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The underlying assets of the registered investment companies valued at the net asset value per share consist principally of marketable equity and fixed income securities, as well as short-term instruments. Redemptions are available on a daily basis without notice.

The non-benefit responsive guaranteed investment contracts with TIAA are valued at contract value which approximates fair value. The underlying assets of the investment contracts consist primarily of investment-grade fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The pooled separate account is a direct filing entity (DFE) and files a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. Redemptions are available on a daily basis without notice.

NOTE 6. INFORMATION CERTIFIED BY PLAN CUSTODIAN

The following is a summary of information included in the Plan's financial statements that was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA, the Plan Custodian, as of December 31, 2023 and 2022 and for the years then ended:

	<u>2023</u>	<u>2022</u>
Investments - at fair value:		
Registered investment companies	\$ 7,744,771	\$ 6,508,468
Guaranteed investment contracts	\$ 3,939,868	\$ 3,933,933
Pooled separate account	\$ 367,933	\$ 522,893
Notes receivable from participants	\$ 22,448	\$ 35,307

Net appreciation (depreciation) in fair value of investments	\$ 1,320,438	\$ (1,565,030)
Interest and dividends	\$ 209,222	\$ 188,417
Interest on notes receivable from participants	\$ 1,249	\$ 1,740

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

TIAA and its affiliates are responsible for participant recordkeeping and distributions to Plan participants at the direction of Plan management. TIAA provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA). TIAA receives revenue from mutual fund service providers for services TIAA provides to the funds. This revenue is used to offset certain amounts owed to TIAA for its administrative services to the Plan. If the revenue received by TIAA from such mutual fund service providers exceeds the amount owed under the MSA, TIAA allocates the excess to Plan participants.

Certain Plan investments are managed by the recordkeeper of the Plan and represent exempt party-in-interest transactions.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. CONCENTRATION OF PARTICIPANT INVESTMENTS

At December 31, 2023 and 2022, the Plan held a significant portion of its assets in two investment funds, a guaranteed investment contract with a fair value of \$3,753,767 and \$3,771,673 respectively, which represented approximately 31% and 34%, respectively, of net assets available for benefits, and a registered investment company with a fair value of \$2,686,387 and \$2,328,879 respectively, which represented approximately 22% and 21%, respectively, of net assets available for benefits. The guaranteed investment contract is a non-benefit responsive guaranteed investment contract with underlying assets consisting primarily of investment-grade fixed income securities. The registered company invests at least 80% of its assets in a broadly diversified portfolio of common stocks.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant directed fund elections. Additionally, the investments within each participant directed fund election are further diversified into varied financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who made such decisions.
