INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Board of Directors of
Bello Machre, Inc. 403(b) Plan
Glen Burnie, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Bello Machre, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bello Machre, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to *29 CFR 2520.103-8* of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with *29 CFR 2520.103-5* of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (Cont.)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bello Machre, Inc. 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bello Machre, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with Generally Accepted Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Cont.)

In performing an audit in accordance with Generally Accepted Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bello Machre, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bello Machre, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with Generally Accepted Auditing Standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Administrator and Board of Directors of
Bello Machre, Inc. 403(b) Plan

Other Matter - Supplemental Schedule Required by ERISA (Cont.)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bello Machre, Inc. 403(b) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the Bello Machre, Inc. 403(b) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: Bello Machre, Inc. 403(b) Plan (the Plan), was established January 15, 2021. The Plan is a 403(b) defined contribution plan. Under the provisions of the Plan, an employee is eligible for participation in the Plan upon date of hire. Elective deferrals may begin on date of hire and the employee is eligible for the employer discretionary match after completing three months of consecutive service during the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to defer any portion of their compensation into the Plan up to the annual Internal Revenue Code limits as adjusted each year. The Employer contributes a matching contribution of 25% up to \$500 if the employee has less than ten years of service or up to \$1,000 if the employee has greater than ten years of service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Total contributions made by the Employer for the years ended December 31, 2023 and 2022 amounted to \$56,132 and \$33,894, respectively.

Participant Accounts: Each participant's account is credited with (a) the participant's salary deferrals, (b) the Employer's match of salary deferrals, (c) an allocation of Plan earnings, and (d) an allocation of administrative expenses. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into the various investment options offered by the Plan.

Vesting: Participants are immediately fully vested in their elective contributions plus actual earnings thereon. Participants are also fully vested immediately in the Employer matching contributions.

Payment of Benefits: Upon severance of employment or after attainment of age 59 1/2, a participant may elect to receive either a lump sum distribution amount equal to the value of the participant's vested interest in his or her account, or annual installments that do not exceed the life expectancy of the participant or beneficiary. Eligible distributions may also be rolled over to another qualifying plan or IRA. Hardship withdrawals are permitted in accordance with Internal Revenue Service regulations.

Notes Receivable from Participants: The Plan allows loans of up to 50% of vested account balance or \$50,000, whichever is less. Interest rates are to be determined at the time the loan is established and the loan is to be repaid within a 5 year period. These loans are secured by the vested portion of the participants account and bear interest at 3.5%-8.5%.

Forfeitures: All Employer and employee contributions are fully vested immediately.

NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2023 and 2022

Note 1 - Description of Plan (Cont.)

Administrative Expenses: The administrative expenses charged by the Plan's Custodian are paid by the Plan. The Employer pays all other administrative expenses of the Plan.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions and Related Receivables

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from the amounts paid. The Employer matching contributions are recorded in the year in which the employer designated the contributions. All participant and Employer contributions are participant-directed. The Plan administrator has determined that all participant and Employer contributions receivable are fully collectible; consequently, an allowance for credit losses has not been recorded in the accompanying statement of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Accounting Policies (Cont.)

Payment of Benefits

Benefits are recorded when paid. Benefits paid to participants for the years ended December 31, 2023 and 2022 amounted to \$44,442 and \$12,372, respectively.

Recently Issued Pronouncements

In June 2016, the FASB issued *ASU 2016-13, "Financial Instruments – Credit Losses"* (*Topic 326*) which significantly changed how entities will measure credit losses for most financial assets and certain other instruments that aren't measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. Financial assets held by the Plan that are subject to the guidance in *FASB ASC 326* are contributions receivable.

The Plan adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in new and enhanced disclosures only.

Note 3 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ASC 820-10 "Fair Value Measurements" establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2023 and 2022

Note 3 - Fair Value Measurements (Cont.)

The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2023 and 2022:

Registered investment company shares: Valued at the daily closing price as reported by the fund. Registered investment company shares held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 - Fair Value Measurements (Cont.)

The following table presents the balances of assets measured at fair value on a recurring basis by level within the hierarchy as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 1,422,478</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,422,478</u>
	2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 485,720</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 485,720</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2023 and 2022, are reported in net appreciation (depreciation) in fair value of investments.

Note 4 - Information Prepared and Certified by Custodian

Investment Data

Ascensus, LLC, an affiliate of Ascensus Trust Company, is the Custodian of the Plan for the years ended December 31, 2023 and 2022. All investment data contained in the statements of net assets available for benefits, statement of changes in net assets available for benefits, and the Schedule H, line 4i - Schedule of assets (held at end of year) for the year ended December 31, 2023 was summarized from information supplied and certified as complete and accurate by the Custodian of the Plan.

Schedule of Assets Held for Investment Purposes

The accompanying Schedule H, line 4i - Schedule of assets (held at end of year) represents a detailed listing of all investments held by the Plan as of December 31, 2023.

Note 5 - Reportable Transactions

A reportable transaction is a transaction, or series of transactions, exceeding five percent of the current value of the Plan's assets at the beginning of the year. During the Plan years ended December 31, 2023 and 2022, there were no reportable transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net value of each participant's account would be distributed in accordance with the Plan's provisions.

Note 7 - Tax Status and Position

The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by the Custodian as defined by the Plan, and therefore, the transactions qualify as party-in-interest transactions. For the years ended December 31, 2023 and 2022, fees paid by the Plan for the investment management services amounted to \$-0- and \$2,731, respectively.

The Plan's auditor who audits the Plan's financial statements and third-party administrator who provides accounting and administrative services are paid directly by the Plan sponsor. These fees are not reflected in these financial statements.

Note 10 - Subsequent Events

Subsequent events and transactions have been evaluated for potential recognition in the financial statements. Except as described below, there have been no subsequent events that require recognition or disclosure through September 27, 2024, the day the financial statements were available to be issued.

Effective January 1, 2024, the Employer contributes a matching contribution of 100% up to \$2,000 if the employee has less than ten years of service or up to \$3,000 if the employee has greater than ten years of service.
