Report of Independent Auditors

Plan Administrator
The Comporium, Inc. 401(k) and Retirement Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Comporium, Inc. 401(k) and Retirement Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for plan benefits – modified cash basis as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

Plan Administrator
The Comporium, Inc. 401(k) and Retirement Plan

Opinion (continued)

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements were prepared using the modified cash basis of accounting, which is a basis of accounting other than generally accepted accounting principles in the United States. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Plan Administrator
The Comporium, Inc. 401(k) and Retirement Plan

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Plan Administrator
The Comporium, Inc. 401(k) and Retirement Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2023 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 financial statements or to the 2023 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
The Comporium, Inc. 401(k) and Retirement Plan

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Organization

Comporium, Inc. (the “Company” or “Sponsor”) sponsors a “deferred profit-sharing” retirement plan and trust (the “Plan”) with a 401(k) arrangement to provide retirement benefits for substantially all of its employees. The Plan has been restated and amended periodically, as necessary, to maintain its exemption from Federal income taxes under Section 501(a) of the Internal Revenue Code (“IRC”), to comply with the requirements of the Employee Retirement Income Security Act of 1974 (“ERISA”), and to help achieve business objectives of the Sponsor.

The Plan includes three majority-owned subsidiaries of the Company, including Catawba Services, Inc., Community Long Distance, Inc., and Springboard Telecom, LLC. The Plan also includes Citizens Telephone Company, IMS Solutions Group, LLC, and Chesnee Telephone Company (beginning February 15, 2022) through participation agreements as related group members. During 2022, the Company acquired Chesnee Telephone Company and the net assets of participants employed by Chesnee Telephone Company totaling approximately \$811,000 were transferred into the Plan.

Participants may refer to the Plan’s documents for more complete information.

Eligibility of Participants

Employees are eligible to become participants in the 401(k) and matching portions of the Plan as soon as administratively feasible following the date on which they were hired but must be twenty-one years of age to participate. Participants who do not choose a specific deferral rate are automatically enrolled into the Plan at a deferral rate of 3% of pretax compensation, unless they opt out of participating in the Plan.

Employees become participants in the profit sharing portion of the Plan as of the January 1 entry date preceding the date they complete one year of service and have attained age twenty-one.

Participant Accounts

Individual accounts are maintained for each participant reflecting employee and employer contributions, investment income, distributions, and reallocations of forfeitures of non-vested portions of separated participant accounts.

Employer profit sharing contributions are allocated among active participants in the same ratio that each active participant’s compensation for the plan year bears to the total compensation of all active participants for the plan year. During the years ended December 31, 2023 and 2022, there were no profit sharing contributions made to the Plan.

1. Description of Plan (continued)

Contributions

Participants may contribute up to the legal limits allowable under the law (not to exceed 75% of their pretax compensation) to the 401(k) portion of the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified benefit plans. The Company must make up to 5% matching contributions under the Plan's safe harbor provisions. Discretionary contributions, determined annually by the Company for non-safe harbor matching and profit sharing, may also be made to the Plan.

At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$91,000 and \$79,000, respectively. These accounts may be used to reduce employer contributions and plan expenses. During the years ended December 31, 2023 and 2022, no forfeited non-vested accounts were used to reduce employer contributions or Plan expenses.

Vesting

Participants are 100% vested in all employer matching contributions. Profit sharing contributions for participants are 20% vested at the end of one year of continuous service, with additional vesting of 20% for each of the next four years, resulting in 100% vesting after the fifth year.

A participant's account is also 100% vested under the Plan upon death or disability of the participant regardless of years of service.

Investment Options

The Plan allows individual participants, upon enrollment, to self-direct their accounts by investing in one or more mutual funds or collective trusts selected by the Plan administrator from the funds offered by fund providers selected by the Plan administrator. Participants may refer to fund provider information for a detailed description of the Plan's investment options.

Administrative Expenses

Certain administrative expenses, including recordkeeping and certain professional fees, are charged to individual participants' accounts. Any expenses not paid by the Plan are paid by the Company.

1. Description of Plan (continued)

Termination of the Plan

The Plan may be terminated by written instrument executed for the Company by appropriate resolution of its board of directors and conveyed to the trustee and the Plan administrator. In the event contributions are completely discontinued and the Plan is terminated, all the funds shall be administered and distributed in the manner described in the Plan. In the event of plan termination, participants will become 100% vested in their accounts.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may, subject to certain conditions, elect to receive their vested portion of Plan assets under several payout options specified in the Plan's documents. Subject to certain conditions, a participant may receive hardship withdrawals from his or her balance in the Plan while employed. Participants who have attained 59½ years of age are permitted to withdraw all or part of their vested accounts as in-service distributions. Participants automatically begin receiving distributions on April 1st of the calendar year following the year in which they have attained 73 years of age. Upon retirement or separation from the Company, vested benefits are payable in a lump-sum or certain other options as specified in the Plan.

Plan Amendments

Effective July 1, 2022, the Plan was amended to allow participants to make Roth contributions and take in-service distributions beginning at age 59½.

2. Summary of Significant Accounting Policies

Financial Statement Presentation

The Plan's policy is to prepare its financial statements using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States. Under the Plan's accounting policy, contributions and investment income are recorded as received and expenses are recorded when paid.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for plan benefits – modified cash basis. Actual results could differ from those estimates.

3. Trustee Certification

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2023 and 2022, related to investments, net appreciation (depreciation) in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

4. Fair Value Measurements

Financial assets are reported at fair value and are classified and disclosed within a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

4. Fair Value Measurements (continued)

The following tables present fair value measurement information for the Plan's investments:

As of December 31, 2023				
	Quoted Market Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Total at Fair Value

(a) Represents collective trusts which are measured at net asset value ("NAV") as a practical expedient and are not classified in the fair value hierarchy.

Level 1 Fair Value Measurements - The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

4. Fair Value Measurements (continued)

The Plan's investments, all of which are participant directed, are reported at fair value in the accompanying financial statements. During the year ended December 31, 2022, the Plan transferred all of the funds from the Wells Fargo Stable Return Fund C and AllianzGI Small Cap Collective Insurance Trust Fund to the Fidelity Advisor Stable Value Portfolio. These funds are collective trusts that invest in a variety of fully benefit-responsive investment contracts and mutual funds. The collective trusts are valued at NAV of units of the accounts. The NAV, as provided by the issuers, is used as a practical expedient to estimate fair value.

The NAV is based on the fair value of the underlying investments held less the account's liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Were the Plan to initiate a full redemption of the trust, the account provider reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair values may produce amounts that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Party-in-Interest Transactions

At December 31, 2023 and 2022, the Plan held mutual funds managed by the Plan's trustee. Net fees for the trustee, recordkeeping, and investment advisory services amounted to approximately \$68,000 and \$51,000 for the years ended December 31, 2023 and 2022, respectively. These transactions qualify as party-in-interest transactions under ERISA and are exempt from the prohibited transactions rules of ERISA.

6. Filing Status

No determination letter has been received for the Plan as it operates under a volume submitter plan document. The Internal Revenue Service issued an opinion letter for the volume submitter plan on June 30, 2020, stating that the form of the volume submitter plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

During the year ended December 31, 2022, management made corrective contributions of approximately \$16,000. These contributions addressed operational errors discovered in 2021 related to profit-sharing contributions that resulted in an underpayment of contributions and lost earnings to the Plan.

6. Filing Status (continued)

The Plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities are recognized at December 31, 2023 and 2022. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

Management evaluated events and transactions after December 31, 2023 through September 26, 2024, the date the financial statements were issued, for subsequent events.

Employer contributions of approximately \$3,547,000 were paid to the Plan subsequent to December 31, 2023.

No other subsequent events were noted.
