Report of Independent Auditors

To the Plan Administrator and Participants
Toast, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Toast, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Toast, Inc. 401(k) Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Toast, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Toast, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Toast, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Toast, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Toast, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023

1. Description of Plan

The following description of the Toast, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 2015, and most recently amended and restated effective April 18, 2022, is a defined contribution plan covering all eligible employees of Toast, Inc. (the Company), except part time/temporary or seasonal employees whose scheduled service is less than 1,000 hours in the eligibility period and other excluded groups as defined in the Plan. However, if these excluded employees complete a year of service, then such employees will no longer be part of this excluded group.

All employees are eligible to participate in the Plan on the date of hire.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 7, 2022, the Company acquired Sling, a leading employee scheduling, communication, and management solution. Employees of Sling were eligible to participate in the Plan effective September 12, 2022.

Contributions and Funding

Each year, participants may contribute from 1% to 90% of their respective pretax annual compensation, subject to limitations established by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions and Funding (continued)

Each year, participants may contribute from 1% to 90% of their respective pretax annual compensation, subject to limitations established by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan permits Roth elective deferrals. Roth elective deferrals are treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not “pre-tax” deferrals as defined in the Internal Revenue Code (Code).

The Company may also make a discretionary matching contribution. The matching contribution for the years ended December 31, 2023 and 2022 was 50% of 6% of eligible compensation.

The Plan includes an automatic enrollment feature. Individuals hired by the Company who do not affirmatively elect not to participate are automatically enrolled in the Plan and will have their compensation reduced by 3% and invested in the Qualified Default Investment Alternative fund. In addition, employees who enter the Plan via automatic enrollment will have their deferrals increased by 1% per year, not to exceed 10% of their compensation, unless the employee affirmatively elects not to increase their contributions.

The Company may also make a non-elective contribution each year. The non-elective contribution is made to those participants who complete 1,000 hours of service during the plan year and are employed as of the last day of the plan year. The Company non-elective contribution for the years ended December 31, 2023 and 2022 was \$-0- and \$-0-, respectively.

Participants Accounts

Each participant’s account is credited with the participant’s contribution, allocations of the Company’s contribution, if any, plan earnings (losses), and charged with applicable loan and/or withdrawal charges. Allocations are based on participant salary deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The vesting schedule is 50% after one year of service and 100% after two years of service, as defined.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts can be used to reduce future employer contributions and/or pay plan expenses. The forfeiture balance was \$202,855 and \$230,132 at December 31, 2023 and 2022, respectively.

Forfeitures used to reduce Company contributions amounted to \$167,071 and \$-0- during the years ended December 31, 2023 and 2022, respectively. Forfeitures used to pay plan expenses amounted to \$216,438 and \$266,936 during the years ended December 31, 2023 and 2022, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms must not exceed five years unless for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Participants are allowed one loan outstanding at any time. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, or upon death, disability or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account or other form of payment as allowed by the Plan.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, certain management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Administrative Expenses/Revenue Credit

The Plan entered into fixed basis point pricing with Fidelity Workplace Services, LLC. The fees related to recordkeeping services are fixed at 21 basis points effective August 1, 2021 and reduced to 17 basis points effective November 1, 2023 and effective May 1, 2024 the recordkeeping fee will be \$12.50 per participant per quarter. Any revenue generated from the various mutual fund investments above this amount is transferred to a suspense account (ERISA Budget Account). This account can be used to cover plan expenses, such as auditing, legal and consultant fees. These amounts are not available to reduce Company contributions. The amounts available in the ERISA Budget account at December 31, 2023 and 2022 was \$-0- and \$-0-, respectively. During the years ended December 31, 2023 and 2022, \$-0- and \$-0-, respectively, was used from the ERISA Budget account to offset plan expenses. Net fees of \$11,963 and \$10,877 were charged against the net investment return for the years ended December 31, 2023 and 2022, respectively.

The Plan received a revenue credit of \$-0- and \$-0- for the years ended December 31, 2023 and 2022, respectively. The Plan Sponsor may direct the recordkeeper to reimburse the Plan Sponsor for fees and expenses associated with services provided to the Plan and/or the amount may be allocated to participant accounts. During the years ended December 31, 2023 and 2022, the revenue credit amount allocated to plan participant accounts was \$-0- and \$-0-, respectively.

Certain other expenses such as participant loan processing fees, distribution processing fee and other miscellaneous expenses are deducted directly from participant accounts. The amounts deducted from participant accounts amounted to \$24,473 and \$13,200 for the years ended December 31, 2023 and 2022, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

3. Investments

All investment information and notes receivables from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, dividends and interest income, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2023 and 2022.

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The *common collective trust* (Putnam Stable Value Fund) is based on the redemption value of the fund on the last business day of the plan year. The net asset value is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. Redemptions are processed daily. There are no unfunded commitments.

The average yield based on actual earnings of the underlying investments in the Putnam Stable Value Fund was 3.31% and 2.36% for the years ended December 31, 2023 and 2022, respectively.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2023.

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 223,660,008			\$ 223,660,008
Total assets in the fair value hierarchy	\$ 223,660,008			223,660,008
Common collective trust fund*				1,510,475
Total investments at fair value				<u>\$ 225,170,483</u>

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2022.

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 121,792,427			\$ 121,792,427
Total assets in the fair value hierarchy	\$ 121,792,427			121,792,427
Common collective trust fund*				990,231
Total investments at fair value				<u>\$ 122,782,658</u>

* In accordance with Accounting Standards Update 2015-07 of ASC 820-10, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The Plan has adopted the non-standardized pre-approved profit sharing plan of Fidelity Management & Research LLC. The non-standardized pre-approved profit sharing plan sponsor received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). Although the Plan has been amended since receiving the advisory letter, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the trustee are considered party-in-interest transactions.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

7. Parties-In-Interest (continued)

Certain plan investments are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, the plan trustee. In addition, Fidelity Workplace Services, LLC is the plan recordkeeper. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the Form 5500 to the net assets available for benefits per the financial statements at December 31, 2023 and 2022.

	2023	2022
Net assets available for benefits, per Form 5500	\$226,897,162	\$ 123,847,842
Employer contribution receivable	1,213,433	1,093,713
Net assets available for benefits, per financial statements	<u>\$ 228,110,595</u>	<u>\$ 124,941,555</u>

The following is a reconciliation of the net change per the Form 5500 to the net change per the financial statements for the year ended December 31, 2023:

Net increase per the Form 5500	\$ 103,049,320
Employer contributions receivable at December 31, 2023	1,213,433
Employer contributions receivable at December 31, 2022	<u>(1,093,713)</u>
Net increase per the financial statements	<u>\$ 103,169,040</u>

9. Subsequent Events

The Company has evaluated all subsequent events through October 10, 2024, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.

Report of Independent Auditors

To the Plan Administrator and Participants
Toast, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Toast, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Toast, Inc. 401(k) Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Toast, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Toast, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Toast, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Toast, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Toast, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023

1. Description of Plan

The following description of the Toast, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 2015, and most recently amended and restated effective April 18, 2022, is a defined contribution plan covering all eligible employees of Toast, Inc. (the Company), except part time/temporary or seasonal employees whose scheduled service is less than 1,000 hours in the eligibility period and other excluded groups as defined in the Plan. However, if these excluded employees complete a year of service, then such employees will no longer be part of this excluded group.

All employees are eligible to participate in the Plan on the date of hire.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 7, 2022, the Company acquired Sling, a leading employee scheduling, communication, and management solution. Employees of Sling were eligible to participate in the Plan effective September 12, 2022.

Contributions and Funding

Each year, participants may contribute from 1% to 90% of their respective pretax annual compensation, subject to limitations established by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions and Funding (continued)

Each year, participants may contribute from 1% to 90% of their respective pretax annual compensation, subject to limitations established by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan permits Roth elective deferrals. Roth elective deferrals are treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not “pre-tax” deferrals as defined in the Internal Revenue Code (Code).

The Company may also make a discretionary matching contribution. The matching contribution for the years ended December 31, 2023 and 2022 was 50% of 6% of eligible compensation.

The Plan includes an automatic enrollment feature. Individuals hired by the Company who do not affirmatively elect not to participate are automatically enrolled in the Plan and will have their compensation reduced by 3% and invested in the Qualified Default Investment Alternative fund. In addition, employees who enter the Plan via automatic enrollment will have their deferrals increased by 1% per year, not to exceed 10% of their compensation, unless the employee affirmatively elects not to increase their contributions.

The Company may also make a non-elective contribution each year. The non-elective contribution is made to those participants who complete 1,000 hours of service during the plan year and are employed as of the last day of the plan year. The Company non-elective contribution for the years ended December 31, 2023 and 2022 was \$-0- and \$-0-, respectively.

Participants Accounts

Each participant’s account is credited with the participant’s contribution, allocations of the Company’s contribution, if any, plan earnings (losses), and charged with applicable loan and/or withdrawal charges. Allocations are based on participant salary deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The vesting schedule is 50% after one year of service and 100% after two years of service, as defined.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts can be used to reduce future employer contributions and/or pay plan expenses. The forfeiture balance was \$202,855 and \$230,132 at December 31, 2023 and 2022, respectively.

Forfeitures used to reduce Company contributions amounted to \$167,071 and \$-0- during the years ended December 31, 2023 and 2022, respectively. Forfeitures used to pay plan expenses amounted to \$216,438 and \$266,936 during the years ended December 31, 2023 and 2022, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms must not exceed five years unless for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Participants are allowed one loan outstanding at any time. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, or upon death, disability or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account or other form of payment as allowed by the Plan.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, certain management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Administrative Expenses/Revenue Credit

The Plan entered into fixed basis point pricing with Fidelity Workplace Services, LLC. The fees related to recordkeeping services are fixed at 21 basis points effective August 1, 2021 and reduced to 17 basis points effective November 1, 2023 and effective May 1, 2024 the recordkeeping fee will be \$12.50 per participant per quarter. Any revenue generated from the various mutual fund investments above this amount is transferred to a suspense account (ERISA Budget Account). This account can be used to cover plan expenses, such as auditing, legal and consultant fees. These amounts are not available to reduce Company contributions. The amounts available in the ERISA Budget account at December 31, 2023 and 2022 was \$-0- and \$-0-, respectively. During the years ended December 31, 2023 and 2022, \$-0- and \$-0-, respectively, was used from the ERISA Budget account to offset plan expenses. Net fees of \$11,963 and \$10,877 were charged against the net investment return for the years ended December 31, 2023 and 2022, respectively.

The Plan received a revenue credit of \$-0- and \$-0- for the years ended December 31, 2023 and 2022, respectively. The Plan Sponsor may direct the recordkeeper to reimburse the Plan Sponsor for fees and expenses associated with services provided to the Plan and/or the amount may be allocated to participant accounts. During the years ended December 31, 2023 and 2022, the revenue credit amount allocated to plan participant accounts was \$-0- and \$-0-, respectively.

Certain other expenses such as participant loan processing fees, distribution processing fee and other miscellaneous expenses are deducted directly from participant accounts. The amounts deducted from participant accounts amounted to \$24,473 and \$13,200 for the years ended December 31, 2023 and 2022, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

3. Investments

All investment information and notes receivables from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, dividends and interest income, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2023 and 2022.

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The *common collective trust* (Putnam Stable Value Fund) is based on the redemption value of the fund on the last business day of the plan year. The net asset value is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. Redemptions are processed daily. There are no unfunded commitments.

The average yield based on actual earnings of the underlying investments in the Putnam Stable Value Fund was 3.31% and 2.36% for the years ended December 31, 2023 and 2022, respectively.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2023.

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 223,660,008			\$ 223,660,008
Total assets in the fair value hierarchy	\$ 223,660,008			223,660,008
Common collective trust fund*				1,510,475
Total investments at fair value				<u>\$ 225,170,483</u>

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2022.

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 121,792,427			\$ 121,792,427
Total assets in the fair value hierarchy	\$ 121,792,427			121,792,427
Common collective trust fund*				990,231
Total investments at fair value				<u>\$ 122,782,658</u>

* In accordance with Accounting Standards Update 2015-07 of ASC 820-10, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The Plan has adopted the non-standardized pre-approved profit sharing plan of Fidelity Management & Research LLC. The non-standardized pre-approved profit sharing plan sponsor received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). Although the Plan has been amended since receiving the advisory letter, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the trustee are considered party-in-interest transactions.

Toast, Inc. 401(k) Plan

Notes to Financial Statements (continued)

7. Parties-In-Interest (continued)

Certain plan investments are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, the plan trustee. In addition, Fidelity Workplace Services, LLC is the plan recordkeeper. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the Form 5500 to the net assets available for benefits per the financial statements at December 31, 2023 and 2022.

	<u>2023</u>	<u>2022</u>
Net assets available for benefits, per Form 5500	\$226,897,162	\$ 123,847,842
Employer contribution receivable	1,213,433	1,093,713
Net assets available for benefits, per financial statements	<u>\$ 228,110,595</u>	<u>\$ 124,941,555</u>

The following is a reconciliation of the net change per the Form 5500 to the net change per the financial statements for the year ended December 31, 2023:

Net increase per the Form 5500	\$ 103,049,320
Employer contributions receivable at December 31, 2023	1,213,433
Employer contributions receivable at December 31, 2022	<u>(1,093,713)</u>
Net increase per the financial statements	<u>\$ 103,169,040</u>

9. Subsequent Events

The Company has evaluated all subsequent events through October 10, 2024, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.
