INDEPENDENT AUDITOR'S REPORT

To the JCDecaux North America, Inc. 401(k) Profit Sharing Plan and Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of JCDecaux North America, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of JCDecaux North America, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate. The investments are held by Fidelity Management Trust Company, trustee of the plan.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JCDecaux North America, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about JCDecaux North America, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern from October 8, 2024 thru October 8, 2025.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if individually or in aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of JCDecaux North America, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about JCDecaux North America, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held For Investments as of December 31, 2023, is presented for purposes of additional analysis and it's not a required part of the financial statements but it is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented , in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by Fidelity Management Trust Company and certified to by them as a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

Note 1 Description of Plan (Continued)

Eligibility

Plan Enrollment: must have six months of service, an individual who is an employee and not a leased employee, who is not a temporary employee, who is not a non resident alien who does not receive any earned income from the employer which constitutes United States source income and who is not a collectively bargained employee unless the signed agreement allows for participation is eligible to participate after the age of twenty-one. Plan enrollment is immediate upon meeting the eligibility requirements. After 30 days of enrollment, eligible employees who do not elect a deferral percentage through automated channels will have 3% automatically deducted from their compensation contributed to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, applicable company matching contributions, and plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance and share of net earnings of their respective elected investment options. Allocations are determined in accordance with the provisions of the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded in administrative expenses and are recorded when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a "deemed" distribution for tax reporting purposes, a deemed distribution is recorded and the outstanding unpaid loan balance and accrued interest is accounted for separately in the participant's account.

The Plan allows participants to borrow up to 50% of their directed vested account balance or \$50,000, whichever is less. Minimum principal amount of any loan is \$1,000. All participant loans are valued at amortized cost, which approximates fair value.

Included in the default amount are loans deemed distributed or repaid amounting to a repayment of \$7,903 in 2023 and distributed in 2022 amounting to \$890, respectively. For the years ended December 31, 2023 and 2022, interest earned on loans amounted to \$19,965 and \$17,941 respectively. The Plan did not have any non-exempt transactions during the years ended December 31, 2023 and 2022

Participant Elective Deferral Contributions

The company has full power to administer the Plan and apply all of its provisions on behalf of participating employees. The Plan allows participants to elect to defer a portion of their compensation, limited to the lesser of 75% of their base salary or up to \$22,500 and \$20,500 as of December 31, 2023 and 2022, respectively, the maximum dollar amount established by the Internal Revenue Service (IRS), plus the age 50 catch-up contribution.

The participant's deferred compensation is treated as a participant elective contribution and allocated to that participant's elective account. Deferrals are made on a percentage of salary basis.

As of December 31, 2023 and 2022, total participant contributions totaled \$2,017,124 and \$1,667,827, respectively. This amount includes a receivable from participants amounting to \$61,209 and \$69,235, respectively. These amounts were paid on January 4, 2024 and January 6, 2023, respectively.

The "Age 50 Catch-up contribution" is applied when the participant reaches age 50 or older before the close of the plan year. He/she can make additional contributions up to the limit specified by law, \$7,500 and \$6,500 for the years 2023 and 2022, respectively. The employer contribution is applicable to the catch-up contribution. Participant's contributions are invested by the trustee in specific investment funds as designated by each participant.

Rollover

Participants may contribute rollover to the Plan all or a portion of their vested balance from another qualified plan under Section 401(a) of the Internal Revenue code. These contributions will be kept in a separate Rollover Contribution Account established on the participants behalf. The participant will have at all times a 100% vested interest in this account. Rollovers for the plan years ended December 31, 2023 and 2022 totaled \$17,299* and \$49,353, respectively.

Employer's Matching Contribution

The Company may, at its own election, make contributions to the Plan for the benefit of Plan participants. Company contributions are at the discretion of the Company. No matching contributions based upon employee deferral contributions were made for the years ended December 31, 2023 and 2022.

Employer's Non-Elective Contribution

The Company may make other contributions to the Plan which are called Non-Elective Contributions. These contributions are totally discretionary, including the discretion to forego a contribution for one or more plan years. For the years ended December 31, 2023 and 2022, the Company did not make a non-elective contribution to the plan.

Employer's "Safe Harbor" Non-Elective Contribution

Safe-Harbor/Profit Sharing Contributions: The employer will elect to contribute not less than 3% and not more than 25% of eligible participant's compensation for the Plan year. An amendment to the Plan must be made no later than 30 days prior to the end of the Plan year for which the contribution is being made. The safe harbor contribution for the years ended December 31, 2023 and 2022, totaled \$861,351 and \$738,958. This amount is included in the employer's receivable contribution. The receivable was paid on January 22, 2024 and January 27, 2023, respectively for the 2023 and 2022 Plan years.

Vesting Provisions

Participants are immediately vested in their deferral contributions and any interest earned thereon. Additionally, Company Safe Harbor contributions are immediately vested to the Plan participants.

Note 1 Description of Plan (Continued)

Plan participants vest in Company's profit sharing and non-elective contributions based on the following schedule for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Less than 1 year of service	0%	0%
1 year	33.3%	33.3%
2 years	66.6%	66.6%
3 years	100.0%	100.0%

Forfeitures

Forfeitures result when a participant, whose account has been credited with employer contributions, terminates employment before becoming fully vested in the employer contributions. Forfeitures may be applied to the payment of the plan's future employer's profit sharing contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$99,173 and \$94,481, respectively. This account will be used to reduce future employer contributions. Total forfeitures for the years ended December 31, 2023 and 2022 amounted to \$714 and \$3,269, respectively. No forfeiture amount was applied against the year end employer contribution payment for the years ended 2023 and 2022.

Payment of Benefits

Distributions are allowed upon retirement age 65, hardship, attainment of age 59½, disability, death of the participant, military distribution (Heart Act), qualified reservist or upon termination of service. Hardship withdrawals are only permitted from deferral contributions and vested amounts from the employer match and profit sharing subject to a minimum of \$500.

Benefits Due to Terminated Employees

Fund balances for employees that have terminated but have yet to be paid out have been included in the net assets available for plan benefits. Those payments will be reflected in the statement of changes in net assets available for plan benefits when actually paid. If a participant terminates employment and the vested interest does not exceed \$1,000 on the date of termination, the entire vested interest will be distributed. The participant may elect to receive a "mandatory" distribution in a lump sum payment or elect to roll over the entire vested interest to another retirement plan. If the amount exceeds \$199 and the participant fails to elect either lump sum payment or a direct rollover, then the entire vested interest will automatically roll over to an IRA account.

Investments, Administration, and Transaction Fees

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits. Audit fee expense related to the 401K plan are paid by the Company.

Investment Fees

Investment fees are assessed as a percentage of assets invested. They are deducted from the participant's investment return. At December 31, 2023 and 2022, fees paid for investment advisory service amounted to \$40,357 and \$53,561, respectively.

Administration Fees

Administrative fees of the Plan cover the day-to-day expenses of the Plan. As of December 31, 2023 and 2022, fees paid for participant recordkeeping services amounted to \$12,556 and \$4,405, respectively.

Transaction-Based Fees

These fees are for services offered under the Plan. For the years ended December 31, 2023 and 2022, fees paid for overnight fees, loan maintenance, cancellation fees, loan setup fees, short term fees and annual fees amounted to \$6,990 and \$4,225, respectively.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022 (Continued)

Note 2 Summary of Significant Accounting Policies (Continued)

Valuation of Investments and Income Recognition

The Plan investments are held by Fidelity Management Trust Company. Investments are reported at fair value using quoted market prices. Refer to Note 7 for discussion of fair value measurements.

Investment transactions are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of the plan's financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 3 Investments (Unaudited)

The Plan's investments are held by the Fidelity Management Trust Company, trustee of the Plan. The detail of the investments that are included in these financial statements are based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 and 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The investments are presented at fair values as determined by quoted fair market prices of the investments.

Note 4 Plan Termination

The Company reserves the right to change or terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the plan, the trustee will be directed to distribute the Plan assets to the participants in accordance with the terms of the Plan. In no event may the assets of the Plan revert to the Company.

Note 5 Income Tax Status

The Plan qualifies under Section 401 (a) of the Internal Revenue Code and is therefore, not subject to tax under present income tax laws. The plan obtained a determination letter on December 8, 2004, in which the IRS ruled that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure.

Note 6 Party-In-Interest Transactions

For the years ended December 31, 2023 and 2022, certain plan investments are managed by Fidelity Management Trust Company. The Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. For the years ended December 31, 2023 and 2022, fees for investment management services paid by the plan considered as party-in-interest transactions amounted to \$52,913 and \$57,966, respectively. Fees pertaining to the audit of the 401K Plan are paid by the Company.

Note 7 Fair Value Measurements

Financial Accounting Standards Board, ASC 820, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB, ASC 820, are described below:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Note 7 Fair Value Measurements (Continued)

Stocks:

Valued at closing price reported on the active market on which the individual securities are traded. They are classified within Level 1 in the fair value hierarchy table below.

Corporate Bonds:

Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. They are classified within Level 1 in the fair value hierarchy table below.

Mutual Funds:

Valued at the net asset value ("NAV") of shares held by the plan at year end. They are classified within Level 1 in the fair value hierarchy table below.

Common/Collective Trusts:

Collective trusts are valued based on the value of net assets held in the collective trust divided by the number of trust units outstanding, or net asset value per share. Investments in collective trusts are typically valued, as a practical expedient, utilizing the net asset valuations provided by the underlying private investment companies and/or their administrators, without adjustment, when the net asset valuations of the investments are calculated in a manner consistent with U.S. GAAP for investment companies. Although the majority of the underlying investments are traded on an exchange in active markets and therefore can be valued based on a quoted market price, the values of the collective trusts are not quoted in an active market or published publicly.

Stable Value Collective Trust Fund:

A stable value fund is a form of common collective fund which is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
