Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **JEFFREY L OFFHAUS CPA, LLC**

(2) EIN: **20-2368569**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒

Plan Administrator and Participants
The Cannon Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the financial statements of The Cannon Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Cannon Corporation 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of The Cannon Corporation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provision. Information about the Plan agreement and the vesting and benefit provisions is contained in *The Cannon Corporation 401(k) Plan’s Summary Plan Description*.

General — The Plan is a defined contribution plan which covers all employees of The Cannon Corporation (the “Plan Sponsor” or “Company”) and participating employers. Prior to December 1, 2021, the age requirement to participate in the plan was twenty-one years or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions — Each year, participants may contribute up to 75% of annual compensation, as defined in the Plan document, to the Plan. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Roth, or after-tax deferrals, are also permitted under the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Plan Sponsor may make discretionary matching contributions and discretionary nonelective contributions. For 2023, the Board of Directors of the Company approved a matching contribution of 50% of the first 6% of eligible participant contributions. There were no discretionary nonelective contributions for 2023. A participant must be employed on the last day of the year to be eligible for any discretionary matching contributions and any nonelective contributions that may be made for that Plan year. Discretionary nonelective contributions, if any, will be allocated to a participant’s account in the ratio that eligible compensation bears to the total eligible compensation paid to all eligible participants. Also, Plan provisions previously permitted the Company to make matching contributions for officers of the Company to the Cannon Non-Qualified Plan in lieu of matching contributions to the Plan. Company and Participant contributions previously made in the form of Common Stock of the Company cannot be transferred to any other investment option.

Newly hired eligible employees are automatically enrolled in the Plan with a payroll deferral of 4% increasing 1% annually up to a maximum of 10%. Eligible employees may decline participation within 30 days and may change deferral percentages at any time under the Plan.

Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

The initial election of the amount of employee contributions is made by each participant at the beginning of any pay period. Additionally, participants may elect one of several available investment options, including a self-directed brokerage account; however, employee elective deferrals into Common Stock of the Company are not permitted. Investment options in the self-directed brokerage accounts are restricted to mutual funds. Participants have the opportunity to change their options previously elected at any time.

Restriction of Transfer – Common Stock of the Company — Included in the Plan’s net assets available for benefits at December 31, 2023 and 2022 are investments in the Company’s Class B Common Stock amounting to \$11,529,186, or approximately 5.1% of net assets, and \$9,797,586, or approximately 5.2% of net assets, respectively. All Class B Common Stock of the Company held within the Plan shall be redeemed upon termination of employment by a participant for any reason with the Company in accordance with the Plan agreement and Company policies.

Participant Accounts — For all investment options, each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s contribution, if any, and (b) Plan earnings or losses. Allocations are based on participant salary deferral agreements and account balances, respectively, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting. Participants are 100% vested in the Plan upon entry into the Plan for both participant and Company contributions.

Payment of Benefits — Upon termination of service due to retirement, death, or disability, a participant with a vested benefit in excess of \$5,000 may elect to keep the benefit in the Plan or to receive either a lump-sum amount equal to the value of his or her account, or various monthly installment packages. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or as an eligible rollover distribution, as defined. If the participant elects to keep the vested contributions in the Plan, an administrative fee is charged against the participant’s account. Vested accounts of less than \$5,000 (\$7,000 effective January 1, 2024) may not be kept in the Plan.

Notes Receivable from Participants — Participants in the Plan may borrow from their fully vested account balance in accordance with the Plan document. Generally, loans are repaid at terms ranging from one to five years. Interest charged on the loans will be at a reasonable rate as prescribed in the Plan document. The Plan restricts a participant to have only one outstanding loan at any time.

Plan Recordkeeping — With the exception of the Plan’s investments in Common Stock of the Company, Fidelity Management Trust Company (“FMTC”) serves as the Plan’s trustee for the assets under its custody. Fidelity Workplace Services LLC (“FWS”) serves as the recordkeeper for the Plan.

Plan Termination — Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is accrued when earned. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits — Benefits are recorded when paid.

Plan Expenses — Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Revenue Credit Account — The Plan receives fixed recordkeeping revenue from participants which may result in revenue credits to offset fees and expenses associated with services provided to the Plan, or pay vendors, including Fidelity or third parties. The Plan received \$73,918 of revenue credits during 2023, of which \$44,389 were allocated to offset eligible administrative expenses. As of December 31, 2023 and 2022, \$101,931 and \$67,324, respectively, remains in the revenue credit account.

Use of Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Subsequent Events — The Plan has evaluated subsequent events through August 16, 2024, the date the financial statements were available to be issued.

In connection with the Company's acquisition of SRG Partnership, Inc. on February 1, 2024, the Company amended the Plan to provide for the merger of the former SRG Partnership, Inc. 401(k) Employee Savings Plan ("SRG Plan") into the Plan effective July 1, 2024. Generally, all benefits, rights and obligations under the SRG Plan with respect to participants were transferred to and included in the Plan. On July 1, 2024 and July 12, 2024, Participants' account balances totaling \$10,248,476 were transferred into the Plan.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
|---------|---|

- | | |
|---------|---|
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
| | If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Company's policy is to recognize transfers in and out of "Levels" as of the end of the reporting period.

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds — Mutual funds and mutual funds held in self-directed brokerage accounts are valued at quoted prices in an active market, which represents the net asset values ("NAV") of shares held by the Plan at year-end.

Collective Investment Trust Funds — Valued at the NAV of the underlying assets owned by the fund, minus its liabilities and then divided by the number of units outstanding. The NAV is provided by the fund administrators and is used as a practical expedient to estimating fair value and therefore collective trust funds are not assigned to a level in the fair value hierarchy table. The collective investment trusts generally provide for daily redemption by the Plan at the reported NAV.

Money Market Funds — Money market funds and money market funds held in self-directed brokerage accounts are valued at quoted prices in an active market, which represents the NAV of shares held by the Plan at year-end

Cannon Corporation Common Stock — Prior to January 1, 2021, the Company's policy was all common stock transactions, including the shares of Class B Common Stock of the Company held by the Plan, were recorded at the book value on the Company's audited consolidated financial statements from the previous year (total shareholders' equity divided by total outstanding shares of the Company), which approximates fair value. This method of valuation was consistent with all common stock transactions, including but not limited to transactions with the Company's other benefit plans, and sales and purchases to Company Officers in accordance with individual shareholders agreements. All Class B Common Stock of the Company held at December 31, 2020 were subject to a 4:3 stock split on January 1, 2021 and will transition to fair value over a 5-step approach by December 31, 2024. Effective January 1, 2021, no further issuance of Class B Common Stock of the Company will occur, and the redemption of these shares held by separating participants in the Plan, as defined are based on the then current per share price. During 2023, there were \$632,851 of redemptions.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Hierarchy	Fair Value at December 31,	
		2023	2022
Mutual funds	Level 1	\$ 193,125,530	\$ 157,648,129
Money market funds	Level 1	1,216,611	502,993
Common stock - Cannon Corporation	Level 3	<u>11,529,186</u>	<u>9,797,586</u>
		205,871,327	167,948,708
Investments measured at net asset value	(a)	<u>19,633,417</u>	<u>19,713,546</u>
Total investments at fair value		<u>\$ 225,504,744</u>	<u>\$ 187,662,254</u>

- (a) The collective investment trust funds measured at NAV presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by FMTC. FMTC is the trustee and custodian as defined by the Plan and, therefore, transactions in such investments during the Plan year qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Notes receivable from participants qualify as party-in-interest transactions.

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

At December 31, 2023 and 2022, the Plan held 180,906 and 193,398 shares, respectively, of Class B Common Stock of the Company with a cost basis of \$2,473,660 and \$2,616,351, respectively.

5. Tax Status

The Plan adopted a pre-approved defined contribution plan sponsored by FMR LLC, a related party to FWS and FMTC. FMR LLC received an opinion letter from the Internal Revenue Service, dated June 30, 2020, which states that the pre-approved defined contribution plan document satisfies the applicable provisions of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

As of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Certified Investment Information

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by FMTC and furnished to the Company. The Company has obtained certifications from FMTC as of December 31, 2023 and 2022, and for the year ended December 31, 2023, that such information is complete and accurate.
