In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lippes Mathias LLP 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lippes Mathias LLP 401(k) Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lippes Mathias LLP 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lippes Mathias LLP 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

(See independent auditor's report.)

1. PLAN DESCRIPTION

The following is a brief description of the Lippes Mathias LLP 401(k) Plan, ("the Plan") provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code ("the Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is funded by employee and employer contributions and covers all employees who have attained 18 years of age. The Plan was adopted on January 1, 2012.

Contributions and Contribution Receivable - Each eligible employee may make pre-tax contributions to the Plan in the form of a 1% to 90% salary reduction, not to exceed certain limits imposed by the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan requires employer safe harbor nonelective deferrals of 3% of the employee's compensation. The employer may also make discretionary profit-sharing contributions to the Plan. These contributions are also nonelective deferrals based on the employee's compensation. They are recorded on an accrual basis as 'Contribution Receivable' as they are paid to the Plan in the year following the profit-sharing basis year. Employer contributions to the Plan by the Plan Sponsors for the year ended December 31, 2023 net of forfeitures and including accrual basis profit sharing contributions were \$2,320,056.

Vesting - Participants are fully vested in the employer safe harbor at all times. Vesting in Plan Sponsor discretionary profit share contributions is based on years of continuous service. Participants are 20% vested after 2 years of service and then vest an additional 20% per year until fully vested. Subject to the provisions of the Plan, the Plan Trustees have the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants will be entitled to the amount of their account at the date of such termination.

Participant Accounts - Each participant's account is credited with his or her pre-tax contribution and an allocation of (a) the Plan Sponsors' contribution (if any), and (b) Plan earnings and administrative expenses. Allocations of earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits - Participants are eligible for retirement benefits at age 65. Benefits are determined by the final value of the participant's account at the time of termination, retirement, or death. Distributions from the Plan are made in lump-sum or substantially equal installment payments and may be deferred until participants attain the age of 70½.

Participant Loans - Participants may borrow from their fund accounts at a maximum of 50% of his or her nonforfeitable account balance in the Plan, not to exceed \$50,000, and reduced by the excess of the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan over the participant's current outstanding loan balance on the date of the loan. The loans bear interest at the prime rate at the time the loan is issued plus 1%. The repayment period is limited to 5 years or less unless the loan is being used for the purchase of a primary residence, in which case the repayment period is limited to 10 years or less.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Options - Upon enrollment in the Plan, a participant may direct their accounts in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Forfeited Accounts - Forfeited nonvested accounts refer to the balances of participants who have left the Plan before becoming fully vested in their accounts. These amounts become forfeited and are subject to the provisions outlined in the Plan document and ERISA guidelines. As of December 31, 2023, the total amount of forfeited nonvested accounts in the Plan is \$51,280. Pursuant to the Plan document, forfeited nonvested accounts are used to reduce any employer contribution.

Withdrawals and Distributions - Upon termination of service, including death, disability or retirement, a participant (or beneficiary) will receive a distribution in a lump-sum or substantially equal installment payments equal to the vested interest in his or her account.

Basis of Presentation - The accompanying financial statements have been presented on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments in pooled separate accounts as well as in common and collective trusts are stated at fair value based on quoted market prices of underlying investments provided by the Reliance Trust Company ("Reliance"), the Plan's custodian as of December 31, 2023. Net depreciation in fair value of investments includes net realized gains and losses on investments sold. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Substantially all costs of administering and managing the Plan are paid by the Plan Sponsors as permitted in the Plan agreement. Costs associated with investment, distribution and other transactions are paid by participants from their individual account balances. During the years ended December 31, 2023 and 2022, expenses paid by the Plan totaled \$5,842 and \$2,839, respectively.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts of net assets at the date of the financial statements and the changes in net assets during the reporting period. Actual results may differ from these estimates.

Subsequent Events - The Plan has evaluated events and transactions that occurred between January 1, 2024 and August 30, 2024, which is the date these financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Represents inputs to the valuation methodology which consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Represents inputs to the valuation methodology which consist of: 1) quoted market prices for similar assets or liabilities in active markets; 2) quoted market prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Represents inputs to the valuation methodology that are unobservable and are significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

Pooled Separate Accounts: Valued based on quoted market prices of underlying investments.

The Plan's investments in pooled separate accounts are invested in global and domestic equity and fixed income-based investments. The net asset value of these investments is derived from the market value of the underlying investments. The net asset values of the funds are then calculated each day and posted by Reliance. The investment strategies of these accounts are to invest in global and domestic equity and fixed income investments with the goal of producing favorable long-term returns primarily through appreciation of assets, dividends, and interest. There are no restrictions on the number of transactions a participant can conduct. These accounts do not have any unfunded commitments.

Common and Collective Trusts: Valued based on quoted market prices of underlying investments.

The Plan's investments in common and collective trusts are valued at the respective net asset values as reported by such trusts/funds, which are reported at fair value. The value of each unit is determined by subtracting total liabilities from the total value of the assets and dividing the amount remaining by the number of units outstanding on the valuation date. Net asset value is a quoted price in an inactive market.

3. FAIR VALUE MEASUREMENTS (*Continued*)

The following tables set forth the Plan's assets at fair value as of:

Assets at Fair Value as of December 31, 2023

Pooled separate accounts:	\$ -	\$ 15,468,221	\$ -	\$ 15,468,221

	<u>\$ -</u>	<u>\$ 22,416,337</u>	<u>\$ -</u>	<u>\$ 22,416,337</u>

4. INCOME TAX STATUS

The Plan obtained a determination letter from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code and therefore was exempt from taxation under Section 401(a) of the Code. The Plan has since been amended; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believe that the plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company, the participants and the plan trustee have all been identified as parties-in-interest. The Plan invests in shares of mutual funds, a common collective trust fund managed by the trustee. This transaction qualifies as a party-in-interest transaction, which are exempt from the prohibited transaction rules. As noted above, certain administrative expenses of the Plan are paid by the Company and qualify as party-in-interest transactions.

LIPPES MATHIAS LLP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

6. RISKS AND UNCERTAINTIES

The Plan invests in multiple investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for plan benefits.

Potential Impact of Plan Termination

In the event of Plan termination, the assets held within the Plan would be distributed to eligible participants and beneficiaries based on the terms and provisions outlined in the Plan document and ERISA guidelines. Distribution options may include lump-sum payments, rollovers to other qualified retirement plans, or installment payments over a specified period. Upon Plan termination, each participant's account balance would be determined as of the termination date. This account balance would consist of contributions made by the participant, employer contributions, investment gains or losses, and another applicable adjustments or allocations.

Distribution of Plan assets to participants and beneficiaries upon Plan termination may have tax implications. Depending on individual circumstances, recipients may be subject to income taxes, penalties for early withdrawals, or other tax obligations.
