INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
K-N Companies 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of K-N Companies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of K-N Companies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of K-N Companies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about K-N Companies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of K-N Companies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about K-N Companies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

K-N COMPANIES 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

1. SUMMARY DESCRIPTION OF THE PLAN

The following description of K-N Companies 401(K) Plan ("Plan") provides only general information. Participants should refer to the plan document for a more detailed description of the Plan's provisions.

a. General

The Plan is a defined contribution plan and trusted profit sharing 401(k) salary deferred plan as defined by Section 401(k) of the Internal Revenue Code. All employees of participating employers ("Company") including Kenyon Noble Lumber Company, Kenyon Noble Ready Mix, Bozeman Brick Block & Tile, and JR's Lounge are eligible to participate in the plan upon completion of certain requirements. An employee who is at least 21 years old and has been credited with one year of service (1,000 hours or more of service during the year) may elect to become a participant. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act") was passed by Congress. The SECURE Act allows the age at which required minimum distributions must commence to be increased from 70-1/2 to 72 and allows an optional in-service withdrawal for participants who are giving birth or adopting a child. On February 24, 2022, the Internal Revenue Service ("IRS") proposed regulations that update the existing required minimum distribution regulations, including implementing changes made by the SECURE Act. Plan management evaluated the impact of the SECURE Act and approved the permitted changes.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act of 2020 (the "CARES Act") was passed by Congress. The CARES Act, among other things, includes several temporary relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved changes to the Plan in 2020 to temporarily (i) add COVID-19-related distributions of up to \$100,000 for eligible participants, (ii) increase the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (iii) suspend payments on Plan loans otherwise due in 2020 for eligible participants, and (iv) suspend required minimum distributions for 2020. These temporary CARES Act provisions expired at the end of 2020.

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") became law. SECURE 2.0 makes various changes applicable to tax qualified retirement plans. Plan management is evaluating the impact of SECURE 2.0 and awaiting additional regulatory guidance from the IRS and the Department of Labor. The Plan will be amended to reflect any changes made in response to SECURE 2.0 prior to the deadline set by law or applicable regulations.

b. Contributions

Each year, participants may elect to make pre-tax contributions of at least 1%, but not more than 100% of their annual compensation, to the plan, not to exceed certain dollar limits set by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). Participants direct the investment of their contributions into various options offered by the Plan. The Company may make a matching contribution, equal to a percentage of the employee's contribution. The Company may also contribute to the Plan on a discretionary basis amounts which are allocated to participants based on their annual compensation. Employees are eligible for this contribution if they are an active participant in the plan.

1. SUMMARY DESCRIPTION OF THE PLAN (CONTINUED)

c. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings and account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants vest immediately in their voluntary contributions plus actual earnings thereon. The Company's contribution portion of their accounts, plus earnings, is immediately 100% vested.

e. Payment of Benefits

Upon termination of service a participant with a vested account valued at less than \$1,000 may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or a direct rollover. If the individual account balance is greater than \$1,000, and a distribution is requested, the payout will be in the form of an annuity, unless the annuity option is waived. Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Accounting

The Plan's financial statements are prepared on the modified cash basis of accounting. This basis differs from Generally Accepted Accounting Principles. Employee contributions receivable and excess contributions payable have not been recorded.

b. Use of Estimates

The preparation of financial statements on the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and certain disclosures. Actual results could differ from those estimates.

c. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued, unpaid interest.

The maximum loan amount that a participant may request is \$50,000.00 or 50% of the vested account balance, whichever is less. The \$50,000.00 is reduced by the highest outstanding loan balance during the past 12 months or any existing loan balances on the date a new loan is made, whichever is greater.

In accordance with Plan provisions, participants who fail to make scheduled loan repayments may have their outstanding loan balances deemed as distributed (deemed distribution). Deemed distributions occur when a loan is in default. A deemed distribution of a defaulted loan is not an actual plan distribution, but is treated as a distribution for tax purposes. IRS regulations require the defaulted loan to be reported to the IRS as a deemed distribution and as taxable income to the participant on IRS Form 1099-R in the year in which the loan defaulted.

d. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

e. Payment of Benefits

Benefits are recorded when paid.

f. Operating Expenses

A portion of the administrative expenses of maintaining the plan are paid by Kenyon Noble Lumber Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

g. Recent Accounting Pronouncements

There were no recent accounting pronouncements that were applicable to the Plan..

3. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Quoted prices in active markets for identical assets or liabilities.
Level 2	Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
Level 3	Unobservable inputs, where there is little or no market activity for the asset or liability. These inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability, based on the best information available.

The following is a description of the valuation methods used for assets measured at fair value:

Pooled Separate Accounts: Each pooled separate account invests its assets solely in the shares or units of an underlying mutual fund, and the investment objective of each sub-account corresponds to the investment objective of the underlying fund. The value of each pooled separate account is determined using various inputs, such as the NAV of the shares of the underlying mutual fund held at year end, adjusted for administrative expenses and other charges.

The following table summarizes the plan's financial assets and liabilities measured at fair value at December 31, 2023:

	Level 1	Level 2	Level 3	Total
Assets				
Pooled separate accounts	\$ -	\$6,874,721	\$ -	\$ 6,874,721

3. FAIR VALUE MEASUREMENT (CONTINUED)

The following table summarizes the company's financial assets and liabilities measured at fair value at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Assets				
Pooled separate accounts	\$ -	\$5,450,052	\$ -	\$ 5,450,052

4. GUARANTEED INVESTMENT CONTRACT WITH TALCOTT RESOLUTION LIFE INSURANCE COMPANY

In 2003, the Plan entered into a group annuity investment contract with Talcott Resolution Life Insurance Company ("Talcott", formerly named Hartford Life Insurance Company). Talcott maintains the contributions in a general account. The account is credited with interest earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Talcott, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on an agreed-upon formula with the issuer, but may not be less than 3%. Such interest rates are reviewed by Talcott from time to time. The interest rate for the years ended December 31, 2023 and 2022 was 3%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the plan to transact at contract value with the participants.

The guaranteed investment contract permits Talcott to discontinue the contract if the Plan fails to comply with the terms of the contract; or the contract, Plan or Plan assets are amended, changed or altered in such a way that Talcott can no longer maintain the contract.

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Empower Annuity Insurance Company of America and its subsidiaries (Empower). Empower is the custodian and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

The Plan Sponsor pays directly any other fees related to the plan's operations.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in employer contributions.

7. TAX STATUS

The IRS has determined and informed the Sponsor by a letter dated November 14, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. CUSTODIAL CERTIFICATION

The Plan has elected, as permitted under the Department of Labor's (DOL) regulations, to have certain investment information certified by Empower, the trustee/custodian of the Plan's assets, as being complete and accurate. Empower refers to the products and services offered by Empower Annuity Insurance Company of America (EAIC) and its subsidiaries, including Empower Retirement, LLC. The certification for the Guaranteed Investment Contract issued by Talcott Resolution Life Insurance Company ("Talcott", see Note 4) is being provided on behalf of Talcott under a power of attorney granted to EAIC and ELAINY, each an affiliate of Empower.

The certification is provided by Empower and includes the following:

	2023	2022
Guaranteed investment contract	\$ 499,333	\$ 302,424
Mutual funds	6,874,721	5,450,052
	<u>\$ 7,374,054</u>	<u>\$ 5,752,476</u>

10. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 10, 2024 the date which the financial statements were available to be issued.
