Independent Auditor's Report

To the Plan Administrator
Fitzmark, LLC 401(k) Plan
Indianapolis, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We performed an audit of the financial statements of Fitzmark, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, elected to have the audit of Fitzmark, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023 stating the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fitzmark, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about Fitzmark, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining the Plan's transactions are presented and disclosed in the financial statements in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report including our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fitzmark, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about Fitzmark, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule agreed to or derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and;
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter - QNEC Receivable

As discussed in Note 11, the financial statements include an estimated qualified non-elective contribution (QNEC) receivable related to auto-enrollment failures beginning in 2016 and continuing through 2021. Our opinion is not modified with respect to this matter.

Auditor's Report on the 2022 Financial Statements

The financial statements of Fitzmark, LLC 401(k) Plan as of December 31, 2022 were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan which were certified by a qualified institution. Their report dated October 10, 2023 indicated in their opinion the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C). The financial statements included an emphasis of matter for an estimated qualified non-elective contribution (QNEC) receivable related to auto-enrollment failures beginning in 2016 and continuing through 2021; their opinion was not modified for this matter. Their report also indicated the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule which agrees to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Fitzmark, LLC 401(k) Plan
Notes to the Financial Statements
For the Year Ended December 31, 2023

Note 1 – Description of the Plan

The following brief description of Fitzmark, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan instrument for complete information.

General

The Plan is a defined contribution plan established July 1, 2008 for the benefit of the employees of Fitzmark, LLC, Logistics Made Simple, Inc., Fetch Logistics, Inc., and Manning's Truck Brokerage, collectively the "Companies." Employees of the Companies are eligible to participate upon reaching 21 years of age and completing three months of service. Union employees and non-resident aliens are excluded from participating. Employees who do not return a waiver are auto-enrolled at a 1% pretax deferral rate on the first day of the month following meeting the eligibility requirements outlined above. The Plan also has an auto-escalation of 1% annually up to a maximum of 6%.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), part-time employee will now become eligible to enroll in the Plan once they reach three consecutive years of service with at least 500 hours in each year and may enroll beginning in 2024. These employees may still be excluded when completing annual nondiscrimination and coverage testing.

Contributions

Each year, participants may make pretax or after tax contributions up to a maximum amount of their annual compensation as defined by the Internal Revenue Service (IRS) and recorded in the plan document. Participants who have reached age 50 before the end of the Plan year may make additional catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans. The Companies make discretionary matching contributions of 50% of participant elective deferrals up to 6% of eligible compensation. The Companies may also choose to make a discretionary profit sharing contribution each year in addition to the matching contributions. No discretionary profit sharing contributions were made during the year ended December 31, 2023. Employees who are terminated prior to year-end are not eligible to share in the allocation of the discretionary match or profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Companies' matching and profit sharing contributions, if any, allocations of Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant account balances or earnings, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral contributions plus actual earnings or losses thereon. Vesting in the Companies' matching contribution portion of their accounts, plus actual earnings or losses thereon, is graded based on years of continuous service; a participant is 100% vested after 4 years of service. The Companies' profit sharing contribution portion of their accounts, plus actual earnings or losses thereon, is vested on a 2 to 6 years graded schedule based on years of continuous service. Participants also become fully vested in the event of death, disability, retirement, or Plan termination.

Note 1 – Description of the Plan (Continued)

Forfeited Accounts

Forfeitures may be used to reduce the Companies' matching contributions or to pay Plan expenses. As of December 31, 2023 and 2022 forfeited non-vested accounts totaled \$10,722 and \$91, respectively. Forfeitures were not used to reduce employer matching contributions during the year ended December 31, 2023.

Investment Options

Upon enrollment in the Plan, participants are able to invest in a variety of investment choices as more fully described in the plan document. Participants may change their investment options at any time during the year.

Notes Receivable from Participants

A participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested balance or \$50,000. Loans are secured by the participant's account balance and must be repaid over 1 to 30 years depending on the purpose of the loan. A participant may only have one loan outstanding at a time, and interest is charged on these loans at a rate equal to the prime rate plus 1%. The interest rate on all current outstanding loans ranges from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, retirement, death, or disability, a participant (or beneficiary) may receive benefits based on the participant's vested account balance. Benefits may only be paid in a lump sum or installments, and participant consent is required for all distributions over \$5,000. Hardship distributions are also permitted by the Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), which requires management to make estimates and assumptions affecting certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plans' investments are reported at fair value except for the collective trust, which is reported at contract value. Fair value is the price which would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Note receivable from participants are reported at their unpaid principal balance. Delinquent notes receivable are reclassified based on the terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies (Continued)

Excess contributions

Excess contributions are recorded after a Plan fails compliance testing. Compliance testing failure occurs when participants contribute more than the Plan limit. These funds are then due back to the participant to allow the Plan to be in compliance.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses paid by the Companies are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated by management through October 9, 2024, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (Continued)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission (SEC). The mutual funds held by the Plan are deemed to be actively traded (Level 1 inputs).

The following tables set forth the Plan's investments by level within the fair value hierarchy as of December 31:

2023	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,445,153	\$ -	\$ -	\$ 12,445,153

2022	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,666,061	\$ -	\$ -	\$ 8,666,061

Note 4 – Collective Trust Fund

The Invesco Stable Asset Fund (the Fund) is a bank collective trust fund for which Investment Trust Company serves as trustee and investment manager. It is available exclusively to qualified retirement plans. The Fund is not FDIC insured nor is it registered with the SEC. The primary investment objective of the Fund is to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Fund's return is based on returns generated by an actively managed, highly diversified portfolio of investment grade, fixed and floating rate securities. The Fund may invest in such securities directly or indirectly through commingled investment vehicles (the building block strategy). This building block strategy may provide greater diversification than could be achieved by investing in individual bonds. The building block strategy also may reduce the unintended impact on portfolio characteristics created by participant cash flow. The Fund is fully benefit responsive, and as such, are reported at contract value based on the value of the underlying investments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents, including complete or partial plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events, such as divestures or spin-offs of a subsidiary, (4) the failure of the trust to qualify for the exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and also would limit the ability of the Plan to transact at contract value with participants.

Note 5 – Tax Status

The Internal Revenue Service determined the prototype plan used by the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC), as indicated in a letter dated October 6, 2020. The Plan was most recently restated as of January 1, 2023. The Companies believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position which more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7 – Certified Information

At December 31, 2023 and 2022, the Plan's investments were maintained by Reliance Trust Company (the trustee and custodian). The trustee and custodian supplied the plan administrator with a certification as to the completeness and accuracy of all information relating to investments as of December 31, 2023 and 2022, and income and expenses on such investments for the year ended December 31, 2023. The certified information includes total net assets available for benefits of \$12,630,461 and \$8,757,357 at December 31, 2023 and 2022, respectively, which diverges from the statements of net assets available for benefits by the values of the employee receivables, employer receivables, and employer QNEC receivables. The certified information also includes the activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2023, except for the impact of the receivables on contribution income.

Note 8 – Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds certain investment funds managed by the plan trustee and custodian. Such investments and the Plan's payment of fees qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Some professional fees for the administration and audit of the Plan are paid directly by the Companies.

Fitzmark, LLC 401(k) Plan
Notes to the Financial Statements
For the Year Ended December 31, 2023

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to numerous risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Plan Restatement

The Plan was restated effective January 1, 2023. The primary change to the restated plan document is a provision for the Companies to make a fixed matching contribution of 50% of participant elective deferrals up to 6% of each participant's compensation. Prior to this restatement, matching contributions were only provided at the election of plan management.

Note 11 – QNEC for Automatic Enrollment Failure

Prior to August 1, 2021, the Plan contained an automatic enrollment feature stating employees were to be enrolled in the Plan at a percentage determined by the Companies' administrative policy and such enrollment was to take place the first day of the next quarter once eligibility requirements were met. Due to the wording of the plan document, the plan sponsor did not understand the automatic enrollment feature went into effect on January 1, 2016, and therefore, employees were not being properly auto-enrolled from January 1, 2016 through August 1, 2021. In 2021, the plan sponsor retained legal representation from ERISA attorneys regarding this matter. Legal counsel reviewed the annual notices distributed by the plan sponsor and initial calculations of employees' missed deferrals opportunities and missed employer matching contributions. Following a detailed review of historical Plan operations and participant communications, the plan sponsor discovered an operational failure occurred during the plan restatement effective January 1, 2016. The same failure was then carried forward into the plan restatement effective May 16, 2021. The plan sponsor submitted a ERISA Voluntary Correction Program (VCP) filing under the Employee Plans Compliance Resolution System to correct the Plan's failures by amending (i) the Adoption Agreement, effective January 1, 2016, and (ii) the adoption agreement, effective May 16, 2021, to reflect the Plan's operations and remove the automatic enrollment provision. The plan sponsor also implemented new administrative procedures to prevent similar errors from occurring in the future. The plan sponsor has no reason to believe the VCP filing will not be approved by the Internal Revenue Service. However, out of an abundance of caution, the plan sponsor accrued an estimated qualified nonelective contribution (QNEC) of \$75,163. As of the date of this report, this issue remains unresolved with the IRS.

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
