Independent Auditor's Report

The Plan Administrator
Priority Life Care 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Priority Life Care 401(k) Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in *Note 4* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i—Schedule of Assets (Held at End of Year) and as of December 31, 2023 and Schedule H, Line 4a—Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements

December 31, 2023

1. Description of the Plan

The following description of the Priority Life Care 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

Effective May 1, 2020, the name of the Plan was changed from National Health Management, Inc. Facilities 401(k) Savings Plan to the Priority Life Care 401(k) Savings Plan.

General

The Plan is a defined contribution plan which provides retirement benefits for substantially all employees of the following adopting employers (collectively, the Company):

- Independence Court Associates
- Independence Court of Hyattsville Associates
- Independence Court of Monroeville Associates
- Liberty Court Associates
- National Health Management, Inc.
- Priority Life Care, LLC

An employee becomes eligible to enter the Plan following the attainment of age 18 and completion of one year of service, defined by the Plan as 1,000 or more hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may contribute up to 100 percent of their annual compensation, as defined by the Plan, or a maximum amount set by law (as periodically adjusted by the Internal Revenue Service) as a pre-tax contribution. Participants age 50 or older are able to make additional catch-up contributions to the Plan up to the maximum amount permitted by law. The Plan allows for rollover contributions and for eligible participants to make catch-up contributions in accordance with Internal Revenue Service (IRS) regulations. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides a matching contribution in an amount equal to 50 percent of the first 4 percent of the participants' elective salary deferral contributions. The Company may also make an additional matching contribution to eligible participants at the end of the Plan year and/or

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions (continued)

discretionary contribution during each Plan year. Participants are eligible for a share of the additional matching and/or discretionary contributions if they were an active participant at any time during the Plan year and have 1,000 or more hours of service in the Plan year. There were no additional matching or discretionary contributions made in 2023 or 2022.

In certain circumstances, participants were able to elect to have benefits earned under another eligible retirement plan transferred or rolled over to their account pursuant to this Plan. Additionally, the Plan allows participants to change the amount of their contribution on a quarterly basis or elect to stop contributing on any date.

Investment Options

Participants can direct that their pre-tax and Company contributions, plus earnings or losses thereon, be invested in any of the participant directed investment options offered pursuant to the Plan. The Plan allows participants to change their investment elections on a periodic basis.

The investments of the Plan consist of diverse portfolios with no significant concentration of risk by issuer, industry, or geographic location.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses), and is charged with his or her withdrawals and certain participant specific administrative expenses and an allocation of other administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, and Company contributions, plus actual investment earnings or losses thereon.

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 but not more than 50 percent of their vested account or \$50,000, reduced by any outstanding loan balance, if any during the one-year period ending on the day before their loan is made, if less. A loan is secured by the balance in the participant's account and bears interest commensurate with rates available for similar loans from commercial lending institutions as determined by the Loan Administrator. Principal and interest are paid ratably through payroll deductions, if available. Each loan shall be repaid over a period not to exceed five years.

Payment of Benefits

Upon retirement or other termination of employment, distribution of a participant's vested account balance will be made as soon as administratively practicable following their request for distribution. If a participant's vested account balance does not exceed \$1,000, a participant's entire vested account balance shall be normally distributed to the participant (or in the event of the participant's death, his beneficiary) in a lump-sum payment as soon as administratively practicable following the date the participant retires or otherwise terminates from employment.

However, in the event of a mandatory distribution to a participant whose vested account balance exceeds \$1,000 but is equal to or less than \$5,000, if the participant does not elect to have such automatic distribution paid directly to an eligible IRA or other eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator shall pay the distribution in a direct rollover to an individual retirement account.

Distributions are normally made in a single lump-sum cash payment. However, a participant with a vested account balance exceeding \$5,000 may elect to receive their distribution in the form of an annuity or installment payments over a period as permitted under the Plan. Other Plan distribution provisions apply in the event of death or disability.

The Plan also provides for participant loans as described above and hardship withdrawals. Distributions of benefits are recorded as withdrawals from the Plan and reduction of net assets available for benefits in the period paid to the participant.

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. Plan recordkeeping fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants and withdrawal and distribution processing fees are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100 percent vested in their employer contributions.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 5* for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

The Plan includes in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Unrealized appreciation or depreciation in the aggregate fair value of investments represents the change in

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Investments (continued)

the difference between aggregate fair value and the cost of investments, including reinvestment of earnings. The realized gain or loss on sale of investments is the difference between the proceeds received and the average cost of investments sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related loan origination and annual administration fees are recorded as administrative expenses and are expensed when they are incurred. An allowance for doubtful accounts of \$16,491 and \$17,837 has been recorded as of December 31, 2023 and 2022, respectively. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

Preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Reclassifications

Certain 2022 amounts have been reclassified to conform with the 2023 presentation.

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

3. Income Tax Status

The Plan has received an opinion letter from the Internal Revenue Service stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan is qualified and the related trust is tax exempt and the Plan has no income subject to unrelated business income. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to December 31, 2020.

4. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022 and net appreciation (depreciation) in fair value of investments and interest and dividend income for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company, the trustees of the Plan.

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

Pooled separate accounts: The fair value of units held in pooled separate accounts are valued at the net assets value NAV as reported by Principal Life Insurance Company. The NAV is based on the value of the underlying investments, minus its liabilities, and then divided by the number of units outstanding. The NAV is quoted on a private market that is not active; however, the unit price of the underlying investments is traded on an active market. The pooled separate accounts have no unfunded commitments as of December 31, 2023.

Common collective trust fund: The fair values of participation units in the Principal Stable Value Fund (Fund), a stable value collective trust, are based upon the NAV of units held by the Plan at year-end. The fund provides for daily redemptions by the Plan at reported NAV per unit, with no advance notification requirements. The Fund is maintained by Principal Global Investors Trust Company (the Trust Company) and its investment advisor, Morley Capital Management, is an indirect wholly owned subsidiary of Principal Financial Group.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3
	Total		
Mutual funds	<u>\$ 106,242</u>	<u>\$ -</u>	<u>\$ -</u>
Measured at NAV:			
Pooled separate accounts			5,608,205
Common collective trust fund			430,233

Priority Life Care 401(k) Savings Plan

The Plan Administrator

Auditing standards established by the Auditing Standards Board in the United States of America (auditing standard) require the auditor to communicate significant matters related to the financial statement audit that are, in the auditor's professional judgment, relevant to the responsibilities of those charged with governance (e.g., Audit Committee) in overseeing the financial reporting. Below we summarize these required communications.

Area	Comments
Auditors' Responsibilities under United States of America Generally Accepted Auditing Standards	
The financial statements and schedule of the Priority Life Care 401(k) Savings Plan (Plan) as of December 31, 2023 and for the year then ended are the responsibility of the Plan's Management. Our audit was designed in accordance with auditing standards generally accepted in the United States of America, to provide reasonable, rather than absolute, assurance that the financial statements are free of material misstatement. We have a responsibility to opine on whether the financial statements are fairly stated in accordance with accounting principles generally accepted in the United States of America. As part of our audit, we obtained a sufficient understanding of internal controls to plan our audit and to determine the nature, timing, and extent of testing performed.	We have issued an opinion on the Plan's financial statements and schedule as of and for the year ended December 31, 2023. Management of the Plan has acknowledged its responsibility for establishing and maintaining effective internal control, for properly recording transactions in the accounting records, for safeguarding assets, and for the overall fair presentation of the financial statements. Management of the Plan is also responsible for identifying and ensuring that the Plan complies with the laws and regulations applicable to its activities. The audit of the Plan's financial statements does not relieve management or those charged with governance of their responsibilities. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information certified by Principal Life Insurance Company and Principal Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and schedule.

Area	Comments
Significant Accounting Policies Initial selection of and changes in significant accounting policies or their application and new accounting and reporting standards during the year must be reported.	There were no initial selections of, or changes in, the application of accounting and reporting standards.
Our Judgments About the Quality and Acceptability of Accounting Principles We discuss our judgments about the quality, not just the acceptability, of accounting policies as applied in the financial reporting, including consistency of the accounting policies and their application and the clarity and completeness of the financial statements and related disclosures.	The Plan's accounting policies were appropriate, consistently applied and properly (clearly) disclosed.
Management Judgments and Accounting Estimates The preparation of financial statements requires the use of accounting estimates. Certain estimates are particularly sensitive due to their significance to the financial statements and the possibility that future events may differ significantly from management's expectations. We assess the methodologies or processes used and the basis of evidence for matters requiring judgment and estimates by management.	Methodologies used and evidence considered has lead to reasonable estimates and disclosures in the financial statements.
Recorded and Unrecorded Audit Adjustments	There were no recorded adjustments and no significant unadjusted audit differences.
Significant Risks and Expenses and Uncertainties, such as pending litigation that are disclosed in the financial statements	None.
Disagreements with Management on Financial Accounting, Reporting, and Compliance Matters	None.

Area	Comments
Significant Issues Discussed with Management, including those in connection with the initial or recurring retention of Haines, Isenbarger & Skiba, LLC as auditors	• None.
Consultation with Other Accountants	• None of which we are aware.
Significant Difficulties During the Audit	• None. Management was cooperative and we had access to all records and documents necessary to perform the audit procedures.
Fraud and Illegal Acts	• We are currently not aware of any instances of fraud or illegal acts.
Material Weaknesses in Internal Controls	• We noted no matters involving internal control over financial reporting and its operations that we considered to be material weaknesses.
Compliance and Other Matters	• As part of obtaining reasonable assurance about whether the Plan's financial statements are free of material misstatement, we will perform tests of its compliance with certain provisions of laws, regulations, contracts, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. Except, as you are aware, for the following: (1) management did not obtain spousal approval for participant loans, the results of our tests disclosed no instances of noncompliance or other matters that are required to be reported, (2) management is updating deferral elections on a real-time basis rather than quarterly as prescribed in the Plan Document, and (3) there was 1 participant noted in which they were provided two checks for a pay period and only deferred on one check resulting in a shortfall of employee contributions of \$78.40 and employer match of \$7.90, and (4) delinquent remittances for multiple pay periods. We discussed with management and recommended to remediate the noncompliance.

Area	Comments
Auditor Independence	• We are not aware of any relationships between Haines, Isenbarger & Skiba, LLC and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence. Relating to our audit of the financial statements of the Plan, we are independent certified public accountants with respect to the Plan within the meaning of the applicable published pronouncement of the AICPA Independence Standards.

This report is intended solely for the information and use of the Plan Administrator and management of the Priority Life Care 401(k) Savings Plan and the Board of Directors and management of Priority Life Care, LLC and is not intended to be and should not be used by anyone other than the specified parties.

We appreciate the opportunity to serve the Plan and Priority Life Care and the courtesies extended to us by management during the engagement to audit.
