Independent Auditors' Report

Plan Administrator
GardaWorld Security
Services U.S. 401(k) Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of GardaWorld Security Services U.S. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year as of December 31, 2023 and delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GARDAWORLD SECURITY SERVICES U.S. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 And 2022

1. Description Of The Plan

The following description of the GardaWorld Security Services U.S. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which is sponsored by GardaWorld Security Service Management Company, Inc. (prior to January 1, 2024, known as Whelan Security Management Company, Inc.) (the Company or Plan Sponsor), is a defined contribution plan covering all employees of the Company, except for highly compensated employees, nonresident aliens, and part-time, temporary or seasonal employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees who have completed three months of service and are age 21 or older are eligible to participate in the Plan on the first day of the month after meeting the Plan's eligibility requirements. Highly compensated employees are not eligible to participate in the Plan.

Contributions

Each year, participants may make elective deferral contributions, subject to certain limitations as defined by the Internal Revenue Service (IRS). Participants who had attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Each year, the Company may make a discretionary matching contribution to be determined annually based on a percentage of each eligible participant's elective deferral contributions to the Plan. The Company did not make a discretionary matching contribution for the years ended December 31, 2023 or 2022.

**GARDAWORLD SECURITY
SERVICES U.S. 401(k) PLAN**

Notes To Financial Statements *(Continued)*

In addition, the Company may make a discretionary profit sharing contribution. Eligible participants would receive a portion of this discretionary profit sharing contribution based on their eligible compensation. The Company did not make a discretionary profit sharing contribution for the years ended December 31, 2023 or 2022.

The Plan includes a non-discretionary Company matching contribution. The matching percentage is based on employee class and years of tenure. For officer and field staff, the Company match ranges from 1.5% to 7.5% of annual base earnings, and for overhead employees the match ranges from 3% to 6% of annual base earnings.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching and discretionary contributions, if any, and an allocation of the Plan's earnings (losses). Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Options

Participants can direct their elective deferral contributions and Company contributions into any of the available investment fund options. Participants may change their investment elections daily.

Vesting

Participants are vested immediately in their elective deferral contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is 100% vested after six years of credited service based on a graded vesting schedule.

Forfeitures

Participants who terminated their employment and are less than 100% vested in their account will forfeit their nonvested portion. Forfeitures are used to reduce Company contributions, or to pay Plan expenses if the Company elects not to pay such expenses directly. Forfeitures of \$127,788 and \$72,399 were used to offset Company contributions or pay Plan expenses for the years ended December 31, 2023 and 2022, respectively. Forfeited nonvested accounts totaled \$127,776 and \$73,008 at December 31, 2023 and 2022, respectively.

SERVICES U.S. 401(k) PLAN**

Notes To Financial Statements *(Continued)*

Payment Of Benefits

The vested portion of a participant's account is distributable upon termination of employment, death, disability, or at normal retirement age (age 65), in either a lump sum or periodic future payments.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loans are secured by the balance in the participant's account and bear a reasonable interest rate. Loans must be repaid within five years unless the loan is used for the purchase of a primary residence, which may be repaid within 30 years. Loans are due in installment payments, through payroll withholding, including principal and interest.

In-Service Withdrawals

Active participants who reach age 59 1/2 or experience a qualifying financial hardship may withdraw all or part of their vested account. Hardship withdrawals will be approved only if they conform to the Plan provisions and established Internal Revenue Code (the IRC) safe harbors and are limited to the participant's 100% vested balance.

Administrative Expenses

Significant administrative expenses are paid by the Company, although the Company reserves the right to charge certain expenses to the Plan.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies and utilizes information provided by Fidelity Management Trust Company (Fidelity). See Note 4 for a discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net change includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable And Credit Loss Policy

As of January 1, 2023, the Plan adopted Accounting Standards Codification Topic 326, *Financial Instruments - Credit Losses*, using a modified-retrospective approach. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions and reasonable and supportable forecasts. The standard applies to the Plan's Company contributions receivable. The adoption did not have a material impact on these financial statements.

The Company has concluded that no allowance for current expected credit losses was necessary at December 31, 2023 and no allowance for doubtful accounts was necessary at December 31, 2022.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule of assets held at end of year, that was prepared by or derived from information certified by Fidelity and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2023</u>	<u>2022</u>
Registered investment companies	\$ 18,526,155	\$ 14,061,198
Collective trust funds	569,007	309,426
Notes receivable from participants	567,497	339,853

Fidelity also certified to the completeness and accuracy related to the following investment income (loss) and interest income on notes receivable from participants for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Interest and dividend income	\$ 392,075	\$ 775,018
Net change in fair value of investments	2,328,598	(2,600,128)
Interest income on notes receivable from participants	26,179	12,982

4. Fair Value Measurements

The Plan follows accounting rules that established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets. |
| Level 2 | Inputs to the valuation methodology include other observable inputs, including quoted prices for similar assets and liabilities in active markets and other market-corroborated inputs. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement, including financial instruments for which there may be little or no market activity. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The Registered investment companies held by the Plan are deemed to be actively traded.

**GARDAWORLD SECURITY
SERVICES U.S. 401(k) PLAN**

Notes To Financial Statements (*Continued*)

Collective Trust Funds

Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. The collective investment trust funds held by the Plan are not required to be reported in the fair value hierarchy. The collective investment trust funds held by the Plan file an annual report on Form 5500 as direct filing entities. The collective investment trust funds have no unfunded capital commitments, no trading restrictions, or advance notice requirements.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 18,526,155	\$ —	\$ —	\$ 18,526,155
Investments measured at net asset value per share (a)				569,007
				<u>\$ 19,095,162</u>

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 14,061,198	\$ —	\$ —	\$ 14,061,198
Investments measured at net asset value per share (a)				309,426
				<u>\$ 14,370,624</u>

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

There have been no changes in the valuation methodology used at December 31, 2023 or 2022.

5. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available to the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

7. Income Tax Status

The Plan utilizes a pre-approved plan document sponsored by FMR, LLC. FMR, LLC received an opinion letter from the IRS dated June 30, 2020, which states that the pre-approved plan document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS.

The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date. As such, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes To Financial Statements (*Continued*)

8. Parties In Interest Transactions

Certain investments are shares of funds managed by an affiliate of Fidelity, and therefore, these transactions qualify as allowable party in interest transactions.

The Plan pays certain administrative fees to Fidelity, the Plan's third party administrator and certain employees have outstanding loans with the Plan as of December 31, 2023 and 2022. These transactions qualify as party in interest transactions allowable under ERISA.

9. Reconciliation Of Financial Statements To Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per financial statements	\$ 20,535,273	\$ 15,576,552
Participant contributions receivable	(168,003)	(179,590)
